PREFACE

The Mississippi Code of 1972, which became effective on November 1, 1973, is the culmination of nearly four years of effort on the part of the Legislature, the Attorney General's office and the publishers, which brings together provisions of general statutory law having a common subject matter into a more orderly and logical framework of code titles and chapters, and employing a modern and effective section numbering system. A major by-product of the code revision will be the state-owned magnetic computer tape containing the Mississippi Code of 1972, which will be of invaluable assistance to the Legislature and to the state.

The enabling act for the code was a recommendation of the Mississippi State Bar, which resulted in the consideration and passage of Senate Bill 1964, Chapter 465, Laws of 1970, signed into law by Governor John Bell Williams.

The Code Committee provided for in that act was comprised of A. F. Summer, Attorney General, Heber Ladner, Secretary of State, Representative Edgar J. Stephens, Jr., Chairman, House Appropriations Committee, Senator William G. Burgin, Jr., Chairman, Senate Appropriations Committee, Representative H. L. Meredith, Jr., Chairman, House Judiciary "A" and Judiciary en banc Committees, Senator E. K. Collins, Chairman, Senate Judiciary "A" and Judiciary en banc Committees, Representative Ney McKinley Gore, Jr., Chairman, House Judiciary "B" Committee, and Senator William E. Alexander, Chairman, Senate Judiciary "B" Committee. In 1972, Representative Marby Robert Penton and Senator Herman B. Decell, Chairman of House and Senate Judiciary "B" Committees, respectively, became members of the Committee, replacing Representative Gore and Senator Collins, Senator Alexander having been appointed Chairman of Senate Judiciary "A" and Judiciary en banc Committees. The Deputy Attorney General, Delos H. Burks, served the Code Committee as Secretary. Special Assistant Attorney General Fred J. Lotterhos, under the supervision of the Attorney General, was assigned the principal responsibility for the supervision of the recodification, including the consideration and treatment of some 16,000 sections of code manuscript.

Final legislative approval was given to the Mississippi Code of 1972 by passage of Senate Bill 2034, Laws of 1972, which was signed by Governor William L. Waller on April 26, 1972. A copy of that act is set out in Volume 1, following the Publisher's Foreword.

The Code Committee is of the opinion that the recodification has been thoroughly and well accomplished, and will result in a greatly improved repository of the general statutory law of the state.

PUBLISHER'S FOREWORD

Volume 8B of the Mississippi Code of 1972 Annotated is a new volume, added in 2010. It contains material formerly appearing in the original 1973 bound Volumes 8, the 2006 Replacement Volume 8 and the 2008 Replacement Volume 8A, as well as reflecting amendments, repeals, and new Code provisions enacted by the Mississippi Legislature through the 2010 Regular and 1st and 2nd Extraordinary Legislative Sessions. Volume 8B was added this year to accommodate the relocation of all Title 27 provisions to a dedicated Volume 8 series (Volumes 8, 8A and 8B).

This volume contains the text of Chapters 55 through 111 of Title 27 of the Mississippi Code of 1972 Annotated, as amended through the 2010 Regular and 1st and 2nd Extraordinary Legislative Sessions.

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Many of these cases were decided under the former statutes in effect prior to the enactment of the Code of 1972. These earlier cases have been moved to pertinent sections of the Code where they may be useful in interpreting the current statutes. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals with decision dates up to March 23, 2010, and decisions of the appropriate federal courts with decision dates up to February 25, 2010. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 3rd Series
- Federal Supplement, 2nd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal Series
- Mississippi College Law Review
- Mississippi Law Journal

PUBLISHER'S FOREWORD

Finally, published Opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

A comprehensive Index appears at the end of this volume.

ADVANCE CODE SERVICE

Three times a year, at roughly quarterly intervals between delivery of Code supplement pocket parts, we publish the Mississippi Advance Code Service pamphlets. These pamphlets contain updated statutory material and annotations to Attorney General opinions, research and practice references, and recent court decisions construing the Code. Each pamphlet is cumulative, so that each is a "one-stop" source of case notes updating those in your Code bound volumes and pocket parts.

ADVANCE SHEETS

The Advance Sheets consist of a series of pamphlets issued in the spring. The series reproduces the acts passed by the Mississippi Legislature and

USER'S GUIDE

approved by the Governor during the legislative session. Features include tables showing the impact of legislation on sections of the Mississippi Code of 1972 Annotated, and a cumulative index. These pamphlets enable the user to receive a preview of approved legislation prior to supplement availability, and serve as an excellent source of legislative history.

AMENDMENT NOTES

Every time a Code provision is amended, we prepare a note describing the effect of the amendment. By reading the note, you can ascertain the impact of the change without having to check the former statute itself.

Amendment notes are retained in the Supplement until the bound volume is replaced, at which time notes from all but the last two years are deleted.

Amendment notes are available online from 1991 until the present in the Mississippi Legislative Archive.

ANALYSES

Each title, chapter, and article appearing in a bound volume or supplement is preceded by an analysis. The analysis details the scope of the title, chapter, and article and enables you to see at a glance the content of the title, chapter, and article without resorting to a page-by-page examination in the bound volume or supplement.

ATTORNEY GENERAL OPINIONS

Opinions of the Attorney General for the State of Mississippi have been read for constructions of Mississippi law. Notes describing the subject matter of the opinions have been placed under relevant Code provisions under the heading "Attorney General Opinions." The citation at the end of each note refers to the person requesting the opinion, the date of the opinion, and the opinion number.

CODE STATUS

The Mississippi Code of 1972 Annotated is Mississippi's official code and is considered evidence of the statute law of the State of Mississippi (see § 1-1-8). The Code was enacted by Chapter 394 of the Laws of 1972, which was signed by the Governor on April 26, 1972.

Title 1, Chapters 1 through 5 of the Code contain statutes governing the status and construction of the Code.

COMPARABLE LEGISLATION FROM OTHER STATES

Notes to comparable legislation from other states appear for uniform laws, interstate compacts, statutory provisions pertaining to reciprocity and cooper-

USER'S GUIDE

ation with other states, and various important statutes of general interest. Other states' statutes that are similar in subject matter and scope to those of Mississippi are cited, generally, under the first section of the chapter or article to which they pertain. Occasionally, comparable legislation pertains to only one section, in which case it is cited under that section rather than at the chapter or article level.

See also *Federal Aspects*.

COURT RULES

The Mississippi Court Rules are published separately by LexisNexis in a fully annotated softcover volume which is replaced annually and supplemented semi-annually.

The Court Rules volume contains statewide rules of procedure of the state courts, the local rules of the United States district courts and bankruptcy courts for Mississippi, and the rules of the United States Court of Appeals for the Fifth Circuit. Rules are received from the courts and edited only for stylistic consistency. For further information, see the Preface to the Mississippi Court Rules volume.

CROSS REFERENCES

Cross references refer you to notes under other Code sections, that may affect a law or place it in context. Cross references also are used under repealed provisions to refer you to an existing law on a similar subject. Cross references do not cite all related statutes, however, since these can be identified by using the General Index.

See also *Comparable Legislation from other States* and *Federal Aspects*.

EDITOR'S NOTES

Editor's notes are notes prepared by the Publisher that contain information about important or unusual features of a law, or special circumstances surrounding passage of the law, that are not apparent from the law's text.

See also *Effective Dates*.

EFFECTIVE DATES

Absent a specific effective date provision within an act, Mississippi laws generally take effect upon approval date, which is the date the act is signed into law by the Governor. Acts affecting voting rights and procedures take effect on the date the United States Attorney General interposes no objection under § 5 of the Voting Right Act of 1965.

USER'S GUIDE

FEDERAL ASPECTS

Notes to federal legislation that is similar in subject matter and scope to the laws of Mississippi are referenced throughout the Code. In addition, the Code contains the United States Code Service citation for any federal law that is referred to in a Mississippi statute by its popular name or by its session law designation.

See also *Comparable Legislation from other States*.

INDEX

The Code is completely indexed in two softcover Index volumes, which are updated and replaced annually. In addition, each volume of the Code is followed by its own index. As accurate and thorough as the Index is, your best defense against index wild goose chases is familiarity with indexing techniques. To that end, an explanatory Foreword to the Index appears in the first Index volume.

JOINT LEGISLATIVE COMMITTEE NOTES

Joint Legislative Committee notes are included in the Code to describe codification decisions made by the Mississippi Joint Legislative Committee on Compilation, Revision and Publication of Legislation. Examples of Committee actions that warrant the inclusion of a note are the integration of multiple amendments to a single Code section during the same legislative session, and the correction of typographical errors appearing in the Code.

JUDICIAL DECISIONS

Every reported case from the Supreme Court of Mississippi, the Court of Appeals of Mississippi, federal district courts for Mississippi, the federal Fifth Circuit Court of Appeals and the United States Supreme Court has been read for constructions of Mississippi law. These constructions are noted under pertinent sections of the statutes or Mississippi Constitution provisions, under the heading "Judicial Decisions." Where a decision has been reviewed by a higher court, subsequent judicial history and disposition is noted in the case note if such disposition has any bearing on the annotated material. Where two or more decisions state the same rule of law, the case citations are cumulated under one case note.

Case notes are grouped together under headings called "catchlines." The catchlines identify the basic subject matter of the case notes and assist the user in locating pertinent notes. Catchlines are numbered and arranged thematically, with "In general" first. Where there are two or more catchlines, an analysis, listing all the catchlines, precedes the annotations.

Frequently, statutes carry notes to cases that arose under earlier laws on the same subject. Case notes are retained so long as the editor believes the note

USER'S GUIDE

will have some relevance under current law, though of course the relevance may be diminished by later changes in the law. These case notes appear under the heading "Decisions under former law."

ORGANIZATION AND NUMBERING SYSTEM

The Code is organized by titles, chapters, articles, subarticles, undesignated centered headings and sections. Analyses at the beginning of each title, chapter, article, and subarticle help you understand the internal arrangement of each Code unit (see *Analyses*).

Odd numbers are generally used for the numbering of titles, chapters and sections. Even numbers have been used for some chapters and sections so that a particular new chapter or section might be logically placed with other chapters and sections dealing with the same or similar subject matter. Similarly, the use of numbers with decimal points has been used for some sections in order that they may be inserted among other sections pertaining to the same subject.

The title, chapter, and section for each Code section is revealed by its section number. Thus, in the designation "§ 1-3-65," the first digit ("1") means the provision is in Title 1 ("Laws and Statutes"); the second ("3") indicates Chapter 3 ("Construction of Statutes"); and the last two digits ("65") mean the 65th section in that chapter ("Construction of terms generally").

Articles and subarticles are not reflected by section number designations.

Within sections, subsections and paragraphs usually are designated following this pattern: (1)(a)(i)1. or (1)(a)(i)A. A distinctive indention scheme is applied to suggest the relative value of each unit within this hierarchy.

PLACEMENT OF NOTES

Where a note pertains to a single statute section, it will of course be set out following that section. In many instances, however, a note applies equally to several statute sections or to an entire chapter or article. If the pertinent sections are scattered, or few in number, the note will be duplicated for each section. But where the note applies to all or most of the sections in a chapter or article, we prevent the space-consuming repetition of notes by placing the note at the very beginning of the chapter or article.

REPLACEMENT VOLUMES

The Code is periodically updated and streamlined by the replacement of volumes. Although a current set of the Code contains all currently applicable statutes, we encourage you to retain replaced volumes and their supplement pockets parts for historical reference.

USER'S GUIDE

RESEARCH AND PRACTICE REFERENCES

Citations to references in American Jurisprudence, American Jurisprudence Pleading and Practice, American Jurisprudence Proof of Facts, American Jurisprudence Trials, American Law Reports, First through Sixth Series, ALR Federal, Corpus Juris Secundum, various other treatises and practice guides, and Mississippi law journals are given under this heading, wherever the references appear to discuss the statute under which the citation appears, or a topic related to the statute. These citations are intended only to give you a starting point for your library research. The Mississippi law journals include Mississippi Law Journal and Mississippi College Law Review.

SOURCE NOTES

Each section of the Code is followed by a brief note showing the acts of the legislature on which it is based, including the act that originally enacted the section and any subsequent amendments.

The source note follows the section text, preceding any other annotations for the section. Information in the source note is listed in chronological order, with the most recent information listed last. If a section has been renumbered, the former number will appear in the source note. :

The tables volume should also be consulted when researching the history of a statutory section, since it contains cross reference tables that provide a statutory citation for each section of the session laws and the date each act went into effect.

STATUTE HEADINGS

Headings or "catchlines" for Code sections and subsections are generally created and maintained by the publisher. They are mere catchwords and are not to be deemed or taken as the official title of a section or as a part of the section. Your suggestions for the improvement of particular catchlines are invited.

TABLES

The Mississippi Code of 1972 Annotated contains several tables that can assist you in your research. These are published in the Statutory Tables volume of the Code, and include the following:

- Sections of the Code of 1930 carried into the Code of 1942.
- Sections of the Code of 1942 carried into the Code of 1972.
- Allocation of Acts of Legislature, 1931 — 1972.
- Allocation of Acts of Legislature, 1972 — present.
- Consolidated Tables of amendments and repeals of 1942 Code sections.

gasoline excise tax laws are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and executing of any warrant under said laws prior to July 1, 1984, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith."

Laws of 1998, ch. 457, § 7, provides:

The provisions of the laws relating to the administrative appeal or judicial review of such actions which were in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of providing an administrative appeal and/or judicial review, where previously provided, of such actions, except to the extent that any matter is pending on an administrative appeal before the three (3) member Mississippi State Tax Commission on the effective date will after the effective date of this act be heard and decided by the Board of Tax Appeals as the successor of the Mississippi State Tax Commission in regard to administrative appeals."

Amendment Notes — The 2009 amendment, effective from and after July 1, 2010, substituted "department" for "commission" at the end of (g); substituted "Commission" or "department" means the Department of Revenue" for "Commission" means the State Tax Commission" in (n).

Under an earlier act Laws 1932, ch. 93 §§ 1 (c), 6 (b), somewhat differently worded, it was held that the paragraph of the statute respecting storage of gasoline is not to be read in connection with section respecting kerosene and fuel. *Town of Utica v. Solvent used in manufacture of turpentine and kindred products which was not

used in propelling motor vehicles and was not practically and commercially usable therein held not subject to excise tax under statute as a "gasoline" on ground that it was "usable in propelling motor vehicles," where to make the solvent so usable would make the cost more than double the cost of gasoline, the word "usable" meaning that which could be used and is convenient and practicable for use. *Dixie Pine Prods. § 27-55-7. Application for permit; bond.

Before any person shall engage in business as a distributor of gasoline in this state, he shall first make application to the commission, upon forms prescribed by the commission, for a permit to engage in said business.

If said application is approved by the commission, the applicant shall enter into a good and sufficient surety bond, written by a company qualified to write such bonds in this state. The bond shall be made payable to the State of Mississippi in a sum of not less than One Thousand Dollars (\$1,000.00) nor more than Two Hundred Fifty Thousand Dollars (\$250,000.00), the amount to be determined by the commission; or, in lieu thereof, the applicant may deposit with the commission a cash bond in the amount so determined. A personal bond in the amount so determined shall also be acceptable in lieu of a surety bond if the same is adequately secured by the pledge or assignment of a pledgeable or assignable bond or bonds of the State of Mississippi or the United States Government. Such bond or bonds shall be in an amount not to exceed Two Hundred Fifty Thousand Dollars (\$250,000.00), and not to exceed the gasoline tax estimated to become due by the said distributor of gasoline for any ninety-day period. The bond herein required shall be increased within the limits hereinabove set forth from time to time if deemed insufficient by the commission, giving to the distributor of gasoline fifteen (15) days' notice, in writing, to increase said bond, said notice to state the amount of increase demanded.

The condition of said bond shall be that the distributor of gasoline shall fully comply with all laws pertaining to distributors of gasoline and pertaining to the transportation of gasoline as regulated by this article, and that he shall pay the gasoline tax and the penalties provided. Provided, however, any person who, prior to January 1, 1970, has furnished bond to meet the requirements of any petroleum tax law administered by the commission, shall not be required to furnish an additional bond provided his existing bond is adequate, but such person shall be subject to all the other provisions of this article regulating and governing distributors of gasoline.

Provided further, that any person who purchases all of his gasoline on a tax-paid basis and from a qualified bonded distributor of gasoline for sale or distribution to retailers for resale to consumers shall not be required to make bond for said gasoline purchased, but shall be subject to all the other provisions of this article regulating and governing distributors of gasoline.

An original bonded distributor may sell gasoline to a subsequent bonded distributor in the state on the assumption that a sufficient bond has been required of the subsequent distributor to protect the interests of the state. *Mize v. Republic Oil Ref. Co.*, 199 Miss. 292, 24 So. 2d 741 (1946).

7. Collection of tax.

Original bonded distributor in state who sold gasoline to another bonded distributor was entitled to credit for excise tax paid to the motor vehicle commissioner under Code 1942, § 10017, notwithstanding that the commissioner failed to collect the tax from the subsequent bonded distributor because of insolvency and the insufficient size of the latter distributor's bond. *Mize v. § 27-55-9. Permit; revocation; injunction.

If the commission approves the application and bond it shall issue a permit authorizing said applicant to engage in business as a bonded distributor of gasoline and said permit shall not be assignable or otherwise transferable. Said permit may be revoked for any single business location or all such locations by the commission at any time upon ten (10) days' written notice, if said distributor of gasoline shall fail to pay the gasoline tax and penalties due within the time provided by law, or shall fail in any way to comply with all of the provisions of this article, but such cancellation shall not relieve said distributor of gasoline or his sureties from liability on his distributor's bond. No permit shall be issued to any applicant who is in arrears or default to this state, or any subdivision thereof, for any taxes. All gasoline distributors' permits, letters or certificates which have been heretofore issued under the provisions of the laws administered by the commission and which are valid and outstanding on January 1, 1970, shall remain in full force and effect until they are either replaced with a gasoline distributor's permit, or until they are revoked or cancelled by the commission.

Any person who shall engage in the business of a distributor of gasoline without a permit, letter or certificate having first been obtained as provided herein, or after any permit, letter or certificate granted a distributor of gasoline has been revoked, shall forfeit all right to do business as a distributor of gasoline in this state for a period of not less than one (1) year nor more than five (5) years. It shall be the duty of the commission, when it shall have knowledge that a person is engaging in business as a distributor of gasoline without a valid permit, letter or certificate, to proceed to prevent by injunction or otherwise the continuance of said business, and any judge or chancellor, now authorized to grant injunctions, shall have the power to grant an injunction enjoining the continuance of said business for not less than one (1) year nor more than five (5) years.

§ 27-55-11. Excise tax on gasoline and blend stock.

Any person in business as a distributor of gasoline or who acts as a distributor of gasoline, as defined in this article, shall pay for the privilege of engaging in such business or acting as such distributor an excise tax equal to Eighteen Cents (18¢) per gallon until the date specified in Section 65-39-35, and Fourteen and Four-tenths Cents (14.4¢) per gallon thereafter, on all gasoline and blend stock stored, sold, distributed, manufactured, refined, distilled, blended or compounded in this state or received in this state for sale, use on the highways, storage, distribution, or for any purpose.

Any person in business as a distributor of aviation gasoline, or who acts as a distributor of aviation gasoline, shall pay for the privilege of engaging in such business or acting as such distributor an excise tax equal to Six and Four-tenths Cents (6.4¢) per gallon on all aviation gasoline stored, sold, distributed, manufactured, refined, distilled, blended or compounded in this state or received in this state for sale, storage, distribution or for any purpose.

The excise taxes collected under this section shall be paid and distributed in accordance with Section 27-5-101.

The tax herein imposed and assessed shall be collected and paid to the State of Mississippi but once in respect to any gasoline. The basis for determining the tax liability shall be the correct invoiced gallons, adjusted to sixty (60) degrees Fahrenheit at the refinery or point of origin of shipment when such shipment is made by tank car or by motor carrier. The point of origin of shipment of gasoline transported into this state by pipelines shall be deemed to be that point in this state where such gasoline is withdrawn from the pipeline for storage or distribution, and adjustment to sixty (60) degrees Fahrenheit shall there be made. The basis for determining the tax liability on gasoline shipped into this state in barge cargoes and by pipeline shall be the actual number of gallons adjusted to sixty (60) degrees Fahrenheit unloaded into storage tanks or other containers in this state, such gallonage to be determined by measurement and/or gauge of storage tank or tanks or by any other method authorized by the commission. The tank or tanks into which barge cargoes of gasoline are discharged, or into which gasoline transported by pipeline is discharged, shall have correct gauge tables listing capacity, such gauge tables to be prepared by some recognized calibrating agency and to be approved by the commission.

The tax levied herein shall accrue at the time gasoline is withdrawn from a refinery in this state except when withdrawal is by pipeline, barge, ship or vessel. The refiner shall pay to the commission the tax levied herein when gasoline is sold or delivered to persons who do not hold gasoline distributor permits. The refiner shall report to the commission all sales and deliveries of gasoline to bonded distributors of gasoline. The bonded distributor of gasoline who purchases, receives or acquires gasoline from a refinery in this state shall report such gasoline and pay the tax levied herein.

Gasoline imported by common carrier shall be deemed to be received by the distributor of gasoline, and the tax levied herein shall accrue, when the car or tank truck containing such gasoline is unloaded by the carrier.

With respect to distributors or other persons who bring, ship, have transported, or have brought into this state gasoline by means other than through a common carrier, the tax accrues and the tax liability attaches on the distributor or other person for each gallon of gasoline brought into the state at the time when and at the point where such gasoline is brought into the state.

The tax levied herein shall accrue on blend stock at the time it is blended with gasoline. The blender shall pay to the commission the tax levied herein when blend stock is sold or delivered to persons who do not hold gasoline distributor permits. The blender shall report to the commission all sales and deliveries of blend stock to bonded distributors of gasoline. The bonded distributor of gasoline who purchases, receives or acquires blend stock from a blender in this state shall report blend stock and pay the tax levied herein.

Federal and state excise taxes on the sale of gasoline are taxes against the producer. *Gurley v. Rhoden*, 288 So. 2d 868 (Miss. 1974), *aff'd*, 412 U.S. 200, 95 S. Ct. 1605, 44 L. Ed. 2d 110 (1975).

2. Construction and application.

The denial of the deduction of state and federal gasoline excise taxes in computing the gross proceeds of retail sales of gasoline for purposes of the state sales tax is not unconstitutional. *Gurley v. Rhoden*, 421 U.S. 200, 95 S. Ct. 1605, 44 L. Ed. 2d 110 (1975).

For the purpose of computing the state sales tax, federal and state excise taxes on the sale of gasoline are properly includable. *Gurley v. Rhoden*, 288 So. 2d 868 (Miss. 1974), *aff'd*, 412 U.S. 200, 95 S. Ct. 1605, 44 L. Ed. 2d 110 (1975).

3.-10. [Reserved for future use.]

II. UNDER FORMER LAW.

11. In general.

The tax imposed by this statute [Code 1942, § 10016] is in reality paid by the consumer as a tax for the use of public highways; initial collection from the wholesaler is only a guarantee against black market maneuvers. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

The term "correct invoiced gallons" means that the tax is imposed upon the number of gallons invoiced at the refinery or point of origin of shipment as a basis, which basis is correct only after the actual number of gallons actually delivered into

the state has been determined; it is this actual number of gallons delivered, whether that number be greater or smaller than the invoiced gallons, which is subject to the tax imposed. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

The 2 percent deduction in gallonage provided for in Code 1942, § 10018, is in its ultimate effect an allowance to the retailer, who for his actual gallonage received, deducts the 2 percent which is then passed back to the wholesaler, and is not for any such use as a device to correct the original shipper's invoice. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

It was never intended by the legislature that the 2 percent deduction provided for in Code 1942, § 10018, would act as a corrective of the differential in gallonage between that invoiced and that actually unloaded in the storage tanks in the state. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

The provisions of this section [Code 1942, § 10016] pertaining to bonded distributors was enacted to enable a bonded distributor receiving gasoline for sale in the state to sell gasoline to a subsequent bonded distributor without requiring at the time of the sale the payment of the tax by the subsequent distributor to the original distributor. *Mize v. Republic Oil Ref. Co.*, 199 Miss. 292, 24 So. 2d 741 (1946).

An original bonded distributor may sell gasoline to a subsequent bonded distributor in the state on the assumption that a sufficient bond has been required of the subsequent distributor to protect the interests of the state. *Mize v. Republic Oil Ref. Co.*, 199 Miss. 292, 24 So. 2d 741 (1946).

Original bonded distributor in state who sold gasoline to another bonded distributor was entitled to credit for excise tax paid to the motor vehicle commissioner under this section [Code 1942, § 10016], notwithstanding that the commissioner failed to collect the tax from the subsequent bonded distributor because of insolvency and the insufficient size of the latter distributor's bond. *Mize v. Republic*

Oil Ref. Co., 199 Miss. 292, 24 So. 2d 741 (1946).

The effect of this statute [Code 1942, § 10016] was to amend the former enactment so as to continue the tax in force for the time and in the manner and to the amount imposed by the pre-existing statute which was brought forward in substantially the same language as originally imposed; accordingly, the absence of a saving clause could not affect liability and collection of privilege or excise taxes accruing prior to the effective date of the statute and under the former enactment as against a municipality for fuel oil purchased by it from outside the state. *City of Belzoni v. State ex rel. Rice*, 186 Miss. 623, 191 So. 657 (1939).

Tractors used in repair of existing roads held "used upon highways" within statute imposing tax on sale of motor vehicle fuel used on highways. *State ex rel. Rice v. Louisiana Oil Corp.*, 174 Miss. 585, 165 So. 423 (1936).

An earlier statute, Laws, 1932 ch. 93, §§ 1, 2, 6, was construed as levying a tax on storage of gasoline but not on storage of kerosene and fuel oil, and as levying an excise gallonage tax on kerosene and fuel oil merely on those products in hands of persons engaged in business of selling or distributing them, and therefore as not levying a tax on fuel oil upon which tax was not previously paid, used by municipality for its own purposes, in electric plant and not on streets or highways, and not sold or blended. *Town of Utica v. State ex rel. Rice*, 166 Miss. 565, 148 So. 635 (1933).

Where manner in which filling station operator as agent of unincorporated association organized to permit members to obtain gasoline without paying privilege tax differed in no material respect from that in which operator would have handled gasoline as ordinary retail dealer, operator held liable for tax. *Treas v. Price*, 167 Miss. 121, 146 So. 630 (1933).

12. Applicability of tax to public contractors.

The Constitution immunizes the United States and its property from taxation by the states, but it does not forbid a tax whose legal incidence is upon a contractor doing business with the United States,

even though the economic burden of the tax, by contract or otherwise, is borne by the United States. *United States v. Sharp*, 302 F. Supp. 668 (S.D. Miss. 1969).

Liability of dealer for motor vehicle fuel tax sold for use in tractors used in repairing highways under contract with county held not affected by fact that imposition of tax imposed additional burden on county. *State ex rel. Rice v. Louisiana Oil Corp.*, 174 Miss. 585, 165 So. 423 (1936).

State held not estopped from collecting motor vehicle fuel tax and penalties on sale of fuel for use in tractors used in repair of highways under contract with county because contract was entered into under departmental construction of tax statute under which such fuel would be subject to lower rate of tax than that sued for as against contention that collection of higher rate of tax would constitute impairment of obligation of contract. *State ex rel. Rice v. Louisiana Oil Corp.*, 174 Miss. 585, 165 So. 423 (1936).

13. Effect on interstate commerce.

Privilege tax on gasoline neither sold nor distributed in package in which it was shipped from sister state, but only after it had been transferred therefrom and in broken quantities, held not objectionable as burden on interstate commerce. *Treas v. Price*, 167 Miss. 121, 146 So. 630 (1933).

14. Enforcement of tax.

Judgment for tax collector for excise taxes on gasoline received and sold in state prior to June 1, 1932, "in full of all claims and demands of the plaintiff against the defendant, as set forth in the original and all amended declarations of this cause," but expressly excluding adjudication of claim of tax collector as to the "three percent. differential and the tax thereon," was *res judicata* of an action to recover excise taxes on gasoline not reported to state auditor prior to November 27, 1931, where no fraud was shown, and judgment included same period of time, same parties, same issues, was rendered by court of competent jurisdiction, and was on its face *res judicata*. *Pan Am. Petro. Corp. v. Gully*, 179 Miss. 847, 175 So. 185 (1937).

Attorney general's stipulation, subject to sheriff's approval, for sale of gasoline

and payment of proceeds to sheriff by one enjoined from selling gasoline until payment of excise tax, did not justify violation of injunction, where sheriff's approval of

stipulation was not shown nor any reason given for not obtaining it. *Hanna v. State ex rel. Rice*, 169 Miss. 314, 153 So. 371 (1934).

ATTORNEY GENERAL OPINIONS

A nonprofit Mississippi corporation organized and existing for the purpose of providing public ambulance service is not a political subdivision of the state and,

therefore, is not entitled to the exemptions from gasoline and motor fuel taxes provided by the statute. Oliver, April 10, 1998, A.G. Op. #98-0183.

§ 27-55-13. Monthly report and remittances.

For the purpose of determining the amount of his liability for the tax imposed by this article, each bonded distributor of gasoline shall, not later than the twentieth day of the month next following the month in which this article becomes effective, and not later than the twentieth day of each month thereafter, file with the commission a monthly report which shall include a statement of the number of gallons of gasoline or blend stock received by such distributor within this state during the preceding calendar month, and such

other information as may be reasonably necessary for the proper administration of this article.

At the time of filing each monthly report with the commission, a distributor may take a credit for the number of gallons of gasoline that he purchased during the preceding calendar month from a distributor who pays the excise tax imposed by this article on such gasoline.

At the time of filing each monthly report with the commission, each distributor of gasoline shall pay to the commission the full amount of the gasoline tax due from such distributor for the preceding calendar month, less two percent (2%) to cover evaporation, shrinkage and other normal losses.

Reports and payments sent to the commission by mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, in which case such reports and payments must be postmarked by the first working day following the due date in order to be considered timely filed.

The monthly report of the distributor of gasoline shall be prepared and filed with the commission on forms prescribed by the commission, or the distributor of gasoline may, with the approval of the commission, furnish the required information on machine-prepared schedules. Such monthly reports or schedules shall be signed by the distributor or his duly authorized agent and shall contain a declaration that the statements contained therein are true and correct and are made under the penalty of perjury.

I. UNDER CURRENT LAW.

1.-5. [Reserved for future use.]

II. UNDER FORMER LAW.

6. In general.

Statute fixing date for payment of license taxes on distributors of petroleum products and imposing penalty for failure to timely pay taxes does not violate due-process clause or any other provision of constitution. *Texas Co. v. Dyer*, 179 Miss. 135, 174 So. 80 (1937), appeal dismissed, 301 U.S. 670, 57 S. Ct. 945, 81 L. Ed. 1334 (1937).

7. Deduction.

The 2 per cent deduction in gallonage is in its ultimate effect an allowance to the

retailer, who for his actual gallonage received, deducts the 2 per cent which is then passed back to the wholesaler, and is not for any such use as a device to correct the original shipper's invoice. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

It was never intended by the legislature that the 2 per cent deduction provided herein would act as a corrective of the differential in gallonage between that invoiced and that actually unloaded into storage tanks in the state. *State ex rel. Rice v. Republic Oil Ref. Co.*, 202 Miss. 688, 32 So. 2d 290 (1947).

8. Limitation period.

While § 59, ch. 264, Laws of 1946 (Code 1942, § 10013-59) might be construed as containing saving clause only in favor of state for collection of fines, penalties, damages and taxes under the repealed statute, nevertheless if it preserved right of taxpayer for credit or deduction on account of erroneous overpayment made while prior law was in effect, such right is subject to one year limitation for present-

ing the claim as provided by this section [Code 1942, § 10013-07]. *McCullen v. Sinclair Ref. Co.*, 207 Miss. 71, 41 So. 2d 382 (1949).

Claim for allowance of credit for overpayments of gasoline and oil taxes between May 1, 1942 and March 31, 1946, was barred by the one-year limitation provision of § 7, ch. 264, Laws of 1946 (see Code 1942, § 10013-07), which chapter repealed the prior law on the subject, where such a claim was not presented within such one-year period or within one year after the effective date of the repealing statute. *McCullen v. Sinclair Ref. Co.*, 207 Miss. 71, 41 So. 2d 382 (1949).

Claim for allowance of credit for overpayments of gasoline and oil taxes between May 1, 1942 and March 31, 1946, when prior law was in effect, was barred by the one-year limitation provision of this section [Code 1942, § 10013-07], where such claim was not presented within such limitation period or within one year after the effective date of chapters 237 and 264, Laws of 1946, which repealed the prior law. *McCullen v. Sinclair Ref. Co.*, 207 Miss. 71, 41 So. 2d 382 (1949).

Editor's Note — Former § 27-55-17 provided for the comptroller to determine the amount of gasoline received.

§ 27-55-19. Gasoline taxes; exemptions.

There shall not be included in the measure of the tax levied hereunder any gasoline:

(a) Sold or delivered by a bonded distributor of gasoline to a second bonded distributor of gasoline within this state, but nothing in this exclusion shall exempt the second bonded distributor of gasoline from paying the tax, unless the second bonded distributor of gasoline sells or delivers said gasoline to a third bonded distributor of gasoline in which event the third bonded distributor of gasoline shall be liable for the tax.

(b) Sold to the United States government for use of the Armed Forces only, and delivered in quantities of not less than four thousand (4,000) gallons. Any exemption provided in this paragraph (b) may be deducted without the prior approval of the department, provided that satisfactory proof of such exemption shall be furnished to the department. However, such

9. Penalty.

Where employee of distributor of gasoline, kersoene, and other products went to post office on 15th day of May, 1936, for purpose of registering remittance covering license tax imposed on distributor, but finding registry window closed, did not mail remittance until May 16, as result of which remittance did not reach motor vehicle commissioner until Monday, May 18, distributor held liable for twenty per cent penalty imposed by statute for failure to pay tax on 15th. *Texas Co. v. Dyer*, 179 Miss. 135, 174 So. 80 (1937), appeal dismissed, 301 U.S. 670, 57 S. Ct. 945, 81 L. Ed. 1334 (1937).

Alleged fact that if gasoline tax remittance had been timely mailed, week-end bank clearance delay would have prevented state from receiving money until Monday, when remittance was actually received, and that therefore state was not delayed in use of money, did not preclude imposition of penalty. *Texas Co. v. Dyer*, 179 Miss. 135, 174 So. 80 (1937), appeal dismissed, 301 U.S. 670, 57 S. Ct. 945, 81 L. Ed. 1334 (1937).

exemption may be disallowed by the department if the distributor fails to furnish satisfactory proof of such exemption to the department.

(c) Exported to a destination beyond the borders of this state by a bonded distributor of gasoline when the tax on such gasoline has been paid or on which the tax liability imposed by this article has accrued against such bonded distributor. Any exemption provided in this paragraph (c) may be deducted without the prior approval of the department, provided that satisfactory proof of such exemption shall be furnished to the department; however, such exemption may be disallowed by the department if the distributor fails to furnish satisfactory proof of such exemption to the department within ninety (90) days from the sale or delivery of the gasoline.

(d) Exported by any person to a destination beyond the borders of this state in quantities of not less than three thousand (3,000) gallons by ship, vessel, barge, railroad tank car, or pipeline, or by tank truck if such tank truck is operated by a common or contract carrier.

(e) Imported by, or sold to, any refiner or processor in this state for the purpose of being refined or further processed.

(f) Sold to any manufacturer for blending or compounding to the end that it becomes a component part of any manufactured product, or where used as a processing agent in the treatment of raw material in manufacturing a product which does not fall within the meaning of the term "gasoline" as defined in this article.

(g) Sold or delivered to be used for test purposes at any regularly established testing laboratory in this state.

Except as provided in paragraphs (b) and (c) above, evidence of exempt transactions provided in this section and subsections thereof, satisfactory to the department, shall be submitted by the distributor desiring an allowance of said exemptions to the department with the payment of the excise tax on the gasoline on which the exemption is claimed. If the department decides that the distributor is entitled to the exemption and allowance claimed, it shall notify said distributor in writing of such allowance. The distributor shall then be allowed to deduct from the payments made in his next monthly report, after said allowance, the amount of tax which he paid on this exempted gasoline which amount shall be arrived at by taking the amount of exempted gasoline minus two percent (2%) allowed for evaporation, shrinkage and other losses on gasoline, and multiplying the remainder by the amount of excise tax per gallon. In cases where the amount of such tax cannot be absorbed on the estimated tax liability of the person making such payments during the next six (6) months, the amount shall be refunded to the taxpayer. Such amount shall be certified to the State Auditor of Public Accounts by the department. The said Auditor is hereby authorized to make such investigation and audit of the claim as he finds necessary. If he finds that the department is correct in its determination, the Auditor may issue his warrant to the State Treasurer in favor of the taxpayer for the amount of tax erroneously paid, such refunds to be made from current gasoline, or special fuel tax collections.

Except as otherwise provided in this section, in order to claim exemptions provided for under this article, the distributor of gasoline must file claims

therefor within three (3) years from the date of sale or delivery; otherwise, claims for such exemptions shall be disallowed.

In case gasoline and special fuel on which the tax has been previously paid are accidentally mixed, the distributor of gasoline or other person owning such mixture may ship the mixture out of the State of Mississippi, or to a Mississippi refinery, and may claim credit for the gasoline and/or special fuel tax on the gasoline and special fuel so mixed. The distributor of gasoline or other person may also ship the mixture to a barge or pipeline storage terminal within the State of Mississippi to be brought up to gasoline specifications, or lowered to special fuel specifications, as the case might be, under the supervision of a representative of the department. It shall be the duty of the distributor of gasoline or other person to whom the mixed product belongs to notify the department immediately after knowledge that the mixture has occurred.

In case the distributor of gasoline or other person elects to ship the mixture to a barge or pipeline terminal for storage within this state, the department shall supervise the unloading of the mixture.

In order to perfect a claim for credit for the tax on the gasoline and special fuel constituting any such mixture, the distributor of gasoline or other person making the claim shall do so in writing and shall furnish proof satisfactory to the department that the mixture was either shipped out of this state or to a refinery or other approved place of storage within this state. The department shall notify the claimant, in writing, whether or not his claim is approved, and, if approved, the claimant may deduct the amount of the claim from his next tax report. No such claim shall be allowed unless filed within three (3) years after the date of such accidental mixture. Bonded distributors of gasoline having no gasoline tax liability with the department may assign such tax credit to a bonded distributor of gasoline having such tax liability.

No tax liability shall accrue against the operator of a refinery when shipments of gasoline are made from such refinery, either by common carrier or by tank trucks owned and operated by the operator of said refinery, to a tax-exempt account within this state or to another refinery within this state.

Provided, however, that when gasoline is withdrawn from the storage tank of a refiner or processor on which the tax is paid on such gasoline and it or any part thereof cannot be delivered to a purchaser, said refiner or processor may deduct the tax on all or that portion of such gasoline not delivered to a purchaser from its next gasoline distributor's tax report; provided that such refiner or processor submits with such tax report: (1) a written report setting forth the reasons why such delivery could not be made, and (2) proof or evidence satisfactory to the department that the tax in question had theretofore been paid to the department, and (3) proof or evidence satisfactory to the department that the nondelivered gasoline was actually returned to the refinery or processor from which it was taken for the purpose of delivering it to a purchaser; and provided further, that immediately upon ascertainment by the refiner or processor that said gasoline cannot be delivered, he or it shall immediately notify the department of this fact and before moving his or its

truck or other means of transporting said gasoline from the intended point of delivery; and should the department desire to inspect said truck, or other means of conveyance, such refiner or processor shall arrange for such inspection at the point or at such other point that may be designated by the department.

The United States government, the State of Mississippi, counties, municipalities, school districts and all other political subdivisions of the state, and entities described in Section 27-55-12(3) shall be exempt from Five and Four-tenths Cents (5.4¢) of the portion of the gasoline excise tax rate which exceeds Nine Cents (9¢) per gallon. Any exemption provided in this paragraph may be deducted without the prior approval of the department.

6. In general.

The Constitution immunizes the United States and its property from taxation by the states, but it does not forbid a tax whose legal incidence is upon a contractor doing business with the United States, even though the economic burden of the tax, by contract or otherwise, is borne by the United States. *United States v. Sharp*, 302 F. Supp. 668 (S.D. Miss. 1969).

Decision in *Panhandle Oil Co. v. Mississippi*, 277 U.S. 218, 72 L. Ed. 857, 48 S. Ct. 451, 56 A.L.R. 583 (rev'd 147 M 663, 112 So 584) that a tax (imposed by previous enactment, Laws of 1926, ch 119) measured by the quantity sold may not be imposed upon the privilege of selling gasoline to the federal government for use of its coast

guard fleet or a veterans' hospital which the United States is empowered by the constitution to maintain and operate was overruled in *Alabama v. King & Boozer*, 314 U.S. 1, 9, 86 L. Ed. 3, 6, 62 S. Ct. 43, 140 A.L.R. 615, in so far as it held that a tax, the economic burden of which falls upon the federal government, may not constitutionally be imposed by a state. *Panhandle Oil Co. v. Mississippi ex rel. Knox*, 277 U.S. 218, 48 S. Ct. 451, 72 L. Ed. 857, 56 A.L.R. 583 (1928), overruled, *Alabama v. King & Boozer*, 314 U.S. 1, 62 S. Ct. 43, 86 L. Ed. 3 (1941).

7. Construction and application.

The Federal Land Bank is an agency or instrumentality of the federal government within the meaning of this statute [Code 1942, § 10049]. *Craig v. Federal Land Bank*, 189 Miss. 309, 194 So. 589 (1940).

A form prepared by the attorney general of the state, approved by the Federal Farm Loan Board, as a branch of the federal government having supervision of federal land banks, which was acted on by the state auditor allowing an exemption to the Federal Land Bank of New Orleans, constituted a substantial compliance with the statute; and the requirement that a form should be signed by an officer, agent or other employee of the federal government was complied with where signed by the agents and employees of the Federal Land Bank for the reason that the Federal Land Bank is an agent of the federal government as such agent could not sign the form except through one of its own agents and employees. *Craig v. Federal Land Bank*, 189 Miss. 309, 194 So. 589 (1940).

No refund gasoline shall be placed in the fuel tank of a motor vehicle subject to use on the public roads and highways of this state.

No person shall be allowed any refund on gasoline purchased from any person not having a permit as required by this section.

Editor's Note — Laws of 1982, ch. 438, § 23, effective from and after July 1, 1982, provides as follows:

“SECTION 23. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under Title 27, Chapters 55, 57, 61 and 63, Mississippi Code of 1972, prior to July 1, 1982, whether such assessments, appeals, suits, claims or actions shall have been begun before July 1, 1982, or shall thereafter be begun; and the provisions of the aforesaid laws and amendments thereto are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the executing of any warrant thereunder prior to July 1, 1982, or for the filing of reports, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith.”

§ 27-55-23. Gasoline tax refunds; non-highway use.

Any person who shall purchase and use gasoline other than aviation gasoline for agricultural, maritime, industrial, or domestic purposes, as defined in this article, which is not used in operating motor vehicles upon the highways of this state, shall be entitled to a refund of all but Six and Four-tenths Cents (6.4¢) per gallon of the tax actually paid on gasoline which is used for agricultural, maritime, industrial, domestic, or nonhighway purposes, as herein defined, provided that no such refund shall be payable unless the provisions of this article are complied with. Provided, however, no refund shall be allowed to any person who may purchase, sell or use gasoline, either on or off the highway, in performing contracts for construction, reconstruction, maintenance or repair, where such contracts are entered into with the State of Mississippi or with any department, agency or institution of the State of Mississippi, or with any political subdivision of the State of Mississippi, or with any department, agency, or institution of such political subdivision. Also, provided that no refund of tax paid on gasoline used on the highways of this state in motor vehicles owned or operated by the federal government, State of Mississippi, or any department or political subdivision of either will be allowed.

Any person who shall purchase and use gasoline other than aviation gasoline for aviation purposes, as defined in this article, shall be entitled to a refund of all but Six and Four-tenths Cents (6.4¢) per gallon of the tax actually paid on gasoline thus used.

The granting of a refund privilege to any claimant under the provisions of this article is declared to be a matter of grace rather than a matter of right, and in all cases arising under this section the burden shall be on the claimant to make proof sufficient to convince the department of the claimant's compliance with the provisions of this article; otherwise, the refund claim shall be denied or the claimant's permit cancelled by the department, as the case may be.

Before any person shall be entitled to claim refund of any tax paid on gasoline under the provisions of this section, he shall file an information blank for a refund permit with the department. Such information blank shall be made on forms furnished by the department and shall give a detailed description of the equipment and such other information as the department may require with respect to the equipment or machinery in which refund gasoline is to be used. If such gasoline is not to be used in equipment or machinery, the purpose for which such gasoline is to be used shall be stated. The information blank and supplements thereto shall be signed by the person desiring to use refund gasoline or his authorized agent and filed under the penalty of perjury.

If additional or replacement equipment or machinery is acquired, or if the status of the claimant otherwise changes after the original information blank is filed, supplemental information reflecting these changes shall be filed at the time of filing the next refund claim. The supplemental information blank shall contain the same information with respect to the changes as is required on the original information blank.

Upon approval of the information blank, the department shall assign a file number to be used by the refund user. Provided, also, that such refund user will be issued a refund certificate book to be used when purchasing refund gasoline. Each refund certificate shall carry the file number of the refund user and, upon each purchase of refund gasoline, a certificate shall be filled in and signed on the calendar day of delivery, by either the dealer or the refund user or their authorized agents, but in no case may one (1) individual sign such certificate as both the dealer and the user. Each certificate, however, must be signed by both the claimant and dealer, or their authorized agents, before a refund of tax can be allowed on the certificate. Such refund certificate book shall not be transferable or assignable and shall be kept in the possession of the refund user or in his control at all times. Upon receipt of the information blank properly completed, the department shall forward to such refund user the file number and certificate book. Should the department refuse to issue a file number and refund certificate book, or refuse to pay any refund alleged to be due, the applicant or user may, within sixty (60) days from the date of the notice of the refusal by the department, appeal to the board of review of the Department of Revenue as hereinafter provided.

It shall be the duty of the consumer of gasoline for which refund application is to be made, including any distributor of gasoline using his own gasoline for a refund purpose, to have storage facilities available for delivery of refund gasoline. Such storage facilities shall be plainly marked "refund gasoline" in lettering of contrasting color and not less than four (4) inches in

height. Where refund gasoline is delivered directly into the fuel tank of equipment belonging to or used by the refund user, such equipment shall be plainly marked "refund gasoline" in lettering of contrasting color as near to the fuel tank as possible. Such lettering shall not be less than four (4) inches in height. It shall also be the duty of the distributor of gasoline delivering gasoline into the tanks to dye the refund gasoline a distinctive mahogany color at the time of delivery. However, in no case shall dye be added to gasoline to be used in aircraft.

The department is authorized to waive the requirement that refund gasoline be dyed in any case where damage to equipment or machinery would result from the addition of such dye, or where addition of dye would otherwise render gasoline unfit for its intended use. It shall be the obligation of the user to obtain the aforementioned waiver from the department.

Any person desiring a refund on any gasoline purchased shall make claim to the department, on forms provided by the department, within three (3) years from the date the gasoline was purchased. No refund shall be allowed on any gasoline which shall not have been already used or consumed by the purchaser thereof before the filing of the claim; provided, however, when a claim is filed and there is an unused part of any purchase to be carried forward to the next claim, the dating of this carry-over shall take the same date of the first purchase entered on the next claim. No person shall file more than one (1) claim during any one (1) month. The claim shall be personally signed by the purchaser or his duly authorized agent. The claimant shall in the claim, state that the refund claim has not and will not be assigned. The original and duplicate of the certificate shall be retained by the claimant, at the time of purchase. The original certificate with vendor's invoices shall be attached to the refund claim, and the duplicate shall remain in the certificate book of the claimant and shall be subject to inspection by the department at all reasonable hours. The claimant shall preserve the duplicate certificates for three (3) years from date of purchase. The claim shall be in the name of the purchaser and shall show the purchaser's refund file number. Supporting invoices shall state that dye has been added to refund gasoline or that the requirement that dye be added has been waived by the department. The claim shall be certified under the penalty of perjury.

Any person who shall file a claim for refund under the provisions of this article shall show on each refund claim filed: the names and addresses of the person or persons from whom the claimant customarily purchases motor fuel for use in propelling motor vehicles owned or operated by the claimant on the highways of this state. Until the provisions of this paragraph are complied with, the refund claim shall not be allowed.

Upon receipt of the claim, the department shall determine the amount of refund due to the claimant and the amount shall be refunded to the claimant as provided in Section 27-55-19. If for any reason the department should determine that an erroneous claim has been paid, it may deduct such erroneous payment from any legal claim subsequently filed by the claimant to whom erroneous payment was made.

If the department determines that any refund claim shall not be paid, it shall notify the claimant, in writing, at the earliest date possible after such determination stating the reason or reasons why such claim is disallowed.

A refund claimant may, within sixty (60) days after receipt of notice of the disallowance of his claim, appeal to the board of review of the Department of Revenue as hereinafter provided.

§ 27-55-35. Metering requirements.

A gallonage measuring meter shall be installed on each pipeline used for the withdrawal of gasoline subject to excise taxes provided in this article from the storage tank of any refinery, pipeline terminal, water terminal, or any terminal that does not have stationary bulk storage tanks at such terminal within the State of Mississippi, and no gasoline shall be withdrawn except through said gallonage measuring meters. No bypass installation shall be constructed around the meters. Said meters shall be installed and maintained as required by the comptroller, and shall be sealed by him or his agents. In case of a breakdown or mechanical impairment of any such meters, the owner or operator of the terminal or refinery shall give notice to the comptroller of such breakdown or mechanical impairment within twenty-four (24) hours after such breakdown or impairment becomes known to the owner or operator, and such meters shall be repaired and reinstalled or replaced within thirty (30) days from the time such breakdown or mechanical impairment becomes so known. The comptroller, or his agent, shall maintain a close watch over the receipt and withdrawal of gasoline products during such period of breakdown or mechanical impairment. Provided, however, this section shall not apply to withdrawal lines used exclusively for withdrawal of liquefied petroleum gases.

The owner or operator of each refinery or terminal in the State of Mississippi shall have installed and maintained, according to the requirements of the comptroller, at said refinery or terminal a prover tank for the purpose of proving the accuracy of measurement of the said meters. The comptroller, or his agent, shall have the use of the prover tank at any reasonable time of the day for the purpose of checking the accuracy of measurement of said meters. He is further given the authority to verify the accuracy of any prover tank or tanks.

The comptroller shall have the authority to use services of any recognized calibrating agency for the purpose of determining whether or not the prover tank or tank system provided for herein is properly constructed and installed.

It shall be unlawful for any person to break any seal placed upon any meter installed under the provisions of this section, except in the presence of an agent of the comptroller or in the presence of some person whom the comptroller has specifically authorized to be present and act for him. It shall also be unlawful for any person to withdraw any taxable gasoline from storage tanks as covered by this article except through the meters prescribed herein. The violation of any of the provisions of this section shall constitute a

Notwithstanding anything to the contrary contained in this section, the comptroller may, in his discretion, waive the penalty for breaking in an emergency any seal placed upon any meter installed under the provisions of this article, provided the person breaking the same notifies the comptroller, in writing, that he has done so within twenty-four (24) hours after the time such seal is broken.

§ 27-55-37. Retention of records by distributors of gasoline and other persons; statute of limitations for actions by state for recovery of additional amounts.

Each distributor of gasoline shall maintain and keep for a period of three (3) years a record of all gasoline purchased, received, procured, manufactured, refined, compounded, used, sold, stored or delivered within this state by the distributor, together with invoices, bills of lading and other pertinent records and papers as may be reasonably required by the commission.

It shall be the duty of every person purchasing gasoline from a distributor of gasoline or other person for the purpose of sale or distribution to maintain and keep for a period of three (3) years, a record of all gasoline received, together with delivery tickets, invoices, bills of lading and such other records as the commission may require.

All sales made by a distributor of gasoline, other than retail sales from a service station, shall be evidenced in writing, signed by the seller, or his agents, shall bear the date of purchases, name and address of the purchaser and the seller, and shall show the kind and quantity of the product purchased. Sales tickets and invoices made to cash shall not be considered as complying with the terms of this article.

If, in the normal conduct of the business of a distributor of gasoline, the records of such distributor are maintained and kept at an office outside this state, it shall be a sufficient compliance with this section if the records shall be made available for audit and examination by the commission at such office located outside Mississippi. If a distributor of gasoline fails or refuses to permit the commission or any of its employees to check and audit his records during the usual business hours of the day, the commission shall have authority to subpoena said records and have them brought to the office of the commission within ten (10) days after the subpoena is served on the distributor of gasoline.

All actions by the state for the recovery of additional amounts claimed as tax due under this article must be commenced within a period of three (3) years

from the date of the filing of the required report with the commission, provided, that in the case of a fraudulent or false report with intent to evade tax or of a failure to file a report, action may be commenced at any time. However, when an examination of a taxpayer's records to verify returns made under this chapter has been initiated and the taxpayer notified thereof either by certified mail or personal delivery of a notice by an agent of the commissioner, within the thirty-six-month examination period provided herein, the determination of the correct tax liability may be made by the commission after the expiration of said thirty-six-month examination period, provided that said determination shall be made with reasonable promptness and diligence.

§ 27-55-39. Right to inspection.

The commissioner and his agents and employees shall have full access, ingress, and egress at all reasonable hours to and from any place or building where gasoline may be received, stored, transported, sold, offered or exposed for sale, manufactured, refined, distilled, compounded, or blended. The commissioner and his agents and employees shall have the right to open and inspect any case, package, or other container, any tank, pump, tank car or storage tank in which gasoline is kept and enter upon any barge, vessel, or other vehicle transporting gasoline and, with instruments conforming to the weights and measures adopted by the United States Bureau of Standards, check any measuring device or volume of weight of the contents of any such container.

Editor's Note — Former § 27-55-41 provided for hearings and appeals from certain actions of the State Tax Commission.

§ 27-55-43. Commission to institute proceedings; sequestration.

The commission is hereby authorized and empowered to institute legal proceedings for any and all violations of this article, to recover taxes, damages or penalties due under this article. All taxes and damages recovered in any proceedings by the commission shall be paid over and disposed of as any and all other gasoline taxes are required to be. Any chancellor or judge authorized to grant remedial writs shall grant writs of sequestration for the impounding of gasoline on which the excise tax or penalties is owed. Before any writ of sequestration shall be issued under this section, the complainant shall make an affidavit showing that he had good cause to believe, and does believe, that there is an excise tax or penalty owed the State of Mississippi on gasoline sought to be sequestered and that unless said gasoline is sequestered and impounded, said gasoline will be removed, concealed or disposed of. Upon such affidavit being presented to any chancellor or judge authorized to grant remedial writs, said chancellor or judge shall order said writ to be issued upon the filing of a bill of complaint for the collection of the excise tax on said gasoline. The writ of sequestration shall then be issued and the property dealt with in the manner now provided by law for other writs of sequestration. Where the State of Mississippi is the complainant, no bond shall be required of said state for the issuance of said writ of sequestration.

The State of Mississippi shall have a lien upon all of the property of every distributor or person acting as a distributor of gasoline without a permit, used in the operation of his business as such distributor for the excise taxes levied by this article and due or to become due the State of Mississippi. Such liens or encumbrances of whatever character shall be paramount to private liens and to the rights of any holder of the legal title in or to any pumps, tanks, inventories of gasoline and other petroleum products, motor vehicles, or other personal property used in the operation of said business.

The commission shall have the right, when taxes due the State of Mississippi are delinquent under this article, or where any person acting as a distributor of gasoline without a permit receives gasoline in this state without paying the tax thereon, to cause a writ of summons and seizure to issue, returnable to the court having jurisdiction thereof, in like manner as such writs are authorized to be issued by Chapter 7 of Title 85, Mississippi Code of 1972. Said writ shall be directed to the proper officer or to the commission commanding the officer or commission, as the case may be, to seize the property upon which a lien exists as hereinabove provided. After the issuance of said writ, such actions and proceedings shall be had on said writ as presently provided for the enforcement of purchase money security interests by the statutes of this state. The commission shall have the right to stop and hold any moving or movable equipment subject to seizure pursuant to the provisions of this paragraph pending the issuance of process.

It is expressly provided that the remedies set out in the foregoing paragraphs shall be cumulative and that no action taken by the commission

shall be construed to be an election on the part of this state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this article.

§ 27-55-45. Refund of taxes erroneously or illegally collected.

In the event that any taxes or penalties imposed by this article have been erroneously or illegally collected from a distributor of gasoline or other person, the commission may, upon approval by the commission, permit such distributor or other person to take credit against a subsequent tax report for the amount of the erroneous overpayment or the amount thereof may be refunded to the distributor or other person in the same manner as provided in Section 27-55-19. Provided, however, in cases where the approved claim exceeds Twenty-five Thousand Dollars (\$25,000.00), the claimant may not take credit on his monthly reports for more than Twenty-five Thousand Dollars (\$25,000.00) per month until such approved amount is depleted.

No refunds shall be made under the provisions of this section unless a written claim is filed setting forth the circumstances by reason of which such refund should be allowed. Said claim shall be in such form as the commission shall prescribe, and, except as otherwise provided in this section, shall be filed with the commission within three (3) years from the date of payment of the taxes erroneously or illegally collected. Nothing in this article shall be construed to prohibit a refund or credit for tax paid on gasoline not subject to tax or which is exempt from tax, provided there has not been a willful disregard of the provisions of this article and further provided that the claim therefor is filed within three (3) years.

§ 27-55-53. Evidence of product transported; unlawful for carriers or transporters to divert gasoline to a destination other than the destination on the manifest or bill of lading; inspections; notice of intent to import gasoline; penalties.

Every person hauling, transporting or conveying more than fifty (50) gallons of gasoline over the highways, streets, alleys or waters of this state, or into this state over any highway, street, alley or water route, shall, during the entire time he is so engaged, have in his possession a bill of sale, bills of lading, invoices or other written evidence, each of which shall be serially numbered, showing the kind and amount of gasoline being transported, the name and address of the person from whom said gasoline was received, and the name and address of the person to whom delivery is to be made. The vehicle or boat conveying said gasoline shall have clearly printed on it the name and address of the person transporting such gasoline on both sides of the vehicle, or boat, in well-balanced letters of not less than two (2) inches in height on a contrasting background.

Any person transporting gasoline without a shipping document containing the information set forth in this section or who diverts a shipment of gasoline to a destination other than the destination listed on such shipping document or who alters a shipping document without notice to the commission shall be liable for a fine of One Thousand Dollars (\$1,000.00) per offense and the entire amount of the state excise tax upon such gasoline shall be deemed due and payable, plus a penalty of twenty-five percent (25%) of the amount of such tax. Any authorized representative of the commission or the enforcement officers of the Mississippi Department of Transportation shall have the right to seize or impound such vehicle or boat until the excise tax and penalty have been paid. Notice to the commission shall consist of contacting the National Diversion Registry, reporting the diversion and obtaining a registration number.

The commission, its employees or agents, including the enforcement officers of the Mississippi Department of Transportation, or any sheriff, deputy sheriff, constable or police officer of this state is hereby authorized to inspect any vehicle or boat transporting gasoline over the highways, streets, alleys or waters of this state, to examine the contents of any such vehicle or boat, to take a sample of each grade of gasoline contained in said vehicle or boat provided no sample shall exceed one (1) gallon, and to inspect the bills of lading, invoices or other records pertaining to the gasoline being transported in such vehicle or boat.

Any person other than a common or contract carrier bringing gasoline into this state in quantities of more than fifty (50) gallons shall give notice to the commission of his intent to import such gasoline. The commission is authorized to promulgate rules setting forth the manner in which such notice is to be given. However, if information on gasoline imported into this state can be accurately secured from other sources by the commission, it may waive the requirements of such notice.

If any person, other than a common or contract carrier, shall transport gasoline over the highways of this state by motor vehicle without having given

the notice required by this section, or if a copy of such notice is not carried in such motor vehicle as required by this section, the entire amount of the state excise tax upon such gasoline being transported shall be deemed due and payable, plus a penalty of twenty-five percent (25%) of the amount of such tax, and any authorized representative of the commission or the enforcement officers of the Mississippi Department of Transportation shall have the right to seize or impound the motor vehicle in which such gasoline is being transported until such excise tax together with the penalty thereon has been paid. Provided, however, that said penalty shall not apply when the driver of the truck stops at the first weighing station in the line of travel and secures the signature of the officer on duty on the import notice.

JUDICIAL DECISIONS

1. In general.

The tax levied by Code 1972, § 27-55-313 [now repealed] on diesel fuel used by contractors in the performance of state contracts is not limited in its application to diesel fuel used in motor vehicles, but applies to all diesel fuel used by such contractors regardless of the specific use

made of the fuel. That other fuels, notably propane, are not subject to the disputed tax when used as a heating agent does not constitute discrimination violative of the equal protection clause. *Sharpe v. Standard Oil Co.*, 322 So. 2d 457 (Miss. 1975), appeal dismissed, 425 U.S. 947, 96 S. Ct. 1720, 48 L. Ed. 2d 191 (1976).

§ 27-55-523. Monthly report and remittance.

For the purpose of determining the amount of his liability for the tax imposed by this article, each bonded distributor of special fuel shall, not later than the twentieth day of the month next following the month in which this article becomes effective, and not later than the twentieth day of each month thereafter, file with the commission a monthly report which shall include a statement of the number of gallons of special fuel received and sold by such distributor of special fuel within this state during the preceding calendar month, and such other information as may be reasonably necessary for the proper administration of this article.

At the time of filing each monthly report with the commission, a distributor may take a credit for the number of gallons of special fuel that he purchased during the preceding calendar month from a distributor who pays the excise tax imposed by this article on such special fuel.

At the time of filing each monthly report with the commission, each distributor of special fuel shall pay to the commission the full amount of the special fuel tax due from such distributor for the preceding calendar month.

Reports and payments sent to the commission by mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, in which case such reports and payments must be postmarked by the first working day following the due date in order to be considered timely filed.

The monthly report of the distributor of special fuel shall be prepared and filed with the commission on forms prescribed by the commission, or the distributor of special fuel may, with the approval of the commission, furnish the required information on machine-prepared schedules. Such monthly reports or schedules shall be signed by the distributor or his duly authorized agent and shall contain a declaration that the statements contained in such report are true and correct and are made under the penalty of perjury.

When special fuel, which would otherwise be taxable under the provisions of this article, is imported, sold, delivered, or exported, under conditions which will exclude such special fuel from the tax levied under this article by reasons of one or more of the exemptions provided in this article, deduction for such exempt special fuel may be taken without prior approval of the commission on the monthly report of the bonded distributor of special fuel importing, selling, delivering, or exporting such special fuel. Provided, however, that the commission may require proof to be furnished of such deduction for exempt special fuel.

When the Five and Three-fourths Cents (5.75¢) per gallon tax has accrued or has been paid on special fuel that is taxed at Eighteen Cents (18¢) per gallon, a deduction of Five and Three-fourths Cents (5.75¢) per gallon may be made.

Each distributor of special fuel shall maintain and keep for a period of three (3) years a record of all special fuel purchased, received, procured, manufactured, refined, compounded, used, sold, stored or delivered within this state by such distributor, together with invoices, bills of lading, and other pertinent records and papers as may be reasonably required by the commission.

If a distributor of special fuel or purchaser fails to maintain adequate records, or if an audit of the records of said distributor or purchaser, or any report filed by him or any other information discloses that taxes are due and unpaid, the commission shall make assessments of taxes, damages and interest from any information available, which shall be prima facie correct.

All actions by this state for the recovery of additional amounts claimed as tax due under this article must be commenced within a period of three (3) years from the date of the filing of the required report with the commission, provided that in the case of a fraudulent or false report with intent to evade tax or of a failure to file a report, action may be commenced at any time. said thirty-six-month examination period, provided that said determination shall be made with reasonable promptness and diligence.

§ 27-55-549. Repealed.

Repealed by Laws, 2005, ch. 499, § 36 effective from and after July 1, 2005.

Editor's Note — Former § 27-55-549 provided for hearings and appeals from certain actions of the State Tax Commission.

§ 27-55-551. Commission to institute proceedings; sequestration; lien; seizure.

The commission is hereby authorized and empowered to institute legal proceedings for any and all violations of this article, to recover taxes, damages or penalties due under this article. All taxes and damages recovered in any proceedings by the commission shall be paid over and disposed of as any and all other special fuel taxes are required to be. Any chancellor or judge authorized to grant remedial writs shall grant writs of sequestration for the impounding of special fuel on which the excise tax or penalty is owed. Before any writ of sequestration shall be issued under this section, the complainant shall make an affidavit showing that it had good cause to believe, and does believe, that there is an excise tax or penalty owed the State of Mississippi on the special fuel sought to be sequestered and that unless said special fuel is sequestered and impounded, said special fuel will be removed, concealed, or disposed of. Upon such affidavit being presented to any chancellor or judge authorized to grant remedial writs, said chancellor or judge shall order said writ to be issued upon the filing of a bill of complaint for the collection of the

excise tax on said special fuel. The writ of sequestration shall then be issued and the property dealt with in the manner now provided by law for other writs of sequestration. Where the State of Mississippi is the complainant, no bond shall be required of said state for the issuance of said writ of sequestration.

The State of Mississippi shall have a lien upon all of the property of every distributor or person acting as a distributor of special fuel without a permit, used in the operation of his business as such distributor, for the excise taxes levied by this article and due or to become due the State of Mississippi. Such liens or encumbrances of whatever character shall be paramount to private liens and to the rights of any holder of the legal title in or to any pumps, tanks, inventories of special fuel and other petroleum products, motor vehicles, or other personal property used in the operation of said business.

The commission shall have the right, when taxes due the State of Mississippi are delinquent under this article, or where any person acting as a distributor of special fuel without a permit receives special fuel in this state without paying the tax thereon, to cause a writ of summons and seizure to issue, returnable to the court having jurisdiction thereof, in like manner as such writs are authorized to be issued by Chapter 7 of Title 85, Mississippi Code of 1972. Such writ shall be directed to the proper officer or to the commission commanding the officer or the commission, as the case may be, to seize the property upon which a lien exists as hereinabove provided. After the issuance of such writ, such actions and proceedings shall be had on such writ as presently provided for the enforcement of purchase money security interests by the statutes of this state. The commission shall have the right to stop and hold any moving or movable equipment subject to seizure pursuant to the provisions of this paragraph pending the issuance of process.

It is expressly provided that the remedies set out in the foregoing paragraph shall be cumulative and that no action taken by the commission shall be construed to be an election on the part of this state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this article.

§ 27-55-553. Refund of taxes erroneously or illegally collected.

In the event that any taxes or penalties imposed by this article have been erroneously or illegally collected from a distributor or other person, the commission may permit such distributor or other person to take credit against a subsequent tax report for the amount of the erroneous overpayment, or the amount thereof may be refunded to the distributor or other person in the same manner as provided in Section 27-55-19.

No refunds shall be made under the provisions of this section unless a written claim is filed setting forth the circumstances by reason of which such refund should be allowed. Such claim shall be in the form as the commission shall prescribe and shall be filed with the commission within three (3) years from the date of payment of the taxes erroneously or illegally collected. Nothing in this article shall be construed to prohibit a refund or credit for tax paid on special fuel not subject to tax or which is exempt from tax, provided there has not been a willful disregard of the provisions of this article and further provided that the claim therefor is filed within three (3) years.

Allocations of gasoline, diesel fuel or kerosene tax to the counties shall be made by the commission as provided by law and reported to the State Treasurer at the end of each month. § 27-55-559. Evidence of product transported; unlawful for carriers or transporters to divert special fuel shipments to a destination other than the destination on the manifest or bill of lading; notice of intent to import special fuel; penalties.

Every person hauling, transporting or conveying more than five hundred (500) gallons of special fuel over the highways, streets, alleys or waters of this state, or into this state over any highway, street, alley or water route, shall, during the entire time he is so engaged, have in his possession a bill of sale, bills of lading, invoices or other written evidence, each of which shall be serially numbered, showing the kind and amount of special fuel being transported, the name and address of the person from whom such special fuel was received, and the name and address of the person to whom delivery is to be made. The vehicle or boat conveying such special fuel shall have clearly printed on it the name and address of the person transporting the special fuel on both sides of the vehicle or boat in well-balanced letters of not less than two (2) inches in height on a contrasting background.

Any person transporting special fuel without a shipping document containing the required information or who diverts a shipment of special fuel to a destination other than the destination listed on such shipping document or who alters a shipping document without notice to the commission shall be liable for a fine of One Thousand Dollars (\$1,000.00) per offense and the entire amount of the state excise tax upon such special fuel shall be deemed due and payable, plus a penalty of twenty-five percent (25%) of the amount of such tax. Any authorized representative of the commission or the enforcement officers of the Mississippi Department of Transportation shall have the right to seize or impound such vehicle or boat until the excise tax and penalty have been paid. Notice to the commission shall consist of contacting the National Diversion Registry, reporting the diversion and obtaining a registration number.

Any person other than a common or contract carrier bringing special fuel into this state in quantities of more than five hundred (500) gallons shall give notice to the commission of his intent to import such special fuel. The commission is authorized to promulgate rules setting forth the manner in which such notice is to be given. However, if information on special fuel imported into this state can be accurately secured from other sources by the commission, it may waive the requirements of such notice.

If any person, other than a common or contract carrier, shall transport special fuel over the highways of this state by motor vehicle without having given the notice required by this section, or if a copy of such notice is not carried in such motor vehicle as required by this section, the entire amount of the state excise tax upon such special fuel being transported shall be deemed due and payable, plus a penalty of twenty-five percent (25%) of the amount of such tax, and any authorized representative of the commission or enforcement officers of the Mississippi Department of Transportation shall have the right to seize or impound the motor vehicle in which such special fuel is being

transported until such excise tax together with the penalty thereon has been paid. Provided, however, that the penalty shall not apply when the driver of the truck stops at the first weighing station in the line of travel and secures the signature of the officer on duty on the import notice.

§ 27-57-5. Definitions.

The words, terms and phrases as used in this article shall have the following meanings unless the context requires otherwise:

(a) "Lubricating oil" means all petroleum-based oils or synthetic lubricants intended for use in the crankcase of an internal combustion engine, either spark ignition or diesel type. The purpose of "lubricating oil" is to reduce friction between two (2) solid surfaces moving relative to one another. Lubricating oil shall not mean spindle oils, cutting oils, steam cylinder oils, transmission fluids or oils, gear oils, industrial oils, electrical insulating oils, manufactured, recommended, advertised and intended for such; lubricating oil specifically designed for use in large stationary engines of five hundred (500) horsepower or more; oils specifically designed for use in aircraft or outboard motors, or lubricating oil additives and compounds, manufactured, recommended, advertised and intended for use as an additive or compound and packaged in quantities of one (1) gallon or less; oils which would cause damage to an internal combustion engine if used as a lubricant, or special purpose oils where the finished cost would make its use as a lubricating oil in an internal combustion engine economically prohibitive, or oils used as raw materials in manufacturing processes and any grease which is classified as a lubricant and which is manufactured, recommended, advertised and intended for use as such.

(b) "Person" means any individual, firm, copartnership, joint venture, association, corporation, estate, trust, or any other group or combination acting as a unit, and the plural as well as the singular number unless the intention to give a more limited meaning is disclosed by the context.

commission giving to the licensee fifteen (15) days' notice, in writing, to increase said bond, said notice to state the amount of increase demanded.

The bond required by this section shall be conditioned that the distributor will fully comply with all laws pertaining to distributors of lubricating oil and pay all excise taxes and penalties provided. § 27-57-25. Retention of records by distributors and other persons; statute of limitations for actions by state for recovery of additional amounts.

Each distributor shall maintain and keep for a period of three (3) years a record of all lubricating oil purchased, received, procured, manufactured, refined, compounded, used, sold, stored or delivered within this state by such distributor, together with invoices, bills of lading, and other pertinent records and papers as may be reasonably required by the commission. All sales made by a distributor shall be evidenced in writing, signed by the seller, or their agents, shall bear the date of purchase, name and address of the purchaser, and the seller, and shall show the kind and quantity of the product purchased. Sales tickets and invoices made to cash shall not be considered as complying with the terms of this article.

It shall be the duty of every person purchasing lubricating oil from a distributor or other person for the purpose of sale or distribution to maintain and keep for a period of three (3) years a record of lubricating oil received together with delivery tickets, invoices, bills of lading and such other records as the commission shall require.

If, in the normal conduct of a distributor's business, the records of such distributor are maintained and kept at an office outside the State of Mississippi, it shall be a sufficient compliance with this section if the records shall be made available for audit and examination by the commission at such office located outside Mississippi. If a distributor fails or refuses to permit the commission or any of its employees to check and audit his record during the usual business hours of the day, the commission shall have authority to subpoena the records and have them brought to the office of the commission within ten (10) days after the subpoena is served on the distributor.

The commission may, after an audit and examination of the records of a distributor, authorize the disposal of such records, such authorization to be in writing by the commission after a request by the distributor.

All actions by the state for the recovery of additional amounts claimed as tax due under this article must be commenced within a period of three (3) years from the date of the filing of the required report with the commission, provided, that in the case of a fraudulent or false report with intent to evade tax or of a failure to file a report, action may be commenced at any time. However, when an examination of a taxpayer's records to verify returns made under this chapter has been initiated and the taxpayer notified thereof either by certified mail or personal delivery of a notice by an agent of the commissioner, within the thirty-six-month examination period provided herein, the determination of the correct tax liability may be made by the commission after the expiration of said thirty-six-month examination period, provided that said determination shall be made with reasonable promptness and diligence.

The commissioner and his agents and employees shall have the right to open and inspect any case, package, or other container, and any tank, pump, tank car or storage tank in which lubricating oil is kept and enter upon any barge, vessel, or other vehicle transporting lubricating oil and, with instruments conforming to the weights and measures adopted by the United States Bureau of Standards, check any measuring device or volume of weight of the contents of any such container.

Editor's Note — Former § 27-57-29 provided for hearings and appeals from certain actions of the State Tax Commission.

§ 27-57-31. Commission to institute proceedings; sequestration; lien; seizure.

The commission is hereby authorized and empowered to institute legal proceedings for any and all violations of this article to recover taxes, damages or penalties due under this article. All taxes and damages recovered in any proceedings by the commission shall be paid over and disposed of as any and all other lubricating oil taxes are required to be. Any chancellor or judge authorized to grant remedial writs shall grant writs of sequestration for the impounding of lubricating oil on which the excise tax or penalties is owed. Before any writ of sequestration shall be issued under this section, the complainant shall make an affidavit showing that he had good cause to believe, and does believe, that there is an excise tax or penalty owed the State of Mississippi on the lubricating oil sought to be sequestered; and that unless said lubricating oil is sequestered and impounded, said lubricating oil will be removed, concealed or disposed of. Upon such affidavit being presented to any chancellor or judge authorized to grant remedial writs, said chancellor or judge shall order said writ to be issued upon the filing of a bill of complaint for the collection of the excise tax on said lubricating oil. The writ of sequestration shall then be issued and the property dealt with in the manner now provided by law for other writs of sequestration. Where the State of Mississippi is the complainant, no bond shall be required of said state for the issuance of said writ of sequestration.

The State of Mississippi shall have a lien upon all of the property of every distributor or person acting as a distributor without a permit, used in the operation of his business as such distributor, for the excise taxes levied in this article and due or to become due the State of Mississippi. Such liens or encumbrances of whatever character shall be paramount to all private liens and to the rights of any holder of the legal title in or to any pumps, tanks, inventories of lubricating oil and other petroleum products, motor vehicles, or other personal property used in the operation of said business.

The commission shall have the right, when taxes due the State of Mississippi are delinquent under this article, or where any person acting as a distributor without a permit receives lubricating oil in this state without paying the tax thereon, to issue a writ of summons and seizure, returnable to the court having jurisdiction thereof, in like manner as such writs are authorized to be issued by Chapter 7 of Title 85, Mississippi Code of 1972. Said

writ shall be directed to the proper officer or to any fieldman or representative of the commission commanding the officer or representative of the commission to seize the property upon which a lien exists as hereinabove provided. After the issuance of said writ, such actions and proceedings shall be had on said writ, as is presently provided for the enforcement of purchase money security interests by the statutes of this state. Provided, however, that the commission or its representative shall have the right to stop and hold any moving or movable equipment as set out in this paragraph, pending the issuance of process.

It is expressly provided that the remedies set out in the foregoing paragraphs shall be cumulative and that no action taken by the commission shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this article.

§ 27-57-33. Refund of taxes erroneously or illegally collected.

In the event that any taxes or penalties imposed by this article have been erroneously or illegally collected from a distributor or other person, the commission may, upon approval of the tax commission, permit such distributor or other person to take credit against a subsequent tax report for the amount of the erroneous overpayment, or shall certify the amount thereof may be refunded to the distributor or other person in the same manner as provided in Section 27-55-19. Provided, however, in cases where the approved claim exceeds Five Thousand Dollars (\$5,000.00), the claimant may not take credit on his monthly reports for more than Five Thousand Dollars (\$5,000.00) per month until such approved amount is depleted.

Such refund shall be paid to the distributor or other person forthwith.

No refunds shall be made under the provisions of this section unless a written claim is filed setting forth the circumstances by reason of which such refund should be allowed. Such claim shall be in such form as the commission shall prescribe and shall be filed with the commission within three (3) years from the date of payment of the taxes erroneously or illegally collected.

Nothing in this article shall be construed to prohibit a refund or credit for tax paid on lubricating oil not subject to tax or which is exempt from tax, provided there has not been a wilful disregard of the provisions of this article and provided, further, that the claim therefor is filed within three (3) years.

§ 27-59-7. Distributor permit; application; bond.

Before any person shall engage in business as a distributor of compressed gas, he shall first make application to the commission, upon forms prescribed by the commission, for a permit to engage in said business.

If said application is approved, the commission may require said applicant to enter into a good and sufficient surety bond, written by a company qualified to write such bonds in the State of Mississippi, which bond shall be made payable to the State of Mississippi, in a sum not less than One Thousand Dollars (\$1,000.00) nor more than Twenty-five Thousand Dollars (\$25,000.00); or in lieu thereof, deposit with the commission a cash bond in the aforesaid amount. A personal bond in the aforesaid amounts shall also be acceptable if the same is secured by the bonds of the State of Mississippi or the United States government. Such bond or bonds shall be in an amount not to exceed Twenty-five Thousand Dollars (\$25,000.00), and not to exceed the compressed gas taxes estimated to become due by the said distributor for any ninety-day period. The bond herein required shall be increased within the limits hereinbefore set forth from time to time if deemed insufficient by the commission,

giving to the distributor fifteen (15) days' notice, in writing, to increase said bond, said notice to state the amount of increase demanded.

Said bond shall be conditioned that the distributor will fully comply with all laws pertaining to distributors of compressed gas as regulated by this chapter and to pay the compressed gas taxes and penalties provided. Provided, however, that any person who has already furnished bond under a prior petroleum tax law or shall furnish a bond to meet the requirements of any petroleum tax law administered by the commission shall not be required to furnish an additional bond, but said person shall be subject to all other conditions, requirements and liabilities imposed herein upon a distributor of compressed gas.

Before any public utility sells or delivers natural gas for use as a fuel in a motor vehicle to a user, as defined herein, the public utility shall notify, in writing, the commission of its intention to engage in such activity.

A public utility who sells or delivers natural gas to a user, as defined herein, shall be subject to the same requirements and penalties as distributors of compressed gas except that the public utility shall not be required to comply with Section 75-57-49.

§ 27-59-12. Exemptions.

There shall not be included in the measure of the tax levied in this chapter any compressed gas:

(a) Sold or delivered by a permitted distributor of compressed gas to a second permitted distributor of compressed gas, who shall become liable for the tax unless said compressed gas is sold by the second permitted distributor to a third permitted distributor. The third permitted distributor of compressed gas shall be liable for the tax.

(b) Which as an unfinished product, is used by a refinery in the manufacturing or refining of petroleum products.

(c) Sold to the United States government for use of the armed forces only, and delivered in quantities of not less than four thousand (4,000) gallons.

(d) Delivered to a bonded warehouse for storage within this state for the United States Department of Interior.

(e) Exported to a destination beyond the boundaries of this state by a permitted distributor of compressed gas, when the tax on such compressed gas has been paid or on which the tax liability imposed by this chapter has accrued against said permitted distributor.

(f) Exported by any person to a destination beyond the borders of this state in quantities of not less than three thousand (3,000) gallons by ship, vessel, barge, railroad tank car, or pipeline, or by tank truck if such tank truck is operated by a common or contract carrier.

(g) Sold or delivered to any person within this state to be used in a commercial process where it becomes a component part of any manufactured product or where used as a processing agent in the treatment of raw material in any manufacturing process.

(h) Sold or delivered to be used for test purposes at any regularly established testing laboratory in this state.

(i) Sold or delivered to be used for the purpose of generating electricity.

When compressed gas is excluded from the tax levied in this chapter by one or more of the exemptions provided, the deduction for the exemption may be taken, without the prior approval of the commission, on the monthly tax report of the distributor of compressed gas importing, selling, delivering or exporting such compressed gas. The commission may require such proof as is reasonably necessary for the administration of this chapter.

Any person who has delivered or sold compressed gas on which the tax has been paid by him to the vendor may, if the compressed gas is subject to exemption under this chapter, assign his claim for exemption to any permitted distributor of compressed gas in this state. Such distributor may deduct the amount of the tax exemption from his next compressed gas tax report, provided the distributor furnishes evidence satisfactory to the commission that the claim for exemption is valid.

In order to claim exemptions provided for under this chapter, the distributor of compressed gas must file claims therefor within three (3) years from the date of sale or delivery; otherwise, claims for such exemptions shall be disallowed.

The monthly report of the distributor shall be prepared and filed with the commission on forms prescribed by the commission or the distributor may, with the approval of the commission, furnish the required information on machine-prepared schedules. Such monthly reports shall be signed by the distributor or his duly authorized agent and contain a declaration that the statements contained therein are true and are made under the penalty of perjury.

§ 27-59-25. Retention of records by distributors and other persons; statute of limitations for actions by state to recover additional amounts.

Each distributor of compressed gas shall maintain and keep for a period of three (3) years a record of all compressed gas received, acquired, manufactured, refined, purchased, sold or delivered within this state, together with invoices, bills of lading and other pertinent records and papers as the commission may deem reasonably necessary for the administration of this chapter.

Any person owning or operating a motor vehicle or motor vehicles, with a gross license tag weight classification exceeding ten thousand (10,000) pounds, that use or are capable of using compressed gas as a motor fuel shall maintain and keep for a period of three (3) years records from which an accurate determination of the number of miles traveled in this state and the quantity of compressed gas purchased and consumed in this state can be made.

If a distributor of compressed gas or the owner or operator fails to maintain adequate records, or if an audit of the records of the distributor or owner or operator, or any report filed by him, or any other information discloses that taxes are due and unpaid, the commission shall make assessments of taxes, damages and interest from any information available, which assessments shall be prima facie correct.

If, in the normal conduct of a distributor's or owner's or operator's business, the records of the distributor, owner or operator are maintained and kept at an office outside the State of Mississippi, it shall be a sufficient compliance with this section if the records shall be made available for audit and examination by the commission at such office location outside Mississippi. If a distributor, owner or operator fails or refuses to permit the commission or any of its employees to check and audit his records during the usual business hours of the day, the commission shall have authority to subpoena the records and have them brought to the office of the commission within ten (10) days after the subpoena is served on the distributor, owner or operator.

All actions by the state for the recovery of additional amounts claimed as tax due under this chapter must be commenced within a period of three (3) years from the date of the filing of the required report with the commission,

provided that in the case of fraudulent or false report with intent to evade tax or of a failure to file a report, action may be commenced at any time. However, when an examination of a taxpayer's records to verify returns made under this chapter has been initiated and the taxpayer notified thereof either by certified mail or personal delivery of a notice by an agent of the commissioner, within the thirty-six-month examination period provided herein, the determination of the correct tax liability may be made by the commission after the expiration of said thirty-six-month examination period, provided that the determination shall be made with reasonable promptness and diligence.

§ 27-59-29. Compressed gas user's decal for motor vehicles; fee; classifications.

Any person operating a motor vehicle or motor vehicles of any type on the highways of the State of Mississippi that use or are capable of using compressed gas as a motor fuel shall, before operating such motor vehicle or motor vehicles, obtain from the commission a compressed gas user's decal.

The owner or operator of such motor vehicle or motor vehicles shall no later than fifteen (15) days after the installation of the compressed gas carburetion equipment or the acquisition of such motor vehicle or motor vehicles, file with the commission an application for a compressed gas user's decal for each vehicle. Such application shall be made on forms prescribed by the commission and shall contain such information as the commission may deem reasonably necessary for administration of this chapter.

No motor vehicle privilege license tag and decal shall be issued by the county tax collector to the operator of a motor vehicle that uses or is capable of using compressed gas on the highways of this state unless an application for a compressed gas user's decal has been filed or the motor vehicle bears a current compressed gas user's decal. The county tax collector shall require an application and the annual privilege tax required by this chapter from each applicant for a motor vehicle privilege license tag and decals, whether the tag and decals are to be issued by the tax collector or by the commission. If said applicant has obtained the approval of the commission to operate as a "nonpermitted user," then the prepayment of taxes is not required; however, an application for a decal must be made. The county tax collector shall forward the application and fee to the commission within fifteen (15) days from the date received by him, and the county tax collector shall be entitled to retain One Dollar (\$1.00) for each application and fee received by him and forwarded to the commission. Said fee shall be forfeited by the county tax collector if he fails to forward any application and remittance within fifteen (15) days of receipt by him. Every person engaged in business as a dealer of compressed gas carburetion equipment or in the business of installing such equipment shall, at the time of installation, collect the compressed gas user's annual privilege tax. If the operator of said motor vehicle has obtained the approval of the commission to operate as a nonpermitted user, then the prepayment of taxes is not required; however, an application for a decal must be made. The dealer or installer shall forward any application and remittance to the commission within fifteen (15) days of receipt by him. The dealer and installer shall be subject to the same requirements and penalties as a distributor of compressed gas.

No automobile or truck dealer shall operate any motor vehicle, for demonstration purposes bearing a Mississippi motor vehicle dealer tag, that uses or is capable of using compressed gas on the highways of this state, unless said dealer has paid the annual privilege tax applicable to each vehicle and secured from the commission a certificate of authority to operate the motor vehicle or motor vehicles on the highways of this state for demonstration purposes only. No dealer may receive or use a certificate of authority for the operation of any motor vehicle that does not bear a Mississippi dealer tag.

Motor vehicles using or capable of using compressed gas as a motor fuel and:

- (a) Having a gross license tag weight classification of ten thousand (10,000) pounds or less shall be designated "Class I" motor vehicles;

(b) Having a gross license tag weight classification of ten thousand (10,000) pounds but not exceeding twenty thousand (20,000) pounds shall be designated "Class II" motor vehicles;

(c) Having a gross license tag weight classification greater than twenty thousand (20,000) pounds shall be designated "Class III" motor vehicles; and

(d) Owned or operated by nonpermitted users shall be designated "Class IV" motor vehicles.

The commission shall provide for the issuance of decals for each of the aforesaid user's classifications and such decals shall be in such form and size as the commission may prescribe. Such decals shall be displayed on the motor vehicle at all times and in a manner prescribed by the commission.

The decals shall expire at the same time as the motor vehicle privilege license tag expires and shall be valid for one (1) year; provided, however, that when a motor vehicle is converted to compressed gas in a month other than when the license tag is purchased or renewed, then the pro rata portion of the annual privilege tax shall be due on the number of months until the motor vehicle privilege license tag expires. Provided further, that when a motor vehicle equipped with a compressed gas carburetion system is acquired or a motor vehicle is converted to compressed gas, the compressed gas decal year shall begin with the month following the month in which the motor vehicle is acquired or converted.

The commission is authorized and empowered to promulgate rules and regulations setting forth the method for determining the quantity of compressed gas used on the highways of this state.

Editor's Note — Former §§ 27-59-43 provided for hearings and appeals from certain actions of the State Tax Commission.

§ 27-59-45. Commission to institute proceedings; sequestration; lien; seizure.

The commission is hereby authorized and empowered to institute legal proceedings for any and all violations of this chapter, to recover taxes, damages or penalties due under this chapter. All taxes and damages recovered in any proceedings by the commission shall be paid over and disposed of as any and all other compressed gas taxes are required to be. Any chancellor or judge, authorized to grant remedial writs, shall grant writs of sequestration for the impounding of compressed gas on which the excise tax or penalties is owed. Before any writ of sequestration shall be issued under this section, the complainant shall make an affidavit showing that he had good cause to believe, and does believe, that there is an excise tax or penalty owed the State of

Mississippi on compressed gas sought to be sequestered and that unless said compressed gas is sequestered and impounded, said compressed gas will be removed, concealed, or disposed of. Upon such affidavit being presented to any chancellor or judge authorized to grant remedial writs, said chancellor or judge shall order said writ to be issued upon the filing of a bill of complaint for the collection of the excise tax on said compressed gas. The writ of sequestration shall then be issued and the property dealt with in the manner now provided by law for other writs of sequestration. Where the State of Mississippi is the complainant, no bond shall be required of said state for the issuance of said writ of sequestration.

The State of Mississippi shall have a lien upon all of the property of every distributor or person acting as a distributor without a permit, used in the operation of his business as such distributor for the excise taxes levied in this chapter and due or to become due the State of Mississippi. Such liens or encumbrances of whatever character shall be paramount to private liens and to the rights of any holder of the legal title in or to any pumps, tanks, inventories of compressed gas and other petroleum products, motor vehicles, or other personal property used in the operation of said business.

The commission shall have the right, when taxes due the State of Mississippi are delinquent under this chapter, or where any person acting as a distributor without a permit imports, receives, purchases, manufactures, refines or otherwise obtains any compressed gas or who sells or delivers compressed gas for use in a motor vehicle in this state without paying the tax thereon, to issue a writ of summons and seizure, returnable to the court having jurisdiction thereof, in like manner as such writs are authorized to be issued by Chapter 7 of Title 85, Mississippi Code of 1972. Said writ shall be directed to the proper officer or representative of the commission commanding the officer or representative of the commission to seize the property upon which a lien exists as hereinabove provided. After the issuance of said writ, such actions and proceedings shall be had on said writ as presently provided for the enforcement of purchase money security interests by the statutes of this state. Provided, however, that the commission or its representative shall have the right to stop and hold any moving or movable equipment, as set out in this paragraph, pending the issuance of process.

It is expressly provided that the remedies set out in the foregoing paragraphs shall be cumulative and that no action taken by the commission shall be construed to be an election on the part of the state or any of its officers, to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this chapter.

appeals, suits, claims or actions shall have been begun before July 1, 1982, or shall thereafter be begun; and the provisions of the aforesaid laws and amendments thereto are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the executing of any warrant thereunder prior to July 1, 1982, or for the filing of reports, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith."

§ 27-59-47. Refund of taxes erroneously or illegally collected.

In the event that any taxes, permit fees or penalties imposed by this chapter have been erroneously or illegally collected from a distributor or other person, the commission may, upon approval by the commission, permit such distributor or other person to take credit against a subsequent tax report for the amount of the erroneous overpayment, or may issue payment for that amount. The amount thereof may be refunded to the distributor or other person in the same manner as provided in Section 27-55-19.

No refunds shall be made under the provisions of this section unless a written claim is filed setting forth the circumstances by reason of which such refund should be allowed. Said claim shall be in such form as the commission shall prescribe, and shall be filed with the commission within three (3) years from the date of payment of the taxes or permit fees erroneously or illegally collected.

Nothing in this chapter shall be construed to prohibit a refund or credit for tax paid on liquefied compressed gas not subject to tax or which is exempt from tax, provided there has not been a willful disregard of the provisions of this chapter, and provided this claim is filed within three (3) years.

§ 27-61-11. Reports and remittance; timely filing of reports and payments.

The permittee shall file a quarterly fuel use report for the preceding calendar quarter on or before the last day of the month following each calendar quarter on forms to be prescribed by the commission, or the carriers may, with the approval of the commission, furnish the required information on machine-prepared schedules. Said report shall show any information required by the commission for the administration of this chapter. Such report must be filed

even though it may reflect no Mississippi miles for the quarter or accounting period. At the time of filing of each quarterly report, each permittee shall pay to the commission the full amount of the tax due on all fuel used by him in this state at the rate provided for in paragraph (a) of Section 27-61-5. The permittee in determining the fuel used by him in this state for said period may, as to each type of fuel used, determine his average number of miles of motor vehicle travel for a gallon of fuel by the use of the following formula: There shall first be determined the total miles traveled by all motor vehicles operated by permittee using a particular type of fuel; there shall then be determined the total number of gallons of such fuel consumed; the total number of gallons of such fuel consumed shall then be divided into the total number of miles traveled to determine the average number of miles of motor vehicle travel per gallon of fuel used. Proper records supporting these computations shall be maintained for a period of not less than three (3) years and shall be available to the inspection and audit of the commission. Permittee may, however, use any standards established by the commission in determining the motor vehicle travel per gallon of fuel consumed as to any particular type fuel. The permittee, in computing the amount of tax due, may take credit for all payments of the taxes levied in Sections 27-55-11 and 27-59-11, Mississippi Code of 1972, and Sections 27-55-519 and 27-55-521.

Reports and payments sent to the commission by mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, in which case such reports and payments must be postmarked by the first working day following the due date in order to be considered timely filed.

§ 27-61-12. Record keeping requirements with respect to gasoline, other motor fuel, diesel fuel and compressed gas purchased in bulk.

The payment of taxes levied in Sections 27-55-11 and 27-59-11, Mississippi Code of 1972, and Sections 27-55-519 and 27-55-521, on gasoline, special fuel, diesel fuel and compressed gas purchased in bulk quantities from a distributor shall be evidenced by invoices showing the quantity of fuel purchased, the type of fuel, the tax rate, the date of the purchase, the purchaser's name and address, and any other information the commission deems necessary for the

administration of this chapter. The person withdrawing fuel from bulk storage facilities shall maintain the following records for each withdrawal.

- (a) The date the fuel is withdrawn.
- (b) The number of gallons.
- (c) The fuel type.
- (d) The company unit number, or the motor vehicle license plate number and state.

The payment of the aforesaid taxes on gasoline, special fuel, diesel fuel and compressed gas purchased from a distributor or retail dealer and placed in the fuel tank of a motor vehicle shall be evidenced by invoices showing:

- (a) The date of sale.
- (b) The name and station address of the vendor (printed or with credit card imprint).
- (c) The name and address of the purchaser or permittee.
- (d) The number of gallons sold.
- (e) The signature of the purchaser.
- (f) The company unit number, or the motor vehicle license plate number and state.

The invoice must be in triplicate except in cases of credit card purchases. Invoices omitting any of the aforesaid items are not acceptable as proof of purchasing fuel in this state.

When the sale of fuel is through an automated method whereby the purchase is automatically applied to the purchaser's account and a single invoice is issued for multiple purchases, such invoice is acceptable as proof of purchasing fuel in this state.

In cases of a lessee/lessor agreement, invoices will be accepted in either name, provided a legal connection can be made to the reporting party. When the lessor is the reporting party and the lessee is fueling the motor vehicle from his own tax-paid bulk storage facility, the lessee must furnish the following documentation for each instance tax-paid fuel is placed in the motor vehicle:

- (a) The date the fuel was withdrawn from the bulk storage facility.
- (b) The number of gallons.
- (c) The fuel type.
- (d) The company unit number, or the motor vehicle license plate number and state.

The commission is hereby authorized and empowered to change, by regulation, the requirements, contents and specifications of the aforesaid invoices when such change is deemed necessary for the administration of this chapter or to achieve uniformity among the states with respect to fuel purchase invoices.

61 and 63, Mississippi Code of 1972, prior to July 1, 1988, whether such assessments, appeals, suits, claims or actions shall have been begun before July 1, 1988, or shall thereafter be begun; and the provisions of the aforesaid laws and amendments thereto are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the executing of any warrant thereunder prior to July 1, 1988, or for the filing of reports and for the imposition of any penalties, forfeitures or claims for failure to comply therewith."

§ 27-61-13. Credit; refund; use of credits on reports filed under the International Fuel Tax Agreement.

If the quarterly report filed by any permittee as provided herein shall establish that such permittee has paid a greater amount of tax for such quarter than permittee was liable for under the provisions of this chapter, then the amount of such overpayment may be carried forward and credit therefor taken against subsequent tax liability incurred under the provisions of this chapter, provided such credit is taken on a report filed within three (3) years from the quarter in which such excess tax was paid.

If the quarterly report filed by any permittee as provided herein shall establish that such permittee has paid a greater amount of tax for such quarter than permittee was liable for under the provisions of this chapter, then under the following conditions such permittee may obtain a refund for such excess tax paid: Permittee must file with the commission a claim for refund on tax paid to this state on fuel consumed outside the State of Mississippi on forms provided by the commission. Such excess tax refund may be allowed if it is shown that such permittee has paid to another state under lawful requirements of such state a tax, similar in effect to the tax herein provided, on the use or consumption in such state of fuel purchased in Mississippi to the extent of the fuel consumed in said other state at the rate per gallon of the applicable Mississippi tax on fuel as established by this chapter. All such claims must be submitted to the commission within three (3) years from the quarter in which the excess tax was paid, otherwise such claim shall be disallowed. Upon approval of such claim, the commission shall issue a refund to the permittee for the amount of the excess tax paid.

Refunds may be withheld when the permittee is in arrears or default to this state for any taxes or has failed to file returns as required by the provisions of the laws administered by the commission.

When a report filed by a licensee under the provisions of the International Fuel Tax Agreement indicates a credit for Mississippi due to an overpurchase of fuel in this state, the credit shall first be used to offset the licensee's tax liability in other jurisdictions. After such offset any remaining credit may be carried forward to a future report or may be refunded to the licensee.

Laws of 2001, ch. 311, § 9, provides:

"SECTION 9. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under Chapter 61, Title 27, Mississippi Code of 1972, before the date on which this act becomes effective, whether such claims, assessments, appeals, suits or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of Chapter 61, Title 27, Mississippi Code of 1972, are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws."

§ 27-61-15. Records.

Each permittee, owner or operator liable for tax under this chapter or person licensed under the provisions of the International Fuel Tax Agreement shall maintain and keep for a period of not less than four (4) years such records

of all fuel purchases and all fuel used within this state together with invoices, bills of lading, records of distances traveled and other pertinent records as may be required by the commission for the reasonable administration of this chapter or the International Fuel Tax Agreement. The commission shall have the right to examine and inspect, during the usual business hours of the day, all records, books, papers and other documents relating to the tax liability of any such person. In the event such records, books, papers and other documents are not located in this state and available to the commission, then the commission shall have the authority and power to require such owners or operators, or persons licensed under the provisions of the International Fuel Tax Agreement to produce within this state, at such time and place as the commission may designate, all such records, books, papers and other documents or, at the option of the owner or operator, or persons licensed under the provisions of the International Fuel Tax Agreement duly verified copies thereof. Whenever any permittee shall fail or refuse to file any report required by this chapter, or keep and maintain the records required by this chapter, or shall file an incorrect or fraudulent report, or if an audit of the records of such permittee or any other information discloses that taxes are due and unpaid, the commission shall make assessments of taxes, damages and interest which shall be prima facie correct.

All actions by this state for the recovery of additional amounts claimed as tax due under this chapter must be commenced within three (3) years from the date of the filing of the report with the commission, provided that in the case of a fraudulent or false report with intent to evade tax or a failure to file a report, action may be commenced at any time. However, when the commission has initiated an examination of a taxpayer's records in order to verify reports under this chapter and the taxpayer has been notified thereof by certified mail within the three-year examination period provided herein, the determination of the correct tax liability may be made after the expiration of the three-year examination period, provided that such determination shall be made with reasonable promptness and diligence.

§ 27-61-20. Motor fuel tax agreements with other states.

The commission, in its discretion, may enter into the International Fuel Tax Agreement in order to permit base state or base jurisdiction licensing of motor carriers subject to the taxes levied in this chapter.

An agreement may provide for determining the base state for motor carriers, motor carrier's records requirements, audit procedures, exchange of information, persons eligible for tax licensing; issuing and revoking licenses; defining qualified motor vehicles; determining of and under what conditions bonding is required; specifying reporting requirements and periods, determining methods for collecting and forwarding of motor fuel taxes, interest and penalties to another jurisdiction; and such other provisions as will facilitate the administration of the agreement.

An agreement entered into under the provisions of this section shall not restrict the State of Mississippi with regard to determining whether to impose taxes; fixing tax rates; defining tax exemptions or deductions; determining what constitutes taxable events triggering the imposition of taxes or determining any other related matters.

As required by the terms of the agreement, the commission may forward to officials of another state any information in the commission's possession regarding the receipt, sale, use, transportation or shipment of motor fuels, distances traveled and routes traveled by any person. The commission may disclose to officers of another state the location of offices, motor vehicles, and other real and personal property of persons subject to the provisions of a compact or agreement.

The commission may participate in the International Fuel Tax Agreement Clearinghouse and may place into the clearinghouse any information the commission is required to provide to other member jurisdictions under the International Fuel Tax Agreement. The commission may provide information regarding a licensee's status to the officials or law enforcement officers of the State of Mississippi or any other member jurisdiction who are responsible for the enforcement of motor carrier fuel tax laws. The commission also may place such information into the State On-Line Enforcement Network or any other database used for the enforcement of motor carrier fuel tax laws.

An agreement may provide for each state to audit the records of persons based in the state to determine if the motor fuel taxes due each state are properly reported and paid. Each state shall forward the findings of the audits performed on persons based in the state to each state in which the person has taxable use of motor fuels. For persons not based in this state and who have taxable use of motor fuels in this state, the commission, in its discretion, may serve the audit findings received from another state in the form of a proposed assessment of the person as though an audit was conducted by the commission.

Any agreement entered into under this section shall not preclude the commission from auditing the records of any person covered by the provisions of this chapter.

The commission may adopt rules and regulations for the administration and enforcement of any agreement.

The commission is authorized to collect motor fuel taxes, interest and fees due the members of any cooperative compact or agreement entered into under the provisions of this section and to deposit such taxes, interest and fees into a special holding fund until such taxes, interest and fees are properly distributed to the members of the compact or agreement.

Laws of 2001, ch. 311, § 5, amended this section to provide that an agreement entered into under the International Fuel Tax Agreement will not restrict the state in certain matters and to provide that the State Tax Commission may participate in data clearinghouses for the exchange of information.

“SECTION 9. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under Chapter 61, Title 27, Mississippi Code of 1972, before the date on which this act becomes effective, whether such claims, assessments, appeals, suits or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of Chapter 61, Title 27, Mississippi Code of 1972, are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.”

§ 27-61-27. Reciprocal agreements.

All reciprocal agreements entered into by the commission under the provisions of Section 27-19-143, Mississippi Code of 1972, shall be based upon the terms and provisions of this chapter insofar as such reciprocal agreements relate to common carriers of property, contract carriers of property, private commercial carriers of property, and common or contract carriers of passengers not liable for the gross receipts tax under Section 27-19-7, Mississippi Code of 1972, and full compliance with the provisions of this chapter shall be a condition precedent for the obtaining of the benefits of any such reciprocal agreement by any individual carrier of the classes herein specified. The commission shall from time to time, as it deems necessary, investigate such carriers of the classes herein specified which are known to make regular or frequent trips upon the highways of this state for the purpose of determining whether or not each of such carriers is complying with the provisions hereof, and, for the purpose of such investigation, the commission shall have the power and authority to examine the books and records of any such carrier as provided in Section 27-61-15 of this chapter. As the extension of reciprocity to any carrier is a matter of grace rather than a matter of right, the burden shall, in all cases, be upon the carrier in any such investigation to make proof sufficient to convince the commission of its full compliance with the provisions of this chapter, and unless the commission is so convinced, it shall cancel such reciprocal agreement, insofar as the specific carrier is concerned, for a period of at least sixty (60) days, and until such carrier presents proof sufficient to convince the commission that it is fully complying with this chapter, and, during such period, such carrier shall be denied the benefits of such agreement. If any carrier shall fail or refuse to produce any receipt, invoice, record, book, paper or other document relating to its tax liability under the provisions of this chapter when demanded by the commission, or shall fail or refuse to permit an inspection of its books and records as provided in Section 27-61-15 hereof, the commission shall forthwith cancel such reciprocal agreement, insofar as same applied to such carrier, for a period of at least one hundred twenty (120) days and until the book, record, or paper is produced or an inspection thereof permitted; and during such period such carrier shall be denied the benefits of such agreement. In all cases of the cancellation of any such reciprocal agreement as to any individual carrier, the commission shall immediately notify the carrier affected by such cancellation, in writing by registered mail, and it shall advise the carrier of the reason or reasons for such cancellation and the period thereof.

The commission is hereby vested and empowered with full, complete and final discretion to determine whether or not any reciprocal agreement shall be cancelled insofar as any carrier is concerned, and there shall be no appeal from its decision, it being hereby declared that no carrier has any vested rights in such reciprocal agreements.

§ 27-61-29. Temporary permits.

Whenever, for any reason, the commission shall cancel the reciprocity of any carrier under any reciprocal agreement, then such carrier may obtain a temporary motor vehicle permit from the commission for each vehicle owned and operated which would otherwise be operated under the benefits of such reciprocal agreement. Such permits shall be obtained by making application therefor to the commission, and they shall be issued for the period of time for which the carrier's reciprocity has been cancelled. If, at the end of such period, the carrier is not then entitled to the benefits of the reciprocal agreements, no additional or renewal permit shall be issued to him. The carrier shall pay a fee for each of such permits equal to the proportionate part of the annual privilege license tax provided in Sections 27-19-1 through 27-19-167, Mississippi Code of 1972, plus an additional ten percent (10%) of the proportionate part of such tax. All fees so paid shall be for the privilege of using the highways of this state for the length of time during which the carrier's reciprocity is cancelled in lieu of the annual privilege license required under the provisions of Sections 27-19-1 through 27-19-167, and all such fees shall be paid into the same fund and distributed in the same manner provided in Sections 27-19-1 through 27-19-167. The carrier may, instead of obtaining the permits specified in this section, operate his vehicles by obtaining trip permits as specified in Sections 27-19-1 through 27-19-167.

§ 27-61-31. Administration and enforcement; interest on late payments; penalties.

All administrative provisions of the Mississippi Sales Tax Law, including those which fix damages, penalties and interest for nonpayment of taxes, failure to file returns, and for other noncompliance with the provisions of said law, and all other requirements and duties imposed upon taxpayers, shall apply to all persons liable for taxes under the provisions of this chapter, and the commission shall exercise all the power and authority and perform all the duties with respect to taxpayers under this chapter as are provided in said Sales Tax Law, except that in cases of conflict, then the provisions of this chapter shall control.

Interest at the rate of one percent (1%) per month, or fraction thereof, may be assessed for the late payment or nonpayment of taxes under this chapter. A penalty of Fifty Dollars (\$50.00) or ten percent (10%) of the tax due, whichever is greater, may be assessed for the failure to file a report, the late payment of taxes or the failure to pay taxes.

§ 27-61-33. Credit or refund for erroneously or illegally collected taxes or penalties.

In the event that any taxes or penalties imposed by this chapter have been erroneously or illegally collected from any person, the commission may permit such person to take credit against a subsequent tax report for the amount of the erroneous payment, or the amount may be refunded to the person in the same manner as provided in Section 27-55-19. No refunds shall be made under the provisions of this section unless a written claim is filed setting forth the circumstances by reason of which such refund should be allowed. Such claim shall be in such form as the commission shall prescribe and shall be filed with the commission within three (3) years from the date of payment of the taxes erroneously or illegally collected. Nothing in this chapter shall be construed to prohibit a refund or credit for tax paid on fuel tax reports not subject to tax or which is exempt from tax, provided there has not been a willful disregard of the provisions of this chapter and further provided that the claim is filed within three (3) years.

§ 27-65-3. Definitions.

The words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them herein.

(a) "Tax Commission" or "department" means the Department of Revenue of the State of Mississippi.

(b) "Commissioner" means the Commissioner of Revenue of the Department of Revenue.

(c) "Person" means and includes any individual, firm, copartnership, joint venture, association, corporation, promoter of a temporary event, estate, trust or other group or combination acting as a unit, and includes the plural as well as the singular in number. "Person" shall include husband or wife or both where joint benefits are derived from the operation of a business taxed hereunder. "Person" shall also include any state, county, municipal or other agency or association engaging in a business taxable under this chapter.

(d) "Tax year" or "taxable year" means either the calendar year or the taxpayer's fiscal year.

(e) "Taxpayer" means any person liable for or having paid any tax to the State of Mississippi under the provisions of this chapter. A taxpayer is required to obtain a sales tax permit under Section 27-65-27 before engaging in business in this state. If a taxpayer fails to obtain a sales tax permit before engaging in business in this state, the taxpayer shall pay the retail rate on all purchases of tangible personal property and/or services in this state, even if purchased for resale. Upon obtaining a sales tax permit, a previously unregistered taxpayer shall file sales tax returns for all tax periods during which he engaged in business in this state without a sales tax permit, and report and pay the sales tax accruing from his operation during this period and any applicable penalties and interest. On such return, the taxpayer may take a credit for any sales taxes paid during the period he operated without a sales tax permit on a purchase that would have constituted a wholesale sale if the taxpayer had a sales tax permit at the time of the purchase and if proper documentation exists to substantiate a wholesale sale. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in an audit for a period during which he operated without a sales tax permit may be determined based on the sales tax accruing from the taxpayer's operation for that period after the taking of this credit.

(f) "Sale" or "sales" includes the barter or exchange of property as well as the sale thereof for money or other consideration, and every closed

transaction by which the title to taxable property passes shall constitute a taxable event.

“Sale” shall also include the passing of title to property for a consideration of coupons, trading stamps or by any other means when redemption is subsequent to the original sale by which the coupon, stamp or other obligation was created.

The situs of a sale for the purpose of distributing taxes to municipalities shall be the same as the location of the business from which the sale is made except that:

(i) Retail sales along a route from a vehicle or otherwise by a transient vendor shall take the situs of delivery to the customer.

(ii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is allowed as a credit against the sales tax liability of the retailer, shall be the same as the location of the business of the retailer receiving the credit.

(iii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is not allowed as a credit against the sales tax liability of the retailer, shall have a rural situs.

(iv) Income received from the renting or leasing of property used for transportation purposes between cities or counties shall have a rural situs.

(g) “Delivery charges” shall mean and include any expenses incurred by a seller in acquiring merchandise for sale in the regular course of business commonly known as “freight-in” or “transportation costs-in.” “Delivery charges” also include any charges made by the seller for delivery of property sold to the purchaser.

(h) “Gross proceeds of sales” means the value proceeding or accruing from the full sale price of tangible personal property, including installation charges, carrying charges, or any other addition to the selling price on account of deferred payments by the purchaser, without any deduction for delivery charges, cost of property sold, other expenses or losses, or taxes of any kind except those expressly exempt by this chapter.

“Gross proceeds of sales” includes consideration received by the seller from third parties if:

(i) The seller actually received consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;

(ii) The seller has an obligation to pass the price reduction or discount through to the purchaser;

(iii) The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchaser; and

(iv) One (1) of the following criteria is met:

1. The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or

granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;

2. The purchaser identified himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount (a "preferred customer" card that is available to any patron does not constitute membership in such a group); or

3. The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

Where a trade-in is taken as part payment on tangible personal property sold, "gross proceeds of sales" shall include only the difference received between the selling price of the tangible personal property and the amount allowed for a trade-in of property of the same kind. When the trade-in is subsequently sold, the selling price thereof shall be included in "gross proceeds of sales."

"Gross proceeds of sales" shall include the value of any goods, wares, merchandise or property purchased at wholesale or manufactured, and any mineral or natural resources produced, which are withdrawn or used from an established business or from the stock in trade for consumption or any other use in the business or by the owner. However, "gross proceeds of sales" does not include meals prepared by a restaurant and provided at no charge to employees of the restaurant or donated to a charitable organization that regularly provides food to the needy and the indigent and which has been granted exemption from the federal income tax as an organization described in Section 501(c) (3) of the Internal Revenue Code of 1986.

"Gross proceeds of sales" shall not include bad check or draft service charges as provided for in Section 97-19-57.

(i) "Gross income" means the total charges for service or the total receipts (actual or accrued) derived from trades, business or commerce by reason of the investment of capital in the business engaged in, including the sale or rental of tangible personal property, compensation for labor and services performed, and including the receipts from the sales of property retained as toll, without any deduction for rebates, cost of property sold, cost of materials used, labor costs, interest paid, losses or any expense whatever.

"Gross income" shall also include the cost of property given as compensation when the property is consumed by a person performing a taxable service for the donor.

However, "gross income" or "gross proceeds of sales" shall not be construed to include the value of goods returned by customers when the total sale price is refunded either in cash or by credit, or cash discounts allowed and taken on sales. Cash discounts shall not include the value of trading stamps given with a sale of property.

(j) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis as opposed to real property or

intangibles and shall include property sold on an installed basis which may become a part of real or personal property.

It shall include, but not be limited to, sales in place of roofing, tile, glass, carpets, drapes, fences, awnings, window air conditioning units, gasoline pumps, window guards, floor coverings, carports, store fixtures, aluminum and plastic siding, tombstones and similar personal property.

(l) "Newspaper" means a periodical which:

(ii) Has been established and published continuously for at least twelve (12) months;

(iii) Is regularly issued at stated intervals no less frequently than once a week, bears a date of issue, and is numbered consecutively; provided, however, that publication on legal holidays of this state or of the United States and on Saturdays and Sundays shall not be required, and failure to publish not more than two (2) regular issues in any calendar year shall not exclude a periodical from this definition;

(iv) Is issued from a known office of publication, which shall be the principal public business office of the newspaper and need not be the place at which the periodical is printed and a newspaper shall be deemed to be "published" at the place where its known office of publication is located;

(v) Is formed of printed sheets; provided, however, that a periodical that is reproduced by the stencil, mimeograph or hectograph process shall not be considered to be a "newspaper"; and

(vi) Is originated and published for the dissemination of current news and intelligence of varied, broad and general public interest, announcements and notices, opinions as editorials on a regular or irregular basis, and advertising and miscellaneous reading matter.

The term "newspaper" shall include periodicals which are designed primarily for free circulation or for circulation at nominal rates as well as those which are designed for circulation at more than a nominal rate.

The term "newspaper" shall not include a publication or periodical which is published, sponsored by, is directly supported financially by, or is published to further the interests of, or is directed to, or has a circulation restricted in whole or in part to any particular sect, denomination, labor or fraternal organization or other special group or class or citizens.

For purposes of this paragraph, a periodical designed primarily for free circulation or circulation at nominal rates shall not be considered to be a newspaper unless such periodical has made an application for such status to

the department in the manner prescribed by the department and has provided to the department documentation satisfactory to the department showing that such periodical meets the requirements of the definition of the term “newspaper.” However, if such periodical has been determined to be a newspaper under action taken by the department on or before April 11, 1996, such periodical shall be considered to be a newspaper without the necessity of applying for such status. A determination by the Department of Revenue that a publication is a newspaper shall be limited to the application of this chapter and shall not establish that the publication is a newspaper for any other purpose.

(m) “MPC” or “Material Purchase Certificate” means a certificate for which a person that is liable for the tax levy under Section 27-65-21 can apply and obtain from the commissioner, and when issued, entitles the holder to purchase materials and services that are to become a component part of a structure to be erected or repaired with no tax due. Any person taxable under Section 27-65-21 who obtains an MPC for a project and purchases materials and services in this state that are to become a component part of a structure being erected or repaired in the project and at any time pays sales tax on these purchases may, after obtaining the MPC for the project, take a credit against his sales taxes for the sales tax paid on these purchases if proper documentation exists to substantiate the payment of the sales tax on the purchase of component materials and services. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in the audit where this credit is taken may be determined based on the sales tax due after the taking of this credit.

1. In general.

An Alabama carpet store did not avail itself of the substantial privilege of carrying on business within Mississippi, so that there was no constitutional basis for a sales tax assessment, where the store’s 2 local carpet installers were independent contractors rather than agents or employees of the store, the local installers received no compensation from the store, and they provided their own equipment

and were not subject to the control of the store in the details or final results of their work. *Mississippi State Tax Comm’n v. Bates*, 567 So. 2d 190 (Miss. 1990).

gross income or total receipts the recovery of the costs of personal property used and consumed in providing the taxable service. *McGowan v. Marx*, 537 So. 2d 426 (Miss. 1988), mandate amended, 546 So. 2d 699 (Miss. 1988).

Where a hotel permitted its employees to eat surplus or left over victuals, it can safely be assumed that what is not eaten by the employees is to be cast away and that the cost of the food having already been integrated into the cost to consumers, the sales tax thereon has already presumably been paid. *Hotel Markham, Inc. v. Stone*, 214 Miss. 666, 59 So. 2d 308 (1952).

Where hotel gave the employees the privilege of eating surplus or left over victuals, the consumption of the food by employees was not property withdrawn or used from an established business or from the stock in trade. *Hotel Markham, Inc. v. Stone*, 214 Miss. 666, 59 So. 2d 308 (1952).

Where the statute failed to include in its definition of gross proceeds of sale the practice of giving the employees the privilege of consuming left over food, despite the assumed intent of the legislature to include the practice in its definition of gross proceeds of sales, the statute fails to do so with that degree of clarity which would make it immune to attack for uncertainty or ambiguity. *Hotel Markham, Inc. v. In view of the definition of "gross proceeds of sale" the tax is levied without regard to profits. *Stone v. Rogers*, 186 Miss. 53, 189 So. 810 (1939).

§ 27-65-5. Definitions; "Wholesaler, jobber or distributor"; "Wholesale sales."

"Wholesaler," "jobber" or "distributor" means a person doing a regularly organized wholesale or jobbing business, known to the trade as such, and selling to licensed retail dealers or other wholesalers for resale in the regular course of business. This classification has no bearing on rates of tax due under this chapter, each sale or part of sales being taxable or exempt depending upon the class in which it falls.

"Wholesale sales" shall apply to:

(1) A sale of tangible personal property taxable under Sections 27-65-17 and 27-65-25 for resale in the regular line of business, when made in good faith to a retailer regularly selling or renting that property and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state.

A sale of a service taxable under Section 27-65-23 for resale in the regular line of business, when made to a regular dealer in that service and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state, or a charge for custom processing rendered upon merchandise for resale or rental by a dealer licensed under Section 27-65-27.

A sale of telecommunications services taxable under Section 27-65-19 for resale in the regular course of business, when made to a regular telecommunications provider of the service and the provider is the holder of a permit issued under Section 27-65-27 and is located in this state or is providing telecommunications services in this state.

A sale of specified digital product taxable under Section 27-65-26 for resale in the regular course of business, when made to a regular dealer of specified digital products and the dealer is the holder of a permit issued under Section 27-65-27 and is located in this state.

“Wholesale sale” shall not include a transaction whereby property is delivered to, and collection for the transaction is made from, a person that will consume the property rather than resell it even though the billing is to a retailer.

However, when a taxpayer sells merchandise and has paid a rate equal to the retail rate of tax on the purchase price to a wholesaler, the taxpayer may take credit for the tax paid to the wholesaler from the tax due on the sale of the merchandise specifically included in his return to the commissioner.

(2) A sale of tangible personal property (except sand or gravel when sold by the producer thereof) or service which is to become a component part of a structure or improvement erected, constructed, repaired, or made only when the sale is made to a contractor taxable under Section 27-65-21 of this chapter on the contract in which the component materials are to be used; and only when the contractor holds a material purchase certificate as required by Section 27-65-21 of this chapter.

(3) A sale of boxes, crates, cartons, cans, bottles and other packaging materials to a retailer or retail custom processor for use as a container to accompany goods or services sold by the retailer or custom processor where possession thereof will pass to the customer at the time of sale of the goods or services contained therein.

(4) The value of soft drinks and syrup withdrawn from the business by a manufacturer for sale at retail and food or drink withdrawn by a manufacturer or wholesaler to be sold through full service vending machines for human consumption.

The quantity of property or services sold or the price at which sold is immaterial in determining whether or not a sale is at wholesale. Sales may be classed as wholesale, or exempt, only if evidenced by proper and adequate records and invoices to substantiate the wholesale rate or exemption from the tax on each individual sale.

The substantiation of the wholesale sales must be by an invoice clearly indicating the date, the name and address of the vendor and vendee, the

items sold and the price thereof. Such proof of wholesale sales shall be filed in chronological order and thus preserved for a period of three (3) years from the date of sale. These records shall be subject to inspection by the commissioner and his agents, at their discretion, for the verification of returns filed by either the wholesaler or his customers.

The substantiation of an exempt sale must be by an invoice containing the same information as required for the wholesale sales. This requirement shall apply equally to a retailer making wholesale or exempt sales.

Any failure to comply with all the above requirements shall subject the violator to the retail rate of tax on all such violations.

“Retailer” shall apply to a person making retail sales through vending machines, by maintaining a store, or operating as a transient vendor, or renting or leasing tangible personal property.

“Retail sales” shall mean and include all sales of tangible personal property except those defined herein as wholesale and those made to a wholesaler, jobber, manufacturer or custom processor for resale or for further processing.

“Retail sale” shall include the value of any tangible personal property manufactured or purchased at wholesale which is withdrawn from the business or stock in trade and is used or consumed within this state in the business or by the owner or by any other person, whether or not in the regular course of business or trade.

“Retail sale” shall also include a sale invoiced to a retailer but delivered to another person who pays for the merchandise upon taking possession.

An assessment for sales taxes was properly imposed on the gross proceeds received by an oil company from oil field

services rendered by it as co-owner/operator for other co-owners of various oil and gas properties in the state, which proceeds represented charges to the other co-owners for their proportionate share of the cost incurred in providing the oil field services, including a reasonable fee for supervision, even though the oil company contended that its main business was discovering, producing and marketing oil, gas and minerals, that its services as an operator in conjunction with co-owners was incidental to its main business, and that it was not permitted to make a profit on its oil field services, where the company received a benefit in its operation as co-owner/operator in that it was able to develop, produce and market oil, gas and minerals in an efficient operation, which involved less expense and waste to it; such benefit and advantage came within the § 27-65-9 definition of business. *Brady v. and nonmanufacturing activities may be classified as a manufacturer as to his manufacturing activities which are operated as a separate business or division.

(b) "To manufacture" or "manufacturing" embraces activities of an industrial or commercial nature wherein labor or skill is applied, by hand or machinery, to materials belonging to the manufacturer so that a new, different, or more useful article of tangible personal property or substance of trade or commerce or electric power is produced for sale or rental and includes the production or fabrication of special-made or custom-made articles for sale or rental.

(c) "Remanufacturing" embraces activities of an industrial or commercial nature wherein labor or skill is applied by hand or machinery to materials, a portion of which may belong to the customer, so that rebuilt articles of tangible personal property, comparable in quality to new articles of the same property, are created, a majority of the value of which is produced by the remanufacturing activity.

(d) "Custom processor" means one who is exclusively or predominately engaged in the business of custom processing or remanufacturing as defined under the terms "custom processing" and "remanufacturing."

(e) "Custom processing" means the performance of a manufacturing service done or made to order upon the property of the customer and shall include laundering, cleaning and pressing, but shall not include "repairs" or "maintenance" as these terms are defined herein; nor self-service commercial laundering, drying, cleaning and pressing equipment.

(f) "Manufacturing machinery" shall mean and include that machinery owned or leased by a manufacturer or custom processor for use by said manufacturer or custom processor in his plant directly and exclusively in manufacturing tangible personal property for subsequent sale, rental or in custom processing for a fee. Motorized units, conveyors, track and track structures, conduits, and similar items for use in transporting the unfinished product from storage or from one (1) phase of the manufacturing process to another may be classed as "manufacturing machinery."

"Manufacturing machinery" shall also include laboratory machinery which shall include X-ray machines and film, scales, chemical equipment, pressure and tensile analysis machines and similar equipment to determine the quality of the product in process of manufacture, and equipment used in the processing of waste materials to avoid air and water pollution, but only when located at the manufacturer's plant site.

Machinery used by a manufacturer to move, repair, clean, alter, improve, or otherwise recondition, rail rolling stock for sale or rental shall likewise constitute "manufacturing machinery."

“Manufacturing machinery” shall also include machinery and equipment used in the production of motion pictures such as editing equipment, audio equipment, lighting equipment, projection equipment, camera equipment, sound equipment, cables, computer equipment used in the editing process, computer equipment used in the creation of special effects, and computer equipment used in the graphic and animation process. For the purposes of this paragraph the term “motion picture” means a nationally distributed feature-length film, video, television series or commercial made in Mississippi, in whole or in part, for theatrical or television viewing or as a television pilot. (i) “Repair,” “repairs,” or “maintenance” means the restoring of property in some measure to its original condition, which may involve the use of either personal property or labor or both, but, for the purposes of this chapter, the total charge for the service shall constitute gross income taxable in the class in which it falls.

(j) “Producer” means any person producing natural resource products or agricultural or horticultural products from the soil or water for sale.

JUDICIAL DECISIONS

1. In general.

In an action by a taxpayer to recover taxes paid as the result of an assessment upon sales of uniforms by the taxpayer to

a company engaged in the business of renting uniforms and other items to its customers, but which admittedly made no sales of property, since the rental company

was not a licensed retailer nor a manufacturer, wholesaler, or jobber within the meaning of the Sales Tax Law, the taxpayer was not entitled to recover under Chapter 529, Laws of 1950, providing that persons engaged in the business of selling manufactured products to manufacturers, wholesalers, jobbers or licensed retailers should not be liable for the tax imposed for the privilege of selling manufactured goods at wholesale. *N. & W. Indus., Inc. v. McKeigney*, 230 Miss. 566, 93 So. 2d 481 (1957).

A scrap metal dealer who pressed such metal into bales to specifications required by United States Department of Commerce and by the steel mills who pur-

chased the bales, was a "processor" within the statute which provides that sales of tangible personal property to manufacturers or processors of machinery and machine parts which are exclusive necessities to processing within the state shall be construed to be wholesale sales, and the gross proceeds from such sales, and the gross proceeds from such sales, shall be taxable at the wholesale rate and therefore the exemption from the use tax, allowed in cases where property would have been taxed at wholesale rate applies to the machinery used by the scrap metal dealer. *Stone v. Friedman*, 219 Miss. 388, 68 So. 2d 473 (1953).

Any reasonable doubt as to whether the business done by the taxpayer can be detached in its main and essential feature as a local activity must be resolved in favor of taxpayer in connection with requirements that when the taxpayer is

relying upon an exemption the claim of nonliability is to be clearly sustained under the proven facts in the light of the burden of proof resting upon the taxpayer to establish that the case comes within such exemption. *Interstate Oil Pipe Line Co. v. 2. Particular applications.

State's imposition of sales and use tax liability on religious organization's retail sale of religious materials, did not, under extant circumstances, violate free exercise of religion clause of First Amendment or result in excessive entanglement between government and religion thereby violating establishment clause. *Jimmy Swaggart Ministries v. Board of Equalization*, 493 U.S. 378, 110 S. Ct. 688, 107 L. Ed. 2d 796 (1990).

Taxpayers in the business of providing oil field services are required to include in gross income or total receipts the recovery of the costs of personal property used and consumed in providing the taxable service. *McGowan v. Marx*, 537 So. 2d 426 (Miss. 1988), mandate amended, 546 So. 2d 699 (Miss. 1988).

An assessment for sales taxes was properly imposed on the gross proceeds received by an oil company from oil field services rendered by it as co-owner/operator for other co-owners of various oil and gas properties in the state, which proceeds represented charges to the other co-owners for their proportionate share of the cost incurred in providing the oil field services, including a reasonable fee for supervision, even though the oil company contended that its main business was discovering, producing and marketing oil, gas and minerals, that its services as an

operator in conjunction with co-owners was incidental to its main business, and that it was not permitted to make a profit on its oil field services, where the company received a benefit in its operation as co-owner/operator in that it was able to develop, produce and market oil, gas and minerals in an efficient operation, which involved less expense and waste to it; such benefit and advantage came within the § 27-65-9 definition of business. *Brady v. Getty Oil Co.*, 376 So. 2d 186 (Miss. 1979).

A foreign corporation that transported automobiles from a city within the state to various dealers, both in and out of state, was properly taxed on the income received for the deliveries that were made to in-state dealers where that income was readily separable from income received for out-of-state deliveries. *Complete Auto Transit, Inc. v. Brady*, 330 So. 2d 268 (Miss. 1976), *aff'd*, 430 U.S. 274, 97 S. Ct. 1076, 51 L. Ed. 2d 326 (1977), *reh'g denied*, 430 U.S. 976, 97 S. Ct. 1669, 52 L. Ed. 2d 371 (1977).

Telephone company held not liable for privilege tax measured by gross receipts from service charges, in respect of bills paid by governmental agencies to which tax was not added as a separate charge, where treated for rate-making purposes as an operating expense. *Monaghan v. Southern Bell Tel. & Tel. Co.*, 242 Miss. 611, 136 So. 2d 198 (1962).

The gross income of the business or the gross proceeds of the sales upon which to compute the privilege tax upon a manufacturer, such as a lumber company, remains the same whether computed from sales in interstate commerce, sales of products exempt from sales tax, popularly so-called, or sales to the United States government, even though the gross income derived from such sales may be exempt from a tax thereon as sales. *Stone v. Green Lumber Co.*, 191 Miss. 414, 1 So. 2d 764 (1941).

Course of conduct of ginner in giving receipt to farmer in the purchase of his cotton seed and in supplying him with cotton seed meal in return for such receipt, constituted a barter, taxable as a sale within the meaning of this section [Code 1942, § 10105], as against the contention that the ginner was the agent of

the farmer to get cotton seed meal in exchange for his cotton seed. *Stone v. Rogers*, 186 Miss. 53, 189 So. 810 (1939).

§ 27-65-17. Selling tangible personal property wholesale and retail.

1. Self-propelled, or
2. Mounted so that it is permanently attached to other equipment which is self-propelled or permanently attached to other equipment drawn by a vehicle which is self-propelled.

In order to be eligible for the rate of tax provided for in this subparagraph (ii), such sales must be made to a professional logger. For the purposes of this subparagraph (ii), a "professional logger" is a person, corporation, limited liability company or other entity, or an agent thereof, who possesses a professional logger's permit issued by the Mississippi State Tax Commission and who presents the permit to the seller at the time of purchase. The commission shall establish an application process for a professional logger's permit to be issued, which shall include a requirement that the applicant submit a copy of documentation verifying that the applicant is certified according to Sustainable Forestry Initiative guidelines. Upon a determination that an applicant is a professional logger, the commission shall issue the applicant a numbered professional logger's permit.

(d) Except as otherwise provided in subsection (3) of this section, retail sales of aircraft, automobiles, trucks, truck-tractors, semitrailers and manufactured or mobile homes shall be taxed at the rate of three percent (3%).

(e) Sales of manufacturing machinery or manufacturing machine parts when made to a manufacturer or custom processor for plant use only when the machinery and machine parts will be used exclusively and directly within this state in manufacturing a commodity for sale, rental or in processing for a fee shall be taxed at the rate of one and one-half percent (1-½%).

(f) Sales of machinery and machine parts when made to a technology intensive enterprise for plant use only when the machinery and machine parts will be used exclusively and directly within this state for industrial purposes, including, but not limited to, manufacturing or research and development activities, shall be taxed at the rate of one and one-half percent (1-½%). (iii) At least ten percent (10%) of the workforce in the facility operated by the enterprise shall be scientists, engineers or computer specialists;

(vi) The enterprise must provide a basic health care plan to all employees at the facility.

“SECTION 3. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the sales tax laws before the date on which this act becomes effective, whether such claims, assessments, appeals, suits, or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of the sales tax laws are expressly continued

in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.

JUDICIAL DECISIONS

1. Validity.
2. Construction and application, generally.
3. Particular applications.

1. Validity.

The tax imposed by this section [Code 1942, § 10108] is not a property tax, does not constitute double taxation, and does not violate the equal and uniform clauses of the state and federal constitutions.

Harry D. Kantor & Son v. Stone, 203 Miss. 260, 34 So. 2d 492 (1948).

Statute imposing tax on sales of retail merchants and requiring them to collect tax from customers does not violate due process. State ex rel. Rice v. Allen, 180 Miss. 659, 177 So. 763 (1938).

Statute imposing tax on sales of retail merchants held within authority of legislature to levy as not being a tax on prop-

erty. *Notgrass Drug Co. v. State ex rel. Rice*, 175 Miss. 358, 165 So. 884 (1936).

2. Construction and application, generally.

For purposes of this section, providing for a sales tax on all personal property sold in Mississippi, including trucks, a "truck" is a self-propelled motor vehicle built for the transportation of freight or cargo on its own chassis. *Lambert v. Ogden*, 423 So. 2d 1319 (Miss. 1982).

This statute must be liberally construed in favor of person sought to be charged with such taxes, and strictly construed as against claim of state for such taxes, and before one is held liable for taxes he must come within its express provisions. *Stone v. M.L. Virden Lumber Co.*, 205 Miss. 841, 39 So. 2d 498 (1949).

The tax imposed by this section [Code 1942, § 10108] is not upon casual or isolated property but is upon one engaged in the business of selling such property, the word "business" implying an employment or occupation that is continuing. *Harry D. Kantor & Son v. Stone*, 203 Miss. 260, 34 So. 2d 492 (1948).

This section [Code 1942, § 10108] is neither ambiguous nor uncertain, delegates administrative and not judicial duties to the state tax commissioner, and that it may not have been heretofore enforced does not relieve any taxpayer of the tax imposed by it. *Harry D. Kantor & Son v. Stone*, 203 Miss. 260, 34 So. 2d 492 (1948).

The mere fact that one business is an incident of another does not relieve it from taxation under this statute [Code 1942, § 10108] if it is of a continuing nature. *Harry D. Kantor & Son v. Stone*, 203 Miss. 260, 34 So. 2d 492 (1948).

3. Particular applications.

The term "mobile home" in this section which provides that a 3 percent sales tax shall be charged on the sale of "mobile homes" and 6 percent on other sales, pertains to the construction of the mobile unit rather than its end use; thus, a 3 percent sales tax applied to mobile units that were constructed in the same manner as other mobile homes but were to be used for commercial use as offices or businesses.

Marx v. R & W Custom Bldrs., Inc., 624 So. 2d 102 (Miss. 1993).

The portion of a "workover rig" which was used to haul specialized equipment mounted thereon was a "truck" within the meaning of this section and was therefore taxable at three percent; the mounted specialized equipment however was tangible personal property and was taxable at five percent. *Lambert v. Ogden*, 423 So. 2d 1319 (Miss. 1982).

The denial of the deduction of state and federal gasoline excise taxes in computing the gross proceeds of retail sales of gasoline for purposes of the state sales tax is not unconstitutional. *Gurley v. Rhoden*, 421 U.S. 200, 95 S. Ct. 1605, 44 L. Ed. 2d 110 (1975).

Seismographic exploratory vessels specially constructed for the sole purpose of doing geophysical work, which could be used for no other purpose without extensive overhauling, were not engaged in the interstate transportation business within the exemption under the statute imposing a sales tax, and the sales of petroleum products to such vessels were subject to sales tax. *Fuel Servs., Inc. v. Rhoden*, 245 So. 2d 600 (Miss. 1971).

A retailer engaged in the sale of tile in an installed condition is a retailer of tangible personal property subject to the tax under Code 1942, § 10108, and the fact that he was paid by the job, charging only one price for both tile and installation, was immaterial. *Mississippi State Tax Comm'n v. Hinton*, 218 So. 2d 740 (Miss. 1969).

The use of strong methods by collector to collect from delinquent taxpayers penalties on sale of intoxicating liquor was not discrimination against such delinquents where such force was not necessary and not used to secure payment by others. *Bishop v. Bailey*, 209 Miss. 892, 48 So. 2d 588 (1950).

Declaration stating that three sales of real estate upon which sales tax was levied under this section [Code 1942, § 10108] were merely casual sales and only incidental to plaintiff's main business of wholesale and retail dealer in lumber and building supplies states good case for recovery of taxes paid for which judgment is correctly awarded on stipula-

tion between parties that pleadings be taken and considered as stipulation of fact. *Stone v. M.L. Virden Lumber Co.*, 205 Miss. 841, 39 So. 2d 498 (1949).

In determining whether lumber company dealing in building supplies, materials and equipment at wholesale and retail is also engaged in business of selling real estate and liable for sales tax on real estate sales under this section [Code 1942, § 10108], the question is not how many sales of real estate are made in given period of time, but whether these sales are mere incident to company's major business, and whether company is in fact engaged in real estate business. *Stone v. M.L. Virden Lumber Co.*, 205 Miss. 841, 39 So. 2d 498 (1949).

General building contractors, forced as a business expediency in order to continue their construction business, to buy real property for the construction thereon of houses for sale to veterans, were subject to tax on sales of realty as engaged in business under this section [Code 1942,

A general real estate and insurance firm ordinarily doing business on a commission basis was not exempt from paying tax on the sale of real estate owned by it which had been purchased for resale purposes, on the ground that the realty had been purchased and sold by it as an advertising scheme merely incidental to its regular business on a commission basis. *Holcomb & Longino, Inc. v. Stone*, 34 So. 2d 491 (Miss. 1948), error overruled, 35 So. 2d 82 (Miss. 1948).

A firm whose main business is that of a dealer in lumber, building materials and supplies cannot be required to pay a sales tax on the sale of three lots which was merely incidental to its business. *M.L. Virden Lumber Co. v. Stone*, 203 Miss. 251, 33 So. 2d 841 (1948).

ATTORNEY GENERAL OPINIONS

A motor home, which is self-propelled, is a motor vehicle as defined by Section 27-19-3(3) and it is also considered a private carrier of passengers as defined in Section 27-19-3(22). Thus, motor homes

would be subject to the additional two percent (2%) tax imposed by subsection (2) of this section. *Pace*, June 15, 1995, A.G. Op. #95-0222.

§ 27-65-18. Selling tangible personal property or performing construction upon certain floating structures and cruise vessels.

(1) There is levied, assessed and shall be collected a tax of three and one-half percent (3-½%) upon the gross proceeds of sales or gross receipts of sales of every person engaging or continuing within this state in the business of selling any tangible personal property or performing any construction activity upon (a) any floating structure that is normally moored and not normally engaged in the business of transporting people or property, and that is located in the waters within the State of Mississippi, and (b) any cruise vessel. (2) If the owner of a structure described in subsection (1) of this section holds a direct pay permit issued by the State Tax Commission under Section 27-65-93, the owner shall furnish the permit to the seller or person performing the construction activity unless the holder of the direct pay permit is given written instructions or written authority to do otherwise by the commissioner. After being furnished the direct pay permit, the seller or person performing the construction activity shall be relieved of the duty to collect the tax imposed under subsection (1) of this section. The commissioner may assign a distinctive number to a structure and issue the distinctive number to the owner. a. Each level of taxing jurisdiction where the call originates and terminates in that jurisdiction, or

b. Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

2. Except for the defined telecommunications services in item 3 of this subparagraph, a sale of telecommunications services sold on a basis other than a call-by-call basis, is sourced to the customer's place of primary use.

3. The sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

a. A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service is sourced to the customer's place of primary use as required by the Mobile Telecommunication Sourcing Act.

A. A home service provider shall be responsible for obtaining and maintaining the customer's place of primary use. The home service provider shall be entitled to rely on the applicable residential or business street address supplied by such customer, if the home service provider's reliance is in good faith; and the home service provider shall be held harmless from liability for any additional taxes based on a different determination of the place of primary use for taxes that are customarily passed on to the customer as a separate itemized charge. A home service provider shall be allowed to treat the address used for purposes of the tax levied by this chapter for any customer under a service contract in effect on August 1, 2002, as that customer's place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement. Month-to-month services provided after the expiration of a contract shall be treated as an extension or renewal of such contract or agreement.

B. If the commissioner determines that the address used by a home service provider as a customer's place of primary use does not meet the definition of the term "place of primary use" as defined in subitem a.A of this item 3, the commissioner shall give binding notice to the home service provider to change the place of primary use on a prospective basis from the date of notice of determination; however, the customer shall have the opportunity, prior to such notice of determination, to demonstrate that such address satisfies the definition.

C. The commission has the right to collect any taxes due directly from the home service provider's customer that has failed to

provide an address that meets the definition of the term “place of primary use” which resulted in a failure of tax otherwise due being remitted.

b. A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

A. The seller’s telecommunications system; or

B. Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. A sale of a prepaid calling service or prepaid wireless calling service shall be subject to the tax imposed by this paragraph if the sale takes place in this state. If the customer physically purchases a prepaid calling service or prepaid wireless calling service at the vendor’s place of business, the sale is deemed to take place at the vendor’s place of business. If the customer does not physically purchase the service at the vendor’s place of business, the sale of a prepaid calling card or prepaid wireless calling card is deemed to take place at the first of the following locations that applies to the sale:

A. The customer’s shipping address, if the sale involves a shipment;

b. Service where all customer termination points are located entirely within one (1) jurisdiction or levels of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

c. Service for segments of a channel between two (2) customer channel termination points located in different jurisdictions and which segment of channel are separately charged is sourced fifty percent (50%) in each level of jurisdiction in which the customer channel termination points are located.

d. Service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

5. A sale of ancillary services is sourced to the customer’s place of primary use.

(vi) For purpose of subparagraph (v) of this paragraph (e):

1. "Air-to-ground radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

2. "Call-by-call basis" means any method of charging for telecommunications services where the price is measured by individual calls.

3. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

4. "Customer" means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service. Customer does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

5. "Customer channel termination point" means the location where the customer either inputs or receives the communications.

6. "End user" means the person who utilizes the telecommunications service. In the case of an entity, "end user" means the individual who utilizes the service on behalf of the entity.

7. "Home service provider" has the meaning ascribed to such term in Section 124(5) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

8. "Mobile telecommunications service" has the meaning ascribed to such term in Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

9. "Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, the place of primary use must be within the licensed service area of the home service provider.

10. "Post-paid calling service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes a telecommunications service, except a prepaid wireless calling service that would be a prepaid calling service except it is not exclusively a telecommunications service.

11. "Prepaid calling service" means the right to access exclusively telecommunication services, which must be paid for in advance and

which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

12. "Prepaid wireless calling service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary service, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

13. "Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations and any other associated services that are provided in connection with the use of such channel or channels.

14. "Service address" means:

a. The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

b. If the location in subitem a of this item 14 is not known, the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. If the location in subitems a and b of this item 14 are not known, the location of the customer's place of primary use.

(vii)1. For purposes of this subparagraph (vii), "bundled transaction" means a transaction that consists of distinct and identifiable properties or services which are sold for a single nonitemized price but which are treated differently for tax purposes.

2. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, or audio or video programming services taxed under this chapter in which the price of the bundled transaction is attributable to properties or services that are taxable and nontaxable, the portion of the price that is attributable to any nontaxable property or service shall be subject to the tax unless the provider can reasonably identify that portion from its books and records kept in the regular course of business.

3. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, audio or video programming services subject to tax under this chapter in which the price is attributable to properties or services that are subject to the tax but the tax revenue from the different properties or services are dedicated to different funds or purposes, the provider shall allocate the price among the properties or services:

a. By reasonably identifying the portion of the price attributable to each of the properties and services from its books and records kept in the regular course of business; or

b. Based on a reasonable allocation methodology approved by the commission.

4. This subparagraph (vii) shall not create a right of action for a customer to require that the provider or the commission, for purposes of determining the amount of tax applicable to a bundled transaction, allocate the price to the different portions of the transaction in order to minimize the amount of tax charged to the customer. A customer shall not be entitled to rely on the fact that a portion of the price is attributable to properties or services not subject to tax unless the provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of business that reasonably identifies the portion of the price attributable to the properties or services not subject to the tax.

(2) Persons making sales to consumers of electricity, current, power, natural gas, liquefied petroleum gas or other fuel for residential heating, lighting or other residential noncommercial or nonagricultural use or sales of potable water for residential, noncommercial or nonagricultural use shall indicate on each statement rendered to customers that such charges are exempt from sales taxes.

(3) There is hereby levied, assessed and shall be paid on transportation charges on shipments moving between points within this state when paid directly by the consumer, a tax equal to the rate applicable to the sale of the property being transported. Such tax shall be reported and paid directly to the State Tax Commission by the consumer.

Editor's Note — Laws of 1992, ch. 419, was vetoed by the Governor on May 3, 1992. The veto was overridden by the State Senate and House of Representatives on May 4, 1992.

Laws of 1992, ch. 419, § 34, effective from and after July 1, 1992, provides as follows:

JUDICIAL DECISIONS

1. Validity.
2. Construction and application.

1. Validity.

The tax imposed by this section upon the privilege of doing business in state when applied to interstate activity (transportation by a motor carrier in Mississippi to Mississippi dealers of automobiles manufactured outside Mississippi) did not violate the Commerce Clause where there was a substantial nexus with the taxing state, and where the tax was fairly apportioned, did not discriminate against interstate commerce, and was fairly related to services provided by the state. *Complete Auto Transit, Inc. v. Brady*, 430 U.S. 274, 97 S. Ct. 1076, 51 L. Ed. 2d 326 (1977), reh'g denied, 430 U.S. 976, 97 S. Ct. 1669, 52 L. Ed. 2d 371 (1977).

State taxes may be validly levied on corporations which carry on local activities sufficiently separate from interstate commerce, even though such taxes amount to the same as if levied on the interstate business itself. *Stone v. Dunn Bros.*, 224 Miss. 762, 80 So. 2d 802 (1955), error overruled, 224 Miss. 777, 81 So. 2d 712 (1955), appeal dismissed, 350 U.S. 878, 76 S. Ct. 139, 100 L. Ed. 775 (1955), reh'g denied, 350 U.S. 943, 76 S. Ct. 299, 100 L. Ed. 822 (1956).

Even though the business of operating an intrastate pipeline is interstate commerce, state statute (Mississippi Code 1942, §§ 10105, 10109) imposing a tax measured by gross receipts from the operation of such a pipeline which is wholly within the state is not invalidated by the commerce clause of the federal constitution, where the tax does not discriminate against interstate commerce in favor of competing intrastate commerce of like

character, the nature of the subject of taxation makes apportionment unnecessary, there is no attempt to tax interstate activities carried on outside the state's borders, and no other state can repeat the tax. *Interstate Oil Pipe Line Co. v. Stone*, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

A state statute is not invalidated by the commerce clause of the federal constitution merely because it imposes a direct tax on the privilege of engaging in interstate commerce. *Interstate Oil Pipe Line Co. v. Stone*, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

A state franchise, privilege or excise tax on intrastate business does not offend the commerce clause of the federal constitution, even though the taxpayer conducts interstate as well as intrastate business and the tax is measured by property or receipts which are used in or attributable to interstate business. *Interstate Oil Pipe Line Co. v. Stone*, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

2. Construction and application.

Telephone company held not liable for privilege tax measured by gross receipts from service charges, in respect of bills paid by governmental agencies to which tax was not added as a separate charge, where treated for rate-making purposes as an operating expense. *Monaghan v. Southern Bell Tel. & Tel. Co.*, 242 Miss. 611, 136 So. 2d 198 (1962).

As distinguished from the paragraph imposing a tax "upon every person engaging or continuing within this state in the

business of operating an express business, transporting freight or passengers from one point to another in this state," the subsequent paragraph levying a tax "upon every person engaging or continuing within this state in the business of operating motor vehicles on the public highways of this state for the transportation of persons or property for compensation or hire," applies to the operation of motor vehicles for the transportation of persons or property for compensation or hire on the public highways of the state, and is not limited merely by such transportation from one point in the state to another. *Stone v. Dunn Bros.*, 224 Miss. 762, 80 So. 2d 802 (1955), error overruled, 224 Miss. 777, 81 So. 2d 712 (1955), appeal dismissed, 350 U.S. 878, 76 S. Ct. 139, 100 L. Ed. 775 (1955), reh'g denied, 350 U.S. 943, 76 S. Ct. 299, 100 L. Ed. 822 (1956).

In an action by motor carrier to recover amount of sales tax paid on gross income from operation within the state where the parties confined their argument to one paragraph of this section [Code 1942, § 10109], this did not preclude the supreme court from considering the entire section. *Stone v. Dunn Bros.*, 224 Miss. 762, 80 So. 2d 802 (1955), error overruled, 224 Miss. 777, 81 So. 2d 712 (1955), appeal dismissed, 350 U.S. 878, 76 S. Ct. 139, 100 L. Ed. 775 (1955), reh'g denied, 350 U.S. 943, 76 S. Ct. 299, 100 L. Ed. 822 (1956).

Where a motor carrier carried pipe from railroad head to the buyer's pipeline right of way, this was an activity wholly within the state and the gross income was subject to sales tax of 2 percent, notwithstanding the fact that the carrier had a certificate of public convenience and necessity for interstate and foreign commerce. *Stone v. Dunn Bros.*, 224 Miss. 762, 80 So. 2d 802 (1955), error overruled, 224 Miss. 777, 81 So. 2d 712 (1955), appeal dismissed, 350 U.S. 878, 76 S. Ct. 139, 100 L. Ed. 775 (1955), reh'g denied, 350 U.S. 943, 76 S. Ct. 299, 100 L. Ed. 822 (1956).

Any reasonable doubt as to whether the business done by the taxpayer can be detached in its main and essential feature as a local activity must be resolved in favor of taxpayer in connection with requirements that when the taxpayer is

relying upon an exemption the claim of non-liability is to be clearly sustained under the proven facts in the light of the burden of proof resting upon the taxpayer to establish that the case comes within such exemption. *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), aff'd, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

The tax imposed hereby is not a tax on a commodity in transit, nor is it a direct tax upon gross receipts; but it is a tax on a local business of operating a pipe line, measured by the percentage of gross receipts derived therefrom. *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), aff'd, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

Transportation of oil from places within the state to destinations outside the state, either by interstate trunk pipelines or railroads, on a continuous journey, constitutes that character of commerce "which the State of Mississippi is prohibited from taxing under the Constitution of the United States." *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), aff'd, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

This statute [Code 1942, § 10109] was designed only for the purpose of taxing the privilege of operating a pipeline for transporting oil from one point to another in the state, where it is then delivered to an interstate carrier prior to the beginning of its ultimate passage to a foreign state in interstate commerce. *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), aff'd, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), reh'g denied, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

Neither the form of contract, nor method of billing is controlling on the question of whether a pipeline company

was employed to do more than render a local service for the owner of oil by pumping the same out of its leased tanks into its pipeline from which it was later pumped and loaded by such company into railroad tank cars to be started on its ultimate interstate passage. *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), *aff'd*, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), *reh'g denied*, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

Gross income of business done in transporting oil from one point to another in the state through the local gathering systems of a pipeline company and in loading the oil into railroad tank cars for ship-

ment out of the state, was not derived from interstate commerce within the exemption of this section [Code 1942, § 10109], notwithstanding that the company received the oil under a tender of shipment showing the consignee and ultimate destination of the oil to be outside the state, and that company obtained from the railroad company for the owner a bill of lading at the time the oil was delivered to such railroad. *Interstate Oil Pipe Line Co. v. Stone*, 203 Miss. 715, 35 So. 2d 73 (1948), error overruled, 203 Miss. 739, 36 So. 2d 142 (1948), *aff'd*, 337 U.S. 662, 69 S. Ct. 1264, 93 L. Ed. 1613 (1949), *reh'g denied*, 338 U.S. 839, 70 S. Ct. 32, 94 L. Ed. 513 (1949).

Editor's Note — Laws of 1990, 1st Ex. Sess., ch. 71, § 21, contained identical language to this section and was codified as § 27-65-24. Because it was a duplication of this section, § 27-65-24 has been deleted from the Code at the direction of the Co-counsel of the Joint Legislative Committee on Compilation, Revision and Publication of Legislation.

Laws of 1990 1st Ex Sess, ch. 71, § 25, effective June 30, 1990, provides as follows:

“SECTION 25. Nothing in Sections 21 through 23 of this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the Mississippi Sales and Use Tax Laws prior to the effective date of this act, whether such assessments, appeals, suits, claims or actions shall have begun before such date or shall thereafter be begun; and the provisions of the aforesaid statutes and amendments thereto are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and executing of any warrant thereunder prior to the effective date of this act, or the filing of reports, and for the imposition of any penalties, forfeitures or claims for failure to comply therewith.”

§ 27-65-21. Contracting, etc.

[Through June 30, 2011, this section shall read as follows:]

(1)(a)(i) Upon every person engaging or continuing in this state in the business of contracting or performing a contract or engaging in any of the activities, or similar activities, listed below for a price, commission, fee or wage, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-½%) of the total contract price or compensation received, including all charges related to the contract such as finance charges and late charges, from constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, any other improvement or structure or any part thereof when the compensation received exceeds Ten Thousand Dollars (\$10,000.00). Such activities shall not include constructing, repairing or adding to property which retains its identity as personal property. The tax imposed in this section is levied upon the prime contractor and shall be paid by him.

(ii) Amounts included in the contract price or compensation received representing the sale of manufacturing or processing machinery for a manufacturer or custom processor shall be taxed at the rate of one and one-half percent (1-½%) in lieu of the three and one-half percent (3-½%).

(b) The following shall be excluded from the tax levied by this section:

(i) The contract price or compensation received for constructing, building, erecting, repairing or adding to any building, electrical system, air-conditioning system, heating system or any other improvement or structure which is used for or primarily in connection with a residence or dwelling place for human beings. Such residences shall include homes, mobile homes, summer cottages, fishing and hunting camp buildings and similar buildings, but shall not include apartment buildings, condominiums, hotels, motels, hospitals, nursing or retirement homes, tourist cottages or other commercial establishments.

(ii) The portion of the total contract price attributable to design or engineering services if the total contract price for the project exceeds the sum of One Hundred Million Dollars (\$100,000,000.00).

(iii) The contract price or compensation received to restore, repair or replace a utility distribution or transmission system that has been damaged due to ice storm, hurricane, flood, tornado, wind, earthquake or other natural disaster if such restoration, repair or replacement is performed by the entity providing the service at its cost.

(iv) The contract price or compensation received for constructing, building, erecting, repairing or adding to any building, facility or structure located at any refinery as defined in Section 27-65-24.

(c) Sales of materials and services for use in the activities hereby excluded from taxes imposed by this section, except services used in activities excluded pursuant to paragraph (b) (iii) of this subsection, shall be subject to taxes imposed by other sections in this chapter.

(2) Upon every person engaging or continuing in this state in the business of contracting or performing a contract of redrilling, or working over, or of drilling an oil well or a gas well, regardless of whether such well is productive or nonproductive, for any valuable consideration, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-½%) of the total contract price or compensation received when such compensation exceeds Ten Thousand Dollars (\$10,000.00).

The words, terms and phrases as used in this subsection shall have the meaning ascribed to them as follows:

“Operator” — One who holds all or a fraction of the working or operating rights in an oil or gas lease, and is obligated for the costs of production either as a fee owner or under a lease or any other form of contract creating working or operating rights.

“Bottom-hole contribution” — Money or property given to an operator for his use in the drilling of a well on property in which the payor has no interest. The contribution is payable whether the well is productive or nonproductive.

“Dry-hole contribution” — Money or property given to an operator for his use in the drilling of a well on property in which the payor has no interest. Such contribution is payable only in the event the well is found to be nonproductive.

“Turnkey drilling contract” — A contract for the drilling of a well which requires the driller to drill a well and, if commercial production is obtained, to equip the well to such stage that the lessee or operator may turn a valve and the oil will flow into a tank.

“Total contract price or compensation received” — As related to oil and gas well contractors, shall include amounts received as compensation for all costs of performing a turnkey drilling contract; amounts received or to be received under assignment as dry-hole money or bottom-hole money; and shall mean and include anything of value received by the contractor as remuneration for services taxable hereunder. When the kind and amount of compensation received by the contractor is contingent upon production, the taxable amount shall be the total compensation receivable in the event the well is a dry hole. The taxable amount in the event of production when the contractor receives a production interest of an undetermined value in lieu of a fixed compensation shall be an amount equal to the compensation to the contractor if the well had been a dry hole.

(3) When the work to be performed under any contract is sublet by the prime contractor to different persons, or in separate contracts to the same persons, each such subcontractor performing any part of said work shall be

liable for the amount of the tax which accrues on account of the work performed by such person when the tax heretofore imposed has not been paid upon the whole contract by the prime contractor.

When a person engaged in any business on which a tax is levied in Section 27-65-23, also qualifies as a contractor, and contracts with the owner of any project to perform any services in excess of Ten Thousand Dollars (\$10,000.00) herein taxed, such person shall pay the tax imposed by this section in lieu of the tax imposed by Section 27-65-23.

Any person entering into any contract over Seventy-five Thousand Dollars (\$75,000.00) as defined in this section shall, before beginning the performance of such contract or contracts, either pay the contractors' tax in advance, together with any use taxes due under Section 27-67-5, or execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner conditioned that all taxes which may accrue to the State of Mississippi under this chapter, or under Section 27-67-5 and Section 27-7-5, will be paid when due. Such bonds shall be either (a) "job bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of a specified job or activity regardless of date of completion; or (b) "blanket bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of all jobs or activities taxable under this section begun during the period specified therein, regardless of date of completion. The payments of the taxes due or the execution and filing of a surety bond shall be a condition precedent to the commencing work on any contract taxed hereunder. Provided, that when any bond is filed in lieu of the prepayment of the tax under this section, that the tax shall be payable monthly on the amount received during the previous month, and any use taxes due shall be payable on or before the twentieth day of the month following the month in which the property is brought into Mississippi.

Any person failing either to execute any bond herein provided, or to pay the taxes in advance, before beginning the performance of any contract shall be denied the right to perform such contract until he complies with such requirements, and the commissioner is hereby authorized to proceed either under Section 27-65-59, under Section 27-65-61 or by injunction to prevent any activity in the performance of such contract until either a satisfactory bond is executed and filed, or all taxes are paid in advance, and a temporary injunction enjoining the execution of such contract shall be granted without notice by any judge or chancellor now authorized by law to grant injunctions.

Any person liable for a tax under this section may apply for and obtain a material purchase certificate from the commissioner which may entitle the holder to purchase materials and services that are to become a component part of the structure to be erected or repaired with no tax due. Provided, that the contractor applying for the contractor's material purchase certificate shall furnish the Department of Revenue a list of all work sublet to others, indicating the amount of work to be performed, and the names and addresses of each subcontractor.

[From and after July 1, 2011, this section shall read as follows:]

(1)(a)(i) Upon every person engaging or continuing in this state in the business of contracting or performing a contract or engaging in any of the activities, or similar activities, listed below for a price, commission, fee or wage, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-½%) of the total contract price or compensation received, including all charges related to the contract such as finance charges and late charges, from constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, any other improvement or structure or any part thereof when the compensation received exceeds Ten Thousand Dollars (\$10,000.00). Such activities shall not include constructing, repairing or adding to property which retains its identity as personal property. The tax imposed in this section is levied upon the prime contractor and shall be paid by him.

(ii) Amounts included in the contract price or compensation received representing the sale of manufacturing or processing machinery for a manufacturer or custom processor shall be taxed at the rate of one and one-half percent (1-½%) in lieu of the three and one-half percent (3-½%).

(iii) The contract price or compensation received to restore, repair or replace a utility distribution or transmission system that has been damaged due to ice storm, hurricane, flood, tornado, wind, earthquake or other natural disaster if such restoration, repair or replacement is performed by the entity providing the service at its cost.

(c) Sales of materials and services for use in the activities hereby excluded from taxes imposed by this section, except services used in activities excluded pursuant to paragraph (b) (iii) of this subsection, shall be subject to taxes imposed by other sections in this chapter.

(2) Upon every person engaging or continuing in this state in the business of contracting or performing a contract of redrilling, or working over, or of

drilling an oil well or a gas well, regardless of whether such well is productive or nonproductive, for any valuable consideration, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-½%) of the total contract price or compensation received when such compensation exceeds Ten Thousand Dollars (\$10,000.00).

“Total contract price or compensation received” — As related to oil and gas well contractors, shall include amounts received as compensation for all costs of performing a turnkey drilling contract; amounts received or to be received under assignment as dry-hole money or bottom-hole money; and shall mean and include anything of value received by the contractor as remuneration for services taxable hereunder. When the kind and amount of compensation received by the contractor is contingent upon production, the taxable amount shall be the total compensation receivable in the event the well is a dry hole. The taxable amount in the event of production when the contractor receives a production interest of an undetermined value in lieu of a fixed compensation shall be an amount equal to the compensation to the contractor if the well had been a dry hole.

(3) When the work to be performed under any contract is sublet by the prime contractor to different persons, or in separate contracts to the same persons, each such subcontractor performing any part of said work shall be liable for the amount of the tax which accrues on account of the work performed by such person when the tax heretofore imposed has not been paid upon the whole contract by the prime contractor.

When a person engaged in any business on which a tax is levied in Section 27-65-23, also qualifies as a contractor, and contracts with the owner of any project to perform any services in excess of Ten Thousand Dollars (\$10,000.00) herein taxed, such person shall pay the tax imposed by this section in lieu of the tax imposed by Section 27-65-23.

Any person entering into any contract over Seventy-five Thousand Dollars (\$75,000.00) as defined in this section shall, before beginning the performance

of such contract or contracts, either pay the contractors' tax in advance, together with any use taxes due under Section 27-67-5, or execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner conditioned that all taxes which may accrue to the State of Mississippi under this chapter, or under Section 27-67-5 and Section 27-7-5, will be paid when due. Such bonds shall be either (a) "job bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of a specified job or activity regardless of date of completion; or (b) "blanket bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of all jobs or activities taxable under this section begun during the period specified therein, regardless of date of completion. The payments of the taxes due or the execution and filing of a surety bond shall be a condition precedent to the commencing work on any contract taxed hereunder. Provided, that when any bond is filed in lieu of the prepayment of the tax under this section, that the tax shall be payable monthly on the amount received during the previous month, and any use taxes due shall be payable on or before the twentieth day of the month following the month in which the property is brought into Mississippi.

Any person failing either to execute any bond herein provided, or to pay the taxes in advance, before beginning the performance of any contract shall be denied the right to perform such contract until he complies with such requirements, and the commissioner is hereby authorized to proceed either under Section 27-65-59, under Section 27-65-61 or by injunction to prevent any activity in the performance of such contract until either a satisfactory bond is executed and filed, or all taxes are paid in advance, and a temporary injunction enjoining the execution of such contract shall be granted without notice by any judge or chancellor now authorized by law to grant injunctions.

Any person liable for a tax under this section may apply for and obtain a material purchase certificate from the commissioner which may entitle the holder to purchase materials and services that are to become a component part of the structure to be erected or repaired with no tax due. Provided, that the contractor applying for the contractor's material purchase certificate shall furnish the Department of Revenue a list of all work sublet to others, indicating the amount of work to be performed, and the names and addresses of each subcontractor.

“SECTION 1. No municipal or county official shall issue a building permit to any person unless the person provides information satisfactory to the issuing official that the person complies with Section 27-65-21, Mississippi Code of 1972, or provides information satisfactory to the issuing official that the requirements of Section 27-65-21, Mississippi Code of 1972, do not apply to the person.”

Amendment Notes — The 2010 amendment provided for two versions of the section; in both versions, substituted “commissioner” for “Chairman of the State Tax Commission” in the third paragraph of (3), and “Department of Revenue” for “State Tax Commission” in the last paragraph; and in the version effective through June 30, 2011, added (1)(b)(iv)..

A tax based on the charge made without allocation, for services performed by a

corporation in gathering data in Mississippi and interpreting them at the home office in another state, does not unconstitutionally burden interstate commerce. *Monaghan v. Seismograph Serv. Corp.*, 236 Miss. 278, 108 So. 2d 721 (1959), appeal dismissed and cert. denied, 361 U.S. 35, 80 S. Ct. 137, 4 L. Ed. 2d 111 (1959).

Where a foreign corporation was engaged in constructing pipelines, which was new construction work, and pipeline companies, which furnished the right of way and pipe, had not become instrumentalities of interstate commerce, a sales tax imposed upon the foreign corporation was

not invalid as a direct burden on interstate commerce. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

The local activity of a foreign corporation, not qualified to do business in the state as such, performed in the installation, adjustment and testing of certain air conditioning systems in buildings located in the state and constituting a substantial part of the performance of the contract for the sale of the machinery and equipment which it manufactured outside the state and shipped into the state in interstate commerce for use in air conditioning such buildings, was subject to the act imposed by the state statute; and the imposition of such tax was not a violation of the interstate commerce clause of the United States Constitution. *Stone v. York Ice Mach. Corp.*, 193 Miss. 638, 10 So. 2d 380 (1942).

2. Construction and application, generally.

Although a surety asserted that the holder of a payment bond lacked standing to bring suit against its own surety under Miss. Code Ann. § 31-5-51(2), Miss. Code Ann. § 27-65-21, not § 31-5-51, was the statute applicable to the question of whether the surety was responsible for the payment of unpaid sales tax, and the court determined that the holder had standing to assert its claims. *Nash Plumbing, Inc. v. Ohio Cas. Ins. Co.*, — Bankr. —, 2008 Bankr. LEXIS 2008 (Bankr. N.D. Miss. June 11, 2008).

Corporation's contract fees for minor repairs performed on water and sewer systems were exempt from taxation because the systems were considered personal property. *Blount v. ECO Res., Inc.*, 986 So. 2d 1052 (Miss. Ct. App. 2008), writ of certiorari denied by 987 So. 2d 451, 2008 Miss. LEXIS 343 (Miss. 2008).

Personal property exemption in Miss. Code Ann. § 27-65-21(1)(a)(i) does apply to repairs of water and sewer systems. *Blount v. ECO Res., Inc.*, — So. 2d —, 2007 Miss. App. LEXIS 780 (Miss. Ct. App. Nov. 20, 2007), opinion withdrawn by, substituted opinion at 986 So. 2d 1052, 2008 Miss. App. LEXIS 276 (Miss. Ct. App. 2008).

A tax imposed by this section [Code 1942, § 10110] is imposed directly upon

the prime contractor, who is liable for the payment of the tax even though parts of the work may be performed by the subcontractors. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Doubts in tax statutes should be resolved in favor of the taxpayer. *Stone v. W.G. Nelson Exploration Co.*, 211 Miss. 199, 51 So. 2d 279 (1951).

It is the local activity in doing the work insofar as a contractor does it, and for the protection afforded by the state during the progress thereof, that the statutory remuneration is exacted of a contractor. *Cook v. Stone*, 192 Miss. 219, 5 So. 2d 223 (1941).

Where no one authorized to do so had invoked the action of the court on behalf of the state for the collection of excise taxes sought to be recovered in attachment proceedings, the court should not act sua sponte. *City of Natchez v. Craig*, 191 Miss. 567, 3 So. 2d 837 (1941).

Where attachment proceedings in chancery was commenced by the state tax collector on behalf of the state against nonresident construction companies, wherein it was sought to make a municipality garnishee, to collect excise taxes claimed to be due from the defendant, to which the municipality was alleged to be indebted, a motion by the municipality to dismiss the proceedings as to it should not have been overruled, since the state collector was without authority to bring proceedings on behalf of the state to collect the tax. *City of Natchez v. Craig*, 191 Miss. 567, 3 So. 2d 837 (1941).

Where the precise and only question presented for decision on appeal in a suit by the state tax collector, on behalf of the state to collect a gross income tax from a construction company, was whether a collector had any right or authority under the law to file or maintain the suit, or whether such right, so far as he was concerned, was vested exclusively in the chairman of the state tax commission, there was no occasion for decision as to whether the position of such chairman of the state tax commission, in refusing to give retroactive effect to new court decisions or to new opinions of the attorney general, any more than to new laws, was sound from a legal standpoint, or announced the correct policy that should

have been pursued under the circumstances. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

3. Particular applications.

When the issue was whether a surety was responsible for the payment of unpaid sales tax under a payment bond pursuant to Miss. Code Ann. § 27-65-21, the resolution involved contract construction. Because material factual issues remained that needed to be developed through the presentation of evidence, summary judgment was not appropriate. *Nash Plumbing, Inc. v. Ohio Cas. Ins. Co.*, — Bankr. —, 2008 Bankr. LEXIS 2008 (Bankr. N.D. Miss. June 11, 2008).

Refund of sales tax was partially ordered because the exemption under Miss. Code Ann. § 27-65-21(1)(a)(i) applied to the repairs of water and sewer systems; moreover, there was substantial evidence to support the finding that repairs to underground pipes were real property, while other repairs to movable items were to personal property. *Blount v. ECO Res., Inc.*, — So. 2d —, 2007 Miss. App. LEXIS 780 (Miss. Ct. App. Nov. 20, 2007), opinion withdrawn by, substituted opinion at 986 So. 2d 1052, 2008 Miss. App. LEXIS 276 (Miss. Ct. App. 2008).

The statute applied to a contract pursuant to which a bankruptcy debtor agreed to repair and convert a damaged tank barge into a replica of an 1860's side wheeler river boat to be utilized as a floating casino as the contract anticipated and included permanently mooring the vessel to the land where the ship was to remain indefinitely and, therefore, the barge lost its identity as personal property and became an extension of the land. *Mississippi State Tax Comm'n v. Superior Boat Works*, 246 B.R. 259 (N.D. Miss. 2000).

A levee constitutes an "improvement or structure" within the meaning of § 57 (subsections (a) and (b)), chapter 120, Laws, 1940 (former enactment of Code 1942, § 9584), and consequently a contractor, who contracted with the War Department of the federal government for the building of a levee along the Mississippi River, was subject to the sales tax imposed by former enactment of this sec-

tion [Code 1942, § 10110] (§ 2-e, chapter 119, Laws, 1934) on persons engaged "in the business of contracting, as defined in the privilege tax law of this state." *Stone v. Green*, 199 Miss. 6, 23 So. 2d 542 (1945).

Where a substantial portion of a contract for the sale, installation, adjustment and testing of machinery and equipment, manufactured by a foreign corporation outside the state and shipped into the state by interstate commerce, is performed in the state, as a condition precedent to its final acceptance by the purchaser, the contention of such corporation as to its non-liability for the taxes in question, if sustained, would work an unjust discrimination against those residing in the state who may undertake to manufacture and install machinery and equipment in connection with the project enumerated by the taxing statute and also where the materials for any of such projects are ordered and shipped in interstate commerce for manufacturers out of the state and assembled and installed by local residents who may be engaged in the business of contracting in the state and liable for the taxes in question. *Stone v. York Ice Mach. Corp.*, 193 Miss. 638, 10 So. 2d 380 (1942).

The construction of the grading, drainage structures and bridges on approximately eight miles of state highway, which was to be performed within two hundred and fifty days, did not constitute a "sale" to the state, and so exempt from privilege tax an ad interim payment, on the ground that final acceptance of the work and final payment therefor was not to be had until its completion. *Cook v. Stone*, 192 Miss. 219, 5 So. 2d 223 (1941).

4. —Oil and gas wells.

The ordinary meaning of the language in this section excludes contracts solely for pit pumping from the favorable treatment established in the statute; thus, a contract solely for pit pumping is taxable under the higher rate established in § 27-65-23 rather than the reduced rate provided for in this section. *Buelow v. Kemp Co.*, 641 So. 2d 1226 (Miss. 1994).

The "dry hole" payment to a driller who, if a producing well results, is to have an interest therein, is not taxable as compensation for drilling, being a mere indemnity

to cover part of his loss. *Pool v. Monaghan*, 242 Miss. 44, 133 So. 2d 519 (1961).

This section [Code 1942, § 10110] was never intended to apply to one who drills for oil on his own land on which he holds an oil lease, and the dry hole contributions are made to partially indemnify him against the enormous loss that he knows in advance that he will sustain in the event the drilling results in a dry hole, which is a condition precedent to any obligation on the part of the owners of the adjoining lands or leases to pay the promised contributions. *Stone v. W.G. Nelson Exploration Co.*, 211 Miss. 199, 51 So. 2d 279 (1951).

This section [Code 1942, § 10110] which provides for tax above a certain compensation should apply only to one engaged in the business of contracting to drill the well for another contracting party at a fixed price, commission, fee or wage without regard to whether or not the drilling should result in a producing well. *Stone v. W.G. Nelson Exploration Co.*, 211 Miss. 199, 51 So. 2d 279 (1951).

Proposed contributions, for drilling a well, where the driller held the oil and gas leases, which were not to be paid unless the operation should result in a dry hole, were in the nature of indemnity and not part of contract price for drilling and therefore not taxable under this section [Code 1942, § 10110]. *Stone v. W.G. Nelson Exploration Co.*, 211 Miss. 199, 51 So. 2d 279 (1951).

Where a driller in good faith acquires a lease as owner in whole or part and drills a test well for oil thereon and receives contributions for others in the area to indemnify him against loss, the driller is not liable for the tax on the contributions so received. *Stone v. W.G. Nelson Exploration Co.*, 211 Miss. 199, 51 So. 2d 279 (1951).

II. Under Former § 27-15-33.

1. Validity.

The local activity of a foreign corporation, not qualified to do business in the state, as such, performed in the installation, adjustment and testing of certain air conditioning systems in buildings located in the state and constituting a substantial part of the performance of the contract for

the sale of the machinery and equipment which it manufactured outside the state and shipped into the state in interstate commerce for use in air conditioning such buildings, was subject to the tax imposed by previous similar enactment of this section 9484, Code 1942 (Laws 1935, extraordinary sess., § 57, subsection a, chap. 20); and the imposition of such tax was not a violation of the interstate commerce clause of the United States Constitution. *Stone v. York Ice Mach. Corp.*, 193 Miss. 638, 10 So. 2d 380 (1942).

2. Construction and application.

Payment of the contractor's privilege tax by a foreign corporation did not relieve it of the requirement that it obtain a certificate of authority to do business from the secretary of state and, absent such certificate, the contractor was not entitled to sue in state court to enforce a construction lien. *Town & Country Plumbing Co. v. Delta Real Estate Dev., Inc.*, 357 So. 2d 126 (Miss. 1978).

A levee constitutes an "improvement or structure" within the meaning of former similar enactment hereof (Laws, 1940, ch. 120, § 57(a, b)), and consequently a contractor, who contracted with the War Department of the federal government for the building of a levee along the Mississippi river, was subject to the privilege tax imposed on persons engaged in the business of contracting, as defined in the privilege tax law. *Stone v. Green*, 199 Miss. 6, 23 So. 2d 542 (1945).

State tax collector, under statute giving him general authority to collect taxes (Code 1942, § 9174), had authority to maintain suit to collect contractor's license fee and privilege tax on contract by nonresident corporation to construct an army camp within the state, notwithstanding statute imposing the tax provides that application for license should be made to tax commissioner and delegates the duty to such commissioner to collect the tax. *Craig v. J.A. Jones Constr. Co.*, 195 Miss. 378, 15 So. 2d 45 (1943).

Neither subsection c or subsection f hereof, nor any other section of the privilege tax act designates the duty to collect the tax, or the right to enforce it by suit, as exclusive in the tax commissioner. *Craig v.*

J.A. Jones Constr. Co., 195 Miss. 378, 15 So. 2d 45 (1943).

Where a substantial portion of a contract for the sale, installation, adjustment and testing of machinery and equipment, manufactured by a foreign corporation outside the state and shipped into the state by interstate commerce, is performed in the state, as a condition precedent to its final acceptance by the purchaser, the contention of such corporation as to its nonliability for the taxes in question, if sustained, would work an unjust discrimination against those residing in

the state who may undertake to manufacture and install machinery and equipment in connection with the project enumerated by the taxing statute and also where the materials for any of such projects are ordered and shipped in interstate commerce for manufacturers out of the state and assembled and installed by local residents who may be engaged in the business of contracting in the state and liable for the taxes in question. *Stone v. York Ice Mach. Corp.*, 193 Miss. 638, 10 So. 2d 380 (1942).

ATTORNEY GENERAL OPINIONS

In accordance with Section 57-3-33, projects and property financed under the provisions of said chapter are exempt from all taxation except taxes levied pursuant to Section 27-65-21, Sections 37-57-105 and 37-59-23, and taxes levied pursuant to Section 27-39-329 when said tax is levied expressly "for school district purposes"; a tax levied under Section 37-29-141 for the support of junior (community) college districts is not for "school district purposes." *Beech*, Mar. 17, 2006, A.G. Op. 06-0009.

Even though amounts representing the 3½ percent contractor's tax could have been included in a contractor's bid and in the original contract amounts, and paid by a city when the work was performed, the city is not authorized to pay additional sums to the contractor after the work has been performed and payment obligations under the contracts have been met or in instances in which the claims are barred by the applicable statute of limitations. *Odom*, Apr. 21, 2006, A.G. Op. 06-0128.

§ 27-65-22. Amusements.

(1) Upon every person engaging or continuing in any amusement business or activity, which shall include all manner and forms of entertainment and amusement, all forms of diversion, sport, recreation or pastime, shows, exhibitions, contests, displays, games or any other and all methods of obtaining admission charges, donations, contributions or monetary charges of any character, from the general public or a limited or selected number thereof, directly or indirectly in return for other than tangible property or specific personal or professional services, whether such amusement is held or conducted in a public or private building, hotel, tent, pavilion, lot or resort, enclosed or in the open, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross income received as admission, except as otherwise provided herein. In lieu of the rate set forth above, there is hereby imposed, levied and assessed, to be collected as hereinafter provided, a tax of three percent (3%) of gross revenue derived from sales of admission to

(a) publicly owned enclosed coliseums and auditoriums (except admissions to athletic contests between colleges and universities) or (b) livestock facilities, agriculture facilities or other facilities constructed, renovated or expanded with funds from the grant program authorized under Section 18 of Chapter 530, Laws of 1995. There is hereby imposed, levied and assessed a tax of seven percent (7%) of gross revenue derived from sales of admission to events conducted on property managed by the Mississippi Veterans Memorial Stadium, which tax shall be administered in the manner prescribed in this chapter, subject, however, to the provisions of Sections 55-23-3 through 55-23-11.

(2) The operator of any place of amusement in this state shall collect the tax imposed by this section, in addition to the price charged for admission to any place of amusement, and under all circumstances the person conducting the amusement shall be liable for, and pay the tax imposed based upon the actual charge for such admission. Where permits are obtained for conducting temporary amusements by persons who are not the owners, lessees or custodians of the buildings, lots or places where the amusements are to be conducted, or where such temporary amusement is permitted by the owner, lessee or custodian of any place to be conducted without the procurement of a permit as required by this chapter, the tax imposed by this chapter shall be paid by the owner, lessee or custodian of such place where such temporary amusement is held or conducted, unless paid by the person conducting the amusement, and the applicant for such temporary permit shall furnish with the application therefor, the name and address of the owner, lessee or custodian of the premises upon which such amusement is to be conducted, and such owner, lessee or custodian shall be notified by the commission of the issuance of such permit, and of the joint liability for such tax.

(3) The tax imposed by this section shall not be levied or collected upon:

(a) Any admissions charged at any place of amusement operated by a religious, charitable or educational organization, or by a nonprofit civic club or fraternal organization (i) when the net proceeds of such admissions do not inure to any one or more individuals within such organization and are to be used solely for religious, charitable, educational or civic purposes; or (ii) when the entire net proceeds are used to defray the normal operating expenses of such organization, such as loan payments, maintenance costs, repairs and other operating expenses;

(b) Any admissions charged to hear gospel singing when promoted by a duly constituted local, bona fide nonprofit charitable or religious organization, irrespective of the fact that the performers and promoters are paid out of the proceeds of admissions collected, provided the program is composed entirely of gospel singing and not generally mixed with hillbilly or popular singing;

(c) Any admissions charged at any athletic games or contests between high schools or between grammar schools;

(d) Any admissions or tickets to or for baseball games between teams operated under a professional league franchise;

(e) Any admissions to county, state or community fairs, or any admissions to entertainments presented in community homes or houses which are publicly owned and controlled, and the proceeds of which do not inure to any individual or individuals;

(f) Any admissions or tickets to organized garden pilgrimages and to antebellum and historic houses when sponsored by an organized civic or garden club;

(g) Any admissions to any golf tournament held under the auspices of the Professional Golf Association or United States Golf Association wherein touring professionals compete, if such tournament is sponsored by a non-profit association incorporated under the laws of the State of Mississippi where no dividends are declared and the proceeds do not inure to any individual or group;

(h) Any admissions to university or community college conference, state, regional or national playoffs or championships;

(i) Any admissions or fees charged by any county or municipally owned and operated swimming pools, golf courses and tennis courts other than sales or rental of tangible personal property;

(j) Any admissions charged for the performance of symphony orchestras, operas, vocal or instrumental artists in which professional or amateur performers are compensated out of the proceeds of such admissions, when sponsored by local music or charity associations, or amateur dramatic performances or professional dramatic productions when sponsored by a children's dramatic association, where no dividends are declared, profits received, nor any salary or compensation paid to any of the members of such associations, or to any person for procuring or producing such performance;

(k) Any admissions or tickets to or for hockey games between teams operated under a professional league franchise; and

(l) Any admissions or tickets to or for events sanctioned by the Mississippi Athletic Commission that are held within publicly owned enclosed coliseums and auditoriums.

UNDER FORMER § 27-11-5

1. In general.

A private country club operating a golf course and swimming pool for the exclu-

sive use of its members and their invited guests is not subject to the tax levied by this section [Code 1942, § 9057]. Back-

Acres Country Club, Inc. v. Mississippi State Tax Comm'n, 216 So. 2d 531 (Miss. 1968).

The provision of Laws 1952, chapter 418 (Code 1942, § 9057 Recomplied) imposing an additional three per cent on each dollar of gross revenue derived from the sale of admission to any moving picture show belonging to a chain or group of more than ten shows does not violate the equal protection clause of the Fourteenth Amendment to the federal Constitution.

State v. Paramount-Gulf Theatres, 226 Miss. 404, 84 So. 2d 403 (1956).

Where a theater operator collected a tax from purchasers of the picture show tickets and turned the money over to the state treasury, and where no record was kept of individual purchasers, who paid the tax, to allow the movie operator to recover the tax would violate the doctrine against unjust enrichment. State v. Paramount-Gulf Theatres, 226 Miss. 404, 84 So. 2d 403 (1956).

ATTORNEY GENERAL OPINIONS

Exceptions in this section are directed to places of amusement operated by listed organizations; exception is not applicable to events held by other entities at stadium. Orr, Apr. 21, 1993, A.G. Op. #93-0231.

1. In general.

A "public storage warehouse" is a place where (1) the public (2) keeps and stores tangible personal property (3) for a fee (4) in the custody of a person operating a commercial business (5) where the customer does not have control, by rental of real property, of the facilities or the property stored therein. *Mississippi State Tax Comm'n v. Vicksburg Term., Inc.*, 592 So. 2d 959 (Miss. 1991).

This section, which provides for a 6 percent tax on the gross income of a business which rents "transportation equipment with a situs within or without the State to common, contract or private commercial carriers," and is taxed on that part of the income derived from use within the State, violates the Due Process Clause of the Fourteenth Amendment and the Commerce Clause of the United States Constitution because the tax is imposed on an activity without a substantial nexus within Mississippi. *Marx v. Truck Renting & Leasing Ass'n*, 520 So. 2d 1333 (Miss. 1987).

A contract between a taxpayer and an auditor, employed by the state tax commission, under which the latter agreed to assist the taxpayer in recovering sales taxes illegally collected in consideration of receiving one-third of the amounts recovered, was against public policy and void. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

An auditor, employed by the state tax commission, could not recover on a contract with a taxpayer under which he agreed to assist the taxpayer to recover

sales taxes illegally collected in consideration of one-third of the amounts recovered, on the ground that the taxpayer's business was not taxable under the statute and therefore the state had wrongfully collected the tax and should have refunded it, since such question was not for the auditor's decision but depended upon the interpretation given this section [Code 1942, § 10111] by the officers charged with the collection of the tax, subject, when challenged, to the approval of the courts. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

2. Particular applications.

The ordinary meaning of the language in § 27-65-21 excludes contracts solely for pit pumping from the favorable treatment established in the statute; thus, a contract solely for pit pumping is taxable under the higher rate established in this section rather than the reduced rate provided for in § 27-65-21. *Buelow v. Kemp Co.*, 641 So. 2d 1226 (Miss. 1994).

A commercial business known in the trade as a "terminal company," which contracted with its customers to "receive," "store," "reship," and "handle" liquid petroleum products and which was "open to all" in that any customer that met its prices could contract for services, was a "public storage warehouse" within the meaning of this section. *Mississippi State Tax Comm'n v. Vicksburg Term., Inc.*, 592 So. 2d 959 (Miss. 1991).

State did not violate First Amendment by extending generally applicable sales tax to cable television services while exempting print media from such tax. *Leathers v. Medlock*, 499 U.S. 439, 111 S. Ct. 1438, 113 L. Ed. 2d 494 (1991), on remand, 305 Ark. 610, 808 S.W.2d 785 (1991), on remand, 311 Ark. 175, 842 S.W.2d 428 (1992).

A business was a "public storage warehouse," even though it had a "primary service" contract with a customer since

the contract was not "exclusive" and the business could still provide its services to whomever wanted to pay the contract price. *Mississippi State Tax Comm'n v. Vicksburg Term., Inc.*, 592 So. 2d 959 (Miss. 1991).

Taxpayers in the business of providing oil field services are required to include in gross income or total receipts the recovery of the costs of personal property used and consumed in providing the taxable service. *McGowan v. Marx*, 537 So. 2d 426 (Miss. 1988), mandate amended, 546 So. 2d 699 (Miss. 1988).

A five percent sales tax on the gross receipts of a launderette or coin operated laundry is collectible under this section and may continue to be so collected. *Lambert v. Schilling*, 451 So. 2d 773 (Miss. 1984).

A company which had built a storage facility for the primary purpose of entering into an exclusive storage contract with another company for five years with an option to renew was not operating a "public" warehouse within the meaning of the statute and was not therefore subject to tax; such contract was a non-taxable lease as defined in Rule 67 of the State of Mississippi 1980 Sales and Use Tax Laws. *Lambert v. Mississippi Limestone Corp.*, 405 So. 2d 131 (Miss. 1981).

An assessment for sales taxes was properly imposed on the gross proceeds received by an oil company from oil field services rendered by it as co-owner/operator for other co-owners of various oil and gas properties in the state, which proceeds represented charges to the other co-owners for their proportionate share of the cost incurred in providing the oil field services, including a reasonable fee for supervision, even though the oil company contended that its main business was discovering, producing and marketing oil, gas and minerals, that its services as an operator in conjunction with co-owners was incidental to its main business, and that it was not permitted to make a profit on its oil field services, where the company received a benefit in its operation as co-owner/operator in that it was able to develop, produce and market oil, gas and minerals in an efficient operation, which involved less expense and waste to it; such

benefit and advantage comes within the § 27-65-9 definition of business. *Brady v. Getty Oil Co.*, 376 So. 2d 186 (Miss. 1979).

The assessment of a sales tax against the operator of a cable television system did not impose an unconstitutional burden on interstate commerce where all of the income upon which the tax could be imposed was derived within the state and the character of the operator's business was such that it was not subject to the danger of burdensome cumulative taxation by other states. *Rhoden v. Goodling Enters., Inc.*, 295 So. 2d 433 (Miss. 1974).

A retailer engaged in the sale of tile in an installed condition is a retailer of tangible personal property subject to the tax under Code 1942, § 10108, and the fact that he was paid by the job, charging only one price for both tile and installation, was immaterial. *Mississippi State Tax Comm'n v. Hinton*, 218 So. 2d 740 (Miss. 1969).

Where a lease of patented box making machine provided that lessees operating that machine should pay lessor four per cent of gross sales of patented box made and two per cent of gross sales of all other boxes made, the difference between four per cent of gross sales of patented boxes and two per cent of gross sales of unpatented boxes constituted royalty and therefore was not subject to the state sales tax. *Stone v. Stapling Mach. Co.*, 220 Miss. 470, 71 So. 2d 205 (1954), appeal dismissed, 348 U.S. 802, 75 S. Ct. 31, 99 L. Ed. 633 (1954), reh'g denied, 348 U.S. 884, 75 S. Ct. 123, 99 L. Ed. 695 (1954).

When patented box making machines, leased by foreign corporation for operation in the state, came to rest in the state for the purpose of manufacturing patented and unpatented boxes, the use or rent thereof became localized and they left the stream of interstate commerce. *Stone v. Stapling Mach. Co.*, 220 Miss. 470, 71 So. 2d 205 (1954), appeal dismissed, 348 U.S. 802, 75 S. Ct. 31, 99 L. Ed. 633 (1954), reh'g denied, 348 U.S. 884, 75 S. Ct. 123, 99 L. Ed. 695 (1954).

A hotel operator, who contracted with the United States government to supply lodging to army and air force recruits and agreed that the government would not be expected to pay the sales tax of such

lodgings, was himself liable for the sales tax upon the lodgings so furnished. *Edwards House Co. v. Stone*, 216 Miss. 96, 61 So. 2d 663 (1952).

Under statute levying a tax on the gross income from business of operating a hotel and also statute exempting from the general sales tax so much of the gross income as it derived from sales of tangible property to the United States government and so much thereof as it derived from charges for labor to the United States government, the furnishing of lodging in a hotel to the United States government is neither sale of tangible property nor a charge for labor. *Edwards House Co. v. Stone*, 216 Miss. 96, 61 So. 2d 663 (1952).

A company engaged in the business of renting and leasing towels, linen and similar articles, never selling any tangible property, and which paid all privilege taxes as a linen service company, was not liable for the sales tax. *Independent Linen Serv. Co. v. Stone*, 192 Miss. 832, 6 So. 2d 110 (1942).

A linen service company, which had collected a sales tax from its customers, although it was not within the purview of the statute and so was not liable itself for the taxes and was under no duty to collect them from the customers, could recover money thus collected, which it had paid over to the state tax commission under the sales tax law. *Independent Linen Serv. Co. v. Stone*, 192 Miss. 832, 6 So. 2d 110 (1942).

3.-5. [Reserved for future use.]

6. In general.

Machine called "Logger's Dream" used in essential process of gathering and load-

ing logs for transport to sawmill is within that provision of this section [Code 1942, § 10111] as it stood in 1942 which prescribes a sales tax wholesale rate for "machinery, and machine parts . . . which are exclusive necessities to processing." *Stone v. Taylor Mach. Works*, 204 Miss. 790, 36 So. 2d 137 (1948), suggestion of error sustained, 204 Miss. 790, 37 So. 2d 779 (1948).

Under this section [Code 1942, § 10111] as it stood in 1942 Code, in order for a business to be subject to the tax under subsection 2 thereof, it must be subject to a privilege tax, and the business done must involve a sale of tangible property. *Singing River Tire Shop v. Stone*, 21 So. 2d 580 (Miss. 1945).

Prior to 1944 amendment of this section [Code 1942, § 10111], "recapping" of automobile tires did not constitute "vulcanizing" within the meaning of subsection 2 thereof with respect to imposition of sales tax. *Singing River Tire Shop v. Stone*, 21 So. 2d 580 (Miss. 1945).

Under an earlier statute, corporations engaged in "ginning" cotton were held taxable on two per cent of their income from tolls charged as "persons engaged in business subject to privilege tax," rather than on one-fourth of one per cent of gross proceeds of sale of cotton as "manufacturers" engaged in selling cotton. *Frazier v. Stone*, 171 Miss. 56, 156 So. 596 (1934).

ATTORNEY GENERAL OPINIONS

Statute probably gives State Tax Commission sufficiently broad authority to impose sales tax on activity of drilling for

and testing of soil and water samples to assess environmental contamination. Hall, March 23, 1994, A.G. Op. #94-0168.

§ 27-65-23.1. Definition of hotel or motel for purposes of certain taxes levied under authority of local and private laws.

(1) Subject to the provisions of this section, for any tax levied and collected under the authority of a local and private law of the State of Mississippi ("local and private law"), that is levied or imposed on the gross proceeds or gross income from room rentals of hotels or motels and is collected and paid to the State Tax Commission in the same or similar manner that state sales taxes are collected and paid, the term "hotel" or "motel" also shall include (regardless of how such term is defined in the local and private law) any entity or individual engaged in the business of furnishing or providing one or more rooms intended or designed for dwelling, lodging or sleeping purposes that at any one time will accommodate transient guests and that are known to the trade as such and includes every building or other structure kept, used, maintained or advertised as, or held out to the public to be, a place where sleeping accommodations are supplied for pay or other consideration to transient guests regardless of the number of rooms, units, suites or cabins available, excluding nursing homes or institutions for the aged or infirm as defined in Section 43-11-1 and personal care homes.

(2) If the definition of hotel or motel provided in the local and private law authorizing the tax does not include the entities described in subsection (1) of this section, then the provisions of subsection (1) of this section shall not apply unless the county board of supervisors or municipal governing authorities, as appropriate, authorized to levy the tax under the local and private law, adopts a resolution declaring their intention to include such entities for the purposes of the tax. If the county board of supervisors or municipal governing authorities, as appropriate, adopts such a resolution, then at least thirty (30) days before the effective date of the levy of the tax upon the entities described in subsection (1) of this section, the county board of supervisors or municipal governing authorities, as appropriate, shall furnish to the State Tax Commission a certified copy of such resolution.

§ 27-65-24. Sales of manufacturing or processing machinery to be installed and/or used at refinery; performance of construction activities at or in regard to refinery [Repealed effective July 1, 2011].

(1) There is levied, assessed and shall be collected a tax on the sale of manufacturing or processing machinery to be installed and/or used at a refinery in this state and on the performance of construction activities at or in regard to a refinery in this state. The tax is in the amount of:

(a) One and one-half percent (1-½%) on the gross proceeds of sales for manufacturing or processing machinery without any regard as to whether or not the machinery retains its identity as tangible personal property after installation; and

(b) Three and one-half percent (3-½%) of one hundred three and one-half percent (103-½%) of the total contract price or compensation paid for the performance of a construction activity.

(2) If the owner of the refinery holds a direct pay permit issued by the Department of Revenue under Section 27-65-93, the owner shall furnish the permit to the seller or person performing the construction activity unless the holder of the direct pay permit is given written instructions or written authority to do otherwise by the commissioner. After being furnished the direct pay permit, the seller or person performing the construction activity shall be relieved of the duty to collect the tax imposed under subsection (1) of this section and the owner of the refinery shall pay the tax in the manner required by rule and regulation promulgated by the commissioner. The commissioner may assign a distinctive number to the refinery and issue the distinctive number to the owner. The owner of the refinery may furnish the distinctive number to persons performing construction activities in order to allow such persons to purchase component materials and parts for use in the construction activity without the requirement of paying sales tax on the purchases.

(3) Any owner of a refinery who makes application for a distinctive number as provided for in subsection (2), shall be required to execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner, conditioned that all taxes which may accrue to the State of Mississippi under this chapter will be paid when due.

(4) As used in this section:

(a) "Refinery" means any facility that manufactures finished petroleum products from crude oil, unfinished oils, natural gas liquids, other hydrocarbons, or alcohol. The term "refinery" does not include terminals, bulk plants or other locations where finished products are blended.

(b) "Construction activity" means the performance of any activity involving and/or incidental to constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof,

railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, and other improvement or structure or any part thereof.

(c) “Total contract price or compensation received” means all compensation received for the performance of construction activities, including monies received for all charges related to the contract or construction activities, including, but not limited to, finance charges and late charges; however, where the total contract price of a project exceeds the sum of One Hundred Million Dollars (\$100,000,000.00) that portion of the compensation received in regard to the project that is attributable to design or engineering shall not be considered part of the total contract price or compensation received for construction activities from the project.

(5) This section shall stand repealed from and after July 1, 2011.

SOURCES: Laws, 2010, ch. 449, § 2, eff from and after July 1, 2010.

Editor’s Note — Laws of 2010, ch. 449, § 1 provides:

“SECTION 1. The Legislature finds and declares that:

“(a) The current taxation for sales tax purposes of certain refineries is extremely complex due to the nature of the refining work performed, the types of structures needed to perform the refinery operations, the multiple tax rates involved and that the incidence of the tax may be on the owner and/or the contractor(s) performing the work.

“(b) Due to such complexities, it is in the best interest of the state to establish a tax structure for certain refineries that will reduce the administrative burden of the Department of Revenue related to the collection of the tax due from sales of property and the performance of construction activities at certain refineries, will not reduce or defer any tax currently received from such activities, and will remove the burden from determining the correct rate of tax from the seller or contractor and place such burden on the owner of the facility.”

§ 27-65-25. Sales of alcoholic beverages.

Upon every person engaging or continuing within this state in the business of selling alcoholic beverages, the sales of which are legal under the provisions of Chapter 1 of Title 67, Mississippi Code of 1972, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross proceeds of the retail sales of the business. All sales at wholesale to retailers shall be taxed at the same rate as provided in this section for retail sales. A retailer in computing the tax on sales may take credit for the amount of the tax paid to the wholesaler at the rates provided herein and remit the difference to the commissioner, provided adequate records and all invoices are maintained to substantiate the credit claimed.

I. Under Current Law.

1. In general.

In view of the provisions of this section [Code 1942, § 10112] as it formerly read, and its enactment subsequent to the enactment of Code 1942, § 2613, the state of Mississippi does not have any sharply defined public policy affecting or relating to the practice of businesses entertaining or ingratiating themselves with their customers by serving or donating to them intoxicating liquors on which the state and its subdivisions have collected full tribute, and the deduction of the cost of

such entertainment and donations as a business expense by a taxpayer on his federal income tax returns is allowed. *Stacy v. United States*, 231 F. Supp. 304 (S.D. Miss. 1963).

6. Under former § 27-67-305.

There is no repugnancy between statutes imposing a tax upon the illegal sale of intoxicating beverages and a statute prohibiting the possession thereof. *State v. Wood*, 187 So. 2d 820 (Miss. 1966).

The primary intent of the legislature in the enactment of statutes taxing the illegal sale of intoxicating liquor was to impose a penalty and a tax upon those persons deliberately violating the state's prohibition laws. *State v. Wood*, 187 So. 2d 820 (Miss. 1966).

§ 27-65-26. Selling, renting or leasing specified digital products.

(1) Upon every person engaging or continuing within this state in the business of selling, renting or leasing specified digital products, there shall be levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross income of the business. The sale of a digital code that allows the purchaser to obtain a specified digital product shall be taxed in the same manner as the sale of a specified digital product. The tax is imposed when:

- (a) The sale is to an end user;
 - (b) The seller grants the right of permanent or less than permanent use of the products transferred electronically; or
 - (c) The sale is conditioned or not conditioned upon continued payment.
- (2) Charges by one (1) specified digital products provider to another specified digital products provider holding a permit issued under Section 27-65-27 for services that are resold by such other specified digital products provider shall not be subject to the tax levied pursuant to this section.
- (3) For purposes of this section:
- (a) "Specified digital products" means electronically transferred digital audio-visual works, digital audio works and digital books.
 - (b) "Digital audio-visual works" means a series of related images which, when shown in succession, impart an impression of motion, together with accompanying sounds, if any.
 - (c) "Digital audio works" means works that result from the fixation of a series of musical, spoken or other sounds, including ringtones. "Ringtones" means digitized sound files that are downloaded onto a device and that may be used to alert the customer with respect to a communication.
 - (d) "Digital books" means works that are generally recognized in the ordinary and usual sense as "books."
 - (e) "Electronically transferred" means obtained by the purchaser by means other than tangible storage media.
 - (f) "End user" means any person other than a person who receives by contract a product transferred electronically for further commercial broadcast, rebroadcast, transmission, retransmission, licensing, relicensing, distribution, redistribution or exhibition of the product, in whole or in part, to another person or persons.
 - (g) "Permanent use" means for purposes of this section for perpetual or for an indefinite or unspecified length of time.
 - (h) "Digital code" means a code that permits a purchaser to obtain a specified digital product at a later date.

§ 27-65-27. Permit to engage in business.

(1) Any person who engages, or who intends to engage, in any business or activity which will subject such person to a privilege tax imposed by this chapter, shall apply to the commissioner for a permit to engage in and to conduct any business or activity upon the condition that he shall pay the tax accruing to the State of Mississippi under the provisions of this chapter, and shall keep adequate records of such business or activity as required by this chapter. By making an application for a permit issued pursuant to this section, a person agrees, regardless of his presence in this state, to:

- (a) Be subject to the jurisdiction of this state for purposes of taxation;
- (b) Collect and remit all taxes levied under this chapter on the type of business or activity to be conducted by the applicant;
- (c) Be subject to all the provisions of this chapter.

(2) Upon receipt of the permit, the applicant shall be duly licensed under this chapter to engage in and conduct the business or activity. The permit shall continue in force so long as the person to whom it is issued shall continue in the same business at the same location, unless revoked by the commissioner for cause.

(3) The commissioner shall require of every person desiring to engage in business within this state who maintains no permanent place of business within this state, of every person desiring to engage in the business of making sales of mobile homes, a cash bond or an approved surety bond in an amount sufficient to cover twice the estimated tax liability for a period of three (3) months. However, the bond shall in no case be less than One Hundred Dollars (\$100.00) and the tax may be prepaid in lieu of filing bond if the amount is approved by the commissioner. This bond shall be filed with the commissioner prior to the issuance of a permit to do business and before any such person may engage in business within this state. Failure to comply with the provision will subject such person to the penalties provided by this chapter.

(4) The commissioner is authorized to deny the application for a permit or revoke the permit of any person who has failed or is failing to comply with any of the provisions of this chapter. The commissioner may also deny the application for a permit or revoke the permit of any person who has failed to satisfy all of the finally determined tax liabilities owed by that person. As used in this subsection, "finally determined tax liabilities" means any state tax, fee, penalty and/or interest owed by a person to the Mississippi State Tax Commission where the assessment of the liability has been made against that person as provided by law and such assessment is not subject to any further timely filed administrative or judicial review. Revocation of such permit, or engaging or continuing in business after such permit is revoked or engaging in business without a permit, shall subject the person to all the penalties imposed by this chapter.

(5) Any person liable for the tax who fails to obtain a permit from the commissioner, or who continues in business after such permit has been revoked, or who fails to make his returns for taxation as provided, or who fails to keep adequate records and invoices provided by this chapter, or who fails or refuses to permit inspection of such records, or who fails to pay any taxes due hereunder, shall forfeit his rights to do business in this state until he complies with all the provisions of this chapter and until he enters into a bond, with sureties, to be approved by the commissioner, in an amount not to exceed twice the amount of all taxes estimated to become due under this chapter by the person for any period of three (3) months, conditioned to comply with the provisions of this chapter, and pay all taxes legally due by him.

(6) If any person is engaged in or continuing in this state in any business or activity without obtaining a permit, or after the permit has been revoked, or

without filing a required bond, or without keeping and allowing inspection of all records required by this chapter, or without making a return, or returns, and without paying all taxes due by him hereunder, it shall be the duty of the commissioner to proceed by injunction to prevent the continuance of the business. Any temporary injunction enjoining the continuance of the business shall be granted without notice by a judge or chancellor now authorized to grant injunctions.

§ 27-65-31. Seller to collect tax.

Any person liable for a privilege tax levied and assessed by this chapter except the taxes levied by Sections 27-65-15, 27-65-17(3) and 27-65-21, Mississippi Code of 1972, shall add the amount of such tax due by him to the

sales price or gross income and, in addition thereto, shall collect, insofar as practicable, the amount of the tax due by him from the purchaser at the time the sales price or gross income is collected.

The commissioner is authorized, in his discretion, to prescribe by rule or regulation, brackets or schedules by which the applicable tax shall be collected from the purchaser.

The commissioner shall have the authority to make changes as necessary by rule or regulation to implement an agreement for the collection of sales tax by direct marketers with limited contact in Mississippi if, in his discretion, it is beneficial to the state for him to do so.

It shall be unlawful for any person, who is liable for a privilege tax levied by this chapter except the taxes levied by Sections 27-65-15, 27-65-17(3) and 27-65-21, Mississippi Code of 1972, to fail or refuse to add to the sales price and collect, insofar as practicable, the amount of tax due by him on each sale, except where the tax was included in the cost of furnishing service when said cost was a factor in the fixing of rates and charges.

The tax due under the provisions of this chapter shall be computed and paid on gross income or gross proceeds of sales of the business, regardless of the fact that small unit sales may be within the bracket of one (1) of the schedules which does not provide for the collection of the tax from the customer.

Nothing in this section with reference to the collection of the tax from the customer shall be construed to impair, abridge, alter or affect the obligation of any contract in existence at the time it becomes effective.

When the tax collected for any filing period is in excess of the amount due, the total tax collected, including that in excess of the computed liability, shall be paid to the commissioner. This provision shall be construed with other provisions of the law and given effect so as to result in the payment to the commissioner of the total tax collected if in excess of the amount due when computed at the applicable rates.

The funds collected by the taxpayer (seller) from the purchaser pursuant to the provisions of this chapter shall be considered "trust fund monies" and the taxpayer shall hold these funds in trust for the State of Mississippi; said funds to be separately accounted for as provided by regulation of the commissioner. If the taxpayer fails to remit these trust fund monies as required by law, then the taxpayer may be assessed with a penalty in three (3) times the amount of taxes due. This penalty is to be assessed and collected in the same manner as taxes imposed by this chapter and shall be in addition to all other penalties and/or interest otherwise imposed. For purposes of this section there shall be a presumption that the taxpayer collected the tax from the customer or purchaser.

Any person violating the provisions of this section shall be guilty of a misdemeanor and, upon conviction, shall be fined in a sum not less than Fifty Dollars (\$50.00) nor more than One Hundred Dollars (\$100.00).

In an action by a vendor to recover sales tax from a purchaser, the burden of proving the defense that the vendor had agreed to assume the tax was on the purchaser. *Viking Supply Corp. v. Mantee Dev. Found., Inc.*, 218 So. 2d 887 (Miss. 1969).

Telephone company held not liable for privilege tax measured by gross receipts from service charges, in respect of bills paid by governmental agencies to which tax was not added as a separate charge, where treated for rate-making purposes as an operating expense. *Monaghan v. A contract between a taxpayer and an auditor, employed by the state tax com-

mission, under which the latter agreed to assist the taxpayer in recovering sales taxes illegally collected in consideration of receiving one third of the amounts recovered, was against public policy and void. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

An auditor, employed by the state tax commission, could not recover on a contract with a taxpayer, under which he agreed to assist the taxpayer in recovering sales taxes illegally paid in consideration of a percentage of the amounts recovered, on the ground that his employment by the state was to assist in the collection of taxes and not in the refunding of taxes wrongfully collected, since such auditor was required to perform such duties as might be required by the commissioner, among which was the duty to assist the commissioner in the auditing of claims for a refund of taxes paid, if the commissioner so required. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

Under this section [Code 1942, § 10141], it is mandatory that the seller collect the sales tax by adding to the sale price the 2 percent sales tax thereon in addition to the sale price. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

Whether through mistake or carelessness, or want of care or design, the seller did not collect the sales tax at the time provided by the statute, that tax became due and payable by the buyer to the seller, notwithstanding the seller may have committed a misdemeanor by violating this section [Code 1942, § 10141]. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

Sand and gravel sold under a written contract constitute tangible property and subject to a sales tax within the purview of this section. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

This statute [Code 1942, § 10141], when it became effective, created the relationship of debtor and creditor, and a contract for the sale of sand and gravel is deemed to have contemplated the addition of the sales tax to the contract sale price, since an inclusion of the tax in the original sale price would be a violation of the law. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

Where a written contract for a sale of land and gravel showed that the parties had agreed on a sale price and a sales tax was due under the controlling statute, it was not a violation of the parol evidence

rule to show what the real consideration was. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

A violation of this section [Code 1942, § 10143] by the seller by failure or refusal to add to the sale price and collect the amount due by him on account of a sales tax would not discharge or distinguish the debt which was superimposed on the contract by the statute. *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

This statute [Code 1942, § 10141] is not unconstitutional although it requires the seller to pass the tax on to the buyer and constitutes the seller a collector for the state. *State ex rel. Rice v. Allen*, 180 Miss. 659, 177 So. 763 (1938); *Woodrich v. St. Catherine Gravel Co.*, 188 Miss. 417, 195 So. 307, 127 A.L.R. 1179 (1940).

The state on the relation of the attorney general was entitled to mandatory injunction requiring retail merchants to obey statute imposing tax on their sales, notwithstanding violation of statute is a criminal offense, where failure to obey statute was impairing the efficiency of state tax collector in ascertaining and collecting tax, since state was without an adequate remedy at law. *State ex rel. Rice v. Allen*, 180 Miss. 659, 177 So. 763 (1938).

§ 27-65-33. Returns.

[Until July 1, 2012, this section shall read as follows:]

(1) Except as otherwise provided in this section, the taxes levied by this chapter shall be due and payable on or before the twentieth day of the month next succeeding the month in which the tax accrues, except as otherwise provided. Returns and payments placed in the mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. The taxpayer shall make a return showing the gross

proceeds of sales or the gross income of the business, and any and all allowable deductions, or exempt sales, and compute the tax due for the period covered.

As compensation for collecting sales and use taxes, complying fully with the applicable statutes, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(a) The compensation or discount shall not apply to taxes levied under the provisions of Sections 27-65-19 and 27-65-21, or on charges for ginning cotton under Section 27-65-23.

(b) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(c) The compensation or discount shall not exceed Fifty Dollars (\$50.00) per month, or Six Hundred Dollars (\$600.00) per calendar year, per business location on each state sales tax return, or on each use tax return.

(d) The compensation or discount shall not apply to any wholesale tax, the rate of which is equal to or greater than the tax rate applicable to retail sales of the same property or service. The retailer of such items shall be entitled to the compensation based on the tax computed on retail sales before application of the credit for any tax paid to the wholesaler, jobber, or other person.

(e) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(2) A taxpayer required to collect sales taxes under this chapter and having an average monthly sales tax liability of at least Twenty Thousand Dollars (\$20,000.00) for the preceding calendar year shall pay to the State Tax Commission on or before June 25, 2003, and on or before the twenty-fifth day of June of each succeeding year thereafter, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated sales tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's sales tax liability for the month of June of the preceding calendar year. Payments required to be made under this subsection must be received by the State Tax Commission no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual sales tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any sales tax diversions required by law until the taxpayer files a return for the actual sales taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political

subdivision of the State of Mississippi. Payments made pursuant to this subsection for the month of June 2003, shall be deposited by the State Tax Commission into the Budget Contingency Fund created under Section 27-103-301, and payments made pursuant to this subsection for the month of June of 2004, and each succeeding year thereafter, shall be deposited by the State Tax Commission into the State General Fund.

(3) All returns shall be sworn to by the taxpayer, if made by an individual, or by the president, vice president, secretary or treasurer of a corporation, or authorized agent, if made on behalf of a corporation. If made on behalf of a partnership, joint venture, association, trust, estate, or in any other group or combination acting as a unit, any individual delegated by such firm shall swear to the return on behalf of the taxpayer. The commissioner may prescribe methods by which the taxpayer may swear to his return.

(4) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly filing periods, for any taxpayer or group thereof.

(5) The commissioner may require the execution and filing by the taxpayer with the commissioner of a good and solvent bond with some surety company authorized to do business in Mississippi as surety thereon in an amount double the aggregate tax liability by such taxpayer for any previous three (3) months' period within the last calendar year or estimated three (3) months' tax liability. The bond is to be conditioned for the prompt payment of such taxes as may be due for each such return.

(6) The commissioner, for good cause, may grant such reasonable additional time within which to make any return required under the provisions of this chapter as he may deem proper, but the time for filing any return shall not be extended beyond the twentieth of the month next succeeding the regular due date of the return without the imposition of interest at the rate of one percent (1%) per month or fractional part of a month from the time the return was due until the tax is paid.

(7) For persistent, willful, or recurring failure to make any return and pay the tax shown thereby to be due by the time specified, there shall be added to the amount of tax shown to be due ten percent (10%) damages, or interest at the rate of one percent (1%) per month, or both.

(8) Any taxpayer may, upon making application therefor, obtain from the commissioner an extension of time for the payment of taxes due on credit sales until collections thereon have been made. When such extension is granted, the taxpayer shall thereafter include in each monthly or quarterly report all collections made during the preceding month or quarter, and shall pay the taxes due thereon at the time of filing such report. Such permission may be revoked or denied at the discretion of the commissioner when, in his opinion, a total sales basis will best reflect the taxable income or expedite examination of the taxpayer's records.

(9) Any taxpayer reporting credit sales before collection thereof has been made may take credit on subsequent returns or reports for bad debts actually charged off, if such amounts charged off have previously been included in

taxable gross income or taxable gross proceeds of sales, as the case may be, and the tax paid thereon. However, any amounts subsequently collected on accounts that have been charged off as bad debts shall be included in subsequent reports and the tax shall be paid thereon.

(10) In cases where an extension of time has been granted by the commissioner for payment of taxes due on credit sales and the taxpayer thereafter discontinues the business, such taxpayer shall be required to file with the commissioner within ten (10) days, or such further time as the commissioner may direct, from the date of the discontinuance of such business, a special report showing the amounts of any credit sales which have not been included in determining the measure of the tax previously paid and any other information with reference to credit sales as the commissioner may require. The commissioner shall thereupon investigate the facts with reference to credit sales and the condition of the accounts, and shall determine, from the best evidence available, the value of all open accounts, notes, or other evidence of debt arising from credit sales. The value of all notes, open accounts and other evidence of debt, as thus determined by the commissioner, shall be used in determining the amount of the tax for which such taxpayer shall be liable. When the amount of the tax shall have been ascertained, the taxpayer shall be required to pay the same within ten (10) days or such further time as the commissioner may allow, notwithstanding the fact that such note or accounts may still remain uncollected.

[From and after July 1, 2012, this section shall read as follows:]

(1) Except as otherwise provided in this section, the taxes levied by this chapter shall be due and payable on or before the twentieth day of the month next succeeding the month in which the tax accrues, except as otherwise provided. Returns and payments placed in the mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. The taxpayer shall make a return showing the gross proceeds of sales or the gross income of the business, and any and all allowable deductions, or exempt sales, and compute the tax due for the period covered.

As compensation for collecting sales and use taxes, complying fully with the applicable statutes, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(a) The compensation or discount shall not apply to taxes levied under the provisions of Sections 27-65-19 and 27-65-21, or on charges for ginning cotton under Section 27-65-23.

(b) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(c) The compensation or discount shall not exceed Fifty Dollars (\$50.00) per month, or Six Hundred Dollars (\$600.00) per calendar year, per business location on each state sales tax return, or on each use tax return.

(d) The compensation or discount shall not apply to any wholesale tax, the rate of which is equal to or greater than the tax rate applicable to retail sales of the same property or service. The retailer of such items shall be entitled to the compensation based on the tax computed on retail sales before application of the credit for any tax paid to the wholesaler, jobber or other person.

(e) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(2) A taxpayer required to collect sales taxes under this chapter and having an average monthly sales tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the State Tax Commission on or before June 25, 2013, and on or before the twenty-fifth day of June of each succeeding year thereafter, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated sales tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's sales tax liability for the month of June of the preceding calendar year. For the purposes of calculating a taxpayer's estimated sales tax liability for the month of June of the current calendar year, the taxpayer does not have to include taxes due on credit sales for which the taxpayer has not received payment before June 20. Payments required to be made under this subsection must be received by the State Tax Commission no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual sales tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any sales tax diversions required by law until the taxpayer files a return for the actual sales taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi.

(3) All returns shall be sworn to by the taxpayer, if made by an individual, or by the president, vice president, secretary or treasurer of a corporation, or authorized agent, if made on behalf of a corporation. If made on behalf of a partnership, joint venture, association, trust, estate, or in any other group or combination acting as a unit, any individual delegated by such firm shall swear to the return on behalf of the taxpayer. The commissioner may prescribe methods by which the taxpayer may swear to his return.

(4) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly filing periods, for any taxpayer or group thereof.

(5) The commissioner may require the execution and filing by the taxpayer with the commissioner of a good and solvent bond with some surety

company authorized to do business in Mississippi as surety thereon in an amount double the aggregate tax liability by such taxpayer for any previous three-month period within the last calendar year or estimated three (3) months' tax liability. The bond is to be conditioned for the prompt payment of such taxes as may be due for each such return.

(6) The commissioner, for good cause, may grant such reasonable additional time within which to make any return required under the provisions of this chapter as he may deem proper, but the time for filing any return shall not be extended beyond the twentieth of the month next succeeding the regular due date of the return without the imposition of interest at the rate of one percent (1%) per month or fractional part of a month from the time the return was due until the tax is paid.

(7) For persistent, willful or recurring failure to make any return and pay the tax shown thereby to be due by the time specified, there shall be added to the amount of tax shown to be due ten percent (10%) damages, or interest at the rate of one percent (1%) per month, or both.

(8) Any taxpayer may, upon making application therefor, obtain from the commissioner an extension of time for the payment of taxes due on credit sales until collections thereon have been made. When such extension is granted, the taxpayer shall thereafter include in each monthly or quarterly report all collections made during the preceding month or quarter, and shall pay the taxes due thereon at the time of filing such report. Such permission may be revoked or denied at the discretion of the commissioner when, in his opinion, a total sales basis will best reflect the taxable income or expedite examination of the taxpayer's records.

(9) Any taxpayer reporting credit sales before collection thereof has been made may take credit on subsequent returns or reports for bad debts actually charged off, if such amounts charged off have previously been included in taxable gross income or taxable gross proceeds of sales, as the case may be, and the tax paid thereon. However, any amounts subsequently collected on accounts that have been charged off as bad debts shall be included in subsequent reports and the tax shall be paid thereon.

(10) In cases where an extension of time has been granted by the commissioner for payment of taxes due on credit sales and the taxpayer thereafter discontinues the business, such taxpayer shall be required to file with the commissioner within ten (10) days, or such further time as the commissioner may direct, from the date of the discontinuance of such business, a special report showing the amounts of any credit sales which have not been included in determining the measure of the tax previously paid and any other information with reference to credit sales as the commissioner may require. The commissioner shall thereupon investigate the facts with reference to credit sales and the condition of the accounts, and shall determine, from the best evidence available, the value of all open accounts, notes or other evidence of debt arising from credit sales. The value of all notes, open accounts and other evidence of debt, as thus determined by the commissioner, shall be used in determining the amount of the tax for which such taxpayer shall be liable.

When the amount of the tax shall have been ascertained, the taxpayer shall be required to pay the same within ten (10) days or such further time as the commissioner may allow, notwithstanding the fact that such note or accounts may still remain uncollected.

The 2010 amendment substituted “July 1, 2012” for “July 1, 2010” in the bracketed effective date language preceding both versions; in the version effective from and after July 1, 2012, substituted “June 25, 2013” for “June 25, 2003” in the first sentence of (2); and made a minor stylistic change.

§ 27-65-35. Failure to file return; notice.

If no return is made on or before the due date by any taxpayer required to make a return, the commissioner, as soon as practicable after the due date, shall make an assessment of taxes and damages from any information available, which shall be prima facie correct. The commissioner shall give written notice to the taxpayer of the tax and damages thus assessed and demand payment within sixty (60) days from the date of the notice. The notice shall be sent by mail to the taxpayer, or delivered by an agent of the commissioner either to the taxpayer or someone of suitable age and discretion at the taxpayer's place of business or residence. However, if the taxpayer shall file a return and pay the tax shown to be due within sixty (60) days from the date of the assessment, the return and payment shall be accepted in lieu of the assessment.

JUDICIAL DECISIONS

1. Validity.
2. Construction and application.

1. Validity.

Where assessments or returns of additional sales taxes were made by the chairman of the state tax commission from the best information available where the taxpayer's records were found to be inadequate, and notice was given to the taxpayer setting out the basis for the commissioner's findings supporting such additional assessment, which assessments were approved by the tax commission and the taxpayer was given an opportunity both by the chairman of the commission and by the tax commission itself to negative by evidence the facts on which the assessments were based, the order of the tax commission approving such assessment did not violate the due process clause, since it was not necessary for the tax commission to set forth the facts on which the assessments were made in its order, as against the contention that orders of quasi-judicial commissions and bodies must be supported by a finding of basic fact. *Viator v. State Tax Comm'n*, 193 Miss. 266, 5 So. 2d 487 (1942), appeal dismissed, cert. denied, 316 U.S. 644, 62 S. Ct. 1109, 86 L. Ed. 1728 (1942), reh'g denied, 316 U.S. 711, 62 S. Ct. 1275, 86 L. Ed. 1777 (1942).

2. Construction and application.

In order for the State Tax Commission's assessments to be prima facie correct, the commission's auditor must make them "from any information available" under this section, not from the best information available. Thus, in making sales tax assessments, the commission was not required to interview the tax payer, his employees, or his friends in order to determine the amount of markups to be applied to the figures obtained by the commission from the taxpayer's purchase invoices. *Marx v. Bounds*, 528 So. 2d 822 (Miss. 1988).

A retailer engaged in the sale of tile in an installed condition is a retailer of tangible personal property subject to the tax

under Code 1942, § 10108, and the fact that he was paid by the job, charging only one price for both tile and installation, was immaterial. *Mississippi State Tax Comm'n v. Hinton*, 218 So. 2d 740 (Miss. 1969).

An assessment based upon the entire charge made by a petroleum exploration company for services rendered in gathering data in Mississippi and in interpreting them at its head office in another state is permissible where the charge was not allocated between these services, and the entire amount was reported as Mississippi income. *Monaghan v. Seismograph Serv. Corp.*, 236 Miss. 278, 108 So. 2d 721 (1959), appeal dismissed and cert. denied, 361 U.S. 35, 80 S. Ct. 137, 4 L. Ed. 2d 111 (1959).

Although there is no requirement in Code 1942, § 10125 that notice of immediate assessment made under authority of subsection b be given to the taxpayer by registered mail, that section must be read and considered along with this section [Code 1942, § 10121] which confers upon the commissioner general authority to make an additional assessment and which requires the giving of notice. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Mere irregularities in the assessment will not avail to support the recovery back of alleged illegally exacted taxes. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Although the making of additional assessments requires the giving of a notice, a foreign corporation waived its right to object to want of notice where the corporation had its representative arrange for a conference and appear before the commissioner a few days later and present additional information relative to its tax liability which was accepted by the commissioner and a reduction of the assessment was made by reason thereof. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Where foreign corporation, engaged in construction of pipelines for a fixed price,

failed to file a bond conditioned for the payment of sales taxes, and then was removing all of its property from the state, the tax commissioner had a right to issue a jeopardy warrant authorizing the seizure of the property of the foreign corpo-

ration without waiting for expiration of the 10 days within which the taxpayer might petition for a hearing. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

§ 27-65-39. Penalties for deficient or delinquent return.

If any part of the deficient or delinquent tax is due to negligence or failure to comply with the provisions of this chapter or authorized rules and regulations promulgated under the provisions of this chapter without intent to defraud, there may be added as damages ten percent (10%) for the first offense, fifteen percent (15%) for the second offense, twenty-five percent (25%) for the third offense, and fifty percent (50%) for any subsequent offense of the total amount of deficiency or delinquency in the tax, or interest at the rate of one percent (1%) per month, or both, from the date such tax was due until paid, and said tax, damages and interest shall become payable upon notice and demand by the commissioner.

If any part of the deficient or delinquent tax is due to intentional disregard of the provisions of this chapter or authorized rules and regulations promulgated under the provisions of this chapter, or to fraud with intent to evade the law, then there shall be added as damages fifty percent (50%) of the total amount of the deficiency or delinquency of the tax, and in such case the whole amount of tax unpaid, including the charges so added, shall become due and payable upon notice and demand by the commissioner, and interest of one percent (1%) per month of the tax shall be added from the date such tax was due until paid.

If the deficient or delinquent tax is not paid pursuant to the commissioner's notice and it is necessary to resort to the issuance of the notice of tax lien or a warrant, the damages may be increased to fifteen percent (15%) for the first offense, twenty-five percent (25%) for the second offense and fifty percent (50%) for any subsequent offense.

§ 27-65-40. Effect of state officer's or employee's failure to pay state sales tax.

If any officer or employee of the State of Mississippi, or any political subdivision thereof, does not pay the state sales tax for which he is responsible to pay within two (2) months after such sales tax becomes due and payable, he shall not be eligible to receive any salary or other emoluments of office from this state, or from any political subdivision thereof, until said sales tax, interest and penalty, if any, shall be paid in full. This provision shall apply to any installments of sales tax due, after the first installment, to require payment of the entire balance of tax due, plus interest and penalty, if any, before an officer or employee of the State of Mississippi, or any political subdivision thereof, is eligible to draw any salary or other emoluments of office. The Tax Commissioner is required to furnish the State Fiscal Officer or appropriate fiscal officer of the political subdivision, as the case may be, with notice that sales taxes have not been paid. This notice shall serve as a stop order upon any salary due any employee or officer. Disregard of this notice creating personal liability against such fiscal officer for the full amount of the sales tax due, plus interest and penalty. For purposes of this section, a political subdivision includes, but is not limited to, a county or separate school district, institution of higher learning, state college or university, or state community college. The sales tax may be paid with uncertified check during such time and under such regulations as the Commissioner shall prescribe, but if the check so received is not paid by the bank on which it is drawn, the taxpayer for whom such check is tendered shall remain liable for the payment of the tax and all penalties, the same as if such check had not been tendered.

§ 27-65-42. Statute of limitations.

The amount of taxes due on any return which has been filed as required by this chapter shall be determined and assessed within thirty-six (36) months from the date such return was filed, and no suit or other proceedings for the collection of any taxes due shall be begun after the expiration of thirty-six (36) months from the date such return was filed, except as otherwise provided in this section and Section 27-65-55. However, when an examination of a taxpayer's records to verify returns made under this chapter has been initiated and the taxpayer notified thereof, either by certified mail or personal delivery by an agent of the commissioner, within the thirty-six-month examination period provided herein, the determination of the correct tax liability may be

made by the commission after the expiration of said thirty-six-month examination period, provided that said determination shall be made with reasonable promptness and diligence. When a false or fraudulent return has been filed with the intent to evade tax or in case no return has been filed, the amount of tax due may be determined, assessed and collected and suit or proceedings for the collection of the tax may be begun at any time after it becomes due.

A taxpayer may apply to the commissioner for revision of the tax assessed against him, or paid by him, at any time within thirty-six (36) months from the date of the assessment or from the date the return was filed. Unless a claim for credit or refund is filed by the taxpayer within thirty-six (36) months from the time the return was filed or assessment made, no credit or refund shall be allowed.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error in the first paragraph. The word “taxes” was changed to “tax” in the first sentence. In the second sentence, the word “by” was inserted preceding “certified mail or personal delivery.” The Joint Committee ratified the correction at its May 31, 2006, meeting.

Amendment Notes — The 2010 amendment added the exception in the first sentence.

JUDICIAL DECISIONS

1. In general.
2. Tolling.

1. In general.

Where the 1955 amendment to the sales tax law was prefaced with an instruction that the section was “amended to read as follows”, the legislature thereby evinced an intention to make the new statute a substitute for the old, so that failure to set forth a statute of limitations resulted in the repeal of the prescriptive period stated in the statute before amendment. *Lee v. Rhoden*, 253 So. 2d 844 (Miss. 1971).

2. Tolling.

Where a law firm employed by the Mississippi State Tax Commission sent a let-

ter to the operator of a gas processing plant stating that the firm was hired to investigate, research, and initiate proceedings against entities which failed to pay applicable severance taxes on revenues received from gas fields based on gas contract settlements, and the letter also requested information from the operator, the letter was sufficient to constitute notice of an examination of the operator and toll the statute of limitations for assessment of taxes, even though the letter appeared to be sent to trigger the firm’s fee arrangement with the Commission. *In re Pursue Energy Corp.*, 379 B.R. 100 (Bankr. S.D. Miss. 2006), affirmed by 2007 U.S. Dist. LEXIS 72976 (S.D. Miss. Sept. 28, 2007).

§ 27-65-43. Taxpayer must keep records.

It shall be the duty of every person taxable under this chapter to keep and preserve for a period of three (3) years adequate records of the gross income,

gross receipts or gross proceeds of sales of the business, including all invoices of merchandise purchased, all bank statements and cancelled checks, and all other books or accounts as may be necessary to determine the amount of tax for which he is liable. Said records shall be adequate in substance to conform with the provisions of this chapter and the regulations promulgated by the commissioner, and all of such records shall be written in the English language. All records shall be open for examination, at any time, by the commissioner or his duly authorized agent.

The commissioner may require any information or records from computer information systems on media common to those systems. Taxpayers' records may be sampled for audit purposes at the discretion of the commissioner and any assessment rendered as a result of same shall be considered *prima facie* correct.

The records provided for in this section shall be kept at the taxpayer's principal place of business within this state, and failure to keep and allow examination of such records shall subject the taxpayer to all the penalties of Section 27-65-85 of this chapter.

JUDICIAL DECISIONS

1. In general.
2. Basis for assessment by commissioner.

1. In general.

The requirement that the taxpayer keep adequate records is a reasonable exercise of legislative power. *Monaghan v. Seismograph Serv. Corp.*, 236 Miss. 278, 108 So. 2d 721 (1959), appeal dismissed and cert. denied, 361 U.S. 35, 80 S. Ct. 137, 4 L. Ed. 2d 111 (1959).

2. Basis for assessment by commissioner.

A taxpayer engaged in local activities in Mississippi which are connected with interstate commerce will not be permitted to commingle its income received from activities in another state with the income received from the activities in Mississippi, and then be heard to complain that taxes are imposed upon unapportioned income, where such unapportionment is due to failure of the taxpayer to keep adequate

records as to income received from activities performed in Mississippi, and where the taxpayer may thereby escape paying tax on his income anywhere. *Monaghan v. Seismograph Serv. Corp.*, 236 Miss. 278, 108 So. 2d 721 (1959), appeal dismissed and cert. denied, 361 U.S. 35, 80 S. Ct. 137, 4 L. Ed. 2d 111 (1959).

And the Supreme Court having affirmed the judgment sustaining the tax commission's order approving additional sales tax assessment, a bill for injunction to prevent the sheriff from enforcing such judgment by execution could not be maintained. *Viator v. Edwins*, 195 Miss. 220, 14 So. 2d 212 (1943), cert. denied, 321 U.S. 744, 64 S. Ct. 518, 88 L. Ed. 1047 (1944), reh'g denied, 321 U.S. 804, 64 S. Ct. 779, 88 L. Ed. 1090 (1944).

Where an assessment is made in accordance with the statute, although erroneous in fact, no personal liability of the chairman of the state tax commission and his assistants results therefrom provided the assessment was made in good faith,

the burden of proving that it was not so made being on the complaining taxpayer. *Rigby v. Stone*, 194 Miss. 775, 11 So. 2d 823 (1943), suggestion of error sustained in part, overruled in part, 194 Miss. 775, 13 So. 2d 230 (1943).

The right and duty of the chairman of the tax commission to make additional assessments for sales taxes does not depend upon whether the taxpayer fails to keep adequate records of his sales, and the only effect of the provision as to inadequate records is to permit the chairman, when the taxpayer's records are inadequate, to determine the correctness of the return made by him "from the best information available." *Viator v. State Tax Comm'n*, 193 Miss. 266, 5 So. 2d 487 (1942), cert. denied, 316 U.S. 643, 62 S. Ct. 1036, 86 L. Ed. 1728 (1942); *Rigby v. Stone*, 194 Miss. 775, 11 So. 2d 823 (1943), suggestion of error sustained in part, overruled in part, 194 Miss. 775, 13 So. 2d 230 (1943).

Where assessments or returns of additional sales taxes were made by the chairman of the state tax commission from the best information available where the taxpayer's records were found to be inadequate, and notice was given to the taxpayer setting out the basis for the commissioner's findings supporting such additional assessment, which assessments were approved by the tax commission and the taxpayer was given an opportunity both by the chairman of the commission and by the tax commission

itself to negative by evidence the facts on which the assessments were based, the order of the tax commission approving such assessment did not violate the due process clause, since it was not necessary for the tax commission to set forth the facts on which the assessments were made in its order, as against the contention that orders of quasi-judicial commissions and bodies must be supported by a finding of basic fact. *Viator v. State Tax Comm'n*, 193 Miss. 266, 5 So. 2d 487 (1942), appeal dismissed, cert. denied, 316 U.S. 644, 62 S. Ct. 1109, 86 L. Ed. 1728 (1942), reh'g denied, 316 U.S. 711, 62 S. Ct. 1275, 86 L. Ed. 1777 (1942).

The objection to the sales tax hereunder that the right is given to the chairman of the state tax commission to examine the books, records and papers of the taxpayer in the ascertainment, assessment and collection of the tax, whereas a lessor of property, required under the statute to pay the debt of his lessee has no such right to protect himself against the loss occasioned by the delinquency of the lessee as taxpayer, is untenable, since a lessor may reserve such a right under the lease contract, and may also require that the lessee keep on paying at any and all times during the month a sufficient amount of paid-for petroleum products out of which the tax may be collected by the commissioner and thereby avoid the necessity for a seizure and sale of the premises and fixtures of the owner. *Standard Oil Co. v. Stone*, 191 Miss. 897, 2 So. 2d 155 (1941).

§ 27-65-51. Disbursement from treasury to taxpayer.

In the event a final judgment is rendered in favor of the taxpayer in a suit to recover illegal taxes, and provided the taxpayer is not otherwise indebted to the state, it shall be the duty of the state auditor, upon receipt of a certified copy of the final judgment, to issue a warrant directed to the state treasurer, in favor of the taxpayer, to pay the part of the illegal tax as was paid into the state treasury, and to certify to the treasurer of any municipality, county or other taxing authority as to the amount of the illegal taxes paid to such municipality, county, or other taxing authority having received any part of the illegal tax, who is required hereby to refund the amount of such taxes certified by the auditor, included in the amount for which the judgment was rendered in favor of the taxpayer.

If any municipality, county or other taxing authority, having received any part of taxes for the recovery of which such judgment is rendered, is unable, unwilling or otherwise fails or refuses to make refund of the amount certified by the state auditor to be due such taxpayer, then the commissioner is hereby authorized to withhold from such municipality, county, or other taxing authority, sufficient funds from any subsequent amount which may be due to such municipality, county, or other taxing authority, to cover the amount not refunded to the taxpayer. Any such amount so withheld shall be paid into the state treasury and a warrant issued by the state auditor against such fund in payment of the balance due under the judgment rendered in favor of the taxpayer for such taxes.

If the commissioner finds that the taxpayer has overpaid his tax for any reason and the taxpayer has discontinued business and there is no subsequent liability upon which the excess may be credited, or if the amount of the excess so paid shall exceed the estimated liability for the next twelve (12) months, the excess shall be refunded to the taxpayer. Such amount shall be certified to the State Auditor of Public Accounts by the commission. The said auditor is hereby authorized to make such investigation and audit of the claim as he finds necessary. If he finds that the commissioner is correct in his determination, the auditor may issue his warrant to the State Treasurer in favor of the taxpayer for the amount of tax erroneously paid into the State Treasury, such refunds to be made from current sales tax collections. If part of the overpayment has been disbursed to any municipality or state institution of higher learning, under authority of Section 27-65-75, the municipality or state institution of higher learning, having erroneously received the money, shall adjust the amount with the commissioner, or the overpayment may be withheld by the state from any funds due by the state to the municipality or state institution of higher learning.

Provided, that where the taxpayer has overpaid his tax, the commissioner may give credit for same and allow the taxpayer to take credit on a subsequent return or, if necessary, in his discretion, have the taxpayer file for a refund as provided herein.

If any overpayment of tax as reflected in an application or amended return, or both, filed by the taxpayer, and verified by the commissioner or otherwise determined to be due by the commissioner or commission, is not refunded or credited to a taxpayer's account within ninety (90) days after the application or amended return is filed or the date the commission or commissioner determines a refund is due, whichever is later, interest at the rate of one percent (1%) per month shall be allowed on such overpayment computed for the period after expiration of the ninety-day period provided herein to the date of payment.

§ 27-65-55. Liability of seller and purchaser of business, certain stockholders of small business corporations and agents for out-of-state dealers.

(1) The tax imposed by this chapter shall be a lien upon the property of any person subject to the provisions thereof who shall sell out his business or stock of goods, or shall quit business, and such person shall be required to make out the return provided for under Section 27-65-33 within ten (10) days after the date he sold out his business or stock of goods, or quit business, and pay the tax imposed by this chapter. The purchaser or transferee in business shall be required to withhold sufficient of the purchase money to cover the amount of any taxes, damages and interest due until such time as the former owner shall produce a receipt from the commissioner showing that such liability has been paid, or a certificate that no taxes are due. In the event the former owner shall fail to pay any taxes, damages and interest due the state within the time allowed, the successor in business shall pay such taxes, damages and interest to the commissioner upon demand. If the purchaser or transferee of a business or stock of goods shall fail to withhold purchase money as provided and the taxes, damages and interest shall be due and unpaid after the period of ten (10) days allowed, he shall be personally liable for the payment of taxes, damages and interest of the former owner, and the property sold or transferred may be proceeded against by the commissioner in the hands of the purchaser or transferee as though no sale or transfer had been made.

(2) Persons owning stock of ten percent (10%) or more of the total of corporations or ten percent (10%) interest in limited liability companies with thirty-five (35) or fewer owners and exercising responsibility for fiscal management, also shall be liable for sales taxes levied by this chapter upon such corporations when such taxes become due and unpaid to the extent that such taxes accrued while such person was exercising responsibility for fiscal management. The liability under this subsection is derivative of the corporation or limited liability company, and the thirty-six-month assessment period in Section 27-65-42 will begin to run after the liability of the corporation or limited liability company becomes final. A person being assessed under this subsection may appeal his liability under Section 27-77-5 solely regarding the issue of the ownership interest and management requirements of this subsection. The commissioner shall make assessments against said persons of such taxes, damages and interest, and effect collection by the same procedures herein provided for assessment and collection of all taxes levied by this chapter.

(3) Any person, acting as agent for a dealer who has no permanent place of business in this state, who sells tangible personal property in this state,

either at auction or as a transient vendor, shall be liable for collection of sales tax, where applicable, and payment of the same of this state unless the vendor principal is authorized to collect the tax and is registered under Section 27-65-27. Such persons shall maintain for a period of three (3) years adequate records which shall be available for inspection by the commissioner or his agent and which shall reveal the true sales tax liability of all parties to each transaction. Failure to maintain and permit examination of such records shall render the agent liable for sales tax accruing from all sales as determined by the commissioner from any information available. The commissioner shall effect collection by the same procedures herein provided for assessment and collection of all taxes levied by this chapter.

Editor’s Note — Laws of 1995, ch. 508, § 7, provides as follows:

“SECTION 7. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the sales tax laws before July 1, 1995, whether such claims, assessments, appeals, suits or actions have been begun before July 1, 1995, or are begun thereafter; and the provisions of the sales tax laws are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before July 1, 1995, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.”

Amendment Notes — The 2010 amendment added the subsection designations; and in (2), substituted “also shall be liable for sales taxes” for “shall be jointly and severally liable for sales tax” in the first sentence, and added the second and third sentences.

1-5. [Reserved for future use.]

6. Under former law.

Sales tax statutes making the place of business, including the permanent fixtures used in such business, liable to seizure and sale when taxes accrued upon the business conducted on the premises should become due and unpaid, even though it did not expressly provide that

the tax should be a lien upon the property of the owner of such place of business and fixtures was not a violation of due process of law, in view of provisions therein permitting any person improperly charged with any tax and required to pay the same to recover it in any proper action or suit and entitling the lessor of the premises and fixtures to petition for a hearing if desired upon receipt by him of a demand from the commissioner to pay the delinquent taxes due by the lessee. Standard

Oil Co. v. Stone, 191 Miss. 897, 2 So. 2d 155 (1941).

Sales tax statute in rendering liable and subject to seizure and sale the premises and fixtures of a lessor to satisfy the unpaid sales tax due on retail sales made in the conduct of a business when the premises are equipped with permanent fixtures so that no other commodity than that sold by the lessor of such premises can be sold and handled thereat, is not unconstitutionally discriminatory as being applicable only to gasoline filling stations, since there was a reasonable basis for the distinction in such situation and in not rendering liable and subject to seizure and sale the premises and fixtures of the average landlord, for instance, who leases his store building and fixtures to a merchant engaged in selling general commodities thereat other than those sold by the owner of such premises. *Standard Oil Co. v. Stone*, 191 Miss. 897, 2 So. 2d 155 (1941).

A lessor's property would not be liable to seizure and sale for the tax on any sales made by its lessees which accrued and

became payable prior to the effective date of this provision. *Standard Oil Co. v. Stone*, 191 Miss. 897, 2 So. 2d 155 (1941).

Demurrers to a lessor's petition to recover sales taxes paid under protest on behalf of four of its lessees were properly overruled in view of an allegation therein to the effect that a sufficient amount of gasoline was kept on hand at any one time to cover the tax accrued for the month for which it was assessed, the nonexistence of which fact was necessary to render the place of business, equipment and fixtures of the lessor subject to seizure and sale. *Standard Oil Co. v. Stone*, 191 Miss. 897, 2 So. 2d 155 (1941).

Gasoline pumps and tanks furnished by an oil company to its lessees are permanent fixtures within the meaning of this section [Code 1942, § 10122], since they are used permanently as a means of distributing the products sold by the lessor and are not such fixtures as may be used one day in the sale of such products and another day for the sale of a commodity not sold by the lessor. *Standard Oil Co. v. Stone*, 191 Miss. 897, 2 So. 2d 155 (1941).

§ 27-65-57. Enrolling a judgment.

If any person liable for the payment of sales taxes, damages or interest fails or refuses to pay them after receiving the notice and demand as provided in Sections 27-65-35 and 27-65-37, and if such person has not filed a timely appeal to the board of review as provided by law, the commissioner may file a notice of a tax lien for the sales taxes, damages and interest with the circuit clerk of the county in which the taxpayer resides or owns property which shall be enrolled as a judgment on the judgment roll.

Immediately upon receipt of the notice of the tax lien for sales taxes, damages and interest, the circuit clerk shall enter the notice of a tax lien as a judgment upon the judgment roll and show in the appropriate columns the name of the taxpayer as judgment debtor, the name of the commissioner or State Tax Commission as judgment creditor, the amount of the taxes, damages and interest, and the date and time of enrollment. The judgment shall be valid as against mortgagees, pledgees, entrusters, purchasers, judgment creditors, and other persons from the time of filing with the clerk. The amount of the

judgment shall be a debt due the State of Mississippi and remain a lien upon all property and rights to property belonging to the taxpayer, both real and personal, including choses in action, with the same force and like effect as any enrolled judgment of a court of record, and shall continue until satisfied. The judgment shall be the equivalent of any enrolled judgment of a court of record and shall serve as authority for the issuance of writs of execution, writs of attachment, writs of garnishment or other remedial writs. The commissioner may issue warrants for collection of sales taxes from such judgments, in lieu of the issuance of any remedial writ by the circuit clerk, as provided in Sections 27-65-59 and 27-65-61 hereof; however, such judgment shall not be a lien upon the property of the taxpayer for a longer period than seven (7) years from the date of the filing of the notice of tax lien for sales taxes, damages and interest unless action be brought thereon before the expiration of such time or unless the commissioner refiles the notice of tax lien before the expiration of such time. The judgment shall be a lien upon the property of the taxpayer for a period of seven (7) years from the date of refiling the notice of tax lien unless action be brought thereon before the expiration of such time or unless the commissioner refiles the notice of tax lien before the expiration of such time. There shall be no limit upon the number of times that the commissioner may refile notices of tax liens.

Upon failure to pay the taxes imposed under this chapter by any taxpayer who has executed any bond under provisions of this chapter, the commissioner shall give notice of the failure to the sureties of the bond and demand payment of the tax, damages and interest within ten (10) days. If the sureties on the taxpayer's bond shall fail or refuse to pay the penal sum demanded within the ten (10) days allowed, the commissioner shall file a notice of tax lien with the circuit clerk of the county in which the sureties reside or own property which shall be enrolled upon the judgment roll, and the commissioner may proceed to collect from the sureties as hereinafter provided for collecting from any judgment debtor.

The commissioner is hereby authorized to pay the clerk's fee for enrolling the notice of tax lien out of funds appropriated by the Legislature to defray expenses of the State Tax Commission.

Where personal property had been seized by the sheriff in satisfaction of enrolled judgment liens of the state tax commission and placed in the lawful possession of the sheriff to satisfy the tax lien judgments, the purchase money lien of the seller of part of the seized property ceased to exist when possession of the property was transferred from the original purchaser to the sheriff who had no notice of the existence of the statutory vendor's lien. *Paper Prods. Co. v. Mississippi State Tax Comm'n*, 206 So. 2d 635 (Miss. 1968).

Under the Sales Tax Act a tax warrant is not the same as a judgment at law, although it does have the effect of a judgment as a summary method of collecting taxes, and also it is not a judgment in the sense that it is *res judicata* on the question of liability of the taxpayer. *Stevens Enters. v. Stone*, 226 Miss. 806, 85 So. 2d 461 (1956).

6. In general.

The statute clearly authorizes the chairman of the state tax commission to appoint deputies and require them to act for him in making assessments of sales on which sales taxes are to be collected. *Rigby v. Stone*, 194 Miss. 775, 11 So. 2d 823 (1943), suggestion of error sustained in part, overruled in part, 194 Miss. 775, 13 So. 2d 230 (1943).

In an action against the chairman of the state tax commission for damages from sale of goods in the wrongful collection of sales taxes, the burden of proving that no assessment of the sales made by him or that the governing statute was not complied with in the making thereof was on

the plaintiff taxpayer. *Rigby v. Stone*, 194 Miss. 775, 11 So. 2d 823 (1943), suggestion of error sustained in part, overruled in part, 194 Miss. 775, 13 So. 2d 230 (1943).

Where attachment proceedings in chancery were commenced by the state tax collector on behalf of the state against nonresident construction companies, wherein it was sought to make a municipality garnishee, to collect excise taxes claimed to be due from the defendant, to which the municipality was alleged to be indebted, a motion by the municipality to dismiss the proceedings as to it should not have been overruled, since the state collector was without authority to bring proceedings on behalf of the state to collect the tax. *City of Natchez v. Craig*, 191 Miss. 567, 3 So. 2d 837 (1941).

The state tax collector has been held not entitled to maintain an action for the collection of a gross income tax, on the theory that the sales tax statute should not be so construed as to leave it to the will and discretion of one man — the chairman of the state tax commission — as to whether or not a tax levied thereunder should be collected, and that the granting of such power could never have been intended by the legislature, which argument might be applied to the enforcement of income and inheritance tax laws, involving large sums of revenue due the state each year, although the legislature had expressly declared that these taxes are excepted from those for which the state tax collector might sue. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

The provisions of a former statute that the tax may be collected by action in debt was held not to authorize the state tax collector to sue for the collection of the tax, since a similar provision is to be found in other tax statutes in which the attorney general is named as the one to bring action to collect the tax. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

Under an earlier statute (Laws of 1934, ch 119, § 11) by which the tax was made a

debt recoverable by action, such provision was held not of itself determinative of the right of the state tax collector to sue therefor. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

The legislature could authorize the chairman of the state tax commission to bring suit for the collection of the gross income tax, to the exclusion of any other official entitled by law to bring suit to collect past due and unpaid taxes, whose authority was derived solely from statutory enactment, as distinguished from that conferred by the constitution itself. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

It was the evident intention of the legislature that these emergency taxes should go into the state treasury to meet the crisis then impending, and without any deductions of a commission of 20

percent for the collection thereof, and the state tax collector was without authority to maintain a suit to collect a gross income tax. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

The provisions in § 11, Chapter 119, Laws of 1934 (not continued in the present statute) to the effect that the remedies for the collection of the tax "shall be in addition to all other existing remedies," refer to the existing remedies contained in Chapter 90 of Laws of 1932. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

Repeal of 1932 Act imposing privilege taxes measured by gross income or gross sales did not, in view of saving clause in 1934 Act, relieve taxpayer of liability for taxes paid under repealed act. *Jackson Fertilizer Co. v. Stone*, 173 Miss. 183, 162 So. 170 (1935).

§ 27-65-61. Jeopardy assessment and warrant.

If the commissioner has cause to believe and believes that the collection of taxes due by any taxpayer will be jeopardized by delay, he may assess such taxes immediately, together with damages and interest, and may immediately file with the circuit clerk a notice of tax lien for sales taxes, damages, and interest and issue a jeopardy warrant under official seal directed to the sheriff of any county of this state or to a special agent of the tax commission.

The circuit clerk shall proceed as provided in Section 27-65-57 upon receiving a copy of the notice of tax lien from the commissioner. Any tax determined to be due under a jeopardy assessment shall be a debt due to the state, and, when thus enrolled upon the judgment roll of the county, shall be the equivalent of any enrolled judgment of a court of record, and shall constitute a lien on all property and rights to property of the judgment debtor. The sheriff, or the special agent, as the case may be, upon receipt of the jeopardy warrant, shall immediately proceed in accordance with Section 27-65-63. However, where property has been seized under authority of a jeopardy warrant, the taxpayer may file a petition for a hearing and revision of the assessment with the commissioner at any time prior to the date of the sale, provided such taxpayer executes a supersedeas surety bond in a surety company authorized to do business and doing business in this state for double the amount of the assessment. Such bond shall be conditioned that any taxes, damages, interest and costs adjudged to be due after the hearing will be paid promptly upon order of the state tax commission.

JUDICIAL DECISIONS

1. In general.

Neither the statute nor the due process clauses of the state and federal constitutions require the giving of notice and an opportunity to be heard before the issuance of a jeopardy warrant. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Although there is no requirement in this section [Code 1942, § 10125-01] that notice of immediate assessment made under authority of subsection b be given to the taxpayer by registered mail, that section must be read and considered along with Code 1942, § 10121 which confers upon the commissioner general authority to make an additional assessment and

which requires the giving of notice. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Where foreign corporation, engaged in construction of pipelines for a fixed price, failed to file a bond conditioned for the payment of sales taxes and then was removing all of its property from the state, the tax commissioner had a right to issue a jeopardy warrant authorizing the seizure of the property of the foreign corporation without waiting for expiration of the 10 days within which the taxpayer might petition for a hearing. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

§ 27-65-63. Execution of warrant by sheriff or special agent; fees.

The sheriff or special agent of the Tax Commission, upon receipt of a warrant or a jeopardy warrant, shall immediately seize any property of the taxpayer named in the warrant, in all respects, with like effect, and in the manner prescribed by law with respect to executions of judgments, and he shall execute such warrant and return it to the commissioner, and pay to him the money collected by virtue thereof by the date specified therein, but not to exceed sixty (60) days.

The sheriff or special agent shall be entitled to the fees for his services in the same amount, and to be collected in like manner, as provided by Section 25-7-19, Mississippi Code of 1972, for like services under a writ of execution. Provided, however, that the minimum total of all such fees shall be Ten Dollars (\$10.00). All such fees collected by a special agent of the Tax Commission shall be paid to the Tax Commission and deposited in a fund to be expended by the chairman to help defray the costs of carrying out the provisions of this chapter. Provided, further, that when a warrant issued to a sheriff shall be withdrawn by the commissioner prior to its expiration date, the commissioner is authorized to pay to the sheriff the fees allowed by law for services actually performed and costs actually incurred, out of money collected as fees from the taxpayer, or from funds appropriated for the operation of the Tax Commission.

Real property shall be disposed of according to Section 13-3-163, Mississippi Code of 1972, and, except as otherwise provided in this paragraph, personal property shall be disposed of according to Section 13-3-165, Mississippi Code of 1972. However, perishable personal property may be disposed of as provided by Section 13-3-167, Mississippi Code of 1972. In addition to the advertising requirements provided in Section 13-3-165 for the sale of personal property, the Tax Commission may, when the commissioner determines the need to do so, advertise sales of personal property in any additional manner determined appropriate by the commissioner. The costs of any such additional advertising shall be considered a cost of the sale and shall be collected from the proceeds of the sale. The failure to advertise the sale of personal property in any form other than that required by Section 13-3-165 shall not invalidate a sale. For any sale of property by the Tax Commission, the commissioner may determine acceptable methods of payments to be received from the highest bidder for any sale.

Fact that sheriff gave only eight days' notice of sale of merchandise for failure to pay sales tax constituted such misconduct that the sheriff was no longer entitled to protection of the writ, and, if sued in trespass, his defense could not rest upon the process nor could it be used in diminution of damages. *Rigby v. Whitten*, 196 Miss. 661, 18 So. 2d 152 (1944).

Warrant for sale of merchandise for failure to pay sales tax, which was regular

on its face and without defect in its contents when considered as a warrant for the sale and not as an assessment, would have protected the sheriff as against any offensive action against him had he proceeded under it as the law directs and without any fault on his part, even though no assessment was made in the manner required by law. *Rigby v. Whitten*, 196 Miss. 661, 18 So. 2d 152 (1944).

Owner of merchandise sold by sheriff for failure to pay sales tax at sale which was void because the required ten days' notice had not been given, who acquiesced in the sale, gave no notice to the purchaser, and delivered that property to the

purchaser, was not entitled as against the sheriff to demand more than the latter received from the purchaser at the sale, and the sheriff was protected to the extent of the amount remitted to the state tax commission as directed by the warrant, but the owner was entitled to the amount retained by the sheriff as costs since the sheriff did not act as the warrant directed. *Rigby v. Whitten*, 196 Miss. 661, 18 So. 2d 152 (1944).

Where owner of personalty which has been sold under a void warrant of sale, or at an improper time, of which the owner then knows, voluntarily delivers the property to the purchaser or takes active steps to that end without giving any warning or notice whatever at any time or in any manner to purchaser and the latter pays

his money without notice, title passes to the purchaser on such delivery and the owner cannot thereafter disturb him. *Rigby v. Whitten*, 196 Miss. 661, 18 So. 2d 152 (1944).

Where the sheriff is guilty of conversion for the sale of goods in the collection of sales taxes because the sale was not advertised for ten days as provided by statute with respect to sales of personalty, the proper measure of damages, in the absence of special circumstances, is the value of the property, or market value if it has any, at the time and place of its conversion with interest thereon. *Rigby v. Stone*, 194 Miss. 775, 11 So. 2d 823 (1943), suggestion of error sustained in part, overruled in part, 194 Miss. 775, 13 So. 2d 230 (1943).

§ 27-65-65. Commissioner may bid at sales.

When any property is offered for sale under the authority of a warrant or writ of execution for the collection of sales taxes, damages or interest, and no bid is submitted equal to the reasonable value of the property, the commissioner or his agent may bid therefor on behalf of the State of Mississippi an amount not to exceed the amount of the warrant and costs, and if declared the successful bidder for that particular piece of property, such title as may be conveyed shall pass to the state, and the state's interest in the property may then be sold at public or private sale to the best interest of the state.

§ 27-65-69. Sheriff and special agent not personally liable.

Every warrant issued to a sheriff of any county of this state, or to a special agent of the State Tax Commission, shall provide that the State Tax Commission will indemnify and save harmless the said sheriff or special agent against all damages which he may sustain in consequence of the seizure and sale of the property, and the commissioner is hereby authorized to pay all obligations which may accrue by reason of the issuance and execution of any warrant authorized by this chapter, out of funds appropriated by the Legislature to defray the expenses of the State Tax Commission. JUDICIAL DECISIONS

1. In general.

Under § 11-13-11, which provides the Chancery Court with jurisdiction over suits by taxpayers to restrain the collection of taxes levied without authority of law, the court has the authority to enjoin the collection or assessment of taxes, and once a complaint has been filed demanding relief of the sort contemplated by § 11-13-11, the Chancery Court has subject

matter jurisdiction. The language of § 27-65-71, which purports to bar application of § 11-13-11 to taxes imposed by the sales tax chapter, is only effective if the case fails to meet the legislatively and judicially created requirements necessary to invoke jurisdiction under the latter statute. *Marx v. Truck Renting & Leasing Ass'n*, 520 So. 2d 1333 (Miss. 1987).

§ 27-65-73. Sales tax as additional tax; remittances; how made.

The tax imposed by this chapter shall be in addition to all other licenses and taxes levied by law as a condition precedent to engaging in any business taxable hereunder, except as in this chapter otherwise specifically provided.

But no municipality or levee district shall be authorized to levy any tax by virtue of the provisions of this chapter.

All remittances of taxes imposed by this chapter shall be made to the commissioner by bank draft, check, cashier's check, money order or money. The commissioner shall issue his receipts therefor to the taxpayer, when requested, and shall deposit all moneys received in the state treasury on the same day collected. Provided, however, no remittance other than cash shall be final discharge of liability for the tax herein assessed and levied unless and until it has been paid in cash to the commissioner.

The apportionment of tax collections as provided by Section 27-65-75 shall be certified by the state tax commission to the state treasurer to be distributed as provided by law upon warrant of the state auditor or by electronic funds transfer.

Laws of 1984, ch. 478, § 3, effective from and after July 1, 1984, provides that, for purpose of this section, requirements that funds be deposited on the same day "collected" shall mean when remittances of tax collections and reports in connection therewith shall have been subjected to only minimum essential but expeditious processing.

Laws, 1984, ch. 478, § 35, provides that "The provisions of this act shall control if in conflict with any other statute, the operation of which would tend to frustrate the purposes of this act."

§ 27-65-75. Distribution of sales taxes, contractor taxes, motor fuels taxes, and other revenue collected under this chapter.

On or before the fifteenth day of each month, the revenue collected under the provisions of this chapter during the preceding month shall be paid and distributed as follows:

(1)(a) On or before August 15, 1992, and each succeeding month thereafter through July 15, 1993, eighteen percent (18%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation. On or before August 15, 1993, and each succeeding month thereafter, eighteen and one-half percent (18-½%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this subsection may be pledged as security for a loan if the distribution received by the municipal corporation is otherwise authorized or required by law to be pledged as security for such a loan.

In any county having a county seat that is not an incorporated municipality, the distribution provided under this subsection shall be made as though the county seat was an incorporated municipality; however, the distribution to the municipality shall be paid to the county treasury in which the municipality is located, and those funds shall be used for road, bridge and street construction or maintenance in the county.

(b) On or before August 15, 2006, and each succeeding month thereafter, eighteen and one-half percent (18-½%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities on the campus of a state institution of higher learning or community or junior college whose campus is not located within the corporate limits of a municipality, shall be allocated for distribution to the state institution of higher learning or community or junior college and paid to the state institution of higher learning or community or junior college.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars (\$1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the State Tax Commission may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the

proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the Department of Revenue such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23- $\frac{1}{4}$ %) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published, for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. JUDICIAL DECISIONS

1. In general.

Municipalities' claim that Laws of 2000, Ch. 304, "amended by implication" Miss. Code Ann. § 27-65-75 in violation of Miss. Const. Art. 4, § 61 failed, as Miss. Const. Art. 4, § 61 had no reference to amendment by implication when the amending statute is complete within itself, as was Laws of 2000, Ch. 304. *City of Belmont v. Miss. State Tax Comm'n*, 860 So. 2d 289 (Miss. 2003).

Laws of 2000, ch. 304, § 3, which abates any suits brought by a municipality to recover additional payments under Miss. Code Ann. § 27-65-75 in excess of the amounts authorized in Laws of 2000, ch. 304, does not violate the separation of powers doctrine, as the legislature did not revive the right to bring the same suit in the name of another. *City of Belmont v. Miss. State Tax Comm'n*, 860 So. 2d 289 (Miss. 2003).

A class action by citizens and taxpayers of Mississippi, on behalf of themselves and certain counties within the state, to enjoin the distribution among all counties of excise tax funds collected by and belonging to the state, was not a suit against the state by its citizens prohibited by the

Eleventh Amendment to the United States Constitution. *Schaeffer v. Sharp*, 328 F. Supp. 762 (S.D. Miss. 1971).

Citizens and taxpayers of Mississippi, on behalf of themselves and certain counties within the state, did not constitute the real parties in interest entitled to institute and maintain an action to enjoin the distribution among counties of excise tax funds collected by and belonging to the state, where the plaintiffs could show no more than a general interest in common with all members of the public. *Schaeffer v. Sharp*, 328 F. Supp. 762 (S.D. Miss. 1971).

No county has any vested right in any portion of the gasoline tax money except such right as the legislature may grant, and the legislature has the power to distribute a portion of the tax in any manner, upon any basis, and under any formula which it may prescribe. *Schaeffer v. Sharp*, 328 F. Supp. 762 (S.D. Miss. 1971).

A county may not irrevocably pledge, for the payment of bonds, gasoline taxes which are required by law to be deposited in the state treasury to its credit. *Williford v. Board of Supvrs.*, 243 Miss. 304, 138 So. 2d 299 (1962).

§ 27-65-81. Returns confidential; release of certain information under certain circumstances.

(1) Applications, returns and information contained therein filed or furnished under this chapter shall be confidential, and except in accordance with proper judicial order, or as otherwise authorized by this section or as authorized by Section 27-4-3, it shall be unlawful for the Commissioner of Revenue or any deputy, agent, clerk or other officer or employee of the Department of Revenue or Department of Information Technology Services, or any former employee thereof, to divulge or make known in any manner the amount of income or any particulars set forth or disclosed on any application, report or return required.

The term "proper judicial order" as used in this section shall not include subpoenas or subpoenas duces tecum but shall include only those orders entered by a court of record in this state after furnishing notice and a hearing to the taxpayer and the Department of Revenue. The court shall not authorize the furnishing of such information unless it is satisfied that the information is needed to pursue pending litigation wherein the return itself is in issue, or the judge is satisfied that the need for furnishing the information outweighs the rights of the taxpayer to have such information secreted.

(2) Such information contained on the application, returns or reports may be furnished to:

(a) Members and employees of the Department of Revenue and the income tax department thereof, for the purpose of checking, comparing and correcting returns;

(b) The Attorney General, or any other attorney representing the state in any action in respect to the amount of tax under the provisions of this chapter;

(c) The revenue department of other states or the federal government when said states or federal government grants a like comity to Mississippi.

(3) The State Auditor and the employees of his office shall have the right to examine only such tax returns as are necessary for auditing the Department of Revenue, and the same prohibitions against disclosure which apply to the Department of Revenue shall apply to the State Auditor and his office.

(4) Officers and employees of the Mississippi Development Authority who execute a confidentiality agreement with the Department of Revenue shall be authorized to discuss and examine information to which this section applies at the offices of the Mississippi Department of Revenue. This disclosure is limited to information necessary to properly administer the programs under the jurisdiction of the Mississippi Development Authority. The Department of Revenue is authorized to disclose to officers and employees of the Mississippi Development Authority who execute a confidentiality agreement the information necessary under the circumstances. The same prohibitions against disclosure which apply to the Department of Revenue shall apply to the officers or employees of the Mississippi Development Authority.

(5) Nothing in this section shall prohibit the Commissioner of Revenue from making available information necessary to recover taxes owing the state pursuant to the authority granted in Section 27-75-16.

(6) The Department of Revenue is authorized to disclose to the Child Support Unit and to the Fraud Investigation Unit of the Department of Human Services without the need for a subpoena or proper judicial order the name, address, social security number, amount of income, amount of sales tax, source of income, assets and other relevant information, records and tax forms for individuals who are delinquent in the payment of any child support as defined in Section 93-11-101 or who are under investigation for fraud or abuse of any state or federal program or statute as provided in Section 43-1-23.

Joint Legislative Committee Note — Section 3 of ch. 481, Laws of 2010, effective July 1, 2010 (approved April 7, 2010), amended this section. Section 5 of ch. 388, Laws of 2010, effective July 1, 2010 (approved March 17, 2010) and Section 4 of ch. 385, Laws of 2010, effective July 1, 2010 (approved March 17, 2010), also amended this section. As set out above, this section reflects the language of Section 3 of ch. 481, Laws of 2010, which contains language that specifically provides that it supersedes the amendments to § 27-65-81 by Laws of 2010, chs. 385 and 388.

Amendment Notes — The first 2010 amendment (ch. 385), in (1), in the first paragraph, substituted “it shall be unlawful for the Commissioner of Revenue or any deputy, agent, clerk or other officer or employee of the Department of Revenue or the Department of Information Technology Services” for “it shall be unlawful for members of the State Tax Commission or members of the Central Data Processing Authority, any deputy, agent, clerk or other officer or employee thereof,” and in the first sentence in the last paragraph, substituted “Department of Revenue” for “State Tax Commission”; in (2)(a) and twice in (3), substituted “Department of Revenue” for “State Tax Commission”; added (4) and redesignated former (4) as (5), therein substituting “Commissioner of the Revenue” for “chairman of the commission.”

The second 2010 amendment (ch. 388), in (1), (2)(a) and (3), substituted “Department of Revenue” for “State Tax Commission”; in the first sentence in (1), inserted “or as authorized by Section 27-4-3” and substituted “it shall be unlawful for the Commissioner of Revenue or any deputy, agent, clerk or other officer or employee of the Department of Revenue or Department of Information Technology Services” for “it shall be unlawful for members of the State Tax Commission or members of the Central Data

Processing Authority, any deputy, agent, clerk or other officer or employee thereof"; and in (4), substituted "commissioner" for "chairman of the commission."

The third 2010 amendment (ch. 481) added (6).

JUDICIAL DECISIONS

1. In general.

An intention on the part of the legislature to permit the state tax collector to bring a suit for the enforcement of the Sales Tax Act was not disclosed by a provision preventing the divulging of tax information except to members and employees of the state tax commission and the income tax department thereof, or the governor or attorney general, or "any other legal representative of the state" in respect to the amount of tax due on the theory that "on any other legal representative of the state" could have no reference to any other legal representatives than the state tax collector; In determining what is meant by such reference, it must

be borne in mind that the statute elsewhere provides that the claim of the state tax commission may require the assistance of, and act through, not only the attorney general, but the prosecuting attorney of any county, or any district attorney, or any attorney for the commission, or any special counsel employed by the commission, and that the attorneys above named are the only legal representatives mentioned in the act through which the commissioner is authorized to proceed to enforce the provisions of the Act. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

Editor's Note — Former § 27-65-83 required the Secretary of State to withhold the issuance of any certificate of dissolution or withdrawal for a corporation until the receipt of a notice from the Chairman of the State Tax Commission to the effect that sales taxes levied against the corporation had been paid.

§ 27-65-85. Penalties for failure to comply with the chapter.

(1) It shall be unlawful for:

(a) Any person to engage or continue in any business for which a tax is imposed by this chapter without procuring a license as required by Section 27-65-27 of this chapter, or after such license has been revoked, or who shall fail or refuse to make the return provided to be made in Section 27-65-33 of this chapter;

(b) Any person to make any false or fraudulent return or false statement in any return, with intent to defraud the state or to evade the payment of the tax imposed by this chapter, or any part thereof;

(c) Any person to aid or abet another in any attempt to evade the payment of the tax imposed by this chapter, or any part thereof;

(d) The president, vice president, secretary or treasurer of any company to make or permit to be made for any company or association any false return, or any false statement in any return required by this chapter with the intent to evade the payment of the tax due;

(e) Any person to represent to any retailer that purchases of merchandise are for resale, causing the retailer to not collect the tax imposed by this chapter, when in fact the purchase is being made for the use of the person;

(f) Any person to use another person's permit to engage in business issued under Section 27-65-27 for the purpose of avoiding the payment of taxes imposed by this chapter;

(g) Any person to use an exemption authorized under this chapter for the purpose of avoiding the payment of tax he is required to pay under this chapter;

(h) Any person to fail or refuse to permit the examination of any book, paper, account, record or other data by the commissioner, or his duly appointed agent, as required by this chapter, including the records of any common carrier, bank, wholesale or retail dealer in any kind of merchandise whether in regard to his own or another's return;

(i) To fail or refuse to permit the inspection or appraisal of any property by the commissioner or his duly appointed agent;

(j) To refuse to offer testimony or produce any record as required by this chapter;

(k) Any person using the public roads and highways of this state for the transportation of merchandise for sale, whether such person be a contract carrier or operating a private vehicle, other than a common carrier operating under the Interstate Commerce Commission or the Mississippi Public Service Commission, and having a permanent office in this state where proper records of merchandise transported are kept and available for inspection by the commissioner or his agents, to fail to have in his or her possession at all times while such merchandise is being transported, and allow inspection of, the invoices or sales tickets correctly disclosing the nature and quantity of such merchandise and the consignor and consignee of each article being transported. However, the records of a common carrier shall be open for inspection at any time for the purpose of obtaining any information bearing upon the administration of this chapter. In the case of any vehicle engaged in the transportation of merchandise for sale, neither belonging to nor operated by a regulated common carrier and not keeping complete records in this state, the commissioner or his authorized agents may examine any invoices or sales tickets carried by the person in charge of the vehicle, and may compare them with the character and quantity of merchandise being transported and the consignee thereof, for the purpose of ascertaining whether or not the provisions of law are being complied with. The absence of such invoices or delivery or sales tickets indicating to whom said merchandise belongs, or is to be delivered, in the hands of such person

so engaged in transporting the merchandise, shall be prima facie evidence that such person is transporting such merchandise in violation of this chapter and liable for all penalties imposed under this section.

(2) Any person violating any of the provisions of this chapter shall be guilty of a misdemeanor and, on conviction thereof, shall be fined not more than Five Hundred Dollars (\$500.00), or imprisoned not exceeding six (6) months in the county jail, or punished by both such fine and imprisonment, at the discretion of the court. In addition to the foregoing penalties, any person who shall knowingly swear to or verify any false or fraudulent return or statement shall be guilty of the offense of perjury and, on conviction thereof, shall be punished in the manner provided by law.

(3) The commissioner may require the attendance of any person and take his testimony with respect to any matter pertaining to any taxpayer's liability for taxes under this chapter, with power to administer oaths to such person or persons. If any person summoned as a witness shall fail to obey any summons to appear before the commissioner or his authorized agent, or shall refuse to testify or answer any material question or to produce any book, record, paper or other data when required to do so, the failure or refusal shall be reported to the Attorney General, the district attorney or county attorney, who shall thereupon institute proceedings in the circuit court of the county where such witness resides to compel obedience to any summons of the commissioner, or his authorized agent. The proceedings shall be by petition for citation to the person refusing to obey such summons, to show cause why the person should not be required to obey such summons. The circuit judge of the district may hear such petition in termtime or vacation upon two (2) days' notice to the person sought to be cited; and the circuit judge may enter such order as he may deem proper, and punish any failure to comply with the order as for any other contempt of the court. Officers who serve summonses or subpoenas, and witnesses attending, shall receive like compensation as officers and witnesses in the justice courts; and such compensation shall be paid from the proper appropriation for the administration of this chapter.

JUDICIAL DECISIONS

1. Jury instructions.

Appellate court disagreed with defendant's contention that by refusing his proposed instructions, which elaborated on the meaning of the terms "willfully" and "intent," respectively, the trial court failed to instruct the jury as to "willfully attempts," an essential element of tax evasion from Miss. Code Ann. § 27-3-79(2), and as a result, defendant, although con-

victed of a felony, was only found guilty of a misdemeanor offense, pursuant to Miss. Code Ann. § 27-65-85. The instructions that were given properly satisfied the statutory language of "willfully attempts;" defendant was properly convicted of felonies. *King v. State*, 897 So. 2d 981 (Miss. Ct. App. 2004), cert. denied, 896 So. 2d 373 (Miss. 2005).

§ 27-65-87. Administration of the chapter vested in the Commissioner of Revenue.

The administration of this chapter is vested in and shall be exercised by the Commissioner of Revenue of the Department of Revenue, except as otherwise herein provided, and the enforcement of any of the provisions of this chapter in any of the courts of the state shall be under the exclusive jurisdiction of the Commissioner of Revenue of the Department of Revenue who may require the assistance of an act through the Attorney General, prosecuting attorney of any county, or any district attorney, or any attorney for the Department of Revenue, and may with the assent of the Governor, employ special counsel in any county to aid the prosecuting attorney, the compensation of whom shall be fixed by and paid only upon the approval of the Governor; but the Attorney General, district attorney or prosecuting attorney of any county shall receive no fees or compensation for services rendered in enforcing this chapter in addition to the salary paid to such officer.

In case of violation of the provisions of this chapter, the commissioner may decline to prosecute for the first offense, if in his judgment such violation is not willful or flagrant.

JUDICIAL DECISIONS

1. In general.
2. Actions to collect tax.
3. Injunction.

1. In general.

Public policy forbids the enforcement of a contract between a taxpayer and an auditor employed by the state tax commission, under which such auditor agreed to assist the taxpayer in recovering sales taxes illegally collected of which he was to receive one third of the amount recovered. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

A contract between a taxpayer and an auditor employed by the state tax commission, under which the latter agreed to assist the taxpayer in obtaining refunds of sales taxes illegally collected of which he was to receive one-third, violated the implications of this section [Code 1942, § 10134], as tending to thwart the public purpose of the statute, which was not only to collect the sales tax imposed but to enable the state to appropriate the tax to its fiscal needs. *Independent Linen Serv. Co. v. Sennett*, 194 Miss. 366, 12 So. 2d 530 (1943).

This provision, whereby administration of the Sales Tax law is vested in the state tax commission and the enforcement thereof is required to be under its exclu-

sive jurisdiction, takes precedence over the general statute defining the powers and limiting the authority of the state tax collector to sue for past due taxes. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

The application of this section [Code 1942, § 10134] is not restricted to prosecutions in the criminal courts. *Dunn Constr. Co. v. Craig*, 191 Miss. 682, 2 So. 2d 166 (1941), error overruled, 191 Miss. 715, 3 So. 2d 834 (1941).

2. Actions to collect tax.

The rule that where an unauthorized person brings an action in the name of another, who has not consented thereto, the court does not acquire jurisdiction of the plaintiff, is applicable in a suit by the state tax collector to collect excise taxes by the aid of attachment proceedings, where the state has not consented for its collector to appear for it in such a suit, but by the statute has expressly withheld such consent. *City of Natchez v. Craig*, 191 Miss. 567, 3 So. 2d 837 (1941).

Where no one authorized to do so had invoked the action of the court on behalf of the state for the collection of excise taxes sought to be recovered in attachment proceedings, the court should not act sua

sponte. *City of Natchez v. Craig*, 191 Miss. 567, 3 So. 2d 837 (1941).

3. Injunction.

The state on the relation of the attorney general was entitled to mandatory injunction requiring retail merchants to obey statute imposing tax on their sales, not-

withstanding violation of statute is a criminal offense, where failure to obey statute was impairing the efficiency of state tax collector in ascertaining and collecting tax, since state was without an adequate remedy at law. *State ex rel. Rice v. Allen*, 180 Miss. 659, 177 So. 763 (1938).

§ 27-65-89. Employees appointed by commissioner.

The Commissioner of Revenue of the Department of Revenue shall appoint, as needed, such deputies, agents, clerks and stenographers as authorized by law, who shall serve under him, and shall perform such duties as may be required by the commissioner, including the signing of notices, warrants and such other documents as may be specifically designated by the commissioner, not inconsistent with this chapter, and they are hereby authorized to act for the commissioner, as he may prescribe and as provided herein. All of such agents, clerks and stenographers may be removed by the Commissioner of Revenue of the Department of Revenue for cause of which the commissioner shall be the final judge.

JUDICIAL DECISIONS

1. In general.

Laws of 2000, ch. 304, does not violate the non-delegation doctrine by setting no standards to guide the Mississippi State Tax Commission (MSTC) in their calculations regarding diversions due municipalities, since Miss. Code Ann. § 27-65-93 authorizes the Commissioner of the MSTC to promulgate rules and regulations deemed necessary to enforce the provisions of § 27-65-93. *City of Belmont v. Miss. State Tax Comm'n*, 860 So. 2d 289 (Miss. 2003).

An assessment for sales taxes was properly imposed on the gross proceeds received by an oil company from oil field services rendered by it as co-owner/operator for other co-owners of various oil and gas properties in the state, which proceeds represented charges to the other co-own-

ers for their proportionate share of the cost incurred in providing the oil field services, including a reasonable fee for supervision, even though the oil company contended that its main business was discovering, producing and marketing oil, gas and minerals, that its services as an operator in conjunction with co-owners was incidental to its main business, and that it was not permitted to make a profit on its oil field services, where the company received a benefit in its operation as co-owner/operator in that it was able to develop, produce and market oil, gas and minerals in an efficient operation, which involved less expense and waste to it; such benefit and advantage came within the § 27-65-9 definition of business. *Brady v. Getty Oil Co.*, 376 So. 2d 186 (Miss. 1979).

ATTORNEY GENERAL OPINIONS

State Tax Commission is vested with authority and responsibility to enforce provisions of Mississippi Sales Tax Law, but Mississippi Department of Agricul-

ture and Commerce has no authority nor responsibility thereunder to ensure collection of fees. *Ross*, Apr. 22, 1993, A.G. Op. #93-0252.

§ 27-65-95. Prior rights or actions not affected by this chapter.

Nothing in this chapter shall affect or defeat any distribution, claim, assessment, appeal, suit, right or cause of action for taxes, due or accrued

under Sections 27-65-1 through 27-65-95, Mississippi Code of 1972, prior to July 1, 1974, whether such distribution, assessment, appeal, suit, claim or action shall have been begun before July 1, 1974, or shall thereafter be begun; and the provisions of Sections 27-65-1 through 27-65-95, Mississippi Code of 1972, are expressly continued in full force, effect and operation for the purpose of the assessment, collection and distribution of any taxes due or accrued under said Sections 27-65-1 through 27-65-95, Mississippi Code of 1972, and amendments thereto, prior to July 1, 1974, and for the imposition of any penalties, forfeitures or claims for a failure to comply therewith.

6. Under former law.

Purpose and intent of the former section [Code 1942, § 10111.5] was to provide that a municipality might, under certain conditions, impose a sales tax without holding an election. *Seal v. City of Tupelo*, 234 Miss. 192, 105 So. 2d 457 (1958).

The resolution need not fix the effective date of the tax although it fixes a date

other than the first day of a month as the date for filing a petition requesting an election. *Seal v. City of Tupelo*, 234 Miss. 192, 105 So. 2d 457 (1958).

Repeal of 1932 Act imposing privilege taxes measured by gross income or gross sales, did not, in view of saving clause in 1934 Act, relieve taxpayer of liability for taxes paid under repealed act. *Jackson Fertilizer Co. v. Stone*, 173 Miss. 183, 162 So. 170 (1935).

§ 27-65-97. Erroneous diversion of collected sales tax monies to municipality with population of 500 or less.

Any payment made erroneously by the State Tax Commission, as a diversion from sales tax monies collected, to a municipality with a total population of five hundred (500) or less according to the most recent federal census shall not be charged back to such municipality by the State Tax Commission.

Editor's Note — At the time of publication of this volume, House Bill No. 8, Laws of 2010 Second Extraordinary Session, which amends this section by adding (1)(nn), had not been assigned a chapter number. This section will be reprinted in the 2011 Advance Code Service pamphlet No. 1 to include the chapter number that is ultimately assigned to this bill.

Sections 27-65-101 through 27-65-111 are derived from Chapter 347, Laws of 1978. Sections 2 and 9 of said Chapter 347 read as follows:

“SECTION 2. It is the intention of the Legislature that the subsequent sections of this act be codified within Chapter 65, Mississippi Code of 1972, and that they be codified in the sequence in which they appear in this act, with no other existing Code sections interspaced between them, in order that the scheme of sales tax exemptions of this state will be more readily apparent and accessible.

Laws of 1989, ch. 524, § 36, provides as follows:

“SECTION 36. The repeal or amendment of this act shall not reduce the terms of any tax reduction, special tax incentive or financial assistance agreed upon pursuant to official action by the Department of Economic Development, the State Tax Commission or other appropriate agency of the state or political subdivision thereof prior to the effective date of such repeal or amendment.”

Laws of 1992, ch. 462, §§ 1 and 3, effective from and after passage (approved May 5, 1992), provide as follows:

“SECTION 1. The purpose of this act is to encourage the further development of underground natural gas storage facilities in this state by amending and clarifying the sales tax law to provide a specific exemption with respect to the gross income from such operations.

“SECTION 3. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the Mississippi sales tax laws before the date on which this act becomes effective, whether such claims, assessments, appeals, suits or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of the Mississippi sales tax laws are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.”

Section 27-65-15, referred to in the first paragraph of (1), was repealed by Laws of 2006, ch. 458, § 1, effective from and after July 1, 2006.

Sections 57-51-1 through 57-51-15, referred to in (1)(k) were repealed by Laws of 1989, ch. 524, § 32, eff from and after July 1, 1989.

JUDICIAL DECISIONS

1. Raw materials.
2. Semitrailers.
3. Vessels and barges.
- 4.-5. [Reserved for future use.]
6. Under former § 27-65-29.

1. Raw materials.

Electricity that was used by taxpayer in electrolytic process to create chemical products was not "raw material" for purpose of statute exempting from sales taxes raw materials sold to manufacturer for producing products, but not for fuel; electricity is pure energy and fuels reactions in electrolytic cells by forcing electrons in circuit and ions in solution to move. *Kerr-McGee Chem. Corp. v. Buelow*, 670 So. 2d 12 (Miss. 1995).

2. Semitrailers.

A taxpayer was properly to pay sales taxes on trailers sold to out-of-state residents, notwithstanding his contention that the trailers qualified as "semitrailers" with the "48 hour drive out rule," where the taxpayer failed to establish that the trailers were exported from the state within 48 hours and that they were registered and first used in another state. *Buelow v. Glidewell*, 757 So. 2d 216 (Miss. 2000).

3. Vessels and barges.

The statutory exemption applied to a contract pursuant to which a bankruptcy debtor agreed to repair and convert a

damaged tank barge into a replica of an 1860's side wheeler river boat to be utilized as a floating casino, notwithstanding that the debtor never owned the barge upon which the casino was built, as the term builder also contemplates the remodeling and adapting of buildings and other structures. *Mississippi State Tax Comm'n v. Superior Boat Works*, 246 B.R. 259 (N.D. Miss. 2000).

4.-5. [Reserved for future use.]

6. Under former § 27-65-29.

An asserted tax exemption is to be construed strictly against the one who asserts a claim of exemption, and the language of this section [Code 1942, § 10116] must be construed most favorably to the taxing power, with the claimant having the burden of showing clearly his right to the exemption. *Fuel Servs., Inc. v. Rhoden*, 245 So. 2d 600 (Miss. 1971).

The gross income of the business or the gross proceeds of the sales upon which to compute the privilege tax upon a manufacturer, such as a lumber company, remains the same whether computed from sales in interstate commerce, sales of products exempt from sales tax, popularly so-called, or sales to the United States government, even though the gross income derived from such sales may be exempt from a tax thereon as sales. *Stone v. Green Lumber Co.*, 191 Miss. 414, 1 So. 2d 764 (1941).

However, this exemption shall not apply to ornamental plants which bear no fruit of commercial value. All sales by agricultural cooperative associations organized under Article 9 of Chapter 7 of Title 69, or under Chapters 17 or 19 of Title 79, Mississippi Code of 1972, of agricultural products produced by members for market before such products are subjected to any manufacturing process.

(c) The gross proceeds of retail sales of mules, horses and other livestock.

(d) Income from grading, excavating, ditching, dredging or landscaping activities performed for a farmer on a farm for agricultural or soil erosion purposes.

(e) The gross proceeds of sales of all antibiotics, hormones and hormone preparations, drugs, medicines and other medications including serums and

(f) Sales of food products that are grown, made or processed in Mississippi and sold from farmers' markets that have been certified by the Mississippi Department of Agriculture and Commerce.

(b) Sales to schools, when such schools are supported wholly or in part by funds provided by the State of Mississippi, provided that this exemption does not apply to sales of property which is not to be used in the ordinary operation of the school, or which is to be resold to the students or the public.

Section 1 of ch. 457, Laws of 2009, effective from and after July 1, 2009 (approved March 26, 2009), also amended this section. Amendment Notes — The first 2009 amendment (ch. 332), in (a), inserted “or products,” inserted “and 27-19-26,” and made a minor stylistic change in the first paragraph, and inserted “or specified digital products” in the second paragraph

The second 2009 amendment (ch. 457) in (g), inserted “in part or in whole” preceding “under the provisions of the Medicare or Medicaid program,” and added “then the entire sale shall be exempt from the taxes imposed by this chapter” thereafter.

The 2010 amendment substituted “paragraph (f) of this section” for “subsection (f) of this section” in the second paragraph; and added (i).

Under statute levying a tax on the gross income from business of operating a hotel and also statute [Code 1942, § 10113] exempting from the general sales tax so much of the gross income as it derived from sales of tangible property to the United States Government and so much thereof as it derived from charges for labor to the United States government, the furnishing of lodging in a hotel to the United States government is neither sale of tangible property nor a charge for labor. *Edwards House Co. v. Stone*, 216 Miss. 96, 61 So. 2d 663 (1952).

A hotel operator, who contracted with the United States government to supply lodging to army and air force recruits and

agreed that the government would not be expected to pay the sales tax of such lodgings, was himself liable for the sales tax upon the lodgings so furnished. *Edwards House Co. v. Stone*, 216 Miss. 96, 61 So. 2d 663 (1952).

An amount received from a federal agency for services rendered in compressing cotton was subject to the privilege tax hereunder [Code 1942, § 10113], such amount not being income from a sale to the government within the exception therein provided. *Compress of Union v. Stone*, 188 Miss. 49, 193 So. 329 (1940), cert. denied, 311 U.S. 668, 61 S. Ct. 27, 85 L. Ed. 429 (1940), overruled on other grounds, *Hollingsworth v. The imposition of a privilege tax on an amount received from a federal agency for services rendered in compressing cotton was not violative of the federal constitution as being a tax on one of the federal governmental agencies, since the tax was not imposed on a federal governmental agency but on income derived from such an agency. *Compress of Union v. TAX ON SALE OF MOTOR VEHICLE BY INDIVIDUAL

SEC.

27-65-201. Tax upon sale or use of motor vehicles.

§ 27-65-201. Tax upon sale or use of motor vehicles.

(1) For the purposes of this section, unless the context otherwise requires, the term “motor vehicle” means a motor vehicle required to be registered or licensed by the county tax collectors pursuant to Section 27-19-43.

(2) Upon every person, firm or corporation purchasing other than at wholesale within this state any motor vehicle required to be registered or licensed with the tax collector of any county in this state from any person, firm or corporation which is not a licensed dealer engaged in selling motor vehicles, there shall be levied and collected a sales tax at the rate of five percent (5%) of the true value of the motor vehicle as calculated by using the most current official motor vehicle assessment schedule supplied by the State Tax Commission.

(3) Upon every person, firm or corporation purchasing other than at wholesale outside the state any motor vehicle required to be registered or licensed with the tax collector of any county in this state from any person, firm or corporation which is not a licensed dealer engaged in selling motor vehicles, for use, storage or other consumption within this state there is levied a use tax at the rate of five percent (5%) of the true value of the motor vehicle as calculated by using the most current official motor vehicle assessment schedule supplied by the State Tax Commission.

(4) Where any motor vehicle is taken in trade as a credit or part payment on the sale of a motor vehicle taxable under this section, the tax levied by this section shall be paid on the net difference, that is, the true value of the motor vehicle sold less the credit for the motor vehicle taken in trade.

(5) The tax levied by this section shall be collected by the tax collector at the time of, and as a prerequisite to, the registration of or licensing of any such motor vehicle. The tax collector shall give to the person registering the vehicle a receipt in a form prescribed and furnished by the State Tax Commission for the amount of tax collected.

(6) County tax collectors shall be liable for the tax they are required to collect, and taxes which are in fact collected, under this section and failure to properly collect or maintain proper records shall not relieve them of liability for payment to the State Tax Commission. Deficiencies in collection or payment shall be assessed against the tax collector, or his successor, in the same manner and subject to the same penalties and provisions for appeal as are deficiencies assessed against taxpayers under Chapter 65, Title 27, Mississippi Code of 1972.

Each tax collector of the several counties shall, on or before the twentieth day of each month, file a report with and pay to the State Tax Commission all

funds collected under the provisions of this section, less a commission of three percent (3%) which shall be retained by the tax collector as a commission for collecting such tax, and such commission shall be deposited in the county general fund. The report required to be filed shall cover all collections made during the calendar month next preceding the date on which the report is due and filed.

Any error in the report and remittance to the State Tax Commission may be adjusted on a subsequent report. If the error was in the collection by the tax collector, it shall be adjusted through the tax collector with the taxpayer before credit is allowed by the State Tax Commission.

All information relating to the collection of this tax by tax collectors and such records as the State Tax Commission may require shall be preserved in the tax collector's office for a period of three (3) years for audit by the State Tax Commission.

(7) The tax levied by this section shall not apply to the following:

(a) Transfers of legal ownership of motor vehicles currently registered or licensed in the transferor's name between husband and wife, parent and child, or grandparents and grandchildren, unless the transferor is a licensed dealer of motor vehicles and the transfer of the motor vehicle is made in the regular course of business.

(b) Transfers of legal ownership of motor vehicles pursuant to a will or pursuant to any law providing for the distribution of the property of one dying intestate.

(c) Transfers of legal ownership of motor vehicles ten (10) or more years after the date of the manufacture of such vehicle.

Editor's Note — Laws of 2009, ch. 562, § 6, as amended by Laws of 2009, 2nd Ex Sess, ch. 89, § 1, provides as follows:

"SECTION 6. Sections 1 and 2 of this act shall take effect and be in force from and after May 15, 2009. Sections 3, 4 and 5 of this act shall take effect and be in force from and after July 1, 2009, if a bill appropriating not less than \$27,000,000.00 for fiscal year 2010 to the Motor Vehicle Ad Valorem Tax Reduction Fund is enacted into law."

(4) The governing authorities of the counties, municipalities and school districts may expend the proceeds of such tax for any lawful purposes.

(a) “Hotel” or “motel” means and includes a place of lodging that at any one time will accommodate transient guests on a daily or weekly basis and that is known to the trade as such. Such terms shall not include a place of lodging with ten (10) or less rental units.

(b) “Municipality” means any municipality in the State of Mississippi with a population of one hundred fifty thousand (150,000) or more according to the most recent federal decennial census.

(c) “Restaurant” means and includes all places where prepared food is sold and whose annual gross proceeds of sales or gross income for the preceding calendar year equals or exceeds One Hundred Thousand Dollars (\$100,000.00). The term “restaurant” shall not include any nonprofit orga-

For the purpose of calculating gross proceeds of sales or gross income, the sales or income of all establishments owned, operated or controlled by the same person, persons or corporation shall be aggregated.

(2)(a) Subject to the provisions of this section, the governing authorities of a municipality may impose upon all persons as a privilege for engaging or continuing in business or doing business within such municipality, a special sales tax at the rate of not more than one percent (1%) of the gross proceeds of sales or gross income of the business, as the case may be, derived from any of the activities taxed at the rate of seven percent (7%) or more under the Mississippi Sales Tax Law, Section 27-65-1 et seq.

(b) The tax levied under this section shall apply to every person making sales, delivery or installations of tangible personal property or services within the municipality but shall not apply to:

(i) Sales exempted by Sections 27-65-19, 27-65-101, 27-65-103, 27-65-105, 27-65-107, 27-65-109 and 27-65-111 of the Mississippi Sales Tax Law;

(v) Gross income of businesses engaging or continuing in the business of TV cable systems, subscription TV services, and other similar activities, including, but not limited to, cable Internet services.

(3) Before any tax authorized under this section may be imposed, the governing authorities of the municipality shall adopt a resolution declaring its intention to levy the tax, setting forth the amount of the tax to be imposed, the purposes for which the revenue collected pursuant to the tax levy may be used and expended, the date upon which the tax shall become effective and calling for an election to be held on the question. The date of the election shall be set in the resolution. Notice of the election shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the municipality, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. At the election, all qualified electors of the municipality may vote. The ballots used at the election shall have printed thereon a brief description of the sales tax, the amount of the sales tax levy, a description of the purposes for which the tax revenue may be used and expended and the words "FOR THE LOCAL SALES TAX" and "AGAINST THE LOCAL SALES TAX" and the voter shall vote by placing a cross (X) or check

mark () opposite his choice on the proposition. When the results of the election have been canvassed by the election commissioners of the municipality and certified by them to the governing authorities, it shall be the duty of such governing authorities to determine and adjudicate whether at least three-fifths ($\frac{3}{5}$) of the qualified electors who voted in the election voted in favor of the tax. If at least three-fifths ($\frac{3}{5}$) of the qualified electors who voted in the election voted in favor of the tax, the governing authorities shall adopt a resolution declaring the levy and collection of the tax provided in this section and shall set the first day of the second month following the date of such adoption as the effective date of the tax levy. A certified copy of this resolution, together with the result of the election, shall be furnished to the State Tax Commission not less than thirty (30) days before the effective date of the levy.

(4) Upon approval of the expenditure by the commission established pursuant to subsection (7) of this section, the revenue collected pursuant to the tax levy imposed under this section may be expended for the following purposes:

- (a) To enhance police and fire protection services;
- (b) To pay for emergency road and street repairs and emergency water system and sewage system projects; and
- (c) To pay the cost of road and street repair, reconstruction and resurfacing projects based on traffic patterns, need and usage.

(5)(a) The special sales tax authorized by this section shall be collected by the State Tax Commission, shall be accounted for separately from the amount of sales tax collected for the state in the municipality and shall be paid to the municipality. The State Tax Commission may retain three percent (3%) of the proceeds of such tax for the purpose of defraying the costs incurred by the commission in the collection of the tax. Payments to the municipality shall be made by the State Tax Commission on or before the fifteenth day of the month following the month in which the tax was collected.

(b) Thirty percent (30%) of the proceeds of the special sales tax shall be placed into a special municipal fund apart from the municipal general fund and any other funds of the municipality, and shall be expended by the municipality solely for the purposes authorized in subsection (4)(a) and (b) of this section. The remainder of the proceeds of the special sales tax shall be placed into a special municipal fund apart from the municipal general fund and any other funds of the municipality, and shall be expended by the municipality solely for the purposes authorized in subsection (4)(c) of this section. The records reflecting the receipts and expenditures of the revenue from the special sales tax shall be audited annually by an independent certified public accountant. The accountant shall make a report of his findings to the governing authorities of the municipality and file a copy of his report with the Secretary of the Senate and the Clerk of the House of Representatives. The audit shall be made and completed as soon as practical after the close of the fiscal year of the municipality, and expenses of the audit shall be paid from the funds derived by the municipality pursuant to this section.

(c) All provisions of the Mississippi Sales Tax Law applicable to filing of returns, discounts to the taxpayer, remittances to the State Tax Commission, enforced collection, rights of taxpayers, recovery of improper taxes, refunds of overpaid taxes or other provisions of law providing for imposition and collection of the state sales tax shall apply to the special sales tax authorized by this section, except where there is a conflict, in which case the provisions of this section shall control. Any damages, penalties or interest collected for the nonpayment of taxes imposed under this section, or for noncompliance with the provisions of this section, shall be paid to the municipality on the same basis and in the same manner as the tax proceeds. Any overpayment of tax for any reason that has been disbursed to a municipality or any payment of the tax to a municipality in error may be adjusted by the State Tax Commission on any subsequent payment to the municipality pursuant to the provisions of the Mississippi Sales Tax Law. The State Tax Commission may, from time to time, make such rules and regulations not inconsistent with this section as may be deemed necessary to carry out the provisions of this section, and such rules and regulations shall have the full force and effect of law.

(6) If a municipality expands its corporate boundaries, the governing authorities of the municipality may not impose the special sales tax in the annexed area unless the tax is approved at an election conducted, as far as is practicable, in the manner provided in subsection (3) of this section, except that only qualified electors in the annexed area may vote in the election.

(7)(a) Any municipality that levies the special sales tax authorized under this section shall establish a commission as provided for in this section. No expenditure of revenue from the special sales tax authorized by this section may be made without the prior approval of the expenditure by the commission.

(b) The commission shall be composed of nine (9) voting members and one (1) nonvoting member who shall be known as commissioners appointed as follows:

All appointments made by the mayor pursuant to this paragraph shall be residents of the municipality.

(iii) One (1) member shall be appointed at large by the Governor for an initial term of four (4) years. All appointments made by the Governor pursuant to this paragraph shall be residents of the municipality.

(iv) One (1) member shall be appointed at large by the Lieutenant Governor for an initial term of four (4) years. All appointments made by

the Lieutenant Governor pursuant to this paragraph shall be residents of the municipality.

(c) The Speaker of the House of Representatives shall appoint one (1) at-large member who shall serve as a nonvoting advisory member for a term of four (4) years.

(d) The terms of all appointments made subsequent to the initial appointment shall be made for five (5) years. Any vacancy which may occur shall be filled in the same manner as the original appointment and shall be made for the unexpired term. Each member of the commission shall serve until his successor is appointed and qualified.

(e) The mayor of the municipality shall designate a chairman of the commission from among the membership of the commission. The vice chairman and secretary shall be elected by the commission from among the membership of the commission for a term of two (2) years. The vice chairman and secretary may be reelected, and the chairman may be reappointed.

(f) The commissioners shall serve without compensation.

(g) Any commissioner shall be disqualified and shall be removed from office for either of the following reasons:

(i) Conviction of a felony in any state court or in federal court; or

(ii) Failure to attend three (3) consecutive meetings without just cause.

If a commissioner is removed for any of the above reasons, the vacancy shall be filled in the manner prescribed in this section and shall be made for the unexpired term.

(h) Before assuming the duties of office, each commissioner shall take the oath prescribed by law and shall enter into and give bond, to be approved by the Secretary of State of the State of Mississippi, in the sum of Twenty-five Thousand Dollars (\$25,000.00), conditioned upon the faithful performance of his duties. Such bond shall be payable to the State of Mississippi, and, in the event of a breach thereof, suit may be brought by the State of Mississippi for the benefit of the commission. The premiums on such bonds shall be paid from the funds received by the commission under the provisions of this section.

(i) A quorum shall consist of five (5) voting members of the commission. The commission shall adopt such rules and regulations as may govern the time and place for holding meetings, regular and special.

(j) No expenditure of the revenue from the tax authorized to be imposed pursuant to this section shall be made without the prior approval of the commission.

(8) This section shall stand repealed from and after July 1, 2014.

§ 27-67-4. Mail order sales.

(1) For purposes of this article, a "mail order sale" is a sale of tangible personal property or specified digital products, ordered by mail or other means as described in subsection (2)(e), to a purchaser who is in this state at the time the order is remitted, from a person who receives the order in another state of the United States, or in a commonwealth, territory or other area under the jurisdiction of the United States, and which person transports the property or products or causes the property or products to be transported, whether or not by mail, from any jurisdiction of the United States, including this state, to the purchaser in this state who ordered the property or products or to another person in this state for whom the purchaser ordered the property. For purposes of this definition, it will be presumed that every purchaser resident in this state who remits an order shall have been in this state at the time the order was remitted.

(2) Every person doing business in this state who makes a mail order sale is subject to the power of this state to levy and collect the tax imposed by this article when:

(a) The person is a corporation doing business under the laws of this state or a person domiciled in, a resident of, or a citizen of, this state;

(b) The person maintains retail establishments or offices in this state, whether the mail order sales thus subject to taxation by this state result from or are related in any other way to the activities of such establishments or offices;

(c) The person has agents in this state who solicit business or transact business on his behalf, whether the mail order sales thus subject to taxation by this state result from or are related in any other way to such solicitation or transaction of business;

(d) The property was delivered in this state in fulfillment of a sales contract that was entered into in this state, in accordance with applicable conflict of laws rules, when a purchaser in this state accepted an offer by ordering the property;

(e) The person, by purposefully or systematically exploiting the consumer market provided by this state by any media-assisted, media-facilitated or media-solicited means, including, but not limited to, direct mail advertising, unsolicited distribution of catalogues, computer-assisted shopping, television, radio or other electronic media, or magazine or newspaper advertisements or other media, creates nexus with this state;

(f) Through compact or reciprocity with another jurisdiction of the United States, that jurisdiction uses its taxing power and its jurisdiction over the retailer in support of this state's taxing power; or

(g) The person consents, expressly or by implication, to the imposition of the tax imposed by this part.

(3) Every person engaged in the business of making mail order sales is subject to the requirements of this article for cooperation in collection of taxes and in administration of this article, except that no fee shall be imposed upon such person for carrying out any required activity.

(4) The tax required under this section to be collected, and any amount unreturned to a purchaser that is not tax but was collected from the purchaser under the representation that it was tax, constitute funds of the State of Mississippi from the moment of collection.

§ 27-67-5. Tax levy.

There is hereby levied, assessed and shall be collected from every person a tax for the privilege of using, storing or consuming, within this state, any tangible personal property or specified digital product possession of which is acquired in any manner.

(a) The use tax hereby imposed and levied shall be collected at the same rates as imposed under Section 27-65-20, and Sections 27-65-17, 27-65-18, 27-65-19, 27-65-24, 27-65-25 and 27-65-26 computed on the purchase or sales price, or value, as defined in this article.

(b) It shall be the duty of the tax collectors of the several counties, or the commissioner, as the case may be, to collect, remit and account for the tax on the use of all vehicles licensed or registered by the State of Mississippi for the first time, except when the Mississippi use tax was collected by an authorized out-of-state dealer at the time of purchase, or when the use thereof was exempt by Section 27-67-7. The tax collector or the commissioner shall give to the person registering the vehicle a receipt in a form prescribed and furnished by the Department of Revenue for the amount of tax collected.

The tax collector or commissioner is expressly prohibited from issuing a license tag to any applicant without collecting the tax levied by this article, unless positive proof is filed, together with the application for the license tag, that the Mississippi tax has been paid, or that the sale was exempt by Section 27-67-7.

Persons not engaging and continuing in business so as to be registered for payment of sales and/or use tax may pay use tax due on the first use of boats, airplanes, equipment or other tangible personal property and specified digital products to county tax collectors who are hereby authorized to accept such payments on behalf of the commissioner. Receipts for all such payments shall be given to taxpayers in a form prescribed and furnished by the Department of Revenue.

County tax collectors and the commissioner shall be liable for the tax they are required hereby to collect, and taxes which are in fact collected under authority of this section; and failure to properly collect or maintain proper records shall not relieve them of liability for payment to the commissioner. Deficiencies in collection or payment shall be assessed against the tax collector or commissioner in the same manner and subject to the same penalties and provisions for appeal as are deficiencies assessed against taxpayers.

A dealer authorized to collect and remit the tax to the Department of Revenue shall give to the purchaser a receipt for the payment of the tax, in a form prescribed and furnished by the commissioner, which shall serve as proof of payment to the tax collector of the county in which the license is to be issued.

Each tax collector of the several counties shall, on or before the twentieth day of each month, file a report with and pay to the commissioner all funds collected under the provisions of this article, less a commission of five percent (5%) which shall be retained by the tax collector as a commission for collecting such tax and be deposited in the county general fund. The report required to be filed shall cover all collections made during the calendar month next preceding the date on which the report is due and filed.

Any error in the report and remittance to the commissioner may be adjusted on a subsequent report. If the error was in the collection by the tax collector, it shall be adjusted through the tax collector with the taxpayer before credit is allowed by the commissioner.

All information relating to the collection of use tax by tax collectors and such records as the commissioner may require shall be preserved in the tax collector's office for a period of three (3) years for audit by the commissioner.

Amendment Notes — The 2009 amendment inserted "or specified digital product" near the end of the introductory paragraph; inserted "and 27-65-26" in (a); and inserted "and specified digital products" in the first sentence of the third paragraph of (b).

The 2010 amendment inserted "27-65-24" following "27-65-19" in (a); substituted throughout "commissioner" for "State Tax Commissioner" and "Department of Revenue" for "State Tax Commission."

Collection in 1947 and 1948 by nonresident seller of two percent of invoice price of all merchandise sold customers in Mississippi for seller's protection if held liable for use tax, but which seller does not owe to Mississippi, cannot be used as bar to seller's claim for refund of use taxes paid under protest in 1945 and 1946, even if seller fails to refund to its customers taxes collected in 1947 and 1948. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), appeal dismissed, cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342 (1950).

Tax under this section [Code 1942, § 10146-03] is for use or storage in Mississippi and there can be no tax on use in Mississippi until there is use in Mississippi and until purchased property attains that status tax cannot be for a use that has not occurred. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), appeal dismissed, cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342 (1950).

Decision on former appeal of same case that Use Tax Law of this state is unconstitutional in its requirement that foreign seller collect and pay use tax on goods sold to Mississippi residents when seller is nondomesticated foreign corporation having no place of business or any agent in this state will be adhered to on subsequent appeal, and case does not become new case because State of Tennessee, from which state goods are shipped, is claimed to have relevant Sales Tax Law, because coming to rest in this state feature of original law has been eliminated, or because two salesmen of seller happen to reside in Mississippi for their own personal convenience and not that of employer, since principles controlling law of case doctrine are more binding upon courts than law of precedent. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), appeal dismissed, cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342 (1950).

Use tax statute violates due process clause of both state and federal constitution in requiring foreign seller, nondomesticated foreign corporation, having no place of business or any agent in this

state, its only intrastate activity being sending into state of nonresident solicitors and two resident solicitors to take orders effective only when approved at home office, to become collecting agent for use tax on goods sold by corporation on orders taken as stated, when sales are completed by delivery of goods to common carrier in foreign state. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), appeal dismissed, cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342 (1950).

Laws of 1948, ch. 457, amending this section by eliminating provision that tax imposed shall not apply to use of article of tangible personal property sold or processed outside of state until transportation is ended and article commingled with mass of property within state, does not affect decision that statute is unconstitutional in its requirement that foreign seller must collect and pay tax on goods sold on orders given to nonresident solicitors, effective only when approved at home office, sales being completed by delivery to common carrier in foreign state by nondomesticated foreign corporation, having no place of business in this state. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), appeal dismissed, cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342 (1950).

1948 amendment of this section [Code 1942, § 10146-03], which eliminates provision that use tax shall become due when shipment shall come to rest in Mississippi and is commingled with general mass of goods, cannot be construed retroactively to affect tax litigation involving years prior to effective date of amendment as to tax laws must be given prospective operation, unless contrary intention is manifested by clear and positive expression. *Stone v. Reichman-Crosby Co.*, 43 So. 2d 184 (Miss. 1949), cert. denied, 339 U.S. 917, 70 S. Ct. 625, 94 L. Ed. 1342, former opinion in 204 Miss. 122, 37 So. 2d 22 (1948).

Use Tax Law, Chapter 120, Laws of 1942, is unconstitutional as to its requirement that a nonresident seller shall collect and pay tax on sales consummated in Tennessee by delivery of property to a common carrier for transportation to purchasers in Mississippi, when the nonresi-

dent seller is not doing business in Mississippi and property was sold on orders taken by nonresident salesmen, as it violated commerce clause by imposing a burden on interstate commerce and denies to seller equal protection and due process of law. *Reichman-Crosby Co. v. Nonresident seller engaged exclusively in interstate commerce is neither subject to state's taxing power nor to state's jurisdiction to subject seller to personal liability for failure to collect and pay tax levied against citizens of this state. *Reichman-Crosby Co. v. The tax levied in Article 1, Chapter 67, Title 27, Mississippi Code of 1972, shall not be collected on the use, storage or consumption of boxes, crates, cartons and other packaging material brought into this state for use to pack or ship materials for the federal government.

§ 27-67-7. Exemptions.

The tax levied by this article shall not be collected in the following instances:

(a) On the use, storage or consumption of any tangible personal property or specified digital products if the sale thereof has already been included in the measure of this tax or the tax imposed by Section 27-65-20 or Section 27-65-17, 27-65-19, 27-65-25 or 27-65-26, or has already been included in the measure of a sales tax imposed by another state in which the property or products were sold or use tax imposed by some other state in which the property was used. If the rate of sales or use tax paid another state by the person using the property or products in Mississippi is not equal to or greater than the rate imposed by this article, then the user or purchaser shall apply the difference in these rates to the purchase price or value of the property or products and pay to the commissioner the amount of tax thus computed. Persons using business property or products in this state which has been used by them in other states shall be entitled to a credit for sales and/or use tax paid to other states equal to the aggregate of all such state rates multiplied by the value of the property or products at the time of

importation into this state. Persons using business property or products in this state which were acquired from another person who used it in other states shall be entitled to a credit equal to the applicable rate in the state of last prior use multiplied by the value of the property or products at the time of importation into this state. However, credit for use tax paid to another state shall not apply on the purchase price of tangible personal property or specified digital products that have been only stored or warehoused in the other state and the first use of the property or products occurs in Mississippi. Provided further, that credit for sales or use tax paid to another state shall not apply on the purchase price or value of automobiles, trucks, truck-tractors, semitrailers, trailers, boats, travel trailers, motorcycles and all-terrain cycles imported and first used in Mississippi.

Credit for sales or use tax paid to another state as provided in this paragraph (a) shall be evidenced by an invoice clearly and correctly showing the amount of the tax as a separate item, and no credit shall be allowed otherwise.

(b) On the use, storage or consumption of tangible personal property or specified digital products to the extent that sales of similar property or products in Mississippi are either excluded or specifically exempt from sales tax or are taxed at the wholesale rate.

This exemption shall be confined to the use of property or products the sale of which is an itemized exemption in the Mississippi Sales Tax Law, or to use by persons who are listed in the Mississippi Sales Tax Law as being exempt from sales tax.

(c) On the use, storage or consumption of tangible personal property or specified digital products brought into this state by a nonresident for his or her use or enjoyment while temporarily within the state, but not including tangible personal property or specified digital products brought in for use in connection with a business activity. This exemption shall not apply to property or products which remain situated in this state for the repeated use, storage or consumption by out-of-state visitors, or which is acquired by visitors and first used in this state.

(d) On the use of a motor vehicle for which a registration is required by the motor vehicle law, when such motor vehicle was purchased by a natural person for his personal or family use while such person was a bona fide resident of another state and who thereafter became a resident of this state, but not to include a motor vehicle which is transferred by the owner for commercial use or for use by another person within this state.

(e) On the use of personal and household effects by a natural person acquired while the person was a bona fide resident of another state, and who thereafter became a resident of this state.

(f) On the use or rental of motion picture film, video-audio tapes, phonograph records or specified digital products for exhibition either by a person paying Mississippi sales tax on gross income from admissions for the exhibitions or by a person operating a television or radio broadcasting station.

(g) On any vehicle purchased in another state for use outside of this state by a Mississippi citizen serving in the Armed Forces and stationed in another state who elects to license the vehicle in Mississippi.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a statutory reference in (a). The reference to “Section 27-65-24” was changed to “Section 27-65-20.” Section 27-65-24 was deleted from the Code because it was a duplicate of Section 27-65-20, with the same source. Editor’s Note — Subsection (k), was repealed by its own terms, effective July 1, 1995.

The imposition of use and excise taxes pursuant to § 27-67-7 et seq. on a pipeline company’s use of natural gas taken from its interstate gas pipeline as fuel for its compressor engines located along the pipeline was permissible under the commerce clause and the due process clause of the United States Constitution since the activity taxed—the consumption of natural gas in compressor stations located in Mississippi—had a sufficient nexus with the State to justify the tax, the tax was fairly

apportioned to assess only local activities and did not discriminate against interstate commerce by subjecting interstate taxpayers to a double taxation where similarly situated intrastate taxpayers would be subject to only single taxation, and the tax was fairly related to the benefits provided by the State to the pipeline company. *Tennessee Gas Pipeline Co. v. Marx*, 594 So. 2d 615 (Miss. 1992).

State’s imposition of sales and use tax liability on religious organization’s retail sale of religious materials, did not, under extant circumstances, violate free exercise of religion clause of First Amendment or result in excessive entanglement between government and religion thereby violating establishment clause. *Jimmy Swaggart Ministries v. Board of Equalization*, 493 U.S. 378, 110 S. Ct. 688, 107 L. Ed. 2d 796 (1990).

The phrase “a sales tax imposed in another state” as set forth in § 27-67-7,

means a tax properly imposed. Thus, the Chancery Court properly considered whether another state improperly imposed its sales tax in determining whether a use tax should have been collected. *Weeks Dredging & Contracting, Inc. v. Mississippi State Tax Comm'n*, 521 So. 2d 884 (Miss. 1988).

Section 514 of the Soldiers' and Sailors' Civil Relief Act does not exempt servicemen from sales and use taxes imposed by states in which they are stationed, but of which they are neither residents nor domiciliaries. *Sullivan v. United States*, 395 U.S. 169, 89 S. Ct. 1648, 23 L. Ed. 2d 182 (1969).

A pipeline company is not subject to the use tax in respect of gas which, by agreement with the owner of gas transported, it has a right to take from its line for the operation of compressor stations. *Mississippi State Tax Commission v. Columbia Gulf Transmission Co.*, 249 Miss. 88, 161 So. 2d 173 (1964).

2. No entitlement to exemption.

Gas company's use of its own gas for its operations was subject to the use tax and not exempt under Miss. Code Ann. § 27-67-7 because the gas used at the company's plant was never sold at wholesale for resale by another company, but instead the company treated the transaction as a sale to itself and used the gas to fuel its own operations; thus, the company could not avail itself of the wholesaler exemp-

tion. *Pursue Energy Corp. v. Miss. State Tax Comm'n*, 968 So. 2d 368 (Miss. 2007).

Tangible personal property used in the construction and operation of an oil pipeline gathering system for transporting oil from one point in the state to another point in the state for ultimate shipment out of the state by railroad, was exempt from use tax, as property used in furtherance of interstate transportation or interstate commerce. *Interstate Oil Pipe Line Co. v. § 27-67-11. Seller to collect tax from purchaser.

(1) Every person maintaining a place of business, or doing business, in this state, shall collect the tax imposed by this article from the purchaser and remit the tax to the commissioner as hereinafter provided. Failure to collect

the tax from the purchaser shall not relieve the seller of liability for payment of the tax.

(2) Any person selling tangible personal property or specified digital products that does not maintain a place of business in this state may be authorized by the commissioner to collect the tax from customers in Mississippi who are liable for its payment, and such person shall remit the tax to the commissioner in the same manner and subject to the same requirements as a person maintaining a place of business or doing business within this state. Such authority may be cancelled at any time when, in the judgment of the commissioner, the tax can be collected more effectively from the purchaser in this state. When the tax has been collected from the purchaser, the seller shall be liable for payment of the tax to the commissioner.

(3) Every person required or authorized to collect the tax shall add to the sales price of tangible personal property, services or specified digital products the amount of the tax imposed on purchaser for the use, storage, or consumption thereof, and, when so added, the tax shall be a debt from the purchaser to the seller until paid, and shall be collectible at law in the same manner as other debts. It shall be unlawful for any person to advertise, hold out, or state to the public or to any customer that the tax herein imposed will be assumed or absorbed by the seller or that any part thereof will be refunded. Said tax shall be stated separately from the sales price on the sales invoice and shown separately on the seller's records. The purchaser shall pay the tax to the seller as trustee for and on account of the state.

Use Tax Law, Chapter 120, Laws of 1942, is unconstitutional as to its requirement that a nonresident seller shall collect and pay tax on sales consummated in Tennessee by delivery of property to a common carrier for transportation to purchasers in Mississippi, when the nonresident seller is not doing business in Mississippi and property was sold on orders taken by nonresident salesmen, as it violated commerce clause by imposing a burden on interstate commerce and denies to seller equal protection and due process of law. *Reichman-Crosby Co. v. Stone*, 204 Miss. 122, 37 So. 2d 22 (1948).

A seller of tangible personal property who has no office, place of business or

resident agent in this state, has not qualified to do business in Mississippi under state law, has not appointed a resident agent for service of process, and is engaged in no local activity in state, but who sells on orders taken by nonresident salesmen, completing such sales in Tennessee by delivery of property sold to residents of Mississippi to a common carrier at Memphis for transportation to purchasers in Mississippi, is not doing business in Mississippi, in a manner to give its courts jurisdiction over seller. *Reichman-Crosby Co. v. Stone*, 204 Miss. 122, 37 So. 2d 22 (1948).

Nonresident seller engaged exclusively in interstate commerce is neither subject to state's taxing power nor to state's jurisdiction to subject seller to personal liability for failure to collect and pay tax levied against citizens of this state. *Reichman-Crosby Co. v. § 27-67-17. Payment of tax to commissioner, filing of returns.

[Until July 1, 2012, this section shall read as follows:]

(1) Except as otherwise provided in this section, the commissioner shall collect the tax imposed by this article, and every person subject to its provisions shall remit to the commissioner, on or before the twentieth day of each month, the amount of tax due by such person for the preceding calendar month. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except that when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. Every taxpayer shall file a return with his remittance, which return shall be prescribed by the commissioner and shall show for the calendar month preceding the tax payment date, the total sale or purchase price, or value of tangible personal property or specified digital products sold, used, stored or consumed by him for benefit received or service performed, and

such other information as the commissioner may deem pertinent and necessary for determining the amount of tax due thereunder.

(2) The commissioner, in his discretion, may authorize in writing the filing of returns and the payment of tax on a quarterly basis by any person required or authorized to pay the tax imposed, such authority to be subject to revocation for good cause by the commissioner.

(3) In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

(4) A taxpayer required to collect use taxes under this article and having an average monthly use tax liability of at least Twenty Thousand Dollars (\$20,000.00) for the preceding calendar year shall pay to the State Tax Commission on or before June 25, 2003, and on or before the twenty-fifth day of June of each succeeding year thereafter, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated use tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's use tax liability for the month of June of the preceding calendar year. Payments required to be made under this subsection must be received by the State Tax Commission no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual use tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any use tax diversions required by law until the taxpayer files a return for the actual use taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi.

(5) The commissioner, in his discretion, may authorize the computation of the tax on the basis of a formula in lieu of direct accounting of specific properties in instances where such method will expedite, simplify or provide a more equitable means of determining liability under this article. All formulas shall be subject to revocation for good cause by the commissioner.

[From and after July 1, 2012, this section shall read as follows:]

(1) Except as otherwise provided in this section, the commissioner shall collect the tax imposed by this article, and every person subject to its provisions shall remit to the commissioner, on or before the twentieth day of each month, the amount of tax due by such person for the preceding calendar month. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except that when the due date falls on a weekend or holiday, returns and payments placed in the mail must be

postmarked by the first working day following the due date in order to be considered timely filed. Every taxpayer shall file a return with his remittance, which return shall be prescribed by the commissioner and shall show for the calendar month preceding the tax payment date, the total sale or purchase price, or value of tangible personal property or specified digital products sold, used, stored or consumed by him for benefit received or service performed, and such other information as the commissioner may deem pertinent and necessary for determining the amount of tax due thereunder.

(2) The commissioner, in his discretion, may authorize in writing the filing of returns and the payment of tax on a quarterly basis by any person required or authorized to pay the tax imposed, such authority to be subject to revocation for good cause by the commissioner.

(3) In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

(4) A taxpayer required to collect use taxes under this article and having an average monthly use tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the State Tax Commission on or before June 25, 2013, and on or before the twenty-fifth day of June of each succeeding year thereafter, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated use tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's use tax liability for the month of June of the preceding calendar year. Payments required to be made under this subsection must be received by the State Tax Commission no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual use tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any use tax diversions required by law until the taxpayer files a return for the actual use taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi.

(5) The commissioner, in his discretion, may authorize the computation of the tax on the basis of a formula in lieu of direct accounting of specific properties in instances where such method will expedite, simplify or provide a more equitable means of determining liability under this article. All formulas shall be subject to revocation for good cause by the commissioner.

§ 27-68-9. No provision of agreement to invalidate or amend law of Mississippi; adoption of agreement by state does not amend or modify existing law; implementation of agreement conditions must be by action of the state.

No provision of the agreement authorized by this chapter in whole or part invalidates or amends any provision of the law of this state. Adoption of the agreement by this state does not amend or modify any law of this state. Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, must be by the action of this state.

§ 27-68-11. Agreement to meet minimum requirements prior to being entered into by State Tax Commission.

The State Tax Commission shall not enter into the Streamlined Sales and Use Tax Agreement unless the agreement requires each state to abide by the following requirements:

(a) The agreement must set restrictions to achieve over time more uniform state rates through the following:

- (i) Limiting the number of state rates.
- (ii) Limiting the application of maximums on the amount of state tax that is due on a transaction.
- (iii) Limiting the application of thresholds on the application of state tax.

(b) The agreement must establish uniform standards for the following:

- (i) The sourcing of transactions to taxing jurisdictions.
- (ii) The administration of exempt sales.
- (iii) The allowances a seller can take for bad debts.
- (iv) Sales and use tax returns and remittances.

(c) The agreement must require states to develop and adopt uniform definitions of sales and use tax terms. The definitions must enable a state to preserve its ability to make policy choices not inconsistent with the uniform definitions.

(d) The agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(e) The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the signatory states will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(f) The agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:

- (i) Restricting variances between the state and local tax bases.
- (ii) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.
- (iii) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

(iv) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.

(g) The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers.

(h) The agreement must require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

(i) The agreement must require each state to adopt a uniform policy for Certified Service Providers that protects the privacy of consumers and maintains the confidentiality of tax information.

(j) The agreement must provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.

§ 27-68-13. Agreement to provide mechanism among member states for establishing and maintaining cooperative system for administration of sales and use taxes.

The agreement authorized by this chapter is an accord among individual cooperating sovereigns in furtherance of their governmental functions. The agreement provides a mechanism among the member states to establish and maintain a cooperative, simplified system for the application and administration of sales and use taxes under the duly adopted law of each member state.

SOURCES: Laws, 2003, ch. 338, § 7, eff from and after passage (approved Mar. 7, 2003.)

§ 27-68-15. Member states to be sole beneficiaries of agreement; no private right of action; no law declared invalid because of inconsistency with agreement.

(1) The agreement authorized by this chapter binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the agreement. Any benefit to a person other than a state is established by the law of this state and the other member states and not by the terms of the agreement.

(2) Consistent with subsection (1) of this section, no person shall have any cause of action or defense under the agreement or by virtue of this state's approval of the agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency or other instrumentality of this state, or any political subdivision of this state on the ground that the action or inaction is inconsistent with the agreement.

(3) No law of this state, or the application thereof, may be declared invalid as to any person or circumstance on the ground that the provision or application is inconsistent with the agreement.

SOURCES: Laws, 2003, ch. 338, § 8, eff from and after passage (approved Mar. 7, 2003.)

§ 27-68-17. Certified Service Provider; Certified Automated System; seller with proprietary system for determining amount of tax due liable for failure of system to meet performance standard.

(1) A Certified Service Provider is the agent of a seller, with whom the Certified Service Provider has contracted, for the collection and remittance of sales and use taxes. As the seller's agent, the Certified Service Provider is liable for sales and use tax due each member state on all sales transactions it processes for the seller except as set out in this section. A seller that contracts with a Certified Service Provider is not liable to the state for sales or use tax due on transactions processed by the Certified Service Provider unless the seller misrepresented the type of items it sells or committed fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the Certified Service Provider. A seller is subject to audit for transactions not processed by the Certified Service Provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the Certified Service Provider's system is functioning properly and the extent to which the seller's transactions are being processed by the Certified Service Provider.

(2) A person that provides a Certified Automated System is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the Certified Automated System. A seller that uses a Certified Automated System remains responsible and is liable to the state for reporting and remitting tax.

(3) A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standard for that system is liable for the failure of the system to meet the performance standard.

§ 27-69-3. Definitions.

When used in this chapter:

(a) "State" means the State of Mississippi as geographically defined, and any and all waters under the jurisdiction of the State of Mississippi.

(b) "State Auditor" means the Auditor of Public Accounts of the State of Mississippi, or his legally appointed deputy, clerk or agent.

(c) "Commissioner" means the Commissioner of Revenue of the Department of Revenue, and his authorized agents and employees.

(d) "Person" means any individual, company, corporation, partnership, association, joint venture, estate, trust, or any other group, or combination acting as a unit, and the plural as well as the singular, unless the intention to give a more limited meaning is disclosed by the context.

(e) "Consumer" means a person who comes into possession of tobacco for the purpose of consuming it, giving it away, or disposing of it in any way by sale, barter or exchange.

(f) "Tobacco" means any cigarettes, cigars, cheroots, stogies, smoking tobacco (including granulated, plug cut, crimp cut, ready rubbed, and other kinds and forms of tobacco, or substitutes therefor, prepared in such manner as to be suitable for smoking in a pipe or cigarette) and including plug and twist chewing tobacco and snuff, when such "tobacco" is manufactured and prepared for sale or personal consumption. All words used herein shall be given the meaning as defined in the regulations of the Treasury Department of the United States of America.

(g) "First sale" means and includes the first sale, or distribution of such tobacco in intrastate commerce, or the first use or consumption of such tobacco within this state.

(h) "Drop shipment" means and includes any delivery of tobacco received by any person within this state, when payment for such tobacco is made to the shipper, or seller by or through a person other than a consignee.

(i) "Distributor" includes every person, except retailers as defined herein, in the state who manufactures or produces tobacco or who ships, transports, or imports into this state, or in any manner acquires or possesses tobacco, and makes a first sale of the same in the state.

(j) "Wholesaler" includes dealers, whose principal business is that of a wholesale dealer or jobber, who is known to the retail trade as such, and whose place of business is located in Mississippi or in a state which affords reciprocity to wholesalers domiciled in Mississippi, who shall sell any taxable tobacco to retail dealers only for the purpose of resale.

(k) "Retailer" includes every person, other than a wholesale dealer, as defined above, whose principal business is that of selling merchandise at

retail, who shall sell, or offer for sale tobacco to the consumer. The sale of tobacco in quantity lots by retailers to other retailers, transient vendors, or other persons, shall not be construed as wholesale and shall not qualify such retailer for a permit as a wholesaler.

(l) "Dealer" includes every person, firm, corporation or association of persons, except retailers as defined herein, who manufacture tobacco for distribution, for sale, for use or for consumption in the State of Mississippi.

The word "dealer" is further defined to mean any person, firm, corporation or association of persons, except retailers as defined herein, who imports tobacco from any state or foreign country for distribution, sale, use, or consumption in the State of Mississippi.

(m) "Distributing agent" includes every person in the state who acts as an agent of any person outside the State of Mississippi, by receiving tobacco in interstate commerce, and storing such tobacco in this state subject to distribution, or delivery upon order from the person outside the state to distributors, wholesalers, retailers and dealers.

(n) "Transient vendor" means and includes every person commonly and generally termed "peddlers" and every person acting for himself, or as an agent, employee, salesman, or in any capacity for another, whether as owner, bailee, or other custodian of tobacco, and going from person to person, dealer to dealer, house to house, or place to place, and selling or offering for sale at retail or wholesale tobacco, and every person who does not keep a regular place of business open at all times in regular hours, and every person who goes from person to person, dealer to dealer, house to house, or place to place, and sells or offers for sale tobacco which he carries with him, and who delivers the same at the time of, or immediately after the sale, or without returning to the place of business operations (a permanent place of business within the state) between the taking of the order and the delivery of the tobacco, or

All persons who go from person to person, house to house, place to place, or dealer to dealer, soliciting orders by exhibiting samples, or taking orders, and thereafter making delivery of tobacco, or filling the order without carrying or sending the order to the permanent place of business, and thereafter making delivery of the tobacco pursuant to the terms of the order, or

All persons who go from person to person, place to place, house to house, or dealer to dealer, carrying samples and selling tobacco from samples, and afterwards making delivery without taking and sending an order therefor to a permanent place of business for the filling of the order, and delivery of the tobacco, or the exchange of tobacco having become damaged or unsalable, or the purchase by tobacco of advertising space, or

All persons who have in their possession, or under their control, any tobacco offered, or to be offered for sale or to be delivered, unless the sale or delivery thereof is to be made in pursuance of a bona fide order for the tobacco, to be sold or delivered, the order to be evidenced by an invoice or memorandum.

(o) “Contraband tobacco” means all tobacco found in the possession of any person whose permit to engage in dealing in tobacco has been revoked by the commissioner; and any cigarettes found in the possession of any person to which the proper tax stamps have not been affixed; and any cigarettes improperly stamped when found in the possession of any person; and all other tobacco upon which the excise tax has not been paid.

(p) “Sale” means an exchange for money or goods, giving away, or distributing any tobacco as defined in this chapter.

(q) “Forty-eight (48) hours” and “seventy-two (72) hours” means two (2) calendar days and three (3) calendar days, respectively, excluding Sundays and legal holidays.

(r) “Stamp” or “stamping,” or the import of such word, when used in this chapter, means any manner of stamp or impression permitted by the commissioner that carries out the purposes of the chapter in clearly indicating upon the packages of cigarettes taxed the due payment of the tax and clearly identifying, by serial number or otherwise, the permittee who affixed the stamp to the particular package.

(s) “Manufacturer’s list price” means the full sales price at which tobacco is sold or offered for sale by a manufacturer to the wholesaler or distributor in this state without any deduction for freight, trade discount, cash discounts, special discounts or deals, cash rebates, or any other reduction from the regular selling price. In the event freight charges on shipments to wholesalers or distributors are not paid by the manufacturer, then such freight charges required to be paid by the wholesalers and distributors shall be added to the amount paid to the manufacturer in order to determine “manufacturer’s list price.” In the case of a wholesaler or distributor whose place of business is located outside this state, the “manufacturer’s list price” for tobacco sold in this state by such wholesaler or distributor shall in all cases be considered to be the same as that of a wholesaler or distributor located within this state.

JUDICIAL DECISIONS

1. In general.

The Tax Commission erred in denying a wholesaler’s tobacco license to a distributing company owned by franchise retail store owners, on the ground that it was not a “wholesaler” within the meaning of subsection (j) of this section, where such term included all those who made their sales available to retail dealers in general

and where the applicant, with limited actual selling success, had continued to stand ready to sell any merchandise to any creditworthy retailer, house brands alone excluded. However, a wholesaler does not have to have sales to show his status as such. *Mississippi State Tax Comm’n v. Piggly Wiggly Ala. Distrib. Co.*, 369 So. 2d 501 (Miss. 1979).

§ 27-69-5. Permit required, and penalty for failure to secure or renew same.

Every distributor, wholesaler, dealer or retailer who desires to become engaged in the sale or use of tobacco upon which a tax is required to be paid shall file with the commissioner an application for a permit to engage in such business. The application for a permit shall be filed on blanks to be furnished by the commissioner for that purpose. The application must be subscribed and sworn to by the person owning the business, or having an ownership interest therein. If the applicant is a corporation, a duly authorized agent shall execute the application. The application shall show the name of such person, and in case of partnership, the name of each partner thereof, the person’s post office address, the location of the place of business to which the permit shall apply, and the nature of the business in which engaged, and any other information the commissioner may require. No distributor, wholesaler, dealer or retailer shall sell any tobacco until such application has been filed, the prescribed permit fee paid, and the permit obtained. Except as otherwise provided in this paragraph, said permit shall expire on January 31 of each year. However, a retail permit shall continue in force during the time that the permit holder to whom it is issued continues in the same business at the same location unless such permit is revoked by the commissioner for cause or is revoked pursuant to any provision of the Mississippi Juvenile Tobacco Access Prevention Act in Sections 97-32-1 through 97-32-23.

An application shall be filed, and a permit obtained for each place of business owned or operated by each distributor, wholesaler, dealer or retailer.

Upon receipt of the application and any permit fee hereinafter provided for, the commissioner may issue to every distributor, wholesaler, dealer or retailer, for the place of business designated, a nonassignable permit, authorizing the sale or use of tobacco in the state. Said permit shall provide that the same is revocable, and may be forfeited or suspended upon violation of any provision of this chapter, the Mississippi Tobacco Youth Access Prevention Act of 1997 or any rule or regulation adopted by the commissioner. If such permit is revoked or suspended, said distributor, wholesaler, dealer or retailer shall not sell any tobacco from such place of business until a new permit is granted, or the suspension of the old permit removed.

A permit cannot be transferred from one person to another, and the permit shall at all times be publicly displayed by the distributor, wholesaler, dealer or retailer in his place of business so as to be seen easily by the public. A permit may be refused to any person previously convicted of violations of this chapter.

JUDICIAL DECISIONS

1. In general.

This section [Code 1942, § 10170] requires separate application, permit and payment of tax for each of two places of business selling tobacco products operated by one corporation in adjoining portions of one building with two separate

entrances, at two different street addresses, with two different managers, under two different names, one being credit business and other being strictly cash business. *A.J. Lyon & Co. v. Stone*, 207 Miss. 673, 43 So. 2d 104 (1949).

§ 27-69-7. Permit and privilege taxes required; penalty for violations.

In addition to the excise tax on each person selling, using, consuming, handling or distributing tobacco as hereinafter provided, it is hereby made the duty of the commissioner to collect a privilege tax of One Hundred Dollars

(\$100.00) for each permit issued to every distributor, wholesaler or dealer doing business in this state. However, the amount of the privilege tax to be paid for a permit issued for a period of less than twelve (12) months shall be the proportionate amount of the annual privilege tax that the number of months, or part of a month, remaining until the permit expiration date bears to twelve (12) months, but in no case shall the privilege tax be less than Ten Dollars (\$10.00).

Foreign manufacturers, wholesalers, or distributors may secure a permit from the commissioner, upon the payment of a fee of One Hundred Dollars (\$100.00), and shall agree in an application sworn to and certified, that the excise tax shall be paid on all shipments of taxable tobacco into the State of Mississippi, that the required tax stamps shall be affixed to cigarettes, and that the commissioner, or his authorized agent, shall be permitted to inspect and audit their records of tobacco shipments into the State of Mississippi at any and all reasonable times.

It is further provided that any person who engages in any business for which a permit is required by this chapter, before procuring a permit, or after the permit is cancelled, shall be guilty of a misdemeanor, and punishable by a fine of not exceeding Five Hundred Dollars (\$500.00), nor less than Fifty Dollars (\$50.00).

In addition to the penalties imposed in this chapter, after the second offense for any violation, the commissioner may revoke any permit which may have been issued to any person, or persons, violating any provisions of this chapter, or any rules or regulations promulgated by the commissioner under authority of this chapter.

The commissioner, in the event a permit is revoked, is required to notify by letter, all manufacturers, wholesalers and distributors having a permit re-

quired by this chapter, that the permit has been revoked, and such manufacturer, wholesaler and distributor is henceforth prohibited from selling taxable tobacco to such dealer or retailer.

§ 27-69-13. Applicability of tax.

There is hereby imposed, levied and assessed, to be collected and paid as hereinafter provided in this chapter, an excise tax on each person or dealer in cigarettes, cigars, stogies, snuff, chewing tobacco, and smoking tobacco, or substitutes therefor, upon the sale, use, consumption, handling or distribution in the State of Mississippi, as follows:

(a) On cigarettes, the rate of tax shall be Three and Four-tenths Cents (3.4¢) on each cigarette sold with a maximum length of one hundred twenty (120) millimeters; any cigarette in excess of this length shall be taxed as if it were two (2) or more cigarettes. Provided, however, if the federal tax rate on cigarettes in effect on June 1, 1985, is reduced, then the rate as provided herein shall be increased by the amount of the federal tax reduction. Such tax increase shall take effect on the first day of the month following the effective date of such reduction in the federal tax rate.

(b) On cigars, cheroots, stogies, snuff, chewing and smoking tobacco and all other tobacco products except cigarettes, the rate of tax shall be fifteen percent (15%) of the manufacturer's list price.

No stamp evidencing the tax herein levied on cigarettes shall be of a denomination of less than One Cent (1¢), and whenever the tax computed at the rates herein prescribed on cigarettes shall be a specified amount, plus a fractional part of One Cent (1¢), the package shall be stamped for the next full cent; however, the additional face value of stamps purchased to comply with taxes imposed by this section after June 1, 1985, shall be subject to a four percent (4%) discount or compensation to dealers for their services rather than the eight percent (8%) discount or compensation allowed by Section 27-69-31.

Every wholesaler shall purchase stamps as provided in this chapter, and affix the same to all packages of cigarettes handled by him as herein provided.

The above tax is levied upon the sale, use, gift, possession or consumption of tobacco within the State of Mississippi, and the impact of the tax levied by this chapter is hereby declared to be on the vendee, user, consumer or possessor of tobacco in this state; and when said tax is paid by any other person, such payment shall be considered as an advance payment and shall thereafter be added to the price of the tobacco and recovered from the ultimate consumer or user.

Editor's Note — The preamble to Laws of 2009, ch. 562, provides as follows:

"WHEREAS, the federal government has increased the federal excise tax on cigarettes by 62¢ per pack; and

"WHEREAS, the increase in the state excise tax on cigarettes contained in this act is 50¢ per pack; and

"WHEREAS, concern has been expressed regarding the amount of revenue from any increase in the state excise tax on cigarettes because of decreases in sales as a result of declines in consumption and other factors; and

"WHEREAS, the State Tax Commission projects a reduction in consumption of approximately 14% as a result of the federal excise tax increase and the increase in the state excise tax in this act; and

"WHEREAS, the State Tax Commission estimates that revenue from the increase in the excise tax contained in this act will be approximately \$30,740,000.00 for the remainder of fiscal year 2009, and approximately \$112,900,000.00 for fiscal year 2010; and

"WHEREAS, because the estimates by the State Tax Commission do not take into consideration possible reductions in cross-border sales of cigarettes as a result of increases in the excise tax, and because of the lack of precision in estimates of reductions in consumption of cigarettes because of increases in the excise tax, the Legislature feels that an estimated revenue increase in the amount of \$106,175,000.00 for fiscal year 2010 as a result of the excise tax increase contained in this act is reasonable; NOW, THEREFORE,

"BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:"

Laws of 2009, ch. 562, § 2, provides:

"SECTION 2. In addition to cigarettes sold, used, consumed, handled or distributed on or after the effective date of the tax increase authorized in Section 27-69-13, this tax increase shall specifically apply to, and be due and payable on, cigarettes in the inventory of a wholesaler or retailer on the date the increase takes effect and on any cigarette tax stamps previously purchased at the lower tax rate but not yet affixed to cigarettes before the effective date of this tax increase. The tax levied under Chapter 69 of Title 27 on those cigarettes to which a stamp is or will be affixed and which is in the inventory of a wholesaler or retailer on the effective date of the tax increase authorized in Section 1 of this act shall not be considered paid until the tax as increased in Section 1 of this act is paid. As used in this section, the term "wholesaler" means a wholesaler who holds a permit issued under Section 27-69-5. As used in this section, the term "retailer" means a retailer who holds a permit issued under Section 27-69-5. In regard to any cigarettes in the inventory of a wholesaler or retailer on the effective date of the tax increase authorized in Section 1 of this act to which a stamp is affixed representing payment of the tax prior to the tax increase, and in regard to any stamps purchased by the wholesaler at the rate of tax prior to the tax increase which are in the possession of the wholesaler but not yet affixed on the effective date of the tax increase, the wholesaler or retailer having such cigarette and/or stamps in his inventory on the effective date of the tax increase shall, within thirty (30) days after the effective date of this section, pay to the State Tax Commission the difference in the amount of tax previously paid on these cigarettes and stamps and the higher tax rate as set out in Section 1 of this act. On the effective date of this section, any tobacco wholesaler who has unaffixed Mississippi cigarette stamps that exceed an average of sixty-day usage of such stamps shall, within twenty-one (21) days, return the stamps exceeding the average sixty-day usage for credit to be applied toward the new stamps from the commission. The average sixty-day stamp usage shall be determined by dividing the total stamp usage in the last twelve-month period prior to the effective date of this section by six (6). This is subject to verification by the State Tax Commission. However, no partial rolls may be returned for credit. Any rolls that are not complete rolls of stamps may subject the tobacco wholesaler to a penalty of Ten Thousand Dollars (\$10,000.00) per roll. The tax on inventory and stamps shall be paid in the manner specified by the State Tax Commission."

Laws of 2009, ch. 562, § 6, as amended by Laws of 2009, 2nd Extraordinary Session, ch. 89, § 1, provides as follows:

"SECTION 6. Sections 1 and 2 of this act shall take effect and be in force from and after May 15, 2009. Sections 3, 4 and 5 of this act shall take effect and be in force from and after July 1, 2009, if a bill appropriating not less than \$27,000,000.00 for fiscal year 2010 to the Motor Vehicle Ad Valorem Tax Reduction Fund is enacted into law."

Amendment Notes — The 2009 amendment substituted "Three and Four-tenths Cents (3.4¢)" for "Eighteen-twentieths of One Cent ($\frac{18}{20}$ of 1¢)" and "on June 1, 1985" for "upon the passage of Senate Bill No. 2876, 1985 Regular Session" in the first two sentences of (a).

§ 27-69-15. Stamps.

Any retailer, transient vendor, distributing agent, salesman, or other dealer who shall receive any cigarettes other than from a wholesaler having a permit as herein provided, and not having the necessary stamps already affixed, shall, after the receipt of such cigarettes, within the time limit herein provided, present the same to some wholesaler having such permit, for the affixing of the stamps required, and it shall be the duty of such wholesaler, thereupon and upon the payment to him by such retailer of the face value of the stamps required, to affix the stamps to said cigarettes in the same manner as if the cigarettes were handled and sold by such wholesaler, provided, that such wholesaler, before affixing the stamps, shall require of the retailer, transient vendor, distributing agent, salesman, or other dealer, the original invoice for the cigarettes to be stamped, and such wholesaler shall in each instance note upon the invoice, the denominations and number of stamps affixed to the cigarettes covered by said invoice, the notation to be made in ink, or other manner not easy to erase, at the time the stamps are affixed.

It is further provided that, in addition hereto, the wholesaler shall keep a separate record of all stamps affixed to taxable cigarettes presented by retailers, transient vendors, distributing agents, salesmen, or other dealers, showing the name of the retailer, transient vendor, distributing agent, salesman, or other dealer, name of the shipper, date of shipper's invoice, the date stamps were affixed, denomination of stamps affixed, and total value of stamps affixed.

When the request is made to any wholesaler in this state by a retailer, transient vendor, distributing agent, salesman, or other dealer in this state, said request being duly and seasonably made for the affixing of stamps, and the request is accompanied by proper remittance and invoice, and such wholesaler refuses to affix the stamps to cigarettes as requested, said wholesaler shall forfeit to the state a penalty of Twenty-five Dollars (\$25.00) for each offense, the same to be collected by the commissioner and, in addition thereto, in the discretion of the commissioner, forfeit his permit to handle stamps. In the event of such refusal on the part of any wholesaler to affix stamps said retailer, transient vendor, distributing agent, salesman, or other dealer may make application to the commissioner for stamps to be placed on the cigarettes upon which the wholesaler refused to affix the stamps, said application to be accompanied by an affidavit from the retailer, transient vendor, distributing agent, salesman, or other dealer, or some other credible person, setting forth the facts, whereupon the commissioner may issue and sell to such retailer, transient vendor, distributing agent, salesman, or other dealer, a sufficient number of stamps to be affixed to the cigarettes.

Stamps shall not be affixed to any cigarettes except by a wholesale dealer having a permit, except as otherwise provided in this chapter.

Stamps shall not be required to be affixed to any cigarettes while the same is in interstate commerce.

Any person who receives cigars, smoking tobacco, chewing tobacco, snuff or any other tobacco products except cigarettes from anyone other than a

wholesaler having a tobacco permit issued by this state and the excise tax on the tobacco received has not been paid, shall compute the excise tax due the State of Mississippi at the rate prescribed herein on forms furnished by the commissioner for that purpose. Such report shall be accompanied by the remittance for the tax due and shall be filed with the commissioner within forty-eight (48) hours after receipt of the tobacco by such person.

In no case shall the provisions of this chapter be construed to require the payment of a tax upon any tobacco upon which the tax herein levied has once been paid to the state.

JUDICIAL DECISIONS

1. Validity.
2. Construction and application.

1. Validity.

It was within power of legislature in tobacco tax statute to require that wholesalers affix stamps to all goods presented to them. *Mississippi State Tax Comm'n v. Flora Drug Co.*, 167 Miss. 1, 148 So. 373 (1933).

That tobacco tax statute requiring retailers purchasing from wholesalers having no permit to present tobacco to wholesaler having permit to have stamps affixed may impose some burden does not make statute invalid. *Mississippi State Tax Comm'n v. Flora Drug Co.*, 167 Miss. 1, 148 So. 373 (1933).

Tobacco tax statute requiring retailer purchasing from wholesaler having no permit to present tobacco to wholesaler

having permit to have stamps affixed does not discriminate in favor of wholesaler within state, since wholesaler outside state may procure stamps and affix them to merchandise. *Mississippi State Tax Comm'n v. Flora Drug Co.*, 167 Miss. 1, 148 So. 373 (1933).

2. Construction and application.

Under tobacco tax statute, where party orders cigars for his own use, no stamps need be affixed. *Mississippi State Tax Comm'n v. Flora Drug Co.*, 167 Miss. 1, 148 So. 373 (1933).

Under tobacco tax statute, goods can be ordered and delivered from another state into state without stamps being placed thereon until interstate transaction is ended. *Mississippi State Tax Comm'n v. Flora Drug Co.*, 167 Miss. 1, 148 So. 373 (1933).

§ 27-69-21. Exemptions.

The provisions of this chapter shall not apply to any tobacco donated to any charitable organization for the use of inmates of any institution supported in whole or in part by donations from the public, nor shall its provisions apply to tobacco purchased by the state or federal government for use of inmates of any state or federal institution. This exemption from the payment of the tax can only be allowed by the commissioner on sales supported by proof that such taxable tobacco was not purchased for resale, but donated to the inmates of the institution claiming such exemption. This proof must be in affidavit form by an official of the institution requesting the exemption.

It is further provided that no tax shall apply on sales of tobacco by a wholesaler or distributor to a retailer for resale on the Mississippi and Tennessee Rivers at midstream or in the intercoastal waterway in the Mississippi Sound to crew members for use or consumption on boats or barges transporting property in interstate commerce.

§ 27-69-27. Manner and time of affixing stamps; manufacturers and wholesale distributors excepted.

The payment of the tax imposed by this chapter shall be evidenced by affixing stamps to each individual package of cigarettes usually sold to consumers, as distinguished from cartons or larger units which are composed of a number of individual packages.

Except as otherwise provided in this paragraph, the stamp shall be affixed within seventy-two (72) hours after the receipt of the cigarettes by the wholesaler, and within forty-eight (48) hours after receipt of the cigarettes by the retailer; provided, that in the case a dealer conducts a wholesale and retail business at one (1) place of business, stamps shall be affixed within forty-eight (48) hours after receipt of the cigarettes. However, the provisions of this paragraph shall not apply to tobacco at the point it is purchased at a sale under Section 27-69-56. The stamp must be so securely affixed as to require the continued application of water or of steam to remove it, or so that it cannot be otherwise removed without destruction or mutilation.

The excise tax imposed on cigars, smoking tobacco, chewing tobacco, snuff and all other tobacco products except cigarettes shall be computed by the application of the excise tax rate to the manufacturer's list price on all purchases of such tobacco. The excise tax shall be due and payable on or before the fifteenth day of the month next succeeding the month in which the tax accrues. The tax shall be filed with the commissioner on forms prescribed by the commissioner.

Provided, however, manufacturers or other wholesale distributors of tobacco, which are subject to the excise taxes imposed by Section 27-69-13 of this chapter for the privilege of selling or using such tobaccos within this state, who maintain "terminals" or warehouses in which such tobaccos are stored, and who sell only to licensed wholesale dealers within the state who are

qualified to purchase and affix the stamps required, may maintain such “spot stocks,” intended only for such sales, without affixing the stamps or filing returns and paying the tax.

Any person desiring to maintain such “terminal” or warehouse, shall make application to the commissioner and obtain a permit to maintain such stocks without affixing stamps thereto, for sale exclusively to out-of-state purchasers, or licensed wholesale dealers within this state, and the commissioner is hereby authorized to grant such permit upon the execution and filing with the commissioner, by the applicant, a bond with surety companies, authorized to do business in Mississippi, as surety thereon, and conditioned for the strict compliance by the applicant, with the following conditions under which said privilege may be granted.

The person maintaining such stock of untaxed tobacco shall supply to the commissioner monthly, or at such times as the commissioner may require, complete invoices of all tobaccos received, and shall also supply correct invoices of all tobaccos removed from such “terminal” or warehouse, said invoices to contain the correct name and address of all persons to whom such tobacco shall be delivered or consigned, whether within or without the State of Mississippi.

The penalty of such bond shall be determined by the commissioner, in an amount sufficient to protect the State of Mississippi from any loss of revenue which might occur by reason of the failure of principal to strictly adhere to the requirement that no tobacco would be sold from such stock within the State of Mississippi, except to licensed wholesale dealers.

Said interstate stock shall be kept in an entirely separate part of the building, separate and apart from intrastate stock, and the said interstate business shall be conducted by the said wholesale dealer in accordance with rules and regulations to be promulgated by the commissioner.

It is further provided that shipment of such merchandise be made only by a railroad, express company, boat line, or motor freight line certified by the Mississippi Public Service Commission as a common carrier, or by registered or insured parcel post.

The commissioner is further authorized to verify the actual delivery to the consignee of such unstamped taxable cigarettes before allowing credit, and for the purpose of such verification, the commissioner may exchange information with the proper authorities of other states as to movement of taxable tobacco to and from other states into and from the State of Mississippi.

It is further provided that all manufacturers, distributors and wholesalers of cigars, cigarettes or smoking tobacco, who have a permit required by this chapter shall furnish the commissioner with a statement monthly, showing the amount of taxable tobacco received, and must also furnish the commissioner with duplicate invoices covering stamps affixed to drop shipments purchased by retailers.

In the examination of such books, records, etc., the commissioner shall have the power to administer oaths to any person, and any person answering falsely, under oath, any of such questions, shall be guilty of perjury.

If any person subject to the provisions of this chapter, or any rules or regulations promulgated by the commissioner under authority hereof, shall be found to have failed to affix the stamps required, or to have the same affixed as herein provided, or to pay any tax due hereunder, or to have violated any of the provisions of this chapter, or rules and regulations promulgated by the commissioner in the administration of this chapter, there shall be collected from such person, in addition to the tax that may be due, a penalty of fifty percent (50%) of the tax due; and the commissioner, or his duly authorized representative, may make immediate demand upon such person for the payment of all such taxes and penalties. Provided, that the commissioner, for good reason shown, may remit all or any part of the penalties imposed, but the taxpayer must pay all taxes due and interest thereon, at the rate of twelve percent (12%) per annum. The keeping of any unstamped cigarettes or untaxed tobacco at a place of business where such articles are sold, shall be prima facie evidence of intent to violate the provisions of this chapter.

All administrative provisions of the Mississippi Sales Tax Law, including those which fix damages, penalties and interest for nonpayment of taxes and for noncompliance with the provisions of said chapter, and all other requirements and duties imposed upon taxpayers, shall apply to all persons liable for taxes under the provisions of this chapter, and the commissioner shall exercise

all the power and authority and perform all the duties with respect to taxpayers under this chapter as are provided in the Sales Tax Law, except where there is conflict, then the provisions of this chapter shall control.

§ 27-69-55. Procedure when goods are confiscated.

In all cases of seizures of any tobacco, or other property hereafter made as being subject to forfeiture under the provisions of this chapter, which in the opinion of the officer or person making the seizure, is of the appraised value of Twenty-five Dollars (\$25.00) or more, the said officer or person shall proceed as follows:

First: He shall cause a list containing a particular description of the tobacco or other property seized to be prepared in duplicate, and an appraisal thereof to be made by three (3) sworn appraisers to be selected by him, who shall be respectable and disinterested citizens of this state, residing within the county wherein the seizure was made. Said list and appraisal shall be properly attested by said officer, or person, and the said appraisers, for which service each of said appraisers shall be allowed the sum of One Dollar (\$1.00) per day for not exceeding two (2) days, to be paid as other costs.

Second: If the said tobacco, or other property seized, is believed by the officer making the seizure to be of less value than Twenty-five Dollars (\$25.00), no appraisal shall be made.

Third: The officer or person making the seizure shall proceed to give notice thereof for five (5) days, in writing, at three (3) places in the county where the seizure is made. One (1) of the notices shall be posted at the county courthouse; another at the place where the goods were seized; and the other at some public place. The notice shall describe the property seized, and state the time and place and cause of seizure, and give the name and place of residence, if known, of the person from whom the property was seized, and shall require any person claiming it to appear and make such claims in writing, within five (5) days from the date of the first posting of such notice. Such officer or person making the seizure shall also deliver to the person from whom the property was seized, and also to the owner, if known, a copy of said notice.

Fourth: Any person claiming the said property so seized as contraband within the time specified in the notice, may file with the commissioner a claim, in writing, stating his interest in the property seized, and may execute a bond to the State of Mississippi in a penal sum equal to double the value of said property so seized, but in no case shall said bond be less than the sum of One Hundred Dollars (\$100.00), with securities to be approved by the clerk of the circuit court in the county in which the property is seized, conditioned that in the case of condemnation of the property so seized, the obligor shall pay to the State of Mississippi the full value of the property so seized, and all costs and expenses of the proceedings to obtain such condemnation, including a reasonable attorney's fee. And upon the delivery of such bond to the commissioner, he shall transmit the same with the duplicate list or description of the property seized to the county attorney of the county, or the district attorney of the district in which such seizure was made, and the said county attorney, or district attorney, as the case may be, shall prosecute the case to secure the forfeiture of said property in the court having jurisdiction. Upon the filing of the bond aforesaid, the said property shall be delivered to the claimant pending the outcome of the case, provided he shall at once affix the required stamps on cigarettes or pay the tax due on other tobacco products.

Fifth: If no claim is interposed, and no bond given within the time above specified, such property shall be forfeited without further proceedings, and the same shall be sold as herein provided, and the proceeds of the sale, when received by the commissioner, shall be paid into the State Treasury as are other funds collected, provided, that in seizures of property of less value than Twenty-five Dollars (\$25.00), the same may be advertised with other quantities at Jackson by the commissioner and disposed of as hereinabove provided.

Sixth: In proceedings to secure a confiscation of the property hereinbefore mentioned, where the value of the goods seized at one time does not exceed the amount provided in Section 9-11-9, the justice court judge of the county where the property is seized shall have jurisdiction to try the cause. Where the value of the property seized at one time is in excess of the amount provided in Section 9-11-9, then the circuit court of the county where the property is seized shall have jurisdiction to try the cause; provided, that in counties having a county court, the county court shall have jurisdiction concurrent with the circuit court, and with the justice court where the value of the property seized does not exceed One Thousand Dollars (\$1,000.00).

The proceedings against property seized according to the provisions of this chapter shall be considered a proceeding in rem unless otherwise herein provided.

Within ten (10) days after filing the bond provided for in paragraph fourth hereof, the claimant shall file a petition in the court having jurisdiction of said cause, which shall stand for a declaration, and the commissioner, or other party authorized to prosecute the confiscation of said property, shall plead to it as if it were an ordinary action at law, and the same rules of pleading and proceeding applicable to actions in the circuit court shall be observed in this action, and all issues made by the pleadings shall be tried and disposed of as

other actions in the circuit court, and the judgment of the circuit court shall be framed to meet the circumstances of the case and the cost shall be adjudged as in other actions; provided, however, neither the state, nor the commissioner, nor any other person representing the state, shall be liable for the cost in the event the court shall not confiscate the property in controversy.

The seizure, forfeiture and sale of contraband goods under this section and Section 27-69-53 is supplemental and in addition to the seizure, forfeiture and sale of contraband tobacco provided for in Section 27-69-56. Where a basis exists under both this section and Section 27-69-53 and under Section 27-69-56 for the seizure, forfeiture and sale of the same contraband goods, such actions can proceed simultaneously. Where such simultaneous seizure, forfeiture and sale is undertaken and there is a conflict between the procedures contained in this section and Section 27-69-53 and those contained in Section 27-69-56, the procedures contained in Section 27-69-56 shall control and be followed.

§ 27-69-56. Seizure of contraband tobacco or other tobacco determined to be product of illegal act; inventory, appraisal, forfeiture and sale of seized tobacco [Repealed effective July 1, 2010].

(1) Any law enforcement officer, either state or federal, is authorized to seize any contraband tobacco or other tobacco found in Mississippi which the law enforcement officer determines is a product of an illegal act and where the law enforcement officer estimates that the retail value of the property seized is Fifteen Thousand Dollars (\$15,000.00) or more. Tobacco that is a product of an illegal act is hereby declared to be contraband goods and shall be forfeited to the State of Mississippi. For the purposes of this section, the term “illegal act” means a violation of the provisions of this chapter, an attempt to violate the provisions of this chapter and/or a conspiracy to attempt to violate the provisions of this chapter.

(2) In all cases where contraband tobacco or other tobacco that is found in Mississippi due to the tobacco being a product of an illegal act, or where the contraband tobacco or other tobacco that is the product of an illegal act has been seized by a law enforcement officer, either state or federal, and the tobacco is of an estimated retail value of Fifteen Thousand Dollars (\$15,000.00) or more, then the law enforcement officer shall turn the custody of the tobacco over to the commissioner, who shall proceed as follows:

(a) An inventory and appraisal of the tobacco shall be prepared by the commissioner. If the tobacco received from a law enforcement officer has an estimated retail value in excess of One Million Dollars (\$1,000,000.00), the

State Auditor may, upon request of the commissioner, assist in conducting the investigation, inventory, appraisal and sale of the tobacco received. Where the tobacco received from a law enforcement officer represents multiple seizures and/or one or more seizures where there are multiple persons and/or owners having a potential interest in the tobacco seized, the commissioner, at his discretion, may inventory, appraise and proceed with the forfeiture and sale of the tobacco based on each specific seizure, probable common interest and/or ownership of the tobacco or a combination thereof.

(b) Notice of the seizure and the impending forfeiture of the tobacco shall be given in writing for five (5) days at three (3) places in the county where the tobacco was seized, including one (1) posted at the county courthouse, another at the place where the tobacco was seized, and the other at another public place. The notice shall describe the property, state the time and place and cause of seizure and give the name and place of residence, if known, of the person from whom the property was seized, and shall require any person claiming the property to appear and make such claims in writing, within five (5) days from the date of the first posting of such notice. The commissioner shall also deliver a copy of such notice to the person or persons from whom the property was seized, and also to the owner, if known.

(c) Any person claiming the seized property within the time specified in the notice may file with the commissioner a claim and bond as set forth in Section 27-69-55. If a claim and bond is filed with the commissioner, the commissioner shall transmit the same with the duplicate list or description of the property seized to the county attorney of the county, or the district attorney of the district in which such seizure was made, and the county attorney or district attorney, as the case may be, shall prosecute the case to secure the forfeiture of such property in the court having jurisdiction as provided in Section 27-69-55. Upon receipt of the bond, the commissioner shall also deliver to the claimant filing the bond and accompanying claim the property for which the bond and claim were filed pending the outcome of the case, provided the claimant receiving the property shall at once affix the required stamps on cigarettes or pay the tax due on other tobacco products. The prosecution of the forfeiture and any action by the claimant to pursue his claim shall be as provided in Section 27-69-55.

(d) If no claim is filed with the commissioner and no bond is given within the time specified, the property shall be forfeited without further proceedings and shall be sold as provided in this section and the proceeds of the sale received by the commissioner, less any amount for taxes, federal or state, due on the product being sold or as a result of the sale thereof and any amount necessary to reimburse the State Tax Commission for the payment of any of the costs of confiscation and sale, shall be paid into the State Auditor's Exception Clearing Account, to be distributed by the State Auditor as follows:

- (i) Ten percent (10%) of the proceeds of the sale shall be deposited into Treasury Fund No. 3181 to the credit of the State Tax Commission;
- (ii) If the State Auditor's office assisted in the investigation, inventory, appraisal and/or sale of the property sold, then eight percent (8%) of

the proceeds of the sale shall be deposited into Treasury Fund No. 3155 to the credit of the State Auditor's office;

(iii) If any local law enforcement department or unit assisted in the investigation and/or seizure of the property that is the subject of the sale, then two percent (2%) of the proceeds of the sale shall be allocated among and paid to such local law enforcement departments or units based upon the proportion of assistance provided in the investigation and/or seizure of the property that is the subject of the sale as determined by the State Auditor; and

(iv) The remainder of the proceeds shall be deposited into the State General Fund.

(e)(i) The property shall be offered for sale by the commissioner at public auction to the highest bidder after due advertisement. The commissioner may reject the highest bid if he determines that it is not at least equal to the reasonable value of the property being sold and may then require a rebid and/or may offer the property for sale in smaller lots. If it is determined to offer the property for sale in smaller lots, it is within the commissioner's sole discretion to determine how to divide the property into these smaller lots. When offering the property for sale in smaller lots, the commissioner retains the authority to reject the highest bid if it is not at least equal to the reasonable value of the property in the smaller lot and may then require a rebid and/or may offer the property for sale in even smaller lots. All sales at the auction will be for cash or cash equivalent deemed acceptable to the commissioner.

(ii) If at any time the commissioner determines that he will not be able to sell the tobacco received for a price that is at least the amount of the federal excise tax due on the tobacco, plus the expenses of the sale, he shall dispose of the property according to the provisions of 27 CFR Section 41.25.

(iii) Any purchaser of cigarettes at the public auction shall, within seventy-two (72) hours from receipt of the cigarettes from the commissioner, cause Mississippi cigarette stamps to be affixed to the cigarettes purchased or ship the purchased cigarettes to a location outside the State of Mississippi. If the purchaser is a licensed wholesaler under this chapter who is a qualified interstate dealer under Section 27-69-33, the purchaser also shall have the option of placing the purchased cigarettes in his segregated stock for interstate business within such seventy-two-hour period without affixing Mississippi cigarette stamps to these cigarettes at that time. If the purchaser maintains a bonded warehouse under Section 27-69-29, the purchaser also shall have the option of placing the purchased cigarettes in the bonded warehouse within such seventy-two-hour period without affixing Mississippi cigarette stamps to the cigarettes at that time. If because of the volume purchased, the purchaser is unable to stamp or dispose of the cigarettes purchased within the seventy-two-hour period, the commissioner may grant a reasonable extension of this period and may condition such extension upon the purchaser adequately securing the

cigarettes purchased until such cigarettes are stamped or disposed of as provided in this subparagraph. The commissioner may require the purchaser to provide information, by report or otherwise, regarding the disposition of the cigarettes purchased at the public auction and is authorized to disclose this information to any federal agency and/or to any agency of the state to which any of the cigarettes purchased were shipped.

(iv) Tobacco received by the commissioner from a law enforcement officer under this section that is not sold at a public auction as provided in this paragraph (e) shall be destroyed by the commissioner by burning or other method that will render the tobacco unfit for consumption. The commissioner shall be reimbursed for payment of the cost of such destruction from the proceeds of the sale as part of the cost of confiscation and sale.

(3) The seizure, forfeiture and sale of contraband goods under this section is supplemental and in addition to the seizure, forfeiture and sale of contraband tobacco provided for in Sections 27-69-53 and 27-69-55. Where a basis exists under both this section and Sections 27-69-53 and 27-69-55 for the seizure, forfeiture and sale of the same contraband goods, such actions can proceed simultaneously. Where such simultaneous seizure, forfeiture and sale is undertaken and there is a conflict between the procedures contained in this section and those contained in Sections 27-69-53 and 27-69-55, the procedures contained in this section shall control and be followed.

(4) Forfeiture of contraband goods under this section is intended to be used not only for seizures and/or illegal acts occurring after June 30, 2009, but also for seizures and/or illegal acts occurring before June 30, 2009.

(5) This section shall stand repealed on July 1, 2010.

If a person approved for a manufacturer's permit, Class 1, distiller's permit produces a product with at least fifty-one percent (51%) of the finished product by volume being obtained from alcoholic fermentation of grapes, fruits, berries, honey and/or vegetables grown and produced in Mississippi, and produces all of the product by using not more than one (1) still having a maximum capacity of one hundred fifty (150) liters, the annual privilege license tax for such a permit shall be Ten Dollars (\$10.00) per ten thousand (10,000) gallons or part thereof produced. Bulk, concentrated or fortified ingredients used for blending may be produced outside this state and used in producing such a product.

In addition to the filing fee imposed by item (k) of this subsection, a fee to be determined by the State Tax Commission may be charged to defray costs incurred to process applications. The additional fees shall be paid into the State Treasury to the credit of a special fund account, which is hereby created, and expenditures therefrom shall be made only to defray the costs incurred by the State Tax Commission in processing alcoholic beverage applications. Any unencumbered balance remaining in the special fund account on June 30 of any fiscal year shall lapse into the State General Fund.

All privilege taxes imposed by this section shall be paid in advance of doing business. The additional privilege tax imposed for an on-premises retailer's permit based upon purchases shall be due and payable on demand.

Any person who has paid the additional privilege license tax imposed by item (f), (g), (h), (m), (n), (q) or (r) of this subsection, and whose permit is renewed, may add any unused fraction of Five Thousand Dollars (\$5,000.00) purchases to the first Five Thousand Dollars (\$5,000.00) purchases authorized by the renewal permit, and no additional license tax will be required until purchases exceed the sum of the two (2) figures.

(2) There is imposed and shall be collected from each permittee, except a common carrier, solicitor or a temporary permittee, by the commission, an additional license tax equal to the amounts imposed under subsection (1) of this section for the privilege of doing business within any municipality or county in which the licensee is located. If the licensee is located within a municipality, the commission shall pay the amount of additional license tax to the municipality, and if outside a municipality the commission shall pay the additional license tax to the county in which the licensee is located. Payments by the commission to the respective local government subdivisions shall be made once each month for any collections during the preceding month.

(3) When an application for any permit, other than for renewal of a permit, has been rejected by the commission, such decision shall be final. Appeal may be made in the manner provided by Section 67-1-39. Another application from an applicant who has been denied a permit shall not be reconsidered within a twelve-month period.

(4) The number of permits issued by the commission shall not be restricted or limited on a population basis; however, the foregoing limitation shall not be construed to preclude the right of the commission to refuse to issue a permit because of the undesirability of the proposed location.

(5) If any person shall engage or continue in any business which is taxable under this section without having paid the tax as provided in this section, the person shall be liable for the full amount of the tax plus a penalty thereon equal to the amount thereof, and, in addition, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00), or by imprisonment in the county jail for a term of not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court.

(6) It shall be unlawful for any person to consume alcoholic beverages on the premises of any hotel restaurant, restaurant, club or the interior of any public place defined in Chapter 1, Title 67, Mississippi Code of 1972, when the

owner or manager thereof displays in several conspicuous places inside the establishment and at the entrances of establishment a sign containing the following language: NO ALCOHOLIC BEVERAGES ALLOWED.

JUDICIAL DECISIONS

1. In general.

Subsection (e) of this section [Code 1942, § 10265-103] does not seek to impose a privilege tax on one unlawfully engaging in the whisky business, but makes it a crime for one to engage unlawfully in such business, and provides punishment for the crime and also a penalty—not a tax—for having unlawfully operated. *Morris v. State*, 206 So. 2d 832 (Miss. 1968).

A defendant engaged in the sale of intoxicating liquor in a rural area where, under no circumstances, could she obtain a license or permit to engage in that activity was properly found guilty of violating this section [Code 1942, § 10265-103], for subsection (e) is not limited to a permittee or licensee, but specifically applies to “any person.” *Morris v. State*, 206 So. 2d 832 (Miss. 1968).

It was the legislative intent to make separate provision for the criminal prosecution of offenders and the recovery of the tax and penalty, and the trial judge erred in imposing sentence to award judgment against the defendant for the tax and penalty in addition to imposing a sentence of fine and imprisonment. *Northcutt v. State*, 206 So. 2d 824 (Miss. 1967).

Neither the number of sales nor the length of time in which the proprietor of an establishment may engage or continue

unlawfully in business is controlling in determining whether the defendant was guilty of violating this section [Code 1942, § 10265-103]. *Northcutt v. State*, 206 So. 2d 824 (Miss. 1967).

Where, prior to the empaneling of a jury, the defendant failed to interpose a demurrer to an indictment charging a violation of the tax provisions of the Local Option Alcoholic Beverage Control Law but which failed to charge that the defendant “engaged or continued” in the business of selling intoxicating liquor without paying the required tax, objection to the sufficiency of the indictment cannot be raised for the first time on appeal. *Northcutt v. State*, 206 So. 2d 824 (Miss. 1967).

On the trial of a defendant charged with the sale of intoxicating liquor without paying the required tax, evidence of the discovery of empty whisky cases on his premises should not have been admitted where their discovery resulted from an illegal search. *Northcutt v. State*, 206 So. 2d 824 (Miss. 1967).

Where the evidence showed without dispute that the defendant was the proprietor of a place of business which was open and doing business, and that having first supplied “setups” for the preparation of drinks, sold across the counter to a customer a bottle of whisky, a commodity

upon which the tax is levied, the jury was warranted in finding defendant was engaged in the business of selling whisky.

Northcutt v. State, 206 So. 2d 824 (Miss. 1967).

ATTORNEY GENERAL OPINIONS

The owner of a package liquor store is not required to obtain a local privilege license, but is required to obtain a state license; since a privilege tax is imposed on any business, defined as activities having the object of gain, profit, or advantage, or any trade, calling, profession and things

occupying the time, attention and labor of individuals for the purpose of livelihood, the owner of a nursing/personal care home operated for profit would be required to obtain a license. Richardson, January 9, 1998, A.G. Op. #98-0774.

§ 27-71-7. Excise taxes; markup for benefit of Alcoholism Treatment and Rehabilitation Fund and Mental Health Programs Funds.

(1) There is hereby levied and assessed an excise tax upon each case of alcoholic beverages sold by the commission to be collected from each retail licensee at the time of sale in accordance with the following schedule:

- (a) Distilled spirits\$2.50 per gallon
- (b) Sparkling wine and champagne\$1.00 per gallon
- (c) Other wines, including native wines\$.35 per gallon

(2)(a) In addition to the tax levied by subsection (1) of this section, and in addition to any other markup collected, the Alcoholic Beverage Control Division shall collect a markup of three percent (3%) on all alcoholic beverages, as defined in Section 67-1-5, Mississippi Code of 1972, which are sold by the division. The proceeds of the markup shall be collected by the division from each purchaser at the time of purchase.

(b) Until June 30, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Alcoholism Treatment and Rehabilitation Fund," a special fund which is hereby created in the State Treasury, and shall be used by the Division of Alcohol and Drug Abuse of the State Department of Mental Health and public or private centers or organizations solely for funding of treatment and rehabilitation programs for alcoholics and alcohol abusers which are sponsored by the division or public or private centers or organizations in such amounts as the Legislature may appropriate to the division for use by the division or public or private centers or organizations for such programs. Any tax revenue in the fund which is not encumbered at the end of the fiscal year shall lapse to the General Fund. It is the intent of the

Legislature that the State Department of Mental Health shall continue to seek funds from other sources and shall use the funds appropriated for the purposes of this section and Section 27-71-29 to match all federal funds which may be available for alcoholism treatment and rehabilitation.

From and after July 1, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Mental Health Programs Fund," a special fund which is hereby created in the State Treasury and shall be used by the State Department of Mental Health for the service programs of the department. Any revenue in the "Alcoholism Treatment and Rehabilitation Fund" which is not encumbered at the end of Fiscal Year 1987 shall be deposited to the credit of the "Mental Health Programs Fund."

§ 27-71-9. Common carriers.

The commission may promulgate regulations authorizing persons holding on-premises retailer's permits for common carriers, as provided herein, to file periodic reports and pay a tax based upon the value of alcoholic beverages sold while in this state, in lieu of purchasing all such alcoholic beverages from the commission. Such tax shall not be less than an amount equivalent to the gross profit plus all taxes that would have been derived from the sale of a like quantity of alcoholic beverages by the commission.

The commission shall from time to time by resolution request the State Bond Commission to provide sufficient funds required to maintain an adequate alcoholic beverage inventory. Said funds shall be provided under the provisions of Chapter 557, Laws of 1966.

The commission shall add to the cost of all alcoholic beverages a markup of twenty-seven and one-half percent (27½%), inclusive of the three percent (3%) markup imposed by Section 27-71-7(2).

The commission shall sell alcoholic beverages at uniform prices throughout the state.

JUDICIAL DECISIONS

1. In general.

As applied to liquor sales to nonappropriated fund activities at military installations subject to concurrent federal and state jurisdiction, a regulation of a state tax commission requiring out-of-state liquor distillers and suppliers to collect from military installations within the state, and remit to the Commission, a tax in the form of a wholesale markup on liquor sold to the installations as unconstitutional as imposing a tax on instrumentalities of the United States, where the legal incidents of a tax is upon such instrumentalities, and not on the suppliers. *United States v. Mississippi Tax Comm'n*, 421 U.S. 599, 95 S. Ct. 1872, 44 L. Ed. 2d 404 (1975).

Wholesale markup applied to liquor sold to federal military installations in

Mississippi constituted a sales tax, the legal incidence of which rested upon instrumentalities of the United States as the purchasers, and therefore the markup was unconstitutional as a tax imposed upon the United States and its instrumentalities. Since the legal incidence of the tax was upon the United States, the federal immunity with respect to sales of liquor to the two exclusively federal enclaves was preserved by § 107(a) of the Buck Act (4 USCS §§ 105-110); The Twenty-First Amendment did not abolish federal immunity with respect to taxes on the sales of liquor to the concurrent jurisdiction bases. *United States v. Mississippi Tax Comm'n*, 421 U.S. 599, 95 S. Ct. 1872, 44 L. Ed. 2d 404 (1975).

§ 27-71-13. Purchases direct from manufacturer; exceptions.

The commission shall purchase directly from the manufacturer, except under the following conditions:

(a) Foreign brands which are not readily obtainable directly from the manufacturer.

(b) When the commission can conclusively prove that unusual or extraordinary circumstances exist and the required or desired brands can be purchased at substantially lower prices from wholesalers or brokerage firms.

In all instances involving purchases, other than directly from the manufacturer, the commission shall maintain full and complete records clearly reflecting the justification for such purchases. Said records shall include invoices, price lists, comparative prices, bills of lading and a certificate of justification signed by the director of the alcoholic beverage control division, as to the conditions requiring the purchase or purchases. All such records shall be retained for a period of three (3) years.

§ 27-71-15. Transportation.

Except as otherwise provided in Section 67-9-1 for the transportation of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, if transportation requires passage through a county which has not authorized the sale of alcoholic beverages, such transportation shall be by a sealed vehicle. Such seal shall remain unbroken until the vehicle shall reach the place of business operated by the permittee. The operator of any vehicle transporting alcoholic beverages shall have in his possession an invoice issued by the commission at the time of the wholesale sale covering the merchandise transported by the vehicle. The commission is authorized to issue regulations controlling the transportation of alcoholic beverages.

When the restrictions imposed by this section and by the regulation of the commission have not been violated, the person transporting alcoholic beverages through a county wherein the sale of alcoholic beverages is prohibited shall not be guilty of unlawful possession and such merchandise shall be immune from seizure.

§ 27-71-17. Penalty for counterfeiting or reuse of labels.

It shall be unlawful for any person to counterfeit or reuse any label prescribed by the commission and used to identify alcoholic beverages sold at wholesale by the commission and, upon conviction, the person shall be punished by a fine of not more than Five Thousand Dollars (\$5,000.00), or by imprisonment in the State Penitentiary for not less than one (1) year, nor more than ten (10) years, or both.

Editor's Note — Former § 27-71-19 required manufacturers, wholesalers or other suppliers selling to the commission to make certain reports and affix revenue identification stamps to bottles or other containers.

§ 27-71-21. Bond required of manufacturers, retailers; alternative cash or security deposit.

Before any person shall engage in the business of manufacturing or retailing of alcoholic beverages, he may be required to enter into a bond

payable to the State of Mississippi, conditioned that he will conduct said business strictly in accordance with the laws of the State of Mississippi, and that he will comply with the rules and regulations prescribed by the commission, and pay all taxes due the State of Mississippi. The amount of a bond required of a manufacturer, not including a producer of native wine, shall not exceed one hundred thousand dollars (\$100,000.00), and the amount required of a retailer shall be five thousand dollars (\$5,000.00). Provided, however, any retailer whose check for purchase of merchandise or payment of taxes shall be dishonored may be required by the commission to post additional bond not to exceed five thousand dollars (\$5,000.00). Such bond shall be made in a surety company authorized to do business in the State of Mississippi and shall be approved by the commission. The commission shall be authorized to institute suit in the proper court for any violation of the condition of said bonds. The amount of the bond required of a producer of native wine shall be five thousand dollars (\$5,000.00).

As an alternative to entering into a bond as required by this section, any person who shall engage in the business of manufacturing or retailing alcoholic beverages may, subject to the same conditions of conduct required for bonds, deposit with the state treasurer the equivalent amount of the bond required for that particular person in cash or securities. The only securities allowable for this purpose are those which may legally be purchased by a bank or for trust funds, having a market value not less than that of the required bond. The commission shall file notice with the treasurer for any violation of the conditions of the cash or security deposit.

JUDICIAL DECISIONS

1. In general.

Where evidence showed that defendant had in his possession cases of beer on which the state tax had not been paid or stamps affixed, and that the defendant intended to take the beer to a certain picnic but not for his own consumption, this could not warrant conviction of defen-

dant under Code 1942, § 10233 which forbids wholesaler, distributor or retailer of beverages to have in his possession wine or beer manufactured or sold by manufacturer not complying with statutory requirements pertaining to sale and taxation of wine and beer. *Mills v. State*, 219 Miss. 194, 68 So. 2d 278 (1953).

Such tax is hereby imposed as an additional tax for the privilege of engaging or continuing in business.

(b) The excise tax imposed in this section shall be paid to the State Tax Commission monthly on or before the fifteenth day of the month following the month in which the beer or light wine was manufactured or received in this state. No other loss will be allowed.

A brewpub shall be allowed credit for light wine or beer which has passed through the meter, gauge glass or other approved measuring device and which has been soured or damaged. The brewpub shall record the removal of sour or damaged light wine or beer and may take credit after the destruction is witnessed by an agent of the commissioner and when the amount of excise tax exceeds Twenty-five Dollars (\$25.00). No other loss shall be allowed.

§ 27-71-333. Assessment and collection of penalty.

Whenever it shall be determined by the commissioner that any wholesaler or distributor having in his possession, or engaging in the sale or distribution of light wines or beer, has failed to pay the tax, as provided herein, the commissioner shall compute the correct amount of tax due and unpaid and shall notify the taxpayer of the amount as being actually due and unpaid, and penalties, and interest and shall state in what manner this article is violated. The taxpayer so notified shall be given a period of ten (10) days in which to make objection and show cause why the additional tax, and penalties, and interest, should not be paid. On petition of the taxpayer, a hearing before the commissioner shall be granted, a final decision thereon shall be rendered, and the taxpayer notified as early as practicable. Any tax or deficiency in tax shall be assessed and paid, together with penalties and interest, if any, applicable thereto, within ten (10) days after notice and demand by the commissioner.

If no objection be made to the finding of the commissioner, and no hearing be had before the commissioner within the time herein specified, the findings of the commissioner shall be final. If a hearing be had, and the amount of tax due and unpaid be determined, notice of the amount of such tax, penalties and interest shall be mailed to the taxpayer, and, if not paid within ten (10) days thereafter, the commissioner shall forthwith issue a warrant under official seal directed to the sheriff of any county of the state commanding him to levy upon and sell the real and personal property of the person owing the tax, found within his county, for the payment of the amount thereof, with added damages, interest and cost of executing the warrant, and to return such warrant to the commissioner and pay to him money collected by virtue thereof by a time to be therein specified not more than sixty (60) days from the date of the warrant. The sheriff shall, within five (5) days after the receipt of the warrant, file with the circuit clerk of his county a copy thereof, and thereupon the circuit clerk shall enter in the judgment roll, in the column for judgment debtors, the name of the taxpayer mentioned in the warrant, and in appropriate columns, the amount of the tax, or portion thereof and damages for which the warrant is issued, and the date when such copy is filed; and thereupon the amount of such warrant or warrants so docketed shall become a lien upon the title to and interest in the real and personal property, including choses in action, of the person against whom it is issued in the same manner as a judgment duly enrolled in the office of such clerk. The sheriff thereupon shall proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgment or attachment proceedings of a court of record; and he shall be entitled to the same fee for his service in executing the warrant as now allowed by law for like service, to be collected in the same manner as provided by law for like service.

§ 27-71-335. Tax and penalty upon contraband light wine and beer; confiscation.

Any beer found at any point within this state which has been in the possession of any wholesaler or distributor for a period of more than forty-eight (48) hours and any light wines or beer transported into this state from a point outside this state, or from point to point within this state in violation of the provisions of this article, or any light wines or beer held or possessed by any person within this state on which the legal and proper tax has not been paid when due, whether such person be a wholesaler, retailer or distributor, or individual, and whether such beer be for sale or storage or individual use, except beer in possession of a licensed wholesaler or distributor for a period of time less than forty-eight (48) hours after receipt of same within this state, and light wines or beer held in storage by licensed manufacturers or producers, are hereby declared to be contraband goods, and there is hereby imposed and assessed, as tax and penalty, to be collected by the commissioner, an amount equal to the amount of the excise tax otherwise imposed under the Mississippi Wine and Beer Tax Law, plus a penalty of one hundred percent (100%) of the amount of such tax; or, at the option of the commissioner, the same may be seized by the commissioner or his agents or any sheriff, or other lawful officer, and shall be dealt with in the following manner, to wit:

Such officer seizing said light wines or beer shall immediately make complaint under oath before the proper justice court judge, stating the facts connected with said seizure by him, giving the name or names of the person or persons found in possession or control of such light wines or beer, and giving the name of the owner of such light wines or beer, if the same be known to him, whereupon the said justice court judge shall summon into his court all interested parties, and may issue a writ of seizure, if said property or any part of it is not in the possession of the officer seizing same, for the seizure of said light wines or beer and the summoning of the interested parties into court, as in proceedings for the enforcement of purchase money security interests in the property. If any person claims that the light wines or beer were unlawfully seized or that the tax thereon had been paid prior to such seizure, he may file his claim therefor under oath, stating in detail why said light wines or beer or any of it so seized should not be confiscated, and said affidavit shall state the market value of the property so claimed by him, which amount as so fixed shall determine the jurisdiction of the court as to the amount involved or the value of the property.

If the affidavit fixes the value of the property at Two Hundred Dollars (\$200.00) or less, the said justice court judge shall finally dispose of the issue in the case joined under his direction, but if the affidavit fixes the value of the

property at more than Two Hundred Dollars (\$200.00), the justice court judge before whom the case is returnable shall forthwith present said case to the circuit court of the county or county court having jurisdiction to try the case, where the issue shall, under the direction of the circuit court, or county court, be joined between the State of Mississippi and the said claimant, and the case there tried as in other cases. If no claim be interposed by any party in interest on or before the return day of the summons and writ of seizure, the justice court judge on the return day shall hear the cause, and dispose of the property, and may order such light wines or beer to be destroyed. In the event the property is claimed by any party in interest and issue joined in any court having jurisdiction of the case, such court trying the case shall have the rights of the state and the claimant determined in a trial according to the rules of procedure for such court, and if it be determined that any property involved in said trial was kept or possessed in violation of any provisions of this article or that any tax due thereon had not been paid prior to the seizure of such property, it shall be ordered destroyed. Any person so owning or possessing such light wines or beer shall be guilty of misdemeanor and, upon conviction thereof, shall be fined not more than One Thousand Dollars (\$1,000.00), or be sentenced to serve a period in the county jail of not more than six (6) months, or both in the discretion of the court. But in all such trials and proceedings as provided for in this section the claimant may, before he shall file his claim, be required to execute a solvent bond in sufficient amount to cover all costs that may likely accrue, conditioned that he will pay all costs of the case that may be adjudged against him, and in the event the claimant fails to establish his claim or any part of it to said property, it may be taxed for all, or any part of the costs of the case, and judgment shall go against his sureties for all costs adjudged against him.

JUDICIAL DECISIONS

1. In general.

Although replevin was not the proper action to secure possession from the sheriff of a truckload of beer confiscated while being transported through a "dry" county, where the plaintiff's declaration filed in

the action was in sufficient detail to constitute a claim for the beer, he was entitled to a hearing on the merits. *Mississippi State Hwy. Comm'n v. Ulmer*, 186 So. 2d 460 (Miss. 1966).

Designation of sales territories for sale of light wine and beer by manufacturers and importers; presentation of light beer and wine to retailers by licensed wholesalers; transportation of light beer and wine; deliveries to retailers; sales by wholesalers to retailers in territories of other wholesalers; purchases for resale.

(1) Every manufacturer or importer of light wine or beer shall designate sales territories for each of its brands sold in Mississippi and shall name one (1) licensed light wine or beer wholesaler in each territory who, within such territory, shall be the licensed wholesaler for the brand or brands assigned by the manufacturer or importer. If the manufacturer or importer supplies more than one (1) brand, sales territories may be granted to a different wholesaler for the sale of each brand. No licensed wholesaler shall distribute the specified brand or brands of light wine or beer outside his assigned territory, nor shall he knowingly sell to a retailer whose licensed retail establishment is located outside his assigned territory.

(2) A licensed wholesaler designated as the licensed wholesaler for light wine or beer within a designated sales territory shall present that light wine or beer for sale to all licensed retailers within the designated sales territory without discrimination in service. A licensed wholesaler shall not sell, supply or deliver, either directly or indirectly through a third party, any light wine or beer to a licensed retailer outside of the designated sales territory of the designated wholesaler, nor to any person the licensed wholesaler has reason to believe will sell or supply any quantity of the light wine or beer to any retail location outside of the designated sales territory of the licensed wholesaler.

(3) All light wines or beer shall be transported only by a marked conveyance owned or leased by the licensed wholesaler and operated by the licensed wholesaler or an employee of the wholesaler for the products of a manufacturer or importer within the designated sales territory to the address and location of a licensed retail dealer within that designated sales territory.

(4) Any light wine or beer sold by the licensed wholesaler shall not be delivered to, received by or stored at any place other than the address and location of the licensed retailer for which the required licenses and permits have been issued.

(5) With the approval of the designated manufacturer, a licensed wholesaler may sell the designated brands to a licensed retailer located in a

designated sales territory of another licensed wholesaler if the former licensed wholesaler is unable temporarily for any reason to provide the designated brands of the designated manufacturer within its designated sales territory.

(6) All light wine or beer purchased by a licensed wholesaler for resale in this state shall come into the physical possession of the licensed wholesaler and be unloaded in and distributed from the warehouse of the licensed wholesaler located in this state before being resold in this state.

(7) As used in this section, the term "sales territory" shall have the meaning ascribed to such term in Section 67-7-5.

JUDICIAL DECISIONS

1. In general.

Where evidence showed that defendant had in his possession cases of beer on which the state tax had not been paid or

stamps affixed, and that the defendant intended to take the beer to a certain picnic but not for his own consumption, this could not warrant conviction of defen-

manufacturer not complying with statutory requirements pertaining to sale and taxation of wine and beer. *Mills v. State*, 219 Miss. 194, 68 So. 2d 278 (1953).

§ 27-71-509. Labels.

It shall be unlawful for any brewer, manufacturer, distributor or retailer of light wines and beer, or either of them, to whom a permit has been issued under the provisions of Sections 67-3-15 and 67-3-23, Mississippi Code of 1972, to write or print on any label or container of either of the above named commodities any matter relating to the alcoholic content of such beverage or beverages, except a statement, to the effect that the contents of the vessel or

It shall be unlawful for any such brewer, wholesaler, distributor or retailer to sell any such commodity with any statement in conflict with the provisions of this section, with reference to the alcoholic content of such beverage or beverages, except that a statement of alcoholic content may be expressed on any light wine or beer label in terms of volume or weight, at the manufacturer's option; and such statement, if by volume, shall be subject to the same permitted tolerance allowed for wine containing fourteen percent (14%) alcohol by volume or less by Section 4.36(b)(1) of the Federal Labeling Requirements for Wine, 27 CFR Part 4, subpart D, and Section 7.71(c) 27 CFR Part 7, subpart G, and, if by weight, shall be subject to an equivalent permitted tolerance, determined in terms of alcohol by weight.

Tax Refunds

SEC.

- 27-73-1. Taxes erroneously paid refunded.
- 27-73-3. Taxes erroneously paid refunded; taxpayer must prove he bore burden of tax.
- 27-73-5. Period within which suits may be filed for refunds.
- 27-73-7. Erroneous tax payments refunded.
- 27-73-9. Payment of federal and state tax refunds due to decedent individual without administration.
- 27-73-11. Overpayments by tax collector or chancery clerk refunded.
- 27-73-13. Withdrawal of consent to, and abatement of, suits for refund of tax on mineral interests, etc.

§ 27-73-1. Taxes erroneously paid refunded.

(1) If any person, firm or corporation has paid, or shall hereafter pay to the Auditor of Public Accounts or the Commissioner of Insurance, through error or otherwise, whether paid under protest or not, any ad valorem, privilege or excise tax for which the person, firm or corporation was not liable, or if any such taxpayer has paid any tax in excess of the sum properly due and such erroneous payment or overpayment has been paid into the proper treasury, the taxpayer shall be entitled to a refund of the taxes so erroneously paid. Taxes erroneously paid within the meaning of this section shall include double payment, or overpayment, or payment on state, United States, vacant and exempt land, and the purchase price paid for the redemption of lands erroneously sold for taxes.

Claims for refund under the provisions of this section shall be filed with the Auditor of Public Accounts and shall be supported by proper documents showing the overpayment or erroneous payment for which claim is made. The auditor is hereby authorized and required to make a careful investigation and audit of all such claims and if he shall find that the taxes or monies covered by the claim have been erroneously paid into the treasury of the state, county, drainage or levee districts, he shall distribute the claim against each separate fund in proportion to the amount paid over to such fund in each case, and submit the audited claim with the voucher and evidence upon which the claim is based, to the Attorney General for his approval. The Attorney General shall have plenary power to require the claimant or the officer who collected the tax to furnish any additional documents or information as may in his opinion be necessary or proper to enable him to determine the merits of the claim.

If the Attorney General shall be of the opinion that the claim is in proper form and complies with the requirements of this section, he shall approve the claim and return it to the Auditor of Public Accounts, who shall thereupon file in his office the audited claim, together with the Attorney General's approval and all other documents relating to the claim, as a voucher, and issue his warrant on the State Treasurer in favor of the claimant for the amount of purchase money or taxes erroneously paid into the State Treasury. The auditor

shall then certify to the clerk of the board of supervisors, the secretary of the drainage district board, or the secretary of the levee board, as the case may be, the amount, if any, found to be due to the claimant by the county, drainage district or levee district. Upon receipt of the certificate, the board of supervisors, or the commissioners of the drainage district or of the levee district, shall cause a warrant to be issued on the treasurer of the county or drainage or levee district, as the case may be, in favor of the claimant for the amount erroneously paid into their respective treasuries.

If the Attorney General shall disapprove the claim, he shall return it to the Auditor of Public Accounts accompanied by his opinion which shall show the reason for his disapproval, whereupon the auditor shall promptly notify the claimant of the disapproval. A claimant taxpayer being aggrieved at the disapproval may, within six (6) months from the date thereof, file in the chancery court his petition for appeal and review. All petitions for appeal and review shall be filed in the chancery court of the county in which the money for which refund is claimed was originally paid, and shall be accompanied by a bond in the sum of Five Hundred Dollars (\$500.00) conditioned to pay all costs which may accrue in the case, which bond shall be approved by the clerk of the court. Upon the approval of the bond, the chancery clerk shall give the Attorney General and the Auditor of Public Accounts notice, as required by law, of the filing of the petition. It shall be the duty of the auditor to promptly transmit to the court in which the appeal is pending a certified copy of the entire record of the claim as shown by the files in his office, which record shall be docketed by the clerk in the cause, and the controversy shall be tried by the court on such record. It shall be the duty of the Attorney General to defend on behalf of the state, and he may request the district attorney, county attorney or attorney for the drainage or levee district, as the case may be, to defend on behalf of the county, drainage or levee district. If the claimant taxpayer shall prevail, judgment shall be entered requiring the payment of the claim in like manner as if it had been duly approved by the Attorney General. If, however, the action of the Attorney General in disapproving the claim shall be affirmed by the court, judgment shall be entered against the appealing taxpayer for the costs of the proceedings.

Nothing in this section shall be so construed as to authorize the recovery or repayment of any tax heretofore levied and collected by any special road district, drainage district, or separate school district, on account of, or upon the ground that the law authorizing such tax was unconstitutional, whether the unconstitutionality of such tax be based upon the creation or mode of operation of any special road district, drainage district or separate school district. Provided further, that nothing in this section shall be construed as authorizing the refunding of state taxes paid into the State Treasury through error, or otherwise, or satisfying a judgment or decree against the state except through an appropriation therefor by the Legislature.

(2) This section shall not be construed as repealing or modifying Section 27-73-7, or any other law providing for the application for or the certification of a claim for refund, but shall be taken and construed as an additional and supplemental method of refunding taxes erroneously paid.

JUDICIAL DECISIONS

1. In general.
2. Who entitled to refund.
3. Voluntary payment, or payment under protest.
4. Action to recover refund.

1. In general.

This section only provides a refund mechanism for taxes paid to the Auditor of Public Accounts, the State Tax Commission or the Commissioner of Insurance, and does not provide a refund mechanism for taxes paid to a county tax collector. *State v. Loranth & Assocs.*, 746 So. 2d 312 (Miss. 1999).

Title 27, Chapter 7, and particularly § 11-13-11, provide a sufficiently plain, speedy, and efficient remedy to satisfy the Tax Injunction Act; this section is analogous to a general statute of limitations which gives way to a specific statute, so that this section in no way interferes with or prevents recovery under income tax refund statutes. *Todd v. Johnson*, 718 F. Supp. 1305 (S.D. Miss. 1989).

Attorney General, in examining into merits of claim against state and determining whether it is meritorious or legal claim, exercises discretion. *Selig v. Price*, 167 Miss. 612, 142 So. 504 (1932).

Auditor of public accounts is without authority to audit and allow claim for privilege taxes erroneously paid without approval of attorney general. *National Life & Accident Ins. Co. v. State*, 159 Miss. 513, 132 So. 549 (1931).

Claim for privilege taxes erroneously collected, not being subject to allowance by auditor of public accounts, will not support action against state. *National Life & Accident Ins. Co. v. State*, 159 Miss. 513, 132 So. 549 (1931).

This section [Code 1942, § 9979] does not confer judicial power on the auditor and the attorney general, nor does the allowance of money out of the public treasury require a judicial proceeding; The scheme herein provided is an easy method to secure uniformity of practice; but the treasurer or other official may contest the legality of the claim in a judicial proceeding. *Pearl River County v. Lacey Lumber Co.*, 124 Miss. 85, 86 So. 755 (1921).

The limitations for a refund of the price of land to which the state did not have title does not begin to run until the land commissioner cancels the patent and presents the claim to the auditor. *Wilson v. Naylor*, 116 Miss. 573, 77 So. 606 (1918).

2. Who entitled to refund.

Taxes paid on assessment of surface of land by owner who resided thereon and who had executed oil and gas lease reserving his mineral rights did not cover tax on separately assessed royalty interests in producing property so as to entitle him to refund of tax paid on assessment of royalty interest. *State v. Cummings*, 206 Miss. 630, 40 So. 2d 587 (1949).

State legislature in enacting Laws of 1944, chs. 10 and 11, appropriating various sums to take care of the refund of income and other taxes erroneously paid to the state tax commission, including claims "based on the renegotiation of war contracts," is presumed to have known that the holders of war contracts were required when filing their state income tax returns to report as income all compensation received from the federal government, subject to the right of the government subsequently to require the renegotiation of the contract as to price and to demand a refund of such portion of the profits reported as income which were found to be excessive. *State ex rel. Rice v. Mississippi Inst. of Aeronautics*, 198 Miss. 288, 22 So. 2d 372 (1945).

Facts rendering payment of state income taxes an overpayment or an erroneous payment within the meaning of this section [Code 1942, § 9979] (Laws, 1944, ch. 127) need not exist at the time the income tax return was made, in respect to renegotiation of war contract with federal government as to price under federal statute, whereby contractor was required to refund to federal government a certain sum as excess profits upon which contractor had previously paid state income tax and to which the contractor was entitled to a refund under Laws of 1944, ch. 11, inasmuch as the subsequent renegotiation of the contract as to price related back so as to render the income tax on the amount refunded to the federal government an overpayment, since the state tax commission received the tax subject to the right of the federal government to require refund of such portion of the total compensation paid under the contract. *State ex rel. Rice v. Mississippi Inst. of Aeronautics*, 198 Miss. 288, 22 So. 2d 372 (1945).

In suit by war contractor to recover overpayment of state income tax paid on

sum subsequently refunded to the federal government as excess profits, where contractor's claim for refund was duly audited and allowed by the state tax commission but disallowed by the attorney general, presumption arose, in absence of proof to the contrary, that when the state tax commission audited and approved the refund it had before it the necessary factors to determine whether or not the claim was just. Consequently, the contractor was not precluded from recovering the refund because of failure to show that in the renegotiation proceedings the federal government did not allow the contractor a credit for the state income tax paid on the excess profits refunded where the presumption was not rebutted and no additional information was requested of the contractor by the attorney general, and the supreme court could not go beyond the record and assume that the contractor did receive such credit in the renegotiation proceedings. *State ex rel. Rice v. Mississippi Inst. of Aeronautics*, 198 Miss. 288, 22 So. 2d 372 (1945).

An institute, engaged solely in training pilots for the United States Air Force under contract with federal government, which paid state income tax on amount received under the contract during 1942 but which subsequently refunded a substantial portion thereof to the federal government as excess profits pursuant to renegotiation of the contract as to price, was entitled to a refund of the income tax paid on the amount refunded to the federal government, even though the institute failed to show that in the renegotiation proceedings the federal government did not allow a credit for the state income tax paid on the amount later refunded to the federal government, where the claim for the income refund was duly audited and allowed by the state tax commission but disallowed by the attorney general although the latter failed to request additional information from the institute on the issue whether the federal government allowed a credit for the state income tax paid. *State ex rel. Rice v. Mississippi Inst. of Aeronautics*, 198 Miss. 288, 22 So. 2d 372 (1945).

Party paying taxes improperly assessed against land is entitled to refund, regard-

less of who owns land when refund is made. *Acker v. Spencer*, 166 Miss. 684, 148 So. 633 (1933).

Where owners of land borrowed money from holder of trust deed covering land to pay taxes improperly assessed thereon, transferee of trust deed paying subsequently improperly assessed taxes and foreclosing deed held entitled only to refund of taxes paid by him, original owners being entitled to refund of taxes paid by them. *Acker v. Spencer*, 166 Miss. 684, 148 So. 633 (1933).

The right to receive back the money is an incident to the land, it runs with it, it is transferable by an execution sale of the land, and is attached when the land is so seized. *McGehee v. Fitts*, 65 Miss. 357, 4 So. 93 (1888).

The state's vendee of a tax title is entitled to the benefit of the section. *Wilkinson County Bd. of Supvrs. v. Fitts*, 63 Miss. 600 (1886).

3. Voluntary payment, or payment under protest.

A taxpayer electing to invoke the provisions of this section [Code 1942, § 9979] as a means of recovering taxes alleged to have been erroneously collected, need not have paid the taxes under protest, but it is necessary that he shall file a proper application with the auditor in that behalf. *Yazoo & Miss. V. Ry. v. Conner*, 188 Miss. 352, 194 So. 915 (1940).

The fact that this statute, in amending a former enactment, provided for the refund of taxes, whether paid under protest or not "and only on proper application of [the] claimant" did not change the fact that this remedy is merely an additional method to that afforded by Code 1930, 253 (Code 1942, § 2932), and such changes in the statute did not serve to make it mandatory for the taxpayer to first present his claim to the auditor and the attorney general. *Yazoo & Miss. V. Ry. v. Conner*, 188 Miss. 352, 194 So. 915 (1940).

Where bank voluntarily paid taxes and did not avail itself of statutory remedies to cure alleged errors, receiver of bank held not entitled to mandamus to compel attorney general to approve refund. *Selig v. Price*, 167 Miss. 612, 142 So. 504 (1932).

Taxes, when voluntarily paid, become property of state and county, though erro-

neously assessed, subject to discretion of legislative body in making appropriations for refund and attorney general in approving claim therefor. *Selig v. Price*, 167 Miss. 612, 142 So. 504 (1932).

However, protest at time of paying taxes was necessary to enable party to recover taxes erroneously paid, where payment was made prior to the enactment of the provision making protest unnecessary to the right of refund. *Mississippi Cent. R.R. v. City of Hattiesburg*, 163 Miss. 311, 141 So. 897 (1932).

Statute authorizing refund of taxes erroneously paid, whether paid under protest or not, contemplated prospective operation. *Mississippi Cent. R.R. v. City of Hattiesburg*, 163 Miss. 311, 141 So. 897 (1932).

Statute authorizing refund of taxes erroneously paid, whether paid under protest, or not, creates right, and not mere remedy. *Mississippi Cent. R.R. v. City of Hattiesburg*, 163 Miss. 311, 141 So. 897 (1932).

License fees voluntarily paid for privilege of seining or netting fish, and paid into special county fund could not be recovered. *Schmittler v. Sunflower County*, 156 Miss. 227, 125 So. 534 (1930), error overruled, 156 Miss. 234, 126 So. 39 (1930).

A petition for a refund of a privilege tax need not allege that the tax was paid under protest. *Riley v. Ammon*, 143 Miss. 861, 108 So. 296 (1926).

4. Action to recover refund.

Taxpayers who failed to appeal a Mississippi Tax Commission assessment within 30 days were barred by the doctrines of res judicata and collateral estoppel from seeking relief more than two years later under Miss. Code Ann. § 27-73-1; even if such relief were allowed, it was time barred under Miss. Code Ann. § 27-73-5 where the facts showed that four years and nine months had passed between the date of assessment and the date suit was filed. *Davis v. AG*, 935 So. 2d 856 (Miss. 2006).

Action by gasoline distributor to recover refund of gasoline tax is subject to one year statute of limitations under § 27-55-19, not to 3 year statute of limitations under §§ 27-55-45, 27-73-1. *Triangle Re-*

fineries, Inc. v. Mabus, 467 So. 2d 650 (Miss. 1985).

Laws, 1944, ch. 127, giving taxpayer right to sue the state for taxes illegally paid, gives right to sue for refund of taxes illegally paid before, as well as after, its passage. State v. Cummings, 206 Miss. 630, 40 So. 2d 587 (1949).

Where liability insurer paid tax on gross premium receipts received during two successive six months' periods under Code 1942, § 9537, and during a subsequent six months' period returned unearned premiums in excess of the premium receipts during that same period, insurer was entitled to recover the tax paid on the unearned premiums returned to the policyholders, where claim therefor was disallowed by the attorney general. Barnett v. United States Cas. Co., 197 Miss. 873, 21 So. 2d 5 (1945).

Where unearned premiums returned to policyholders during a six months' period

exceed the gross premium receipts for the same period, insurer is entitled to recover overpayment of the tax imposed by Code 1942, § 9537, if the insurer is unable to obtain relief through the ordinary administrative channels. Barnett v. United States Cas. Co., 197 Miss. 873, 21 So. 2d 5 (1945).

Save as to the particular taxes specially excepted, under this chapter a taxpayer may pay to a tax collector, state or county, any tax demanded, thereby not delaying its payment, and when, upon subsequent development or ascertainment, it is found that as a matter of ultimate liability the tax, or the full amount, so collected is not rightfully retained, and the taxpayer is unable to obtain relief through the ordinary administrative channels, he may maintain suit to recover the overpayment. Barnett v. United States Cas. Co., 197 Miss. 873, 21 So. 2d 5 (1945).

ATTORNEY GENERAL OPINIONS

There is no authorization under Miss. Code Section 27-73-1 for tax collector to

pay interest on refund. Kenwright, Mar. 10, 1993, A.G. Op. #93-0103.

§ 27-73-3. Taxes erroneously paid refunded; taxpayer must prove he bore burden of tax.

(1) In any suit, application or proceedings by any taxpayer for any recovery or refund of privilege, franchise, or other excise tax, which has been paid to any tax collecting officer or commission of the state, any county, or municipality, by any person, firm or corporation or which may have been paid into the state treasury, the person seeking such recovery or refund of such taxes must allege and prove that he alone bore the burden of the tax involved and did not directly or indirectly collect the tax from any other person.

(2) It is the declared purpose of this section to make certain that any such taxes recovered by or refunded to any taxpayer will be recovered by or go only to, as the case may be, the person who has borne the burden of any illegal tax,

or any erroneous or mistaken payment or any overpayment of any such privilege, franchise, or other excise tax for which such person, firm or corporation was not liable and, therefore, that the person seeking such a recovery or refund thereof is entitled in justice and good conscience to the relief requested and is, therefore, the real party in interest.

(3) The term "taxpayer", as used herein, shall include the person, firm or corporation who bore the burden of the said tax and also any person, firm or corporation who transmitted or in whose behalf was transmitted the funds representing the amount of the tax though not bearing the burden of the tax.

JUDICIAL DECISIONS

1. In general.

The statute was not applicable to a refund owed to the United States for a wholesale liquor markup tax imposed under Regulation 25 of the Mississippi Tax Commission on liquor sold to federal military installations located in Mississippi where the U.S. Supreme Court had ruled

that the regulation was an unconstitutional state tax upon an instrumentality of the U.S. government. *United States v. State Tax Comm'n*, 645 F.2d 4 (5th Cir. 1981), reh'g denied, 650 F.2d 282 (5th Cir. 1981), cert. denied, 454 U.S. 896, 102 S. Ct. 394, 70 L. Ed. 2d 211 (1981).

ATTORNEY GENERAL OPINIONS

A refund of erroneously paid taxes may be made for taxes that were paid within three years prior to the date the petition seeking such refunds was filed with the board of supervisors. See Section 15-1-49. Fortier, February 23, 1996, A.G. Op. #96-0087.

Where a taxpayer erroneously paid ad valorem taxes on property for which she had timely filed for homestead exemption as a result of a clerical error of the tax assessor in taking the property off the

homestead exemption roll, the county and city tax collectors could refund the overpayment of taxes for the year 2000 to the taxpayer if the board of supervisors made the factual finding by order on the minutes that the taxpayer was entitled to homestead exemption and that the tax assessor erroneously removed the property from the homestead exemption rolls. *McWilliams*, Apr. 12, 2002, A.G. Op. #02-0111.

§ 27-73-5. Period within which suits may be filed for refunds.

All suits by any taxpayer for the recovery of any privilege, income, franchise, or other excise tax, and all applications or proceedings for any refund or credit of such taxes shall be filed or made within three (3) years next after the return was filed, or from the date the assessment of the tax was made, or from the date the tax was paid, as the case may be, whichever is the earlier, and no recovery of taxes under any such suit shall be had and no refund of taxes shall be made unless such suit or application was filed within said period of limitation.

Provided, however, as to income taxes the three-year (3) statute of limitations shall be extended to six (6) years in cases where the reported net

income of a taxpayer has been reduced by the bureau of internal revenue for any taxable period.

ATTORNEY GENERAL OPINIONS

If person's claim for refund has been barred by passage of three year period described in Sections 27-7-313 or 27-73-5, then Section 97 of Mississippi Constitu-

tion prohibits legislature from reviving such persons' right to claim refund. Reynolds/Clark, March 30, 1994, A.G. Op. #94-0182.

JUDICIAL DECISIONS

1. Time barred.

Taxpayers who failed to appeal a Mississippi Tax Commission assessment within 30 days were barred by the doctrines of res judicata and collateral estoppel from seeking relief more than two years later under Miss. Code Ann. § 27-

73-1; even if such relief were allowed, it was time barred under Miss. Code Ann. § 27-73-5 where the facts showed that four years and nine months had passed between the date of assessment and the date suit was filed. *Davis v. AG*, 935 So. 2d 856 (Miss. 2006).

§ 27-73-7. Erroneous tax payments refunded.

The tax collector is authorized and empowered to refund any individual, firm or corporation any ad valorem, privilege or excise tax which has been paid or collected through error or otherwise when such person, individual, firm or corporation has paid any such tax in excess of the sum properly due whether paid under protest or not. Taxes erroneously paid within the meaning of this section shall include, but not be limited to, double payment, or overpayment, or payment on state, United States, vacant and exempt land, and the purchase paid for the redemption of lands erroneously sold for taxes.

All refunds under this provision shall be made out of any monies collected by the tax collector from the same source of revenue, or if such source of revenue no longer exists the refund shall come from the general fund collections. The tax collector shall issue a warrant to the claimant and deduct the proper amounts from his next settlement.

JUDICIAL DECISIONS

Corporation sought a refund for property on which it erroneously bid at a tax sale, but the appellate court determined that the trial court properly instructed the jury before the jury returned a verdict in

favor of the tax collector; the corporation was required to establish that the tax collector some how mistakenly assigned the corporation as the purchaser of the property, and the jury determined that the

evidence did not support such a finding. *Fiddle, Inc. v. Shannon*, 834 So. 2d 39 (Miss. 2003).

ATTORNEY GENERAL OPINIONS

Where information provided by taxpayer erroneously reflected two separate buildings, and assessor assessed building twice, with result that taxpayer made double payment of tax due, provision applies allowing refund for claims made within applicable statute of limitations; provision is construed to require reimbursement from current year collections allocated, i.e., deducted from next settlement, on pro rata basis among all funds supported via ad valorem tax collections; if any fund no longer exists, pro rata share of such must be made from general fund. *Griffith*, July 5, 1990, A.G. Op. #90-0653.

Taxes already paid were not in excess of sum properly due nor were they erroneously collected; taxpayer did not meet qualifications for homestead exemptions in years in question and is not entitled to refund of taxes for taxes paid. *Batey*, August 29, 1990, A.G. Op. #90-0608.

Absent order of the county board of supervisors changing the assessment roll, there is no authority to refund taxes, even though improperly calculated, that have been properly paid according to the relevant assessment roll. *Smith*, Jan. 8, 1992, A.G. Op. #91-0961.

All refunds under Section 27-73-7 shall be made out of any monies collected by the tax collector from the same source of revenue, or if such source of revenue no longer exists, the refund shall come from the general fund collections. If a city board of aldermen finds and spreads upon the minutes that the county tax collector has corrected an assessment and has made a refund to a taxpayer, then the city tax collector may refund the overpayment to the taxpayer where there was an overpayment by the taxpayer as a result of an error apparent on the face of the assessment rolls which was carried over to the statement sent to the taxpayer. *Bowman*, Feb. 22, 2002, A.G. Under § 23-73-7, the purchaser of lands sold at a void tax sale is entitled to receive as a refund an amount equal to the purchase price paid at the tax sale; there is no provision authorizing the payment of interest to such purchaser, except that portion of the purchase price which repre-

§ 27-73-9. Payment of federal and state tax refunds due to decedent individual without administration.

In any case where the U. S. Treasury Department or the Mississippi state tax commission determines there exists an overpayment of federal or Mississippi tax of an individual, and the person in whose favor the overpayment is determined is dead at the time such overpayment of tax is to be refunded, and irrespective of whether the deceased had filed a joint and several or separate tax return of any sort, the amount of such overpayment, if not in excess of five hundred dollars (\$500.00), may be paid, without the necessity of administration, to the decedent's surviving spouse, if any, or if the decedent left no surviving spouse, then to decedent's surviving children; and if decedent left no children and no spouse surviving decedent, then to decedent's surviving mother; and if decedent left no spouse or children or mother surviving decedent, then to decedent's surviving father; and if decedent left no spouse or children or parent surviving decedent, then to decedent's surviving brothers and sisters; and refund of said overpayment directly to said surviving spouse or children or parent or brothers and/or sisters by the United States or the State of Mississippi shall operate as a complete acquittal and discharge to it of liability from any suit, claim or demand of whatsoever nature by any heir, distributee or creditor of the decedent or other person. In the event that, at the time of payment, any one of the above referred to persons shall be a minor, said payment may be made to the minor directly without necessity of guardianship.

§ 27-73-11. Overpayments by tax collector or chancery clerk refunded.

Where any tax collector or chancery clerk has, or shall hereafter, by mistake or oversight, erroneously pay into the state treasury any moneys on account of ad valorem or privilege taxes, such officer may make application to the auditor for repayment of such taxes, and the auditor and attorney general shall thoroughly investigate such claim, and if found to be due, the attorney general shall so certify to the auditor, who shall draw his warrant in favor of such tax collector or chancery clerk, to be paid out of the same fund in which it was erroneously paid into the state.

JUDICIAL DECISIONS

1. In general.

This section [Code 1942, § 9982] providing for the refund of money paid into

the state treasury by mistake is not violative of the constitution. *Taylor v. Guy*, 119 Miss. 357, 80 So. 786 (1919).

§ 27-73-13. Withdrawal of consent to, and abatement of, suits for refund of tax on mineral interests, etc.

federal court therein maintaining the suit for the purpose of securing a refund of any ad valorem taxes on any such mineral interests, heretofore paid into the state treasury, or any county treasury, or any other officer or depository authorized to receive such funds. In any case, where suit has already been instituted to recover such taxes, so paid into any public treasury or depository, unless paid under protest, or duress, it shall be and is hereby abated, dismissed, and further proceedings forbidden.

(2) Any order hereafter entered by any person, board, or officer whether state, county, district or other body, which has allowed, issued, or approved a refund of such taxes is hereby abated, made void and payment prohibited as to such ad valorem tax on such interests of any kind whatsoever in oil, gas, or other minerals having or purporting to have the authority to allow, approve, or refund any taxes so paid to any officer or depository, such order or evidence of debt purported to authorize, approve, allow any such refund is withdrawn and rendered wholly null and void so far as any such refund is authorized or purported to be authorized thereby, unless the taxes for which refund is sought, were paid under protest or duress.

(3) This section shall operate to prohibit any such refunding of such ad valorem taxes mentioned in the preceding paragraphs from and after April 9, 1948, so that no further proceedings may be taken in any of the provisions mentioned heretofore for such purpose, and no appeal shall be authorized or allowed from the order of abatement or dismissal and such orders allowing appeals from the dismissal or abatement of said suits are rendered null and void in the court to which such appeals are prosecuted. As used in this chapter:

(a) "Agency" means the commissioner acting directly or through his duly authorized officers, agents, representatives and employees, to perform duties and powers prescribed by the laws of this state to be performed by the Commissioner of Revenue or the Department of Revenue.

(b) "Board of review" means the board of review of the Department of Revenue as appointed by the commissioner under Section 27-77-3, and also means a panel of the board of review when an appeal is considered by a panel of the board of review instead of the board of review en banc.

(c) "Board of Tax Appeals" means the Board of Tax Appeals as created under Section 27-4-1.

(d) "Chairman" means the Chairman of the Board of Tax Appeals.

(e) "Commissioner" means the Commissioner of the Department of Revenue.

(f) "Denial" means the final decision of the staff of the agency to deny the claim, request for waiver or application being considered. In this context, staff of the agency does not include the board of review or the Board of Tax Appeals. "Denial" does not mean the act of returning or refusing to consider a claim, request for waiver or application for permit, IFTA license, IRP registration, title or tag by the staff of the agency due to a lack of information and/or documentation unless the return or refusal is in response to a representation by the person who filed the claim, request for waiver or application in issue that information and/or documentation indicated by the staff of the agency to be lacking cannot or will not be provided.

(g) "Designated representative" means an individual who represents a person in an administrative appeal before a hearing officer of the agency, before the board of review or before the Board of Tax Appeals.

(h) "Executive director" means the Executive Director of the Board of Tax Appeals.

All other references to "last known address" in this chapter mean the official mailing address that the hearing officer, the board of review or the executive director has for the addressee in

their file on the administrative appeal in which the document or item is being mailed to the addressee. The addressee is presumed to have received any document or item mailed to his official mailing address. The commissioner, by regulation, shall prescribe the procedure for establishing an official mailing address in the administrative appeal process for appeals before an administrative hearing officer or the Board of Review of the Department of Revenue and the procedure for changing that official mailing address. The Board of Tax Appeals, by regulation, shall prescribe the procedure for establishing an official mailing address in the administrative appeal process before that board and the procedure for changing that official mailing address. It is the responsibility of the addressee to make sure that his official mailing address is correct.

(o) "Mail," "mailed" or "mailing" means placing the document or item referred to in first-class United States mail, postage prepaid, addressed to the person to whom the document or item is to be sent at the last known address of that person. Where a person is represented in an administrative appeal before a hearing officer, the board of review or the Board of Tax Appeals by a designated representative, the terms "mail," "mailed" or "mailing" when referring to sending a document or item to that person shall also mean placing the document or item referred to in first-class United States mail, postage prepaid, to the last known address of that person's designated representative. (p) "Permit" means a type of license or permit that the agency is authorized to issue, suspend or revoke, such as a sales tax permit, a beer permit, a tobacco permit, a dealer license, or designated agent status, but does not include:

(w) "Tag penalty" means the penalties imposed under Sections 27-19-63 and 27-51-43 for any delinquency in the payment of motor vehicle privilege tax and ad valorem tax on a motor vehicle which can be waived by the agency for good reason shown. Pursuant to Section 27-51-103, imposition of this ad valorem tag penalty at the maximum rate of twenty-five percent (25%) also results in ineligibility for the credit against motor vehicle ad valorem taxes provided by that statute. Waiver of the twenty-five percent (25%) delinquency penalty by the agency under Section 27-51-43 shall reinstate credit eligibility.

In case of the absence of the chairman of the board of review at a meeting or hearing of the board of review en banc or in the case of a meeting or hearings of a panel of which he is not a member, the chairman of the board of review shall designate another member of the board of review to preside at the meeting or hearing. If circumstances do not permit such designation prior to the meeting or hearing being convened, the member of the board of review with the most tenure on the board of review shall preside. The presiding officer of a meeting or hearing of the board of review en banc or of a panel of the board of review, shall be responsible for the taking of minutes of such meeting or hearing.

§ 27-77-5. Appeals from Department of Revenue actions; appeal must be in writing; notice and hearing; appeal to Board of Tax Appeals from decision of board of review; hearing before Board of Tax Appeals; withdrawal of appeal.

(1) Any taxpayer aggrieved by an assessment of tax by the agency, by the agency's denial of a refund claim, or by the denial of a waiver of tag penalty, and who wishes to contest the action of the agency shall, within sixty (60) days from the date of the action, file an appeal in writing with the board of review requesting a hearing and correction of the contested action specifying in detail the relief requested and any other information that might be required by regulation. Even after an appeal is filed with the board of review, the agency retains the authority to change the assessment, the denial of refund claim or the denial of tag penalty being appealed.

(2) Upon receipt of a timely written appeal from a tax assessment, refund claim denial or denial of waiver of a tag penalty, a hearing shall be scheduled before the board of review unless it is determined that the relief requested in the written appeal should be granted without a hearing. A notice of the hearing shall be mailed to the taxpayer advising the taxpayer of the date, time and location of the hearing. The taxpayer or his designated representative shall attend the hearing unless a request is made to, and granted by, the board of review to allow the taxpayer to submit his position in writing or by electronic transmission in lieu of attendance. Failure of the taxpayer or his designated representative to attend a hearing or to submit his position in writing or by electronic transmission by the date specified by the board of review or by the hearing date, if no date was specified, shall constitute a withdrawal of the appeal.

(3) At a hearing before the board of review on a tax assessment, denial of refund claim, or denial of waiver of a tag penalty, the board of review shall try the issues presented, according to law and the facts and within the guidelines established by regulation. The hearing before the board of review shall be informal and no official transcript will be made of the hearing. At the earliest practical date after the hearing, the members of the board of review that heard the appeal shall make a determination on the matter presented and notify the taxpayer of its findings by mailing a copy of its order to the taxpayer. If the order involves the appeal of a denial of a waiver of tag penalty, a copy of the order shall also be mailed to the tax collector that imposed the penalty. If in the order the board of review orders the taxpayer to pay a tax assessment, the taxpayer shall, within sixty (60) days from the date of the order, pay the amount ordered to be paid or appeal the order of the board of review to the Board of Tax Appeals. After the sixty-day period, if an appeal is not filed by the taxpayer with the Executive Director of the Board of Tax Appeals and the tax determined by the board of review is not paid, the agency shall proceed to collect the tax assessment as determined by the board of review.

(4) Any taxpayer aggrieved by an order of the board of review affirming a tax assessment, the denial of a refund claim, or the denial of a waiver of tag

penalty, and who wishes to contest the order shall, within sixty (60) days from the date of the order of the board of review being contested, file an appeal to the Board of Tax Appeals. The appeal shall be in writing and shall request a hearing and reversal or modification of the order of the board of review, specify in detail the relief requested and contain any other information that might be required by regulation, and be filed with the executive director. At the time of filing his appeal with the executive director, the taxpayer shall also file a copy of his written appeal with the board of review. Even after an appeal is filed with the Executive Director of the Board of Tax Appeals, the board of review retains the authority to amend and/or correct the order being appealed at any time prior to a decision by the Board of Tax Appeals on the appeal. Failure to timely file a written appeal with the executive director within the sixty-day period shall make the order of the board of review final and not subject to further review by the Board of Tax Appeals or a court, other than as to the issue of whether a written appeal from the order of the board of review was timely filed with the executive director.

(5) Upon receipt of a written appeal from an order of the board of review affirming a tax assessment, refund claim denial or denial of waiver of a tag penalty, the executive director shall schedule a hearing before the Board of Tax Appeals on the appeal. A notice of this hearing shall be mailed to the taxpayer and the agency advising them of the date, time and location of hearing. The taxpayer or his designated representative shall attend the hearing unless a request is made to and granted by the Executive Director of the Board of Tax Appeals to allow the taxpayer to submit his position in writing or by electronic transmission in lieu of attendance. Failure of the taxpayer or his designated representative to attend a hearing or to submit his position in writing or by electronic transmission by the date specified by the executive director or by the hearing date, if no date was specified, shall constitute a withdrawal of the appeal.

(6) At any hearing before the Board of Tax Appeals on an appeal of an order of the board of review affirming a tax assessment, refund claim denial or denial of waiver of a tag penalty, two (2) members of the Board of Tax Appeals shall constitute a quorum. At the hearing, the Board of Tax Appeals shall try the issues presented, according to the law and the facts and pursuant to any guidelines established by regulation. The rules of evidence shall be relaxed at the hearing. Any appeal to chancery court from an order of the Board of Tax Appeals resulting from this type of hearing shall include a full evidentiary judicial hearing on the issues presented. No official transcript shall be made of this hearing before the Board of Tax Appeals. After reaching a decision on the issues presented, the Board of Tax Appeals shall enter its order setting forth its findings and decision on the appeal. A copy of the order of the Board of Tax Appeals shall be mailed to the taxpayer and the agency. If the order involves an appeal of a denial of a waiver of tag penalty, a copy of the order shall also be mailed to the tax collector that imposed the penalty.

(7) If in its order the Board of Tax Appeals orders a taxpayer to pay a tax assessment, the taxpayer shall, within sixty (60) days from the date of the

order, pay the amount ordered to be paid or properly appeal the order of the Board of Tax Appeals to chancery court as provided in Section 27-77-7. After the sixty-day period, if the tax determined by the Board of Tax Appeals to be due is not paid and an appeal from the Board of Tax Appeals order has not been properly filed, the agency shall proceed to collect the tax assessment as affirmed by the Board of Tax Appeals. If in its order the Board of Tax Appeals determines that the taxpayer has overpaid his taxes and an appeal from the board of tax appeals order has not been properly filed in chancery court, the agency shall refund or credit to the taxpayer, as provided by law, the amount of overpayment as determined and set out in the order.

(8) At any time after the filing of an appeal to the board of review or from the board of review to the Board of Tax Appeals under this section, an appeal can be withdrawn. Such a withdrawal of an appeal may be made voluntarily by the taxpayer or may occur involuntarily as a result of the taxpayer failing to appear at a scheduled hearing, failing to make a written submission or electronic transmission in lieu of attendance at a hearing by the date specified or by the hearing date, if no date was specified, or by any other act or failure that the board of review or the Board of Tax Appeals determines represents a failure on the part of the taxpayer to prosecute his appeal. Any voluntary withdrawal shall be in writing or by electronic transmission and sent by the taxpayer or his designated representative to the chairman of the board of review, if the appeal being withdrawn is to the board of review, or to the executive director, if the appeal being withdrawn is to the Board of Tax Appeals. If the withdrawal of appeal is involuntary, the administrative appeal body from whom the appeal is being withdrawn shall note on its minutes the involuntary withdrawal of the appeal and the basis for the withdrawal. Once an appeal is withdrawn, whether voluntary or involuntary, the action from which the appeal was taken, whether a tax assessment, a denial of refund claim, a denial of waiver of tax penalty, or an order of the board of review, shall become final and not subject to further review by the board of review, the Board of Tax Appeals or a court. The agency shall then proceed in accordance with law based on such final action.

(9) Nothing in this section shall bar a taxpayer from timely applying to the commissioner as otherwise provided by law for a tax refund or for a revision in tax.

JUDICIAL DECISIONS

1. In general.
2. Injunctive relief.
3. Applicability of doctrine of res judicata.

1. In general.

In an action by a taxpayer against the chairman of the state tax commission and the personal representative of a deceased former chairman thereof to recover sales taxes paid to the state as a result of two additional assessments, the trial court properly sustained the deceased former chairman's personal representative's demurrer in view of ample statutory provisions for the payment of judgments in favor of taxpayers. *N. & W. Indus., Inc. v. McKeigney*, 230 Miss. 566, 93 So. 2d 481 (1957).

Mere irregularities in the assessment will not avail to support the recovery back of alleged illegally exacted taxes. *Anderson Bros. Corp. v. Stone*, 227 Miss. 26, 85 So. 2d 767 (1956).

Where the owner of a number of vending machines leased them to a military post exchange under a rental contract arrangement whereby the merchandise was the property of the exchange until sold, the sales were made by the exchange, and the owner was to account for the sales receipts to the exchange and receive a percentage thereof for service and rental, the owner was not liable for sales taxes and was entitled to recover back taxes illegally exacted, since under the terms of the contract the sales were made by the post exchange. *Stevens Enters. v. Stone*, 226 Miss. 806, 85 So. 2d 461 (1956).

Where under a concessionaire contract between the owner of vending machines and a military post exchange, the owner retained control of the machines, paying a percentage of gross sales to the exchange, and where the owner retained all daily sales and remitted to the post exchange its share, the merchandise remaining the property of the owner of the machines until sold, the sales were those of the owner of the machines, and he was not entitled to recover back sales taxes as illegally exacted. *Stevens Enters. v. Stone*, 226 Miss. 806, 85 So. 2d 461 (1956).

Taxes improperly collected from the taxpayer may be recovered whether payment is made before warrant is issued or by means of a warrant, upon the following conditions: (1) the taxes must have been improperly charged and the taxpayer required to pay the same; (2) the plaintiff must allege and prove that he alone bore the burden of the tax sued for, and he did not directly or indirectly collect the tax from his customers; and (3) the suit must be filed within three years from the time the return was filed or from the time the assessment was made; and it is not necessary that taxpayer protest against the payment of the tax or make any demand to have the same refunded in order to maintain the suit. *Stevens Enters. v. Stone*, 226 Miss. 806, 85 So. 2d 461 (1956).

Where taxpayer is entitled to recover illegally collected sales tax, he is entitled to interest from and after the date suit was filed. *Stevens Enters. v. Stone*, 226 Miss. 806, 85 So. 2d 461 (1956).

Taxpayer's right to sue state tax commission for refund under this section

[Code 1942, §§ 10123, 10124] was merged in final judgment against him in certiorari proceedings in circuit court brought to test his liability for sales tax assessment, which judgment was affirmed by the supreme court and certiorari denied in the supreme court of the United States, and thereafter paid by the taxpayer. *Viator v. Stone*, 203 Miss. 109, 33 So. 2d 310 (1948), suggestion of error sustained, 203 Miss. 115, 37 So. 2d 1 (1948), appeal dismissed, 336 U.S. 948, 69 S. Ct. 882, 93 L. Ed. 1104 (1949).

The new and special jurisdiction created by this section [Code 1942, §§ 10123, 10124] vests in the circuit court of the county wherein the taxpayer resides or is located exclusive jurisdiction to determine issues arising between a sales taxpayer and the state tax commission. *Viator v. Stone*, 201 Miss. 487, 29 So. 2d 274 (1947), error overruled, 201 Miss. 504, 29 So. 2d 658 (1947).

One purpose of this provision [Code 1942, §§ 10123, 10124] was to induce prompt payment to the state tax commissioner, and another purpose was to give the taxpayer so paying the right to sue for recovery of the tax, without the sacrifice, on his part, of any of his rights because he had yielded to the threatening provisions of the law inducing such payments. *Independent Linen Serv. Co. v. Stone*, 192 Miss. 832, 6 So. 2d 110 (1942).

2. Injunctive relief.

This section [Code 1942 §§ 10123, 10124] does not contemplate mere appeal on the records as by certiorari but inescapably implies an original action in which the entire merits of the case may be heard and the liability of the taxpayer adjudged and computed in the light of his determined status, and the remedy at law is therefore clear, adequate and complete, and therefore a taxpayer was not entitled to enjoin the collection of an additional privilege tax assessed at a hearing by the state tax commission. *Stone v. Kerr*, 194 Miss. 646, 10 So. 2d 845 (1942).

If the statutory provision in a sales tax statute to the effect that no injunction should be awarded by any court or judge to restrain the collection of the taxes imposed by the act or to restrain the enforcement of the act violated the constitutional

provision prescribing the jurisdiction of the chancery court, as to which no opinion was rendered, such fact would have no effect on the remainder of the act which would remain in full force and effect. *Viator v. State Tax Comm'n*, 193 Miss. 266, 5 So. 2d 487 (1942), appeal dismissed, cert. denied, 316 U.S. 644, 62 S. Ct. 1109, 86 L. Ed. 1728 (1942), reh'g denied, 316 U.S. 711, 62 S. Ct. 1275, 86 L. Ed. 1777 (1942).

3. Applicability of doctrine of res judicata.

Taxpayers who failed to appeal a Mississippi Tax Commission assessment within 30 days were barred by the doctrines of res judicata and collateral estoppel from seeking relief more than two years later under Miss. Code Ann. § 27-73-1; even if such relief were allowed, it was time barred under Miss. Code Ann. § 27-73-5 where the facts showed that four years and nine months had passed between the date of assessment and the date suit was filed. *Davis v. AG*, 935 So. 2d 856 (Miss. 2006).

Until a protesting taxpayer had had the merits of his case considered in a suit to recover the taxes allegedly improperly collected, prior remedies attempted did not constitute res adjudicata. *Viator v. Stone*, 203 Miss. 109, 33 So. 2d 310 (1948), suggestion of error sustained, 203 Miss. 115, 37 So. 2d 1 (1948), appeal dismissed, 336 U.S. 948, 69 S. Ct. 882, 93 L. Ed. 1104 (1949).

Prior proceedings, involving sales tax assessment by the commission, appeal by certiorari therefrom, issuance of execution to collect the tax by the commission and the suing out of an injunction to prevent the collection of such tax, were not proceedings on the merits such as to bar the taxpayer from bringing suit to recover under this section [Code 1942, §§ 10123, 10124]. *Viator v. Stone*, 203 Miss. 109, 33 So. 2d 310 (1948), suggestion of error sustained, 203 Miss. 115, 37 So. 2d 1 (1948), appeal dismissed, 336 U.S. 948, 69 S. Ct. 882, 93 L. Ed. 1104 (1949).

The doctrine of res judicata does not apply in an action brought under this section [Code 1942, §§ 10123, 10124] to recover taxes allegedly charged improperly except to a judgment by the appropri-

ate circuit court determining the matter 487, 29 So. 2d 274 (1947), error overruled, on its merits. *Viator v. Stone*, 201 Miss. 201 Miss. 504, 29 So. 2d 658 (1947).

§ 27-77-7. Judicial review of Board of Tax Appeals' findings and order; petition; surety bond; payment under protest in lieu of bond; payment of uncontested tax by taxpayer; payment of uncontested overpayment by agency; issuance of summons; trial; appeals of chancery court order to Supreme Court.

(1) The findings and order of the Board of Tax Appeals entered under Section 27-77-5 shall be final unless the agency or the taxpayer shall, within sixty (60) days from the date of the order, file a petition in the chancery court appealing the order. If the petition under this subsection is filed by the taxpayer, the petition shall be filed against the Department of Revenue as respondent. If the petition under this subsection is filed by the agency, the petition shall be filed against the taxpayer as respondent. The petition shall contain a concise statement of the facts as contended by the petitioner, identify the order from which the appeal is being taken and set out the type of relief sought. If in the action, the taxpayer is seeking a refund or credit for an alleged overpayment of tax or for taxes paid in protest under subsection (3) of this section, the taxpayer shall allege in the petition or in his answer, where the appeal is filed by the agency, that he alone bore the burden of the tax sought to be refunded or credited and did not directly or indirectly collect the tax from anyone else. The respondent to the petition has thirty (30) days from the date of service of the petition to file a cross-appeal.

(2) A petition under subsection (1) of this section shall be filed in the chancery court of the county or judicial district in which the taxpayer has a place of business or in the Chancery Court of the First Judicial District of Hinds County, Mississippi; however, a resident taxpayer may file the petition in the chancery court of the county or judicial district in which he is a resident. If both the agency and the taxpayer file a petition under subsection (1) of this section, the appeals shall be consolidated and the chancery court where the taxpayer filed his petition shall have jurisdiction over the consolidated appeal.

(3) A petition filed by a taxpayer under subsection (1) of this section that appeals an order of the Board of Tax Appeals affirming a tax assessment shall be accompanied by a surety bond approved by the clerk of the court in a sum half the amount in controversy, conditioned to pay the judgment of the court. The clerk shall not approve a bond unless the bond is issued by a surety company qualified to write surety bonds in this state. Notwithstanding the above bond requirement, the chancellor retains jurisdiction, after motion, notice and hearing, to reduce the amount of the bond provided herein or to

forego the bond in its entirety if he finds that the interest of the state to obtain payment of the taxes, penalties and interest in issue in the appeal are otherwise protected. As an alternative to the posting of bond, a taxpayer appealing an order of the Board of Tax Appeals affirming a tax assessment may, prior to the filing of the petition, pay to the agency, under protest, the amount ordered by the Board of Tax Appeals to be paid and seek a refund of such taxes, plus interest thereon, in the appeal. The taxpayer shall pay to the agency any tax included in the assessment which he is not contesting. If the petition initiating the appeal is filed by the taxpayer, the payment of the uncontested tax shall be made prior to the expiration of the sixty-day time period for filing a petition under subsection (1) of this section. If the petition initiating the appeal is filed by the agency, the payment of the uncontested tax shall be made prior to the expiration of the sixty-day time period for the filing of the petition. Failure of the taxpayer to timely pay the uncontested tax shall bar the taxpayer from obtaining a reduction, abatement and/or refund of any contested tax in the appeal and shall result in the taxpayer's appeal or cross-appeal being dismissed with prejudice and with judgment being entered granting the agency the relief it requested.

(4) In an action under this section resulting from an order of the Board of Tax Appeals involving a refund claim denial, the agency shall refund or credit to the taxpayer, as provided by law, the amount of any overpayment included in the refund claim which the agency does not contest. If the petition initiating the appeal is filed by the agency, the uncontested overpayment shall be paid or credited to the taxpayer prior to the expiration of the sixty-day time period for filing a petition under subsection (1) of this section. If the petition initiating the appeal is filed by the taxpayer, such uncontested overpayment shall be paid or credited to the taxpayer prior to the expiration of the thirty-day time period for the filing of an answer or other response to the petition as provided in subsection (5) of this section. Failure of the agency to timely pay or credit the uncontested overpayment to the taxpayer shall bar the agency from obtaining an affirmation, in whole or in part, of the refund claim denial in issue and shall result in the agency's appeal or cross-appeal being dismissed with prejudice and judgment being entered granting the taxpayer the relief he requested, excluding however any request for the awarding of attorney fees.

(5) Upon the filing of the petition under subsection (1) of this section, the clerk of the court shall issue a summons to the respondent requiring the respondent to answer or otherwise respond to the petition within thirty (30) days of service. Where the agency is the respondent, the summons shall be served on the agency by personal service on the commissioner as the chief executive officer of the agency. The chancery court in which a petition under subsection (1) of this section is properly filed shall have jurisdiction to hear and determine the cause or issues joined as in other cases. In any petition, cross-appeal or answer in which the taxpayer is seeking a refund or credit for an alleged overpayment of tax or for taxes paid under protest under subsection (3) of this section, the taxpayer shall prove by a preponderance of the evidence that he alone bore the burden of the tax sought to be refunded or credited and

did not directly or indirectly collect the tax from anyone else. At trial of any action brought under this section, the chancery court shall give deference to the decision and interpretation of law and regulations by the Department of Revenue as it does with the decisions and interpretation of any administrative agency, but it shall try the case *de novo* and conduct a full evidentiary judicial hearing on the issues raised. Based on the evidence presented at trial, the chancery court shall determine whether the party bringing the appeal has proven by a preponderance of the evidence or a higher standard if required by the issues raised, that he is entitled to any or all of the relief he has requested. The chancery court shall decide all questions presented, including those as to legality and the amount of tax or refund due, and if it finds that the tax assessment or denial of refund claim in issue is incorrect or invalid, in whole or in part, it shall determine the amount of tax or refund due, including interest and, if applicable, penalty to date, and enter such order or judgment as it deems proper. Interest and penalty included in this determination shall be computed by the court based on the methods for computing penalty and interest as specified by law for the type of tax in issue. When the chancery court determines that an overpayment exists, the determination as to whether such overpayment shall be refunded to the taxpayer or credited against the taxpayer's future taxes shall be made by the chancery court based on the method for handling overpayments as specified by the law for the type of tax in issue. Either the agency or the taxpayer, or both, shall have the right to appeal from the order of the chancery court to the Supreme Court as in other cases. If an appeal is taken from the order of the chancery court, the bond provided for in subsection (3) of this section shall continue to remain in place until a final decision is rendered in the case.

§ 27-77-9. Suspension, surrender, seizure or revocation of permit, tag or title; notice of intent; written request for show cause hearing; board of review or hearing officer to conduct hearing; order; appeal to Board of Tax Appeals; notice and hearing; withdrawal of appeal.

(1) If the agency determines that there is a basis for suspension, surrender, seizure or revocation of a permit, tag or title issued or approved by the agency, the agency shall give the permittee, tag holder, title interest holder in the permit, tag or title, written notice of its intent to suspend, revoke or to order the surrender and/or seizure of the permit, tag or title. The notice of intent shall be mailed or hand delivered to the permittee, tag holder or title interest holder involved, shall set forth the facts and conduct that provide the basis for the intended action and shall advise the permittee, tag holder or title interest holder involved that he has thirty (30) days from the date of the notice to file with the board of review a written request for a hearing on the intended action. If the permittee, tag holder or title interest holder involved fails to file a written request with the board of review for a hearing on the intended action within the thirty-day period, the intended action shall automatically go into effect on the thirty-first day after the date of the notice of intent without any further action by the agency. The agency retains jurisdiction to reinstate, reduce or remove a suspension and/or return the permit, tag or title suspended, revoked, surrendered or seized under this provision.

(2) Upon receipt of a timely filed written request for a hearing on the intended suspension, surrender, seizure or revocation of the permit, tag or title in issue, the person filing the request shall be advised of the date, time and location of a show cause hearing that will be held a minimum of thirty (30) days from the date of the notice. In the case of a request for hearing involving an intended action regarding a title, the notice of hearing shall also be mailed to any other title interest holders in the motor vehicle or manufactured housing in issue. At the hearing, the person requesting the hearing shall show cause why the proposed action should not be taken. The show cause hearing shall be informal and the rules of evidence shall be relaxed. The hearing shall be conducted by the board of review or by a single hearing officer selected by the chairman of the board of review from a pool of qualified individuals designated by the commissioner to serve as administrative hearing officers. The person that requested the hearing or his designated representative shall attend the hearing unless a request is made to, and granted by, the board of review or the designated hearing officer to allow the person to submit his position in writing or by electronic transmission in lieu of attending the hearing. Failure of the person requesting the hearing or his designated representative to attend a hearing or submit his position in writing or by electronic transmission in lieu of attendance by the date specified by the board of review or designated hearing officer or by the hearing date, if no date is specified, shall constitute an involuntary withdrawal of the appeal. As soon as practical after the show cause hearing, the hearing officer or the members of

the board of review that conducted the hearing shall make a determination as to whether the intended action or any other action should be taken in regard to the permit, tag or title in issue. The hearing officer or board of review shall enter an order based on this determination and a copy of this order shall be mailed to the permittee, tag holder or title interest holder involved notifying same of the decision and the action taken.

(3) The order of the hearing officer or the board of review in regard to a show cause hearing shall be final unless, within thirty (30) days from the date of the order, the permittee, tag holder or title interest holder appeals the order to the Board of Tax Appeals. The appeal shall be in writing and request a hearing and reversal or modification of the order of the hearing officer or board of review, specify in detail the relief requested, contain any other information that might be required by regulation and be filed with the executive director. The person filing the appeal with the executive director shall also file a copy of his written appeal with the board of review. Even after an appeal is filed with the executive director, the board of review or hearing officer who entered the order appealed retains the authority to amend and/or correct this order at any time prior to a decision by the Board of Tax Appeals on the appeal. Failure to timely file a written appeal with the executive director within the thirty-day period shall make the order of the hearing officer or the board of review being appealed final and not subject to further review by the Board of Tax Appeals or a court other than as to the issue of whether a written appeal from the order of the hearing officer or board of review was timely filed with the executive director.

(4) Upon receipt of a written appeal from an order of a hearing officer or the board of review regarding a show cause hearing on a permit, tag or title, the executive director shall schedule a hearing before the Board of Tax Appeals on this appeal. A notice of the hearing shall be mailed to the person who filed the appeal and the agency to advise them of the date, time and location of hearing. In the case of an appeal from a show cause hearing on a title, the notice of hearing shall also be mailed to any other title interest holders in the motor vehicle or manufactured housing in issue. The person who filed the appeal or his designated representative shall attend the hearing. Failure of this person or his designated representative to attend a hearing shall constitute an involuntary withdrawal of the appeal.

(5) At any hearing before the Board of Tax Appeals on an appeal of an order regarding a show cause hearing on a permit, tag or title, two (2) members of the Board of Tax Appeals shall constitute a quorum. At the hearing the Board of Tax Appeals shall try the issues presented according to law and the facts and pursuant to any guidelines established by regulation. The rules of evidence shall be relaxed at the hearing and the hearing shall be taken down by a court reporter. After reaching a decision on the issues presented, the Board of Tax Appeals shall enter an order setting forth its findings and decision on the appeal. A copy of the order of the Board of Tax Appeals shall be mailed to the person who filed the appeal and the agency to notify them of the findings and decision of the Board of Tax Appeals. In the case of an appeal involving a

title, a copy of the order of the Board of Tax Appeals shall also be mailed to any other title interest holder in the motor vehicle or manufactured housing in issue.

(6) At any time after the filing of an appeal with the board of review under this section, an appeal may be withdrawn. A withdrawal of an appeal can be made voluntarily by the person appealing or may occur involuntarily as the result of his failure to appear at a scheduled hearing, or by any other act or failure that the hearing officer or the board of review determines represents a failure on the part of that person to prosecute his appeal. A voluntary withdrawal shall be in writing or by electronic transmission and sent from the person appealing or his designated representative to the chairman of the board of review or to the hearing officer designated to hear the matter. If the withdrawal of appeal is involuntary, the board of review or the hearing officer designated to hear the matter shall note on its minutes or by order the involuntary withdrawal of the appeal and the basis for the withdrawal. Once an appeal to the board of review under subsection (1) of this section is withdrawn, whether voluntary or involuntary, the intended suspension, surrender, seizure or revocation from which the appeal was taken shall become final and not subject to further review by the Board of Tax Appeals or a court. The agency shall then proceed in accordance with law based on such final action.

(7) At any time after the filing of an appeal with the Board of Tax Appeals under this section, the appeal may be withdrawn. A withdrawal of an appeal can be made voluntarily by the person appealing or may occur involuntarily as the result of the failure to appear at a scheduled hearing, or by any other act or failure that the Board of Tax Appeals determines to represent a failure on the part of that person to prosecute his appeal. A voluntary withdrawal shall be in writing or by electronic transmission and sent from the person appealing or his designated representative to the executive director. If the withdrawal of the appeal is involuntary, the Board of Tax Appeals shall note on its minutes the involuntary withdrawal of the appeal and the basis for the withdrawal. Once an appeal is withdrawn under this section, whether voluntary or involuntary, the order from the show cause hearing from which the appeal was taken shall become final and not subject to further review by the Board of Tax Appeals or a court. The agency shall then proceed in accordance with law based on the final order.

prior to the effective date of this act. The provisions of the laws relating to the administrative appeal or judicial review of such actions which were in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of providing an administrative appeal and/or judicial review, where previously provided, of such actions, except to the extent that any matter is pending on an administrative appeal before the three (3) member Mississippi State Tax Commission on the effective date will after the effective date of this act be heard and decided by the Board of Tax Appeals as the successor of the Mississippi State Tax Commission in regard to administrative appeals.”

Review of board of tax appeals’ orders pursuant to Section 27-77-9, 27-77-11 or 27-77-12 by Chancery Court, see § 27-77-13.

§ 27-77-11. Denial of application or request for permit, IFTA license, IRP registration, tag or title; notice of denial; appeal to board of review; jurisdiction of agency to reverse appealed denial; notice and hearing; order; appeal to Board of Tax Appeals; notice and hearing; authority of board of review to amend and/or correct appealed order prior to decision by Board of Tax Appeals; withdrawal of appeal.

(1) If the agency determines that an application or request for a permit, IFTA license, IRP registration, tag or title issued or approved by the agency should be denied, the agency shall give the applicant for the permit, IFTA license, IRP registration, tag or title written notice of the denial by mailing or hand delivering the notice to the applicant. In regard to the denial of an application for title, the designated agent who took the application and any other alleged title interest holders as appearing on the application shall also be mailed or hand delivered a copy of the agency’s denial of the title application. If the applicant, or in the case of the denial of a title application, any title interest holder appearing on the title application, is aggrieved by the denial and wishes to contest the denial, he shall, within thirty (30) days from the date of the written notice of the denial, file an appeal in writing with the board of review requesting a hearing on the denial that specified in detail the relief requested and contains any other information required by regulation. Failure to timely file a written appeal with the board of review within this thirty-day period shall make final the agency’s denial of the permit, IFTA license, IRP registration, tag or title in issue and not subject to further review by the board of review, the Board of Tax Appeals or a court except as to the issue of whether a written appeal to the board of review was timely filed. Even if an appeal to the board of review is filed under this section, the agency retains jurisdiction to reverse its denial and issue or approve the permit, IFTA license, IRP registration, tax or title involved in the appeal.

(2) Upon receipt of a written appeal by the board of review from a denial of a permit, IFTA license, IRP registration, tag or title, a hearing shall be scheduled before the board of review unless it is determined that the relief requested in the written appeal should be granted without a hearing. A notice of the hearing shall be mailed to the person appealing advising him of the date, time and location of hearing. If the appeal involves the denial of a title, the notice of hearing shall also be mailed to all other title interest holders in the motor vehicle or manufactured housing in issue, including both those that appear on a current title and those that appear on the application that was denied. The notice may contain a statement as to the basis for the denial of the permit, IFTA license, IRP registration, tag or title. The person appealing or his designated representative shall attend the hearing unless a request is made to and granted by the board of review to allow him to submit his position in writing or by electronic transmission in lieu of attendance. Failure of the person appealing, or his designated representative, to attend a hearing or to submit his position in writing or by electronic transmission in lieu of attendance by the date specified by the board of review or by the hearing date, if no date is specified, shall constitute a withdrawal of the appeal.

(3) At a hearing before the board of review on a denial of a permit, IFTA license, IRP registration, tag or title, the board of review shall try the issues presented, according to law and the facts and within the guidelines established by regulation. The hearing before the board of review shall be informal and no official transcript shall be made of the hearing. At the earliest practical date after the hearing, the members of the board of review that heard the appeal shall make a determination of the matter presented and notify the person appealing of its findings by mailing a copy of its order to that person. In the case of a hearing involving the denial of a title, the order shall also be mailed to all other title interest holders in the motor vehicle or manufactured housing in issue, including those that appear on a current title and those that appear on the application that was denied.

(4) The order of the board of review involving the denial of a permit, IFTA license, IRP registration, tag or title shall be final unless within thirty (30) days from the date of the order, the applicant appeals the order to the Board of Tax Appeals. In the case of an order of the board of review involving a review of the denial of a title, any title interest holder in the motor vehicle or manufactured housing in issue may appeal the order to the Board of Tax Appeals. The appeal shall be in writing, request a hearing and reversal or modification of the order of the board of review, specify in detail the relief requested, contain any other information that is required by regulation and be filed with the executive director with a copy sent to the board of review. Failure to timely file a written appeal with the executive director within the thirty-day period will make the order of the board of review being appealed final and not subject to further review by the Board of Tax Appeals or a court other than as to the issue of whether a written appeal from the order of the board of review was timely filed with the executive director. Even if an appeal to the Board of Tax Appeals is filed under this section, the board of review retains the

authority to amend and/or correct its order being appealed prior to a decision by the Board of Tax Appeals on the appeal.

(5) Upon receipt of a written appeal from an order of the board of review involving the denial of a permit, IFTA license, IRP registration, tag or title, the executive director shall schedule a hearing before the Board of Tax Appeals on the appeal. A notice of the hearing shall be mailed to the person who filed the appeal and the agency to advise them of the date, time and location of hearing. In the case of an appeal from an order of the board of review involving the denial of a title, the notice of hearing shall also be mailed to all title interest holders in the motor vehicle or manufactured housing in issue. The person who filed the appeal or his designated representative shall attend the hearing. Failure of this person or his designated representative to attend a hearing shall constitute an involuntary withdrawal of the appeal.

(6) At any hearing before the Board of Tax Appeals on an appeal of an order from the board of review involving the denial of a permit, IFTA license, IRP registration, tag or title, two (2) members of the Board of Tax Appeals shall constitute a quorum. At the hearing, the Board of Tax Appeals shall try the issues presented according to law and the facts and pursuant to any guidelines established by regulation. The rules of evidence shall be relaxed at the hearing and the hearing shall be taken down by a court reporter. After reaching a decision on the issues presented, the Board of Tax Appeals shall enter its order setting forth its findings and decision on the appeal. A copy of the order of the Board of Tax Appeals shall be mailed to the person who filed the appeal and the agency with the Board of Tax Appeals to notify them of the findings and decision of the Board of Tax Appeals. In the case of an appeal involving a title, a copy of the order of the Board of Tax Appeals shall also be mailed to all title interest holders in the motor vehicle or manufactured housing in issue.

(7) At any time after the filing of an appeal with the board of review, or from the board of review to the Board of Tax Appeals under this chapter, an appeal can be withdrawn. A withdrawal of an appeal may be made voluntarily by the person who filed the appeal or may occur involuntarily by the person failing to appear at a scheduled hearing, by failing to make a written submission or electronic transmission to the board of review in lieu of attendance by the date specified by the board or by the hearing date, if no date was specified, or by any other act or failure that the board of review or the Board of Tax Appeals determines represents a failure on the part of this person to prosecute his appeal. Any voluntary withdrawal shall be in writing or by electronic transmission and sent by the person appealing or his designated representative to the chairman of the board of review, if the appeal being withdrawn is to the board of review, or to the executive director, if the appeal being withdrawn is to the Board of Tax Appeals. If the withdrawal of appeal is involuntary, the administrative appeal body from whom the appeal is being withdrawn shall note on its minutes the involuntary withdrawal of the appeal and the basis for the withdrawal. Once an appeal is withdrawn, whether voluntary or involuntary, the action from which the appeal was taken, whether the original denial or the order of the board of review, shall become final and

not subject to further review by the board of review, the Board of Tax Appeals or a court. The agency shall then proceed in accordance with law based on such final action.

Editor's Note — Laws of 2009, ch. 492, § 144 provides:

"SECTION 144. Nothing in this act shall affect or defeat any assessment, refund claim, request for waiver of a tax penalty, the suspension, revocation, surrender, seizure or denial of permit, tag or title, the suspension, revocation or denial of a permit, approved manager status, qualified resort area or forfeiture under the Local Option Alcoholic Beverage Control Law, Section 67-1-1 et seq., the administrative appeal or judicial appeal of any of the foregoing acts or any other action taken by the Mississippi State Tax Commission or by the Chairman of the Mississippi State Tax Commission prior to the effective date of this act. Review of board of tax appeals' orders pursuant to Section 27-77-9, 27-77-11 or 27-77-12 by Chancery Court, see § 27-77-13.

§ 27-77-12. Revocation or suspension of IFTA license or IRP registration; notice of intent to revoke or suspend; surrender or seizure of IRP credentials for revoked or suspended registration; written request for show cause hearing; withdrawal of request for hearing; appeal of order of hearing officer; withdrawal of appeal.

(1) If the agency determines that there is a basis for revocation or suspension of an IFTA license or IRP registration, the agency shall give the IFTA licensee holding the IFTA license or the IRP registrant holding the IRP

registration written notice of its intent to revoke or suspend his IFTA license or IRP registration. The notice of intent shall be mailed or hand delivered to the IFTA licensee or IRP registrant and shall set forth the facts and conduct that provide the basis for the intended revocation or suspension and shall advise the IFTA licensee or IRP registrant that he has thirty (30) days from the date of the notice to file with the board of review a written request for a hearing on the intended revocation or suspension. If the IFTA licensee or IRP registrant fails to file a written request with the board of review for a hearing on the intended revocation or suspension within the thirty-day period, the IFTA license or IRP registration shall be automatically revoked or suspended as set out in the notice of intent to revoke or suspend on the thirty-first day after the date of the notice without any further action by the agency. The agency retains jurisdiction to reinstate an IFTA license or IRP registration after revocation. Failure of the IFTA licensee or IRP registrant to timely file a written request for a hearing on the intended revocation will bar further review of the revocation or suspension by any court.

(2) If an IRP registration is revoked or suspended, the IRP registrant shall surrender to the agency all IRP credentials for his IRP registration, and if not surrendered, his IRP credentials are subject to seizure and/or removal from the IRP registrant and/or from the vehicle or vehicles.

(3) Upon receipt by the board of review of a timely filed written request for a hearing on the intended revocation or suspension of the IFTA license or IRP registration, the IFTA licensee or IRP registrant filing the request shall be advised of the date, time and location of a show cause hearing that will be held a minimum of thirty (30) days from the date of the notice. At the hearing, the IFTA licensee or IRP registrant shall show cause why his IFTA license or IRP registration should not be revoked. The show cause hearing shall be informal and the rules of evidence shall be relaxed. The hearing shall be conducted by the board of review or by a single hearing officer selected by the chairman of the board of review from a pool of qualified individuals designated by the commissioner to serve as administrative hearing officers. The IFTA licensee, IRP registrant or his designated representative shall attend the hearing unless a request is made to, and granted by, the board of review or the designated hearing officer to allow the IFTA licensee or IRP registrant to submit his position in writing or by electronic transmission in lieu of attending the hearing. Failure of the IFTA licensee or IRP registrant or his designated representative to attend a hearing or submit his position in writing or by electronic transmission in lieu of attendance by the date specified by the board of review or designated hearing officer or by the hearing date, if no date is specified, shall constitute an involuntary withdrawal of the appeal. As soon as practical after the show cause hearing, the hearing officer or the board of review shall make a determination as to whether the IFTA license or IRP registration should be revoked or suspended. The hearing officer or board of review shall enter an order based on this determination and a copy of this order shall be mailed to the IFTA licensee or IRP registrant notifying him of the decision and the action taken.

(4) The order of the hearing officer or the board of review in regard to a show cause hearing shall be final unless, within thirty (30) days from the date of the order, the IFTA licensee or IRP registrant appeals the order to the Board of Tax Appeals. The appeal shall be in writing and request a hearing and reversal or modification of the order of the hearing officer or board of review, specify in detail the relief requested, contain any other information that might be required by regulation and be filed with the executive director with a copy sent to the board of review. Even after an appeal is filed with the executive director, the board of review or hearing officer who entered the order appealed retains the authority to amend and/or correct this order at any time prior to a decision by the Board of Tax Appeals on the appeal.

(5) Upon receipt of a written appeal from an order of a hearing officer or the board of review regarding a show cause hearing on an IFTA license or IRP registration, the executive director shall schedule a hearing before the Board of Tax Appeals on the appeal. A notice of the hearing shall be mailed to the IFTA licensee, IRP registrant or his designated representative and the agency to advise them of the date, time and location of the hearing. The IFTA licensee, IRP registrant or his designated representative shall attend the hearing. Failure of the IFTA licensee, IRP registrant or his designated representative to attend a hearing shall constitute an involuntary withdrawal of the appeal.

(6) At any hearing before the Board of Tax Appeals on an appeal of an order regarding a show cause hearing on an IFTA license or IRP registration, two (2) members of the Board of Tax Appeals shall constitute a quorum. At the hearing the Board of Tax Appeals shall try the issues presented according to law and the facts and pursuant to any guidelines established by regulation. The rules of evidence shall be relaxed at the hearing and the hearing shall be recorded by a court reporter. After reaching a decision on the issues presented, the Board of Tax Appeals shall enter an order setting forth its findings and decision on the appeal. A copy of the order of the Board of Tax Appeals shall be mailed to the person who filed the appeal and the agency to notify them of the findings and decision of the Board of Tax Appeals.

(7) At any time after the filing of a timely written request with the board of review for a hearing on the intended revocation of an IFTA license or IRP registration under this section, the request may be withdrawn. A withdrawal of a request for a hearing on the intended revocation or suspension may be made voluntarily by the person requesting the hearing or may occur involuntarily as a result of a failure to appear at a scheduled hearing, or by any other act or failure that the board of review or designated hearing officer determines represents a failure on the part of that person to pursue his request for a hearing on the intended revocation or suspension. A voluntary withdrawal shall be in writing or by electronic transmission and sent from the person requesting the hearing or his designated representative to the chairman of the board of review or the hearing officer designated to hear the matter. If the withdrawal of the request for a hearing is involuntary, the board of review or the hearing officer designated to hear the matter shall note on its minutes or by order the involuntary withdrawal of the request and the basis for the

withdrawal. Once a request for hearing on the intended revocation or suspension is withdrawn, whether voluntary or involuntary, the IFTA license or IRP registration shall be automatically revoked or suspended as set out in the notice of intent being appealed.

(8) At any time after the filing of an appeal with the Board of Tax Appeals under this section, the appeal may be withdrawn. A withdrawal of an appeal can be made voluntarily by the person appealing or may occur involuntarily as the result of the failure to appear at a scheduled hearing, or by any other act or failure that the Board of Tax Appeals determines to represent a failure on the part of that person to prosecute his appeal. A voluntary withdrawal shall be in writing or by electronic transmission and sent from the person appealing or his designated representative to the executive director. If the withdrawal of the appeal is involuntary, the Board of Tax Appeals shall note on its minutes the involuntary withdrawal of the appeal and the basis for the withdrawal. Once an appeal is withdrawn under this section, whether voluntary or involuntary, the order from the show cause hearing from which the appeal was taken shall become final and not subject to further review by the Board of Tax Appeals or a court. The agency shall then proceed in accordance with law based on the final order.

§ 27-77-13. Board of Tax Appeals’ orders pursuant to Section 27-77-9, 27-77-11 or 27-77-12 final unless appealed to chancery court; petition; payment of costs of preparation of record; review by chancery court; appeal to Supreme Court from order of chancery court.

(1) The findings and order of the Board of Tax Appeals entered in accordance with Section 27-77-9, 27-77-11 or Section 27-77-12, shall be final unless the agency or the permittee, IFTA licensee, IRP registrant, tag holder, or title interest holder of the permit, IFTA license, IRP registration, tag or title in regard to which action was taken in the order shall, within thirty (30) days from the date of the order, file a petition in chancery court seeking a review of the order. If a petition under this subsection is filed by the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder, the petition shall be filed against the agency as respondent. If a petition under this subsection is filed by the agency, the petition shall be filed against the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder of the permit, IFTA license, IRP registration, tag or title which is the subject of the order sought to be reviewed as respondent. The respondent to a petition has thirty (30) days from the date of service of the petition to file a cross-appeal. The petition shall contain a concise statement of the facts as contended by the petitioner, identify the order from which the appeal is being taken and the type of relief sought. Where the petition is being filed by a permittee, IFTA licensee, IRP registrant, tag holder or title interest holder, the petition shall also contain a certificate that the petitioner has paid to the executive director the estimated cost of the preparation of the entire record of the Board of Tax Appeals on the matter for which a review is sought.

(2) A petition under subsection (1) of this section shall be filed in the chancery court of the county or judicial district in which the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder of the permit, IFTA license, IRP registration, tag or title which is the subject of the order of the Board of Tax Appeals sought to be reviewed has a place of business or in the First Judicial District of Hinds County, Mississippi; however, a resident permittee, IFTA licensee, IRP registrant, tag holder or title interest holder may file a petition in the chancery court of the county or judicial district in which he is a resident. If both the agency and the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder file a petition under subsection (1) of this section, the appeals shall be consolidated and the chancery court where the first petition was filed shall have jurisdiction over the consolidated appeal. If it cannot be determined which petition was filed first, the chancery court where the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder filed his petition shall have jurisdiction over the consolidated appeal.

(3) The review by the chancery court of the order of the Board of Tax Appeals on a petition filed under subsection (1) of this section shall be based on the record made before the Board of Tax Appeals. Before filing a petition under subsection (1) of this section, a petitioner, who is a permittee, IFTA licensee, IRP registrant, tag holder or title interest holder, shall obtain from the executive director an estimate of the cost to prepare the entire record of the Board of Tax Appeals and shall pay to the executive director the amount of the estimate. If, upon the preparation of the record, it is determined that the estimate paid was insufficient to pay the actual cost of the preparation of the record, the executive director shall mail to the petitioner a written notice of the deficiency. The petitioner shall pay the deficiency to the executive director within thirty (30) days from the date of this written notice. If upon the preparation of the record, it is determined that the estimate paid by the petitioner exceeds the actual cost of the preparation of the record, the executive director shall remit to the petitioner the amount by which the estimate paid exceeds the actual cost. The chancery court shall dismiss with prejudice any petition filed by a permittee, IFTA licensee, IRP registrant, tag holder or title interest holder where it is shown that the petitioner failed to pay prior to filing the petition the estimated cost for preparation of the record of the Board of Tax Appeals or failed to pay any deficiency in the estimate within thirty (30) days of a notice of deficiency. Where the agency files a petition under subsection (1) of this section, the agency shall pay the cost of the preparation of the entire record of the Board of Tax Appeals on the matter for which a review is sought. Where both the agency and the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder file a petition under subsection (1) of this section from the same Board of Tax Appeals order, the executive director shall remit to the permittee, IFTA licensee, IRP registrant, tag holder or title interest holder that filed the petition the amount by which, if any, the payment received from this permittee, IFTA licensee, IRP registrant, tag holder or title interest holder for preparation of the record exceeds one-half ($\frac{1}{2}$) of the actual cost of preparation of the record. The other half of the actual cost of preparation of the record in this situation shall be paid by the agency.

(4) Upon the filing of the petition under subsection (1) of this section, the clerk of the court in which the petition is filed shall issue a summons to the respondent requiring the respondent to answer or otherwise respond to the petition within thirty (30) days of service. Where the agency is the respondent, the summons shall be served on the agency by personal service on the commissioner as the chief executive officer of the agency.

§ 27-103-101. Joint Legislative Budget Committee; Legislative Budget Office; membership; compensation; meetings.

(1) There is created the Joint Legislative Budget Committee and the Legislative Budget Office which shall be governed by such committee. The joint committee shall be composed of the following members: The Chairman of the Senate Finance Committee, the President Pro Tempore of the Mississippi State Senate, the Lieutenant Governor of the State of Mississippi, the Chairman of the Senate Appropriations Committee and three (3) members of the Senate to be named by the Lieutenant Governor; the Chairman of the Ways and Means Committee of the House of Representatives, the Chairman of the Appropriations Committee of the House of Representatives, the Speaker of the House of Representatives and four (4) members of the House of Representatives to be named by the Speaker of the House. In the event any ex officio member of the joint committee holds two (2) positions entitling him to membership on the committee, the Lieutenant Governor or the Speaker of the House, as the case may be, shall appoint another member of the respective house to membership on the committee. The chairmanship shall alternate for twelve-month periods between the Speaker of the House of Representatives and the Lieutenant Governor, with the Speaker of the House of Representatives serving as the first chairman. In the absence of the Chairman of the Senate Finance Committee, Senate Appropriations Committee, House Appropriations Committee and Ways and Means Committee, the vice chairman of any such committee shall be entitled to attend; if the vice chairman is unable to attend or if an appointed member is unable to attend, another legislator may be designated to attend by the Lieutenant Governor or the Speaker of the House, as the case may be. If the Lieutenant Governor or Speaker of the House is unable to attend a meeting, he may designate a legislator to substitute for him at that meeting. If the President Pro Tempore of the State Senate is unable to attend a meeting, the Lieutenant Governor shall designate a member of the Senate to substitute for him at that meeting. Any proxy shall have a vote at the meeting he was selected to attend and also shall, when attending, receive compensation and expenses in the same manner and amount as regular members of the joint committee.

There shall be no business transacted, including adoption of rules of procedure, without the presence of a quorum of the joint committee. A quorum shall be eight (8) members, to consist of four (4) members from the Senate and four (4) members from the House of Representatives. No action shall be valid unless approved by the majority of those members present and voting, entered upon the minutes of the joint committee and signed by the chairman and vice

chairman. All actions of the joint committee shall be approved by at least four (4) Senate members and four (4) House members.

As used in Sections 27-103-101 through 27-103-139, the term “committee” shall mean the Joint Legislative Budget Committee.

(2) The members of the committee shall receive, in addition to other compensation due them, per diem as is authorized by law for their services in carrying out the duties of the committee and, in addition thereto, shall receive a daily expense allowance equal to the maximum daily expense rate allowable to employees of the federal government for travel in the high rate geographical area of Jackson, Mississippi, as may be established by federal regulations, including mileage as authorized by Section 25-3-41, the same to be paid from the operating budget of the Legislative Budget Office. However, in no case shall the members of the committee draw per diem while the Legislature is in regular or special session, except that members may receive the per diem and expenses authorized by this section when the Legislature is in session but in recess under the terms of a concurrent resolution, or in recess during a special session.

(3) The committee may meet at least once each month; and the chairman or director may call additional meetings at such times as they deem necessary or advisable.

(4) The Legislative Budget Office shall, upon the request of a member or member-elect of the Senate or House of Representatives, make available one (1) copy of data, reports, fiscal information or related information submitted to the budget office by any general or special fund agency, whether submitted in support of its budget request or pursuant to any requirement of law or rule of the budget committee or office.

(5) All expenses incurred by and on behalf of the committee shall be paid from funds appropriated therefor, or from a sum to be provided in equal portion from the contingency funds of the Senate and House of Representatives or from transfers of funds as provided in Section 7-13-7.

JUDICIAL DECISIONS

1. In general.
- 2.-5. [Reserved for future use.]
6. Under former § 27-103-1.

1. In general.

The participation of the Lieutenant Governor on the Joint Legislative Budget Committee was not a violation of the constitutional provision for separation of executive and legislative powers. The Lieutenant Governor is constitutionally an officer of both the executive and legislative departments and is eligible as President of the Senate to receive the legislative powers conferred upon him by the legislation creating the Joint Legislative Budget Committee. Neither the statute creating the Joint Legislative Budget Committee nor the Lieutenant Governor's service on the committee constituted a violation of the constitutionally mandated separation

of powers. *Kirksey v. Dye*, 564 So. 2d 1333 (Miss. 1990).

2.-5. [Reserved for future use.]**6. Under former § 27-103-1.**

Where members of the Commission of Budget and Accounting, whose activities include the budget-making process, the budget-control process, regulating purchases made by state agencies, administering state employees' life and health insurance plans, and miscellaneous duties, held office in the legislative department of government, and were voting members of each, the Commission as constituted violated Miss Const Art 1 § 2, and former § 27-103-1(1), insofar as it was composed simultaneously of members of both the legislative and executive departments as voting members. *Alexander v. State ex rel. Allain*, 441 So. 2d 1329 (Miss. 1983).

§ 27-103-103. Definitions.

Agencies shall rely upon normal attrition, retirement and good management practices to accomplish the reductions. Each agency shall make the specified ten percent (10%) reduction in increments of approximately two percent (2%) each fiscal year, and the full ten percent (10%) reduction shall be reflected in the personnel documents of the State Personnel Board by July 1, 1997. All deletions of agency employment positions as provided in this section shall be made in accordance with the rules and regulations of the State Personnel Board regarding reductions in staff.

An agency may seek exceptions from the mandated reductions; however, any exceptions must be approved by the Governor and an explanation and notice of such exceptions provided in writing to the Joint Legislative Budget Committee and to the House and Senate Appropriations Committees."

ATTORNEY GENERAL OPINIONS

Any budget based on a revenue estimate other than that jointly adopted by the Governor and the Joint Legislative	Budget Committee as required by the statute would be invalid. Anderson, Nov. 25, 2002, A.G. Op. #02-0674.

§ 27-103-127. Parts 2 and 3 of budget; special fund agency; institutions of higher learning budget; port or harbor agency budgets; department of transportation; division of state aid road construction.

To the end that the overall budget shall present in comparable terms a complete summary of all financial operations of all state agencies, Part 2 of the overall budget shall include therein the requested budget and the recommended budget for each special fund agency. The overall budget shall show for each special fund agency, in addition to such other information as may be prescribed by the Legislative Budget Office, the following:

(a) The amount by source of all special fund receipts collected or otherwise available in the current fiscal year, and an estimate by source of all special funds which will be collected or become available by the end of the then current fiscal year;

(b) The estimated amount of all expenditures to be made or obligations to be incurred payable from such special funds during the then current fiscal year;

(c) The estimated aggregate amount of special funds which will be needed by the agency for the succeeding fiscal year; beginning with the 1995

fiscal year and in the event that any services proposed to be provided by the agency in the succeeding fiscal year are Medicaid reimbursable, any state general matching funds necessary for such reimbursement shall be included in the agency's proposed budget, and the appropriation to the Division of Medicaid in the 1995 fiscal year shall be adjusted accordingly;

(d) The estimated amount by source of special funds which will be available under existing laws during the succeeding fiscal year, including any balances which will be on hand at the close of the then current fiscal year;

(e) The estimated amount which will be needed and which will require change in existing law or laws;

(f) If any new item of expense is included in the proposed budget of any special fund agency, the reason therefor shall be given; and in any case where the Legislative Budget Office shall eliminate or reduce any item or items in the proposed budget of any special fund agency, it shall note briefly the reasons therefor, together with the reasons advanced by the agency in support of the item or items eliminated or reduced;

(g) The proposed budget of each special fund agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements.

Proposed expenditures for any agency in Part 2 of the overall budget shall not exceed the amount of estimated revenues which will be available to it. Provided, that the Legislative Budget Office may recommend changes in existing law so as to decrease or increase the revenues available to any agency if in its judgment such changes are necessary or desirable.

Provided further, that expenditures approved or authorized by the Legislature for any special fund agency or special funds approved for general fund agency shall constitute a maximum to be expended or encumbered by such agency, and shall not constitute authority to expend or encumber more than the amount of revenue actually collected or otherwise received.

No special fund agency or general fund agency shall make expenditures from special funds available to such agency unless such expenditures are set forth in a budget approved by the Legislature. Such legislative approval shall be set forth in an appropriation act. Provided, however, that special funds derived from the collection of taxes for any political subdivision of the state shall be excepted from the foregoing provisions. The executive head of the state agency shall be liable on his official bond for expenditures or encumbrances which exceed the total amount of the budget or the amount received if receipts are less than the approved budget.

Provided, however, that each university and college shall submit through the Board of Trustees of State Institutions of Higher Learning an annual budget to the Legislative Budget Office prior to the beginning of each fiscal year with such information and in such form, and in such detail, as may be required by the Legislative Budget Office. If the Legislative Budget Office determines that sufficient funds will be available during the fiscal year to fund the proposed budget as submitted, then and in that event the proposed budget

shall be approved. However, if the Legislative Budget Office determines that, in its judgment, sufficient funds will not be available to fund the proposed budget, the affected institution or institutions and the Board of Trustees of State Institutions of Higher Learning shall be promptly notified and given an opportunity to either justify the proposed budget or proposed amendments which can be mutually agreed upon. The Legislative Budget Office shall then approve the proposed budget or budgets of the several universities and colleges. The total amount approved for each institution shall constitute the maximum funds which may be expended during the fiscal year.

The municipal, county or combined municipal and county port and harbor commissions, authorities or other port or harbor agencies not owned or operated by the state, shall submit annual or amended budgets of their estimated receipts and expenditures to the governing bodies of such municipality, county or municipality and county, for their approval, and a copy of such budget as approved by such governing body or bodies shall be filed with the Legislative Budget Office. Such budget shall itemize all estimated receipts and expenditures, and the Legislative Budget Office may require particularization, explanation or audit thereof, and shall report such information to the Legislature.

To the end that the overall budget shall present in comparable terms a complete summary of all financial operations of all state agencies, Part 3 of such overall budget shall consist of an estimated preliminary annual budget of the Department of Transportation and the Division of State Aid Road Construction of the Department of Transportation and such information for the current fiscal year as is necessary to make presentation comparable to that specified for Part 2 special fund agencies.

The annual budget request of the Department of Transportation shall be divided into the following program budgets: (a) administration and other expenses, (b) construction, (c) maintenance, and (d) debt service. In making its annual appropriation to the Department of Transportation from the State Highway Fund, the Legislature shall separate the appropriation bill into the four (4) program budget areas herein specified. For the purposes of this paragraph, "administration and other expenses" shall be construed to mean those expenses incurred due to departmental support activities which cannot be assigned to a specific construction or maintenance project, and shall be construed to include expenses incurred for office machines, furniture, fixtures, automobiles, station wagons, truck and other vehicles, road machinery, farm equipment and other working equipment, data processing and computer equipment, all other equipment, and replacements for equipment. "Construction" shall be construed to mean those expenses associated with the creation and development of the state highway system and its related facilities; "maintenance" shall be construed to mean those expenses incurred due to activities associated with preservation of safe and aesthetically acceptable highways in an attempt to maintain them in as close to the original condition as possible; and "debt service" shall be construed to mean amounts needed to pay bonds and interest coming due, bank service charges, and bond debt service.

(1) To enable the Legislative Budget Office to prepare such budget, it shall have full and plenary power and authority to require all general-fund and special-fund agencies and the Mississippi Department of Transportation and the Division of State Aid Road Construction of the Mississippi Department of Transportation to file a budget request with such information and in such form and in such detail as it may deem necessary and advisable, and it shall have the further power and authority to reduce or eliminate any item or items of requested appropriation by any state agency in the Legislative Budget Office's recommended budget to the Legislature. Beginning July 1, 2007, the purchase of vehicles by an agency shall be a specific line item in the agency's appropriation bill.

(c) If an agency determines that an urgent need exists for a vehicle when it is not feasible to obtain prior legislative approval, the agency may make an emergency request to the Bureau of Fleet Management. Any emergency determination shall be made only upon the existence of extraordinary circumstances. The Bureau of Fleet Management shall make a

recommendation to the Executive Director of the Department of Finance and Administration and shall give notification of such recommendation to the Lieutenant Governor, the Speaker of the House and the Chairmen of the Senate and House of Representatives Appropriations Committees. The Executive Director of the Department of Finance and Administration shall have the final authority to approve or disapprove the emergency request. The executive director must set forth specific reasons for approval which shall be a public record. If approved and if adequate funding is available, the agency may purchase a specific vehicle to meet its specific emergency needs. The Bureau of Fleet Management shall report any emergency purchase to the Legislative Budget Office. Any such vehicle shall be subject to the same rules and regulations as provided for nonemergency vehicles.

(d) For purposes of subsections (3) and (4) of this section, the term “passenger vehicle” shall mean a vehicle used primarily in transporting agency personnel and the agency’s equipment from one location to another. § 27-103-139. Submission of budget; employment of budget officer.

members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year, plus any unencumbered balances in general funds that will be available and on hand at the close of the then current fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. Unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund and the Education Enhancement Fund under Section 27-103-203.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

ATTORNEY GENERAL OPINIONS

This section does not conflict with Miss. Const., Art. 4, §§ 66 and 96. Bryant, Sept. 17, 2003, A.G. Op. 03-0426.

Any appropriations of funds to agencies is purely within the discretion of the Legislature. There is no requirement that the participating agencies receive monetary awards, even if the Department of Finance and Administration recommends to

the Legislature that an award be granted. Bryant, Sept. 17, 2003, A.G. Op. 03-0426.

This section clearly invites agencies to participate in the program, and in the final sentence provides that the Legislature may appropriate funds to agencies, not individuals. Bryant, Sept. 17, 2003, A.G. Op. 03-0426.

The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars (\$5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars (\$70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches seven and one-half percent (7-½%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the seven and one-half percent (7-½%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars (\$15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq. shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars (\$15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those

purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars (\$15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars (\$55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars (\$0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars (\$40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars (\$50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

The maximum amount that may be transferred from the Capital Expense Fund to the bureau for any single emergency shall be Five Hundred Thousand Dollars (\$500,000.00), and the maximum amount that may be transferred to the bureau for all emergencies during any fiscal year shall be Two Million Dollars (\$2,000,000.00).

§ 27-104-13. Revision of budget estimates for and reduction of funding allocations to general-fund and special-fund agencies and for "administration and other expenses" budget of Mississippi Department of Transportation; general fund revenue estimate to be adopted by Legislative Budget Office by sine die adjournment; transfers to General Fund.

(1) The State Fiscal Officer may disapprove or reduce and revise the estimates of general funds and state-source special funds for any general fund or special fund agency and for the "administration and other expenses" budget of the Mississippi Department of Transportation, in an amount not to exceed five percent (5%), if at any time he finds that funds will not be available within the period for which the budget is drawn, or if at any time he finds that the requested expenditures, or any part thereof, are not authorized by law, and that action shall be reported to the Legislative Budget Office.

The State Fiscal Officer may, upon his determination of need based upon a finding that funds will not be available within the period for which the budget is drawn, transfer funds as provided in Section 27-103-203, from the Working Cash-Stabilization Reserve Fund to the General Fund to supplement the general fund revenue.

If the estimates of general funds and state-source special funds of all general fund and special fund agencies and of the "administration and other expenses" budget of the Mississippi Department of Transportation have been reduced by five percent (5%), additional reductions may be made, but shall consist of a uniform percentage reduction of general funds and state-source special funds to all general fund and special fund agencies and to the

“administration and other expenses” budget of the Mississippi Department of Transportation.

Any state-source special funds reduced under the provisions of this subsection (1) shall be transferred to the State General Fund upon requisitions for warrants signed by the respective agency head, and the transfer shall be made within a reasonable period to be determined by the State Fiscal Officer.

The provisions of this subsection (1) authorizing the State Fiscal Officer to disapprove or reduce and revise the estimates of general funds and state-source special funds for the “administration and other expenses” budget of the Mississippi Department of Transportation shall be suspended during the period from June 30, 2009, through June 30, 2010.

(2) The State Tax Commission and University Research Center, utilizing all available revenue forecast data, shall annually develop a general fund revenue estimate to be adopted by the Legislative Budget Office as of the date of sine die adjournment. If, at the end of October, or at the end of any month thereafter of any fiscal year, the revenues received for the fiscal year fall below ninety-eight percent (98%) of the Legislative Budget Office general fund revenue estimate at the date of sine die adjournment, the State Fiscal Officer shall reduce allocations of general funds and state-source special funds to general fund and special fund agencies and to the “administration and other expenses” budget of the Mississippi Department of Transportation, in an amount necessary to keep expenditures within the sum of actual general fund receipts, including any transfers to the General Fund from the Working Cash-Stabilization Reserve Fund for the fiscal year.

The State Fiscal Officer may, upon his determination of need based on the revenue shortfall, transfer funds as provided in Section 27-103-203 from the Working Cash-Stabilization Reserve Fund to the General Fund to supplement the general fund revenue. State-source special funds in an amount equal to any reduction made under the provisions of this subsection (2) shall be transferred to the State General Fund upon requisitions for warrants signed by the respective agency head, and the transfer shall be made within a reasonable period to be determined by the State Fiscal Officer.

No agency’s allocation shall be reduced in an amount to exceed five percent (5%); however, if the allocations of general funds and state-source special funds to all general fund and special fund agencies and to the “administration and other expenses” budget of the Mississippi Department of Transportation have been reduced by five percent (5%), any additional reductions required to be made under this subsection (2) shall consist of a uniform percentage reduction of general funds and state-source special funds to all general fund and special fund agencies and to the “administration and other expenses” budget of the Mississippi Department of Transportation. Any receipt from loans authorized by Sections 31-17-101 through 31-17-123 shall not be included as revenue receipts.

The State Fiscal Officer shall immediately send notice of any action taken under authority of this subsection (2) to the Legislative Budget Office.

The provisions of this subsection (2) requiring the State Fiscal Officer to reduce allocations of general funds and state-source special funds to general

fund and special fund agencies and to the “administration and other expenses” budget of the Mississippi Department of Transportation shall be suspended during the period from June 30, 2009, through June 30, 2010.

(3) For the purpose of this section, the term “state-source special funds” means any special funds in any agency derived from any source, but shall not include the following special funds: special funds derived from federal sources, from local or regional political subdivisions, from agricultural commodity assessments, or from donations; special funds held in a fiduciary capacity for the benefit of specific persons or classes of persons; self-generated special funds of the state institutions of higher learning or the state community or junior colleges; special funds of Mississippi Industries for the Blind, the State Port at Gulfport, Yellow Creek Inland Port, Pat Harrison Waterway District, Pearl River Basin Development District, Pearl River Valley Water Management District, Tombigbee River Valley Water Management District, Yellow Creek Watershed Authority, or Coast Coliseum Commission; special funds of the Department of Wildlife, Fisheries and Parks derived from the issuance of hunting or fishing licenses; and special funds generated by agencies whose primary function includes the establishment of standards and the issuance of licenses for the practice of a profession within the State of Mississippi.

§ 27-104-17. Allotment period; time for filing of budget estimates; restriction of agency expenditures; special reserve funds; emergency measures; prior approval required to hire certain retired employees under contract.

(1) An allotment period shall be one-half ($\frac{1}{2}$) of twelve (12) months, and expenditure one-half ($\frac{1}{2}$) of the appropriated amount, unless otherwise specified in the appropriation bill or justified by the agency to the Department of Finance and Administration, and the first allotment period shall commence on July 1. Provided further, that the Department of Finance and Administration may, in its discretion, restrict an agency to a monthly allotment period when it becomes evident that an agency's rate of expenditure to date indicates this restriction will be necessary to prevent depletion of its appropriation prior to the close of the fiscal year or when the condition of the State General Fund requires monthly monitoring and control of the rate of General Fund expenditures.

(2) Except as otherwise provided in subsection (3), and unless otherwise specified in the agency appropriation bill, in the event any emergency or unforeseen circumstances shall arise, the agency head may authorize increases in major objects of expenditure within each specific budget within each appropriation bill in total amounts not to exceed ten percent (10%) of the appropriated amount of each object, provided that other major objects of expenditure are decreased by a corresponding dollar amount. In cases of extreme hardship, certified in writing by the agency head and submitted with timely submissions required herein,

the Executive Director of the Department of Finance and Administration, in his discretion, may authorize an earlier effective date for the transfer.

(3) From and after March 12, 2009 and until June 30, 2009, due to the unforeseen financial circumstances, the agency head of any state agency, with the approval of the Department of Finance and Administration, may authorize increases in major objects of expenditure within each specific budget within each appropriation bill, provided that other major objects of expenditure are decreased by a corresponding dollar amount. No state agency shall take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, education benchmark, career ladder, or any other means to increase salaries of employees or positions unless specifically exempted by the following conditions: the immediate replacement of a departing employee with an individual from within state service or a new hire at a salary level equivalent to that of the departing employees or the emergency appointment of nurses, pharmacists or other health care professionals at a salary to be determined by the State Personnel Board. The agency head shall submit written justification for the transfer(s) to the Department of Finance and Administration, the Legislative Budget Office and the State Auditor on or before the fifteenth of the month prior to the effective date of the transfer. The transfer shall be effective the first working day of the month following timely submissions and approval required herein. In cases of extreme hardship, certified in writing by the agency head and timely submitted as required herein, the Executive Director of the Department of Finance and Administration, in his discretion, may authorize an earlier effective date for the transfer.

(4) No former employee who is receiving State of Mississippi retirement benefits shall be hired under contract for an amount exceeding Twenty Thousand Dollars (\$20,000.00) a year without prior approval by an agency's proper governing board or authority. Upon approval of such contracts a written report shall be submitted detailing the cost and need of such contract services to the Chairmen and members of the Senate and House Appropriations Committees.

Unless otherwise specified in the appropriation bill, the Executive Director of the Department of Finance and Administration shall have the authority to approve escalations in a budget using one hundred percent (100%) federal money.

(2) New employee positions funded one hundred percent (100%) by or from federal funds may be authorized by the Executive Director of the Department of Finance and Administration subject to the rules and regulations of the State Personnel Board. No federal funds may be expended for programs or activities other than those which have been authorized by act of the Legislature or which are encompassed by a state agency's program structure as provided by law. The Executive Director of the Department of Finance and Administration shall immediately send notice of the approval of such budget escalation to the Legislative Budget Office. The Executive Director of the Department of Finance and Administration shall ensure that the Legislative Budget Office receives timely, detailed and accurate information about the amount and use of federal funds by state agencies.

(3) The Department of Finance and Administration shall require, by rule and regulation, that each agency receiving federal funds shall apply for federal reimbursement for state central services costs in accordance with Office of Management and Budget Circular A-21 or A-87, which reimbursement shall be deposited directly into the Statewide Cost Allocation Fund, which is hereby

established within the State Treasury. An agency's failure to timely apply for such reimbursement shall be condition sufficient to authorize the Department of Finance and Administration to transfer an amount equal to not less than fifty percent (50%) nor more than one hundred percent (100%) of the total amount designated to such agency in the applicable fixed cost agreement of the state central service cost allocation plan. These funds shall be transferred from any available funds within such agency into the Statewide Cost Allocation Fund upon execution of a requisition for issuance of warrant by the Executive Director of the Department of Finance and Administration. Any funds on hand in said Statewide Cost Allocation Fund at the end of the fiscal year shall lapse into the State General Fund.

State agencies receiving and expending funds under Disaster Assistance Act of 1993 shall request Department of Finance and Administration for escalation of budget in same manner as department escalates budgets for federal funds under this section, see § 33-15-311.

§ 27-104-23. Records and accounts; reports.

The State Auditor and from and after July 1, 1986, the State Fiscal Officer, shall maintain his records and accounts in such a manner that, insofar as funds paid from the State Treasury are concerned, only the amounts approved by the State Fiscal Officer or authorized in the agency appropriation bill shall be available for expenditure during any allotment period by the state agency entitled thereto. The State Auditor, or the State Fiscal Officer, as the case may be, shall be liable on his official bond for any failure on his part to fully comply with the provisions of this section.

It shall be the duty of any officer or employee of any state agency who is clothed with the authority to make purchases or obligations or incur expenses to keep records of such purchases, obligations, or expenses incurred by him, and such purchases, obligations, or expenses incurred shall be entered upon the records the day they are made. No such purchases, obligations, or expenses shall be incurred after June 30 of the then fiscal year which would encumber funds appropriated for the fiscal year just ending. It shall be the duty of each agency coming within the purview of Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29 to submit, on or before July 15, a statement on a form prepared and furnished by the State Fiscal Officer, showing a detailed list of all encumbrances outstanding as of the close of the preceding fiscal year, together with purchase order numbers and such other information as the State Fiscal Officer may require.

§ 27-104-25. Responsibility for obligations or indebtedness incurred in name of agency; limitations on obligations or indebtedness; payment of claims from prior fiscal year.

(1) The executive head and business manager of each state agency shall be responsible for all obligations or indebtedness incurred in the name of the agency, or by any employee for them when incurred by such employee acting within the scope of his employment.

(2) No obligations or indebtedness shall be incurred by any such person during any allotment period in excess of the amount of the estimate approved by the Department of Finance and Administration or in the agency appropriation bill.

If a claim arising from orders for goods or services from the prior fiscal year is presented within one (1) year and (a) the payment of a claim does not cause an agency to exceed the amount of its prior year budget estimate as approved by the Department of Finance and Administration or its appropriation bill, and (b) sufficient funds remain in the current fiscal year’s allotment to pay the claim, the State Treasurer, upon approval of the claim by the Department of Finance and Administration, shall draw a warrant in payment of the claim.

(3) Contractual obligations, such as salary contracts, shall be considered as incurred within the fiscal period in which they are to be paid, and are to be encumbered against funds to be available in that fiscal period, and shall include appropriate cancellation clauses in the event the anticipated revenues from which they are to be paid do not become available.

(4) Agencies having special funds, as defined in Section 27-103-103, shall not incur obligations or indebtedness against such special funds in an amount in excess of revenues actually anticipated and budgeted.

(5) If obligations or indebtedness shall be incurred contrary to the provisions hereof, then neither the State of Mississippi nor the agency shall have any liability therefor, and the person, firm or corporation to whom the obligation or indebtedness is due may recover the amount of the obligation or

indebtedness and twenty-five percent (25%) of the amount as liquidated damages from the responsible officers, either personally or upon their official bonds, either severally or jointly.

ATTORNEY GENERAL OPINIONS

Claims for payment of airport joint use fees by the Mississippi National Guard to the Meridian Airport Authority in prior years, beginning October 1, 1990 and ending September 30, 1992, were beyond the one year period of limitation allowed for the claims and, without any legislative action specifically authorizing payment, were not allowable. Pearson, December 9, 1993, A.G. Op. #98-0015.

Only claims from prior fiscal years which are presented within one year after

goods or services are provided may be paid by an agency, and this also applies to an agency authorized to make lump sum withdrawals from the State Treasury; thus, without specific legislative authorization, the University of Mississippi Medical Center cannot pay claims to the City of Jackson for sewer services which were provided more than one year before presentation of claims. Conerly, January 30, 1998, A.G. Op. #98-0025.

§ 27-104-27. Application of provisions to funds granted or allotted under act of Congress; exemption of agency; exceptions.

Notwithstanding anything in Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29 contained, the same shall not be construed to apply to any agency supported wholly by funds granted or allotted under any act of Congress. The State Auditor of Public Accounts and after July 1, 1986, the State Fiscal Officer shall determine which special fund accounts in the State Treasury require an appropriation act and request an appropriation for such special fund accounts. For all other special fund accounts, the State Auditor of Public Accounts, or the State Fiscal Officer after July 1, 1986, shall certify that such accounts do not require an appropriation. The Legislative Budget Office shall recommend an appropriation for each special fund account existing in the State Treasury so certified as requiring an appropriation, unless exempted as hereinafter provided. In the event the Legislative Budget Committee and the State Fiscal Officer find that any state agency should not be included under the provisions of Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29, then the said committee and officer may, in their discretion, exempt said state agency from the provisions thereof. Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29 shall not

apply to funds collected and disbursed by a state agency created and existing under the provisions of Sections 73-3-101 through 73-3-169. Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29 shall not apply to funds deposited into the special fund created pursuant to Section 45-9-101, the special fund created pursuant to Section 69-37-39, the special fund created pursuant to Section 1 of Chapter 521, Laws of 1999, the special fund created pursuant to Section 31-17-127, the special fund created pursuant to Section 65-1-110 or the special fund created pursuant to Section 27-7-22.31.

The State Fiscal Officer shall not promulgate or attempt to enforce any rule, order or regulation which is not in accordance with the provisions of a legally executed trust indenture agreement, nor shall Sections 27-103-101 through 27-103-139 and 27-104-1 through 27-104-29 be construed to apply to funds collected and disbursed by a state agency under Sections 65-33-45 and 65-33-47.

As set out above, this section reflects the language of Section 1 of ch. 521, Laws of 1999, pursuant to Section 1-3-79 which provides that whenever the same section of law is amended by different bills during the same legislative session, the amendment with the latest effective date shall supersede all other amendments to the same section taking effect earlier.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error in this section. The words “Section 1 of House Bill No. 1668, 1999 Regular Session” were changed to “Section 1 of Chapter 521, Laws of 1999.” The Joint Committee ratified the correction at its June 29, 2000 meeting.

Editor’s Note — Section 7-7-2 provides that the words “State Auditor of Public Accounts,” “State Auditor” and “Auditor” appearing in the laws of this state in connection with the performance of Auditor’s functions shall mean the State Fiscal Officer.

Section 27-104-6 provides that wherever the term “State Fiscal Officer” appears in any law it shall mean “Executive Director of the Department of Finance and Administration.”

Section 73-3-169, referred to in the sixth sentence of the first paragraph, was repealed by Laws of 1974, ch. 566, § 29 effective from and after July 1, 1974.

There is no statutory authority for the State Personnel Board to delegate duties and responsibilities pertaining to the approval of legal services and contracts to the State Personnel Director. Robinson, Jan. 10, 1992, A.G. Op. #91-0945.

There are many instances in which emergency legal services are needed before state agency or state official can secure contract for legal services approved by Personnel Board and there have been

occasions in which state entities have had to act without prior approval of Attorney General; however, in these instances, state agency employees or state officials act at their own risk in retaining legal counsel without such approval although it is permissible for State Personnel Board to approve such contracts after service has been partially, substantially, or even entirely completed. § 27-104-107. Lease, sublease, or lease-purchase of real property by Department of Finance and Administration.

(1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

- (a) "Department" means the Department of Finance and Administration.
- (b) "Commission" means the State Bond Commission.
- (c) "Director" means the Executive Director of the Department of Finance and Administration.
- (d) "Committee" means the Joint Legislative Budget Committee.
- (e) "Office" means the Office of General Services of the Department of Finance and Administration.

(2) In addition to any other authority conferred upon it, and subject to the approval of its proposal by the commission, the department may enter into purchase contracts, lease-purchase agreements, rental agreements or other similar contracts for the ultimate acquisition of real property by the state. Before entering into any purchase contract or lease-purchase agreement, the office must first demonstrate to the Public Procurement Review Board satisfactory evidence that the contract would be economically advantageous to the state and that any consolidation of agencies into buildings at a common location would not impair or impede the function of that agency in this location. The contracts shall be approved by the Public Procurement Review Board and the State Bond Commission.

(3) Acquisitions shall be made only with legislative approval and be in accordance with a long-range development plan which the department shall annually prepare and present to the Legislature as a part of the Governor's capitol budget recommendation; however, if in the opinion of the Department of Finance and Administration circumstances involving a proposed acquisition are such that waiting for legislative approval will not be economically advantageous to the state or may cause the state financial loss, then such acquisition may be made upon approval by the State Bond Commission after consultation with the Chairman of the Public Property Committee of the Senate and the Chairman of the Public Buildings, Grounds and Lands Committee of the House of Representatives. Acquisition of lands and buildings shall be based upon appraisals approved by the Department of Finance and Administration. The office shall not pay an amount in excess of the appraised value of the land and buildings to be acquired. The appraised value shall be determined by taking the average of two (2) appraisals performed by two (2) appraisers to be selected by the Department of Finance and Administration. Further, the office shall file quarterly reports describing this process and its progress with the Chairman of the Senate Public Property Committee and the Chairman of the House Public Buildings, Grounds and Lands Committee.

(4) With the exception of the Public Employees' Retirement System, whenever any contract or agreement entered into is for and on behalf of the State of Mississippi, title to property, when acquired, shall vest in the State of

Mississippi and not in the name of any state agency. Any building subject to a lease purchase agreement with the state shall be considered a state-owned building and therefore exempt from the assessment and levy of ad valorem taxes.

(5) All contracts executed under this section shall include provisions whereby the obligation of the state for any payment in excess of reasonable rental of the property while actually occupying the property is dependent upon the availability of appropriated funds for the purchase of the property.

(6) Activity under this section shall be reported annually in a detailed resolution from the commission to the committee.

(7) All funds allocated to rents and chargeable by the department shall be paid into a special fund that is created in the State Treasury. Unexpended amounts remaining in the special fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the special fund shall be deposited to the credit of the special fund. This fund shall be used by the department (a) to retire indebtedness incurred in the acquisition of properties under this section; (b) to renovate, maintain and otherwise protect subject properties; (c) to pay the cost of utilities necessary to operate the buildings; and (d) to acquire properties in accordance with this section.

Amendment Notes — The 2009 amendment, in the next-to-last sentence of (3), deleted “one (1)” following “performed by two (2) appraiser,” and deleted “and one (1) to be selected by the Department of Audit” at the end of the sentence; and made a minor stylistic change in (7).

ATTORNEY GENERAL OPINIONS

The Department of Corrections (DOC) may enter into a lease purchase agreement for the property with the total outlay therefor to be approved by the Executive Director of the the Department of Finance and Administration; pursuant to subsection (4) of this section title to the property so acquired by DOC would vest in the State and not in the name of DOC. Anderson, July 18, 2003, A.G. Op. 03-0276.

If the Department of Finance and Administration determines that the assumption of existing leases will not impair the intended use of the real property and the lease instruments themselves do not contain provisions which are beyond the authority of the Department to agree to, then the leases may be assumed. Stringer, Oct. 12, 2006, A.G. Op. 06-0516.

§ 27-104-109. Department to create report of Mississippi-based companies that manufacture products using recycled materials; contents of report.

(1) In addition to any other duties of the Department of Finance and Administration (DFA), by January 1, 2009, the DFA shall create a report of Mississippi-based companies that manufacture products using recycled materials. In addition to the name, location and phone number of the company, the report shall include:

- (a) The name of products that are produced using recycled materials; and
- (b) The percent of the product that is made from recycled materials; and
- (c) The recommended use of such products by state agencies.

(2) The DFA shall negotiate a price for the purchase of the products by state agencies and political subdivisions of the state and create rules and regulations to encourage state agencies and political subdivisions of the state to purchase the products at the negotiated prices.

§ 27-105-5. Qualification as public funds depository; authority of State Treasurer; definitions.

(1) Any financial institution maintaining a deposit-taking facility in this state whose accounts are insured by the Federal Deposit Insurance Corporation or any successors to that insurance corporation, may qualify as a public funds depository by submitting an application to the State Treasurer as provided by Section 27-105-9, if the institution has a primary capital to total

assets ratio of five and one-half percent (5½%) or more. That ratio shall be determined not later than December 1 in each calendar year by the State Treasurer on the basis of balance sheets of applying institutions at June 30 of the same calendar year, and an institution shall not be a qualified depository and shall not receive any public funds unless its ratio has been certified annually by the Treasurer as meeting the prescribed requirement. Each applicant shall furnish to the State Treasurer such financial statements, balance sheets or other documentation, sworn to by a duly elected officer, on such date or dates and on such forms as the State Treasurer may require. Any knowing or willful misstatement of fact on those forms shall subject the officer swearing to them to the penalty of perjury, and the financial institution of which he is an officer shall not be eligible to serve as a depository for a period of one (1) year beginning with the date on which the State Treasurer certifies that such a misstatement has been made. When so approved by the State Treasurer, the institution shall place on deposit with the State Treasurer qualified bonds, notes and liquid securities in an aggregate amount at least equal to one hundred five percent (105%) of the average daily balance of funds on deposit in the aggregate by the State of Mississippi or any agency or department of the state or by any county, municipality or other governmental unit in excess of that portion of accounts insured by the Federal Deposit Insurance Corporation, or any successor thereto.

(2) Any financial institution maintaining a deposit-taking facility in this state whose accounts are insured by the Federal Deposit Insurance Corporation or any successors to that insurance corporation and which has been in existence for three (3) or more years may qualify as a public funds depository and public funds guaranty pool member under Section 27-105-6 by submitting an application to the State Treasurer as provided by Section 27-105-9, if the institution has a primary capital to total assets ratio of six and one-half percent (6½%) or more and otherwise meets the requirements of Section 27-105-6. That ratio shall be determined not later than December 1 in each calendar year by the State Treasurer on the basis of balance sheets of applying institutions at June 30 of the same calendar year, and an institution shall not be a member of the public funds guaranty pool unless its ratio has been certified annually by the Treasurer as meeting the prescribed requirement. Each applicant shall furnish to the State Treasurer such financial statements, balance sheets or other documentation, sworn to by a duly elected officer, on such date or dates and on such forms as the State Treasurer may require. Any knowing or willful misstatement of fact on those forms shall subject the officer swearing to them to the penalty of perjury and the financial institution of which he is an officer shall not be eligible to serve as a depository for a period of one (1) year beginning with the date on which the State Treasurer certifies that such a misstatement has been made. When so approved by the State Treasurer, the institution shall meet its security requirement of one hundred five percent (105%) by placing on deposit with the State Treasurer qualified bonds, notes and liquid securities in an aggregate amount at least equal to fifty-two and one-half percent (52½%) of the average daily balance of funds on

deposit in the aggregate by the State of Mississippi or any agency or department of the state or by any county, municipality or other governmental unit in excess of that portion of accounts insured by the Federal Deposit Insurance Corporation, or any successor thereto, and executing a guarantee equal to the balance of fifty-two and one-half percent (52½%) of the average daily balance of funds on deposit in the aggregate by the State of Mississippi or any agency or department of the state or by any county, municipality or other governmental unit in excess of that portion of accounts insured by the Federal Deposit Insurance Corporation, or any successor thereto.

The securities so deposited shall not be commingled in any manner with the assets of the safekeeping bank.

The safekeeping banks listed in subparagraph (i) above are authorized to issue to the State Treasurer their safekeeping trust receipts based on safekeeping trust receipts issued to them by any of their correspondent banks that are members of the Federal Reserve System and are located in any federal reserve city and that have physical custody of the pledged securities.

In no event shall the State Treasurer deposit for safekeeping with any depository securities placed by the depository with the State Treasurer in qualifying as a public funds depository, nor shall he accept a safekeeping trust receipt by or from a depository covering securities it owns in order to secure state funds on deposit with it.

(4) In fulfilling the requirements of this Section 27-105-5, the State Treasurer shall:

(a) Maintain perpetual inventory of pledged collateral and perform monthly market valuations and quality ratings.

(b) Monitor and confirm, as often as deemed necessary by the Treasurer, the pledged collateral held by third party custodians.

(b) Provide to each public depositor annually, not later than thirty (30) days following the public depositor's fiscal year end, the following information on all open accounts identified as a "public deposit" for that public depositor as of its fiscal year end, to be used for confirmation purposes: the federal employer identification number of the public funds depository, the name on the deposit account record, the federal employer identification number on the deposit account record, and the account number, account type and actual account balance on deposit. The maturity of these instruments must be twelve (12) years or less.

(e) The term "mortgage servicing rights" means those assets (net of any related valuation allowances) that result from contracts to service loans secured by real estate (that have been securitized or are owned by others) for which the benefits of servicing are expected to more than adequately compensate the servicer for performing the servicing.

(f) The term "perpetual preferred stock" means a preferred stock that does not have a stated maturity date or that cannot be redeemed at the option of the holder and that has no other provisions that will require future redemption of the issue. It includes those issues of preferred stock that automatically convert into common stock at a stated date. It excludes those issues, the rate on which increases, or can increase, in such a manner that would effectively require the issuer to redeem the issue.

(g) The term "total assets" means the average of total assets of any financial institution that are or would be included in a Federal Deposit Insurance Corporation (FDIC) banking institution's "Reports of Condition and Income" (Call Reports), regardless of whether the institution is insured by the FDIC, plus the allowance for loan and lease losses, minus assets classified loss and minus intangible assets other than mortgage servicing rights.

(h) The term "average daily balance" means the average daily balance of public deposits of each governmental unit held during the reported month. The average daily balances must be determined by totaling, by account, the daily balance held by the depositor and then dividing the total by the number of calendar days in the month. Deposit insurance is then deducted from each public depositor's balance and the resulting amounts are totaled to obtain the average daily balance.

(i) The term "public funds" means funds in which the entire beneficial interest is owned by a governmental unit or funds held in the name of a

public official of a governmental unit charged with the duty to receive or administer funds and acting in such official capacity.

(j) The term “governmental unit” means the State of Mississippi, and any office, department, agency, division, bureau, commission, board, institution, hospital, college, university, airport authority or other instrumentality thereof, whether or not such body or instrumentality has the authority to levy taxes or to sue or be sued in its own name. Further, it shall mean any body politic or body corporate other than the state responsible for governmental activities only in geographic areas smaller than that of the state, including, but not limited to any county, municipality, school district, community hospital as defined in Section 41-13-10, airport authority or other instrumentality thereof, whether or not such body or instrumentality has the authority to levy taxes or to sue or be sued in its own name. It is the intent to include all state and political subdivisions or instrumentalities thereof whether specifically recited herein or not.

ATTORNEY GENERAL OPINIONS

United States government guaranteed securities are primary securities authorized under this section to be pledged as collateral for state deposits. Sheppard, Feb. 18, 1993, A.G. Op. #93-0018.

This section is to be read in pari materia with Miss. Code Section 75-8-102 and further interpreted in light of prevailing practice of securities trade industry; thus security as defined by Miss. Code Section 75-8-102 which includes "book entry" securities which otherwise meet all requirements of law satisfies physical custody requirements of this section, if book entry reflects pledge of securities to state as collateral for state deposits held by owner of security. Sheppard, Feb. 18, 1993, A.G. Op. #93-0018.

The Legislature intended that this section and § 27-105-301, et seq. establish a comprehensive scheme for the safekeeping and investment of county funds. James, August 16, 1996, A.G. Op. #96-0503.

The Legislature clearly intended that out-of-state banks establishing and maintaining one or more branches in Mississippi as authorized by the Interstate Bank Branching Act of 1996 should be allowed to carry out any activities at such branches as Mississippi state banks do; thus, an out-of-state bank with branches located in Mississippi may qualify as a state depository. Bennet, January 16, 1998, A.G. Op. #97-0842.

The board of trustees of a county school district may accept from a qualified financial institution as pledged security for school funds placed in such institution, surety bonds of any surety company authorized to do business in Mississippi, provided that such bonds are not rated substandard by any of the appropriate supervisory authorities having jurisdiction over such depository or by any recognized national rating agency engaged in the business of rating bonds; however, the

board should be aware that surety bonds are not negotiable instruments which can be sold to recover lost deposits. Dickey, June 18, 1999, A.G. Op. #99-0287.

The Southern Mississippi Planning and Development District is not a governmental unit for purposes of the statute. Abbott, Jr., Oct. 26, 2001, A.G. Op. #01-0648.

Under subsection (8), it is the responsibility of the bank to deposit additional collateral within one day when it becomes aware that the amount on deposit is no longer adequately secured; it is also the responsibility of the depositor to make the bank aware that it has deposited an amount which is significantly large; however, it is the responsibility of the treasurer to make certain that there is adequate collateral to secure the deposits. Ross, Jr., June 7, 2002, A.G. Op. #02-0262.

Absent specific statutory authority to have funds collateralized, a public entity may not participate in the centralized pledging system. Bennett, June 21, 2002, A.G. Op. #02-0307.

Planning and development districts are not governmental units for purposes of the statute. Bennett, June 21, 2002, A.G. Op. #02-0307.

The North Tunica County Fire Protection District is required to give notice and solicit bids for selection of depositories and is required to have securities pledged for all its deposits. Dulaney, July 10, 2002, A.G. Op. #02-0210.

Public entities are required to enter into a Collateral Security Agreement with the State Treasurer acting as the signatory to effect the intent of Section 27-105-5. Ross, Feb. 28, 2003, A.G. Op. #03-0694.

Forfeited funds in the possession of a district attorney may be deposited in any financial institution that has qualified as a public funds depository in accordance with Section 27-105-5, and such funds may be invested in any of the investments authorized in Section 27-105-33. Davis, Apr. 28, 2006, A.G. Op. 06-0138.

§ 27-105-6. Further qualification as public funds depository participating in public funds guaranty pool.

(1) There is established within the State Treasury a public funds guaranty pool to consist of qualified public funds depositories commissioned under Section 27-105-5(2) to be administered by a Guaranty Pool Board and the State Treasurer.

(2) There is established a nine-member Guaranty Pool Board to administer the guaranty pool and to review and recommend criteria to be used by the State Treasurer in order to protect public deposits and the depositories in the program.

(3) Any financial institution qualifying as a guaranty pool member shall guarantee public fund deposits against loss caused by the default or insolvency of other guaranty pool members and shall execute under oath an agreement of contingent liability in addition to a public deposit pledge agreement.

(4) In addition to maintaining the capital requirements of Section 27-105-5, a guaranty pool member shall meet and maintain, on a quarterly basis, at least two (2) of the following ratios:

(a) A ratio of loans past due ninety (90) days or more to total loans of less than two percent (2%);

(b) An annualized return on average assets of more than seventy-five one hundredths of one percent (0.75%); and

(c) A total loans to total assets ratio not exceeding eighty percent (80%).

Failure of a guaranty pool member to meet the capital ratio and at least two (2) of the above three (3) ratios shall subject the member to subsection (9) of this section.

(5) In fulfilling the requirements of this section, the Treasurer has the power to:

(a) Order discontinuance of participation in the guaranty pool program by a qualified public depository upon failure of the financial institution to meet the above requirements of subsection (4) of this section;

(b) Appoint a nine-member Guaranty Pool Board;

(c) Establish goals and objectives and provide other data as may be necessary to assist the Guaranty Pool Board established under subsection (2) in developing standards for the program;

(d) Perform financial analysis of any qualified public funds depository as needed.

(6) The Guaranty Pool Board shall consist of:

(a) One (1) representative of financial institutions with assets of One Billion Dollars (\$1,000,000,000.00) or more chosen by the State Treasurer

from a list of two (2) bankers nominated by the Mississippi Bankers Association;

(b) One (1) representative of financial institutions with assets of Three Hundred Million Dollars (\$300,000,000.00) but less than One Billion Dollars (\$1,000,000,000.00) chosen by the State Treasurer from a list of two (2) bankers nominated by the Mississippi Bankers Association;

(c) One (1) representative of financial institutions with assets of less than Three Hundred Million Dollars (\$300,000,000.00) chosen by the State Treasurer from a list of two (2) bankers nominated by the Mississippi Bankers Association;

(d) Two (2) representatives of banks at large chosen by the State Treasurer from a list of four (4) bankers nominated by the Mississippi Bankers Association;

(e) One (1) member chosen by the State Treasurer from a list of two (2) supervisors nominated by the Mississippi Supervisors Association;

(f) One (1) member chosen by the State Treasurer from a list of two (2) municipal officials nominated by the Mississippi Municipal League; and

(g) The Commissioner of Banking and Consumer Finance and the State Treasurer.

The Guaranty Pool Board shall determine the effective date of the public funds guaranty pool, which date shall be no earlier than July 1, 2001, and so notify the State Treasurer. All nominees of the Mississippi Bankers Association shall be employed by a financial institution that is a member of the public funds guaranty pool.

Initially, three (3) of the five (5) representatives of financial institutions shall be appointed for a term of one (1) year. The remaining members other than the Commissioner of Banking and Consumer Finance and State Treasurer, who shall be permanent members, shall be appointed for a term of two (2) years. Upon expiration of these terms, members shall be appointed thereafter for two-year terms. Any member is eligible for reappointment and shall serve until a successor qualifies. If a vacancy occurs in the position of any appointed member, a new member shall be appointed in the same manner as the member's predecessor for the remainder of the unexpired term. A member of the board shall receive no compensation for service on the board.

The Guaranty Pool Board shall elect a chair and vice chair and shall also designate a secretary who need not be a member of the Guaranty Pool Board. The secretary shall keep a record of the proceedings of the Guaranty Pool Board and shall be the custodian of all printed materials filed with or by the advisory committee. Notwithstanding the existence of vacancies on the Guaranty Pool Board, a majority of the members constitutes a quorum. The Guaranty Pool Board shall not take official action in the absence of a quorum.

In addition to the requirements of subsection (4) of this section, the Guaranty Pool Board, by a two-thirds (2/3) supermajority vote of the entire Guaranty Pool Board, may establish additional criteria for qualification as a guaranty pool member, including promulgating additional ratios, requiring stricter ratios than provided under subsection (4), or requiring additional

collateral; however, any additional criteria shall be uniformly applied to all participants, although higher collateral pledge levels may be based on different financial criteria. Any reduction in previously approved criteria shall likewise be subject to a two-thirds (2/3) supermajority vote of the entire Guaranty Pool Board. Any additional criteria will become effective at the quarter next after the Guaranty Pool Board votes. The Guaranty Pool Board is authorized to promulgate regulations in order to more fully carry out its obligations under this paragraph.

(7) A public funds guaranty pool member shall submit to the State Treasurer not later than the date required to be filed with its primary federal regulatory agency:

(a) A copy of the quarterly Consolidated Reports of Condition and Income, and any amended reports, required by the Federal Deposit Insurance Act, 12 USCS Section 1811 et seq., if the depository is a bank; or

(b) A copy of the Thrift Financial Report, and any amended reports, required to be filed with the Office of Thrift Supervision if the depository is a savings and loan association.

(8) A public funds guaranty pool member may effect a voluntary withdrawal from the guaranty pool by giving written notice to the State Treasurer. Notice of withdrawal shall be mailed or delivered in sufficient time to be received by the State Treasurer at least one hundred eighty (180) days before the effective date of withdrawal. On the effective date of withdrawal, the guaranty pool member shall pledge and place on deposit with the State Treasurer securities equal to one hundred five percent (105%) of the outstanding balances of public funds held less the amount of funds insured by the Federal Deposit Insurance Corporation.

The contingent liability for any loss before the effective date of withdrawal of the depository withdrawing from the guaranty pool shall continue after the effective date of the withdrawal for a period of six (6) months.

(9) A public funds guaranty pool member failing to meet the requirements for membership in subsection (4) of this section or as modified by the Guaranty Pool Board under its authority at subsection (6) is required to withdraw from the guaranty pool. The State Treasurer shall notify the public funds guaranty pool member of the effective date of the withdrawal not less than thirty (30) days before that effective date. Not later than the effective date of withdrawal, the withdrawing pool member must pledge and place on deposit with the State Treasurer securities equal to one hundred five percent (105%) of the outstanding balances of public funds held less the amount of funds insured by the Federal Deposit Insurance Corporation or pay over those funds to the public depositor.

The contingent liability for any loss before the effective date of withdrawal of the depository withdrawing from the guaranty pool shall continue for a period of one (1) year after the effective date of the withdrawal.

§ 27-105-9. Application for keeping state funds; pro rata allocation.

The State Treasurer shall give notice of the provisions of this article once a month to each eligible bank and financial institution in the state having an amount of state funds less than the amount authorized to be allocated to the bank or financial institution under Section 27-105-33 and this section, and shall receive such applications as they or any of them may make for the privilege of keeping any part of public funds on forms to be furnished by the Treasurer, and shall place the state funds with the institutions applying for them if the depository application has been duly approved by the Treasurer.

The Treasurer, when considering the various depository applications, shall review the financial statement of the applying depository and become satisfied regarding its liquidity and capital ratio so as to assure the safety of all public funds, and likewise to give the equitable apportionment of the state funds throughout the state.

State funds required for current operation, as determined under Section 27-105-33, shall be deposited in one or more demand accounts. State funds not

required for current operation, as determined under Section 27-105-33, shall be deposited in one or more interest-bearing accounts or time certificates of deposit, or otherwise invested under Section 27-105-33. When any depository holding state demand accounts receives an order from the Treasurer or his designee to transfer collected funds out of those accounts to any interest-bearing accounts or time certificates of deposit in the depository or any other depository under the provisions of this chapter, the transfer shall be made immediately or as soon thereafter as practicable. If the Treasurer finds that any depository is not transferring funds as provided above, the depository shall be disqualified from holding or receiving any state demand accounts for a period of time not to exceed one (1) year.

All funds allocated to approved depositories under the provisions of subsection (b) of Section 27-105-33 shall be allocated to qualified depositories of the state on a pro rata basis determined as follows:

(a) Each qualified depository shall be assigned a numerator, which shall be the sum of (i) thirty-five percent (35%) of that portion of its Mississippi-based deposits that does not exceed Two Hundred Fifty Million Dollars (\$250,000,000.00), plus (ii) twenty-five percent (25%) of that portion of its Mississippi-based deposits that exceed Two Hundred Fifty Million Dollars (\$250,000,000.00) but does not exceed Five Hundred Million Dollars (\$500,000,000.00), plus (iii) fifteen percent (15%) of that portion of its Mississippi-based deposits that exceeds Five Hundred Million Dollars (\$500,000,000.00).

(b) Each such numerator shall be divided by a denominator, which shall be the sum of (i) thirty-five percent (35%) of the first Two Hundred Fifty Million Dollars (\$250,000,000.00) or portion thereof of the Mississippi-based deposits of each qualified depository, plus (ii) twenty-five percent (25%) of the next Two Hundred Fifty Million Dollars (\$250,000,000.00) or portion thereof of the Mississippi-based deposits of each qualified depository, plus (iii) fifteen percent (15%) of the Mississippi-based deposits of each qualified depository in excess of Five Hundred Million Dollars (\$500,000,000.00), being the sum of the numerators of all depositories. The resulting percentage shall be the pro rata share of the depository in funds allocated under Section 27-105-33(b).

(c) All such computations shall be determined annually by December 1 on the basis of the deposits held by the depositories at deposit facilities located in the State of Mississippi as reported in the Federal Deposit Insurance Corporation's Market Share Report — Deposits of All FDIC-Insured Institutions Operating in Mississippi on June 30 of each year. For the purposes of this section, "Mississippi-based deposits" means the total deposits held at deposit facilities located in the State of Mississippi on June 30 as reported annually by the Federal Deposit Insurance Corporation in the above-referenced report.

State funds allocated to each approved depository shall not be more than four percent (4%) of the depository's Mississippi-based deposits. Interest-bearing time certificates of deposit and other interest-bearing deposits, either

general or special, made under Section 27-105-33, may be treated as not coming within this percentage if, in the discretion of the Treasurer, the best interest of the state can be served to increase its earnings and decrease its expenses in the handling of the state funds; however, any and all depositories must first qualify and be approved by the Treasurer to receive demand deposits subject to withdrawal or transfer by check of the Treasurer when properly presented and so demanded. For the purposes of this section, the term “paid-in and earned capital funds” means the sum of common stock, perpetual preferred stock, surplus, undivided profits and capital reserves as these amounts are or would be reflected in a Federal Deposit Insurance Corporation (FDIC) banking institution’s “Reports of Condition and Income” (Call Reports), regardless of whether the institution is insured by the FDIC.

The state depository contract shall be for one (1) year, but may be renewed from year to year upon proper review and approval of the Treasurer. Each applicant shall furnish to the Treasurer a financial statement sworn to by a duly elected officer, and on such date or dates as the Treasurer may provide.

§ 27-105-25. Failure to pay treasurer's check.

(1) In the event of the failure of any public funds depository to pay any check lawfully issued by the State of Mississippi or any agency or department of the state or any county, municipality or other governmental unit on any funds on deposit belonging to the State of Mississippi or any agency or department of the state or any county, municipality or other governmental unit in the depository, the State Treasurer is empowered to sell such securities as are placed with him by the depository, or so much of them as is necessary to cover back into the Treasury of the State of Mississippi or any agency or department of the state or any county, municipality or other governmental unit the amount of state funds on deposit with the depository with accrued interest thereon in excess of applicable deposit insurance, and the sale of the securities shall be made by the State Treasurer at the best price that he can obtain at either public or private sale, and in the event of the failure of the depository to pay any check when the depository has placed as security surety bonds, the Treasurer shall notify the Attorney General and that officer shall take such immediate action as he may deem most expedient for covering back into the Treasury of the State of Mississippi or any agency or department of the state or any county, municipality or other governmental unit all state money on deposit in the depository. In addition, the Attorney General is authorized to employ counsel, if necessary, to more speedily enforce the payment and expense of that collection, including counsel fees, to be charged against the depository, and, in addition thereto, the depository will be liable for damages at the rate of one percent (1%) per month for any delay in paying over any state funds when demanded, and the bond of any depository shall be liable for those expenses and damages.

(2) If the loss to the State of Mississippi or any agency or department of the state or any county, municipality or other governmental unit (hereinafter "public depositories") of the depository that is also a public funds guaranty pool member is not covered by deposit insurance or the proceeds of the sale of securities, the State Treasurer shall provide coverage of the remaining loss by assessment against the other public funds guaranty pool members. The assessment shall be determined by multiplying the total amount of the loss to all public depositories by a percentage that represents the share of public fund deposits held by the depository divided by the total public deposits held by all public funds guaranty pool members, excluding the public deposits of the defaulting depository, as determined by the State Treasurer from the average of the six (6) most recent month-end reports of the public funds guaranty pool members provided under Section 27-105-6. Each public funds guaranty pool member shall pay its assessment to the State Treasurer within seven (7) business days after it receives notice of the assessment. If a public funds

guaranty pool member fails to pay its assessment when due, the State Treasurer shall satisfy the assessment by selling securities pledged by any depository failing to pay the assessment.

(3) The State Treasurer shall distribute the funds to the public depositors of the public funds depository in default according to their validated claims.

(4) Public depositors receiving payment under the provisions of this section shall assign to the State Treasurer any interest they may have in funds that may subsequently be made available to the depository in default, if the depository in default or its receiver provides funds to the State Treasurer, the State Treasurer shall distribute the funds, plus all accrued interest that has accumulated from the investment of the funds, if any, to the public funds guaranty pool members that paid assessments on the same pro rata basis as the assessments were paid.

§ 27-105-31. Governor and treasurer to count depository receipts as cash.

When the Governor of the State of Mississippi and the State Treasurer are each individually performing their respective duties as required by Article 5, Section 137 of the Mississippi Constitution of 1890 [Article 5 repealed], each shall recognize, treat, and count receipts of all duly qualified state depositories for demand, general and special funds of the State Treasury, interest-bearing time certificates of deposit issued by duly qualified state depositories, and safekeeping trust receipts representing investments in direct United States Treasury obligations, as cash funds in the treasury.

SOURCES: Codes, Hemingway's 1917, § 4204; 1930, § 4337; 1942, § 9140; Laws, 1908, ch. 96; Laws, 1969 Ex. Sess., ch. 53, § 2, eff from and after December 31, 1969.

Editor's Note — Former Section 137 of Article 5 of the Mississippi Constitution required that the State Treasurer publish in a newspaper located at the seat of government, within ten days of the first of January and July of each year, a statement of the condition of the treasury including the balance on hand and information concerning the nature of the funds, and required that the Governor verify the count by inspection and certification.

The 1990 repeal of Section 137 of Article 5 of the Mississippi Constitution was proposed by Laws of 1990, Ch. 695 (Senate Concurrent Resolution No. 562), and upon ratification by the electorate on November 6, 1990, was deleted from the Constitution by proclamation of the Secretary of State on December 19, 1990.

§ 27-105-33. Deposit and investment of excess state funds.

It shall be the duty of the State Treasurer and the Executive Director of the Department of Finance and Administration on or about the tenth day of each month, and in their discretion at any other time, to analyze carefully the amount of cash in the General Fund of the state and in all special funds credited to any special purpose designated by the State Legislature or held to meet the budgets or appropriations for maintenance, improvements and services of the several institutions, boards, departments, commissions, agencies, persons or entities of the state, and to determine in their opinion when the cash in such funds is in excess of the amount required to meet the current needs and demands of no more than seven (7) business days on such funds and report their findings to the Governor. It shall be the duty of the State Treasurer to provide a cash flow model for forecasting revenues and expenditures on a bimonthly basis and providing technical assistance for its operation. The Department of Finance and Administration shall use the cash flow model furnished by the State Treasurer, in analyzing the amount of funds on deposit and available for investment.

The State Treasurer is hereby authorized, empowered and directed to invest all such excess general and special funds of the state in the following manner:

(a) Funds shall be allocated equally among all qualified state depositories which do not have demand accounts in excess of One Hundred Fifty Thousand Dollars (\$150,000.00) until each qualified depository willing to accept the same shall have on deposit or in security repurchase agreements or in other securities authorized in paragraph (d) of this section at interest the sum of Three Hundred Thousand Dollars (\$300,000.00). For the purposes of this subsection, no branch bank or branch office shall be counted as a separate depository.

(b) The balance, if any, of such excess general and special funds shall be offered to qualified depositories of the state on a pro rata basis as provided in Section 27-105-9. For the purposes of this subsection, the pro rata share of each depository shall be reduced by the amount of the average daily collected earning balance of demand deposits maintained by the State Treasurer pursuant to Section 27-105-9 during the preceding calendar year, and such reduction shall be allocated pro rata among other eligible depositories.

(c) Funds offered pursuant to paragraphs (a) and (b) above shall be invested for periods of up to one (1) year, and shall bear interest at an interest rate no less than that numerically equal to the bond equivalent yield on direct obligations of the United States Treasury of comparable maturity, as determined by the State Treasurer. In determining such rate, the State Treasurer shall consider the Legislature's desire to distribute funds equitably throughout the state to the maximum extent possible.

(d) To the extent that the State Treasurer shall find that general and special funds cannot be invested pursuant to paragraphs (a), (b) and (c) of this section for the stated maturity up to one (1) year, the Treasurer may invest such funds, together with any other funds required for current operation, as determined pursuant to this section, in the following:

(i) Time certificates of deposit or interest-bearing accounts with qualified state depositories. For those funds determined under prudent judgment of the State Treasurer to be made available for investment in time certificates of deposit, the rate of interest paid by the depositories shall be determined by rules and regulations adopted and promulgated by the State Treasurer which may include competitive bids. At the time of investment, the interest rate on such certificates of deposit under the provisions of this subparagraph shall be a rate not less than the bond equivalent yield on direct obligations of the United States Treasury with a similar length of maturity.

(ii) Direct United States Treasury obligations, the principal and interest of which are fully guaranteed by the government of the United States.

(iii) United States Government agency, United States Government instrumentality or United States Government sponsored enterprise obligations, the principal and interest of which are fully guaranteed by the government of the United States, such as the Government National Mortgage Association; or United States governmental agency, United States Government instrumentality or United States Government sponsored enterprise obligations, the principal and interest of which are guaranteed by any United States Government agency, United States Government instrumentality or United States Government sponsored enterprise contained in a list promulgated by the State Treasurer. However, at no time shall the funds invested in United States Government agency, United States Government instrumentality or United States Government sponsored enterprise obligations enumerated in this subparagraph exceed fifty percent (50%) of all monies invested with maturities of thirty (30) days or longer.

(iv) Direct security repurchase agreements and reverse direct security repurchase agreements of any federal book entry of only those securities enumerated in subparagraphs (ii) and (iii) above. "Direct security repurchase agreement" means an agreement under which the state buys, holds for a specified time, and then sells back those securities and obligations enumerated in subparagraphs (ii) and (iii) above. "Reverse

direct securities repurchase agreement” means an agreement under which the state sells and after a specified time buys back any of the securities and obligations enumerated in subparagraphs (ii) and (iii) above. At least eighty percent (80%) of the total dollar amount in all repurchase agreements at any one (1) time shall be pursuant to contracts with qualified state depositories.

(e) For the purposes of this section, direct obligations issued by the United States of America shall be deemed to include securities of, or other interests in, any open-end or closed-end management type investment company or investment trust registered under the provisions of 15 USC Section 80(a)-1 et seq., provided that the portfolio of such investment company or investment trust is limited to direct obligations issued by the United States of America, United States Government agencies, United States Government instrumentalities or United States Government sponsored enterprises, and to repurchase agreements fully collateralized by direct obligations of the United States of America, United States Government agencies, United States Government instrumentalities or United States Government sponsored enterprises, and the investment company or investment trust takes delivery of such collateral for the repurchase agreement, either directly or through an authorized custodian. The State Treasurer and the Executive Director of the Department of Finance and Administration shall review and approve the investment companies and investment trusts in which funds invested under paragraph (d) of this section may be invested. The total dollar amount of funds invested in all open-end and closed-end management type investment companies and investment trusts at any one (1) time shall not exceed twenty percent (20%) of the total dollar amount of funds invested under paragraph (d) of this section.

(f) Investments authorized by subparagraphs (ii) and (iii) of paragraph (d) shall mature on such date or dates as determined by the State Treasurer in the exercise of prudent judgment to generate a favorable return to the state and will allow the monies to be available for use at such time as the monies will be needed for state purposes. However, the maturity of securities purchased as enumerated in subparagraphs (ii) and (iii) shall not exceed ten (10) years from date of purchase. Special funds shall be considered those funds created constitutionally, statutorily or administratively which are not considered general funds. All funds invested for a period of thirty (30) days or longer under paragraph (d) shall bear a rate at least equal to the current established rate under paragraph (c) of this section.

(g) Any interest-bearing deposits or certificates of deposit shall not exceed at any time the amount insured by the Federal Deposit Insurance Corporation in any one (1) banking institution, the Federal Savings and Loan Insurance Corporation in any one (1) savings and loan association, or other deposit insurance corporation approved by the State Treasurer, unless the uninsured portion is collateralized by the pledge of securities in the manner provided by Section 27-105-5.

(h) Unless otherwise provided, income from investments authorized by the provisions of this subsection shall be credited to the State General Fund.

(i) Not more than Five Hundred Thousand Dollars (\$500,000.00) of funds may be invested with foreign financial institutions, and the State Treasurer may enter into price contracts for the purchase or exchange of foreign currency or other arrangements for currency exchange in an amount not to exceed Five Hundred Thousand Dollars (\$500,000.00) upon specific direction of the Department of Economic and Community Development. The State Treasurer shall promulgate all rules and regulations for applications, qualifications and any other necessary matters for foreign financial institutions.

Any liquidating agent of a depository in liquidation, voluntary or involuntary, shall redeem from the state any bonds and securities which have been pledged to secure state funds and such redemption shall be at the par value or market value thereof, whichever is greater; otherwise, the liquidating agent or receiver may pay off the state in full for its deposits and retrieve the pledged securities without regard to par or market value.

The State Treasurer and the Executive Director of the Department of Finance and Administration shall make monthly reports to the Legislative Budget Office containing a full and complete statement of all funds invested by virtue of the provisions of this section and the revenues derived therefrom and the expenses incurred therewith, together with all such other information as may seem to each of them as being pertinent to inform fully the Mississippi Legislature with reference thereto.

The State Treasurer shall not deposit any funds on demand deposit with any authorized depository, unless such depository has contracted for interest-bearing accounts or time certificates of deposit.

Notwithstanding the foregoing, any financial institution not meeting the prescribed ratio requirement set forth in Section 27-105-5 whose accounts are insured by the Federal Deposit Insurance Corporation, or any successor to that insurance corporation, may receive state funds in an amount not exceeding the amount which is insured by such insurance corporations and may qualify as a state depository to the extent of such insurance for this purpose only. The paid-in and earned capital funds of such financial institution shall not be included in the computations specified in Section 27-105-9(a) and (b).

The commission shall keep a full and correct record of its proceedings, and is authorized and required to:

(a) Approve, upon proper application, the depositories for the State of Mississippi that are qualified to receive and hold, subject to demand, the public funds of the state or any subdivision of the state;

(e) Approve the return and release of excess bonds and securities or surety bonds, due to the withdrawal of public funds from the depositories.

The State Treasurer may be authorized by the commission to:

However, no bond or security shall be received or accepted as security for public funds deposits unless specifically authorized by law and the marginal requirements of the State Depository Commission.

(ii) Return and release excess bonds and securities and/or surety bonds that are excess over the marginal requirements due to withdrawal of public funds deposits; and

(iii) Make a detailed report of all matters and transactions relating to the depository bonds and securities at such times and as often as may be required by the State Depository Commission. Exchanges and substitutions of bonds and securities shall not be made but once for each depository during any consecutive three-month period; however, called or matured bonds and securities may be exchanged, substituted or released if marginal requirements are maintained, at the pleasure of the State Treasurer and the depository.

§ 27-105-303. Establishment of county depositories.

The amount of money belonging to the several funds in the county treasury of each county in the state which is required to meet the current needs and demands of no more than seven (7) business days shall be kept on deposit in or through qualified financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, or in or through some of them doing business in the several counties, provided that where there is no such financial institution in a county qualifying as a depository, some such financial institution in an adjoining county may qualify as a depository. All such deposits shall be subject to payment when demanded on warrant issued by the clerk of the board of supervisors on the order of the said board or on the allowance of a court authorized to allow the same. Each financial institution qualifying as such county depository shall not be required to pay interest to the county for the privilege of holding the deposits unless federal law permits the payment of interest on such deposits, in which case the maximum permitted interest rate shall be paid on such deposits. Where more than one (1) financial institution in

a county offers to qualify as a depository, the board of supervisors may allocate such money to each qualified financial institution as nearly as practicable in proportion to their respective net worth, and may adopt the rules for receiving such deposits.

JUDICIAL DECISIONS

1. In general.

The provision as to allocation of funds in each bank offering to qualify is permissive, not mandatory upon the board of supervisors. *Leflore Bank & Trust Co. v. Leflore County*, 202 Miss. 552, 32 So. 2d 744 (1947).

and the state revenue agent has not right as against the sheriff to possession thereof. *Robertson v. People's Bank & Trust Co.*, 118 Miss. 650, 79 So. 827 (1918).

Township funds in the hands of the county for disbursement according to law are county funds within the meaning of the county depository law. *Fidelity & Deposit Co. v. Wilkinson County*, 109 Miss. 879, 69 So. 865 (1915).

ATTORNEY GENERAL OPINIONS

Miss Code Section 27-105-303 sets forth requirements for counties in selecting financial depositories; pursuant to that section, county funds may be placed among several qualified institutions, provided each agrees to meet highest bid offered; there is no authority for governing authorities to place municipal funds in financial institution which did not originally submit bid therefor. *McPhearson*, Feb. 18, 1993, A.G. Op. #93-0013.

A City may place municipal funds in more than one financial institution/depository, as long as the financial institutions meet all of the statutory requirements under Sections 27-105-303 through 27-

105-315 and, as long as each agrees to meet the highest bid offered. *Woods*, April 5, 1996, A.G. Op. #96-0155.

The members of the Board of Commissioners of the Delta Correctional Facility Authority may only receive such compensation, including per diem compensation, as is permitted by the Board of Supervisors of Leflore County; no duty is imposed upon the Chencery Clerk of Leflore County to insure that DCFA receives interest upon its funds upon deposit, nor is a duty imposed upon a financial institution to pay interest upon public funds when the governing authorities have not insured that the account containing public

funds is interest bearing; and the duty insure that securities are pledged for deposited funds of DCFA is upon the board of supervisors, or the president and clerk of the board of supervisors in case the board is not in session. Abraham, January 23, 1998, A.G. Op. #98-0021.

A board of supervisors upon compliance with §§ 27-105-303, 27-105-305 and 27-105-315 may select more than one qualified financial institution to serve as a county depository. Younger, Sept. 6, 2002, A.G. Op. #02-0499.

The board of supervisors at the regular December 1997 meeting, and annually thereafter or, in the discretion of the board of supervisors, every two (2) years thereafter, shall give notice to all financial institutions in its county whose accounts are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation (or any successor thereto), by publication, that bids will be received from financial institutions at the following January meeting, or some subsequent meeting, for the privilege of keeping the county funds, or any part thereof, which notice shall refer by name to this article and it shall not be necessary to incorporate in the notice the provisions of this article; and at the January meeting, or a subsequent meeting as may be designated in the notice, as the case may be, the board of supervisors shall receive such bids or proposals as the financial institutions may make for the privilege of keeping the county funds, or any part thereof. The bids or proposals shall designate the kind of security as authorized by law which the financial institutions propose to give as security for funds, and the board shall cause the county funds and all other funds in the hands of the county treasurer to be deposited in the qualified financial institution or qualified institutions proposing the best terms and meeting the requirements provided in Section 27-105-315, having in view the safety of such funds. The terms made with each depository shall remain in force for the current year and until new arrangements shall be made according to this article.

ATTORNEY GENERAL OPINIONS

Governing authorities of municipalities are required to advertise for bids in the manner set forth in Miss. Code Section 27-105-305; pursuant to that statute, governing authorities at regular December meeting must give notice to all financial institutions in municipality whose accounts are insured by Federal Deposit Insurance Corporation or Federal Savings and Loan Corporation, by publication that bids will be received from financial institutions for privilege of keeping municipal funds or any part thereof. McPhearson, Feb. 18, 1993, A.G. Op. #93-0013.

Miss. Code Section 27-105-305 provides that municipal funds shall be deposited in qualified financial institution proposing best terms and meeting requirements provided in Miss. Code Section 27-105-315, having in view safety of such funds. McPhearson, Feb. 18, 1993, A.G. Op. #93-0013.

A bank may qualify as a county depository under Sections 27-105-305 and 27-105-315 if it has at least one branch office located within the county and meets all other requirements. James, August 16, 1996, A.G. Op. #96-0503.

Where a banking institution was neither insured by the FDIC nor had been the subject of the determination by the State Treasurer of the primary capital to total assets ratio, such banking institution was not a qualified financial institution under subsection (1) and the county board of supervisors could not accept and open a bid from such banking institution. Allen, Feb. 4, 2000, A.G. Op. #2000-0028.

Absent the inability thereafter of a financial institution to continue as a county depository, a county may not readvertise or through some other method designate a

new financial entity as a qualified depository such that public funds may be deposited with a proposed new bank without complying with the statutory requirement that it publish notices at its regular December meeting and select a depository at the January meeting or some subsequent meeting. Dulaney, May 5, 2000, A.G. Op. #2000-0247.

All of a county's funds need not be placed in a single depository, and a county may have several county depositories simultaneously in which different portions of its funds may lie; thus, where a county received bids from two banks and each bank offered better terms with regard to different services, the county could select one or both of the banks, as long as the board of supervisors found that the specific deposits would be placed in the bank offering the best terms for that specific service, keeping in view the safety of the funds. Fortier, Mar. 9, 2001, A.G. Op. #01-0085.

A board of supervisors upon compliance with §§ 27-105-303, 27-105-305 and 27-105-315 may select more than one qualified financial institution to serve as a county depository. Younger, Sept. 6, 2002, A.G. Op. #02-0499.

In selecting depositories, there is no authority for the board of supervisors to request or permit a financial institution to change the interest rate quoted in its bid proposal to match that of the highest bidder. Stubbs, Mar. 11, 2005, A.G. Op. 05-0083.

§ 27-105-307. When no bids submitted; board to readvertise.

When no bid is made by any qualified financial institution in the county or in the adjoining county to qualify as a depository at the January meeting, the

board of supervisors shall readvertise at some subsequent meeting for a depository and select same, in the manner provided by law.

Such notice shall be published once a week for three (3) weeks in some newspaper published in the county, and in a daily newspaper in Jackson, Mississippi, and shall state that the proposal is open to any qualified financial institution in the state, and that financial institutions outside of the county shall have preference over county financial institutions.

§ 27-105-315. Qualification as depository.

(1) Any financial institution in a county, or in an adjoining county where there is no financial institution in the county qualifying, whose accounts are insured by the Federal Deposit Insurance Corporation or any successors to that insurance corporation may qualify as a county depository, if the institution qualifies as a public funds depository under Section 27-105-5 or a public funds guaranty pool member under Sections 27-105-5 and 27-105-6. The qualified financial institution shall secure those deposits by placing qualified securities on deposit with the State Treasurer as provided in Section 27-105-5.

(2) Notwithstanding the foregoing, any financial institution whether or not meeting the prescribed ratio requirement whose accounts are insured by the Federal Deposit Insurance Corporation or any successors to that insurance corporation, may receive county funds in an amount not exceeding the amount that is insured by that insurance corporation and may qualify as a county depository to the extent of that insurance.

(3) For purposes of the foregoing subsection (2), a deposit or investment shall be within the amount that is insured by that insurance corporation if the deposit or investment is made on the following conditions:

(a) The financial institution arranges for the investment of the funds in book entry certificates of deposit in one or more banks or savings and loan associations wherever located in the United States, for the account of the public depositor;

(b) The full amount of the principal and accrued interest of each such certificate of deposit is insured by the Federal Deposit Insurance Corporation;

(c) The financial institution acts as custodian for the public depositor with respect to the certificates of deposit issued for the public depositor's account; and

(d) At the same time that such certificates of deposit are issued, the financial institution receives an amount of deposits from customers of other financial institutions located in the United States equal to or greater than the amount of the funds invested by the public depositor through the financial institution.

JUDICIAL DECISIONS

1. In general.
2. Effect of insolvency of depository.

1. In general.

County board of supervisors is under nondiscretionary, ministerial duty to require bank to furnish securities of kind required by statute before designating it as county depository. *Walton v. Colmer*, 169 Miss. 182, 147 So. 331 (1933), error overruled, 169 Miss. 186, 148 So. 635 (1933).

New bond to qualify bank as depository for same class of county funds as covered by earlier bond and also for different class held not included under indemnity agreement applicable to earlier bond. *Maryland Cas. Co. v. Corley's Estate*, 162 Miss. 554, 139 So. 390 (1932).

Funds paid by county into depository are neither county nor trust funds, but become funds of the bank. *Robertson v. Bank of Batesville*, 116 Miss. 501, 77 So. 318 (1918).

Where board of supervisors permitted depository to have greater amount of public funds than the security given permitted such excess became a trust fund under Code 1906 § 3485. *Powell v. Board of Suprvs.*, 107 Miss. 410, 65 So. 499, *Am. Ann. Cas.* 1916B,1262 (1914).

2. Effect of insolvency of depository.

The sureties of an insolvent bank as a depository of county funds, who have paid the full amount for which they were obligated, are not entitled to the excess of the proceeds of bonds also pledged by the bank as security over the residue of the amount of the county's deposits covered by the depository securities, as against the claim of the county thereto in respect of deposits not covered by the depository securities, under a statute which provides in effect that all money deposited in a bank by an officer having the custody of public funds is a trust fund for the payment of which a preference is imposed on all the free assets of the bank, as against all general creditors. *United States Fid. & Guar. Co. v. Sunflower County*, 194 Miss. 680, 12 So. 2d 142 (1943).

Recovery may be had on county supervisors' official bonds for county funds in insolvent bank, selected by them as county depository without requiring it to furnish securities. *Walton v. Colmer*, 169 Miss. 182, 147 So. 331 (1933), error overruled, 169 Miss. 186, 148 So. 635 (1933).

Depository's surety held not liable for amount due county when bank closed its doors after expiration of bond. *Sunflower County v. Bank of Drew*, 136 Miss. 191, 101 So. 192 (1924).

ATTORNEY GENERAL OPINIONS

Holding of qualified securities on behalf of medical center in vaults of one bank to secure deposits of medical center in another bank did not violate statute requiring pledge of such securities where both banks were held by same holding company, assuming that bank holding securities otherwise qualified under statute to hold such pledged securities. Chaffin, July 13, 1993, A.G. Op. #93-0294.

A bank may qualify as a county depository under Section 27-105-305 and this section if it has at least one branch office located within the county and meets all other requirements. James, August 16, 1996, A.G. Op. #96-0503.

The members of the Board of Commissioners of the Delta Correctional Facility Authority may only receive such compensation, including per diem compensation, as is permitted by the Board of Supervisors of Leflore County; no duty is imposed upon the Chancery Clerk of Leflore County to insure that DCFA receives interest upon its funds upon deposit, nor is a duty imposed upon a financial institution to pay interest upon public funds when the governing authorities have not insured that the account containing public funds is interest bearing; and the duty insure that securities are pledged for deposited funds of DCFA is upon the board of supervisors, or the president and clerk of the board of supervisors in case the board is not in session. Abraham, January 23, 1998, A.G. Op. #98-0021.

A bank did not qualify as a financial institution or bank for the purpose of placing in the vaults thereof securities pledged by the county depositories where the bank was a member of the Federal Reserve System, but was not located in the State of Mississippi, was neither a Federal Reserve bank nor a Federal Reserve branch bank, and was not located in a city where there was either a Federal Reserve bank or a Federal Reserve branch bank. Hall, February 5, 1999, A.G. Op. #99-0037.

This section is satisfied when the safekeeping bank for securities pledged by a depository bank is located in a state other than Mississippi, is a member of the Fed-

eral Reserve system but is not located in a city where there is a Federal Reserve bank or Federal Reserve branch bank, so long as the securities are actually held by a Federal Reserve bank or Federal Reserve branch bank which issues a safekeeping receipt identifying the pledged securities and the secured depositor (the county) to the depository bank, which then issues a receipt with this same information to the depositor; this scheme gives effect to the legislative intent in that public funds are properly secured in fact, although modern banking practices do not make possible a literal compliance with the ancient, unwieldy statute. Parham, April 2, 1999, A.G. Op. #99-0097.

This section is satisfied when the safekeeping bank for securities pledged by a depository bank is located in a state other than Mississippi, is a member of the Federal Reserve system but is not located in a city where there is a Federal Reserve bank or Federal Reserve branch bank, so long as the securities are actually held by a Federal Reserve bank or Federal Reserve branch bank which issues a safekeeping receipt identifying the pledged securities and the secured depositor (the county) to the depository bank, which then issues a receipt with this same information to the depositor. Hall, April 27, 1999, A.G. Op. #99-0133.

The board of trustees of a county school district may accept from a qualified financial institution as pledged security for school funds placed in such institution, surety bonds of any surety company authorized to do business in Mississippi, provided that such bonds are not rated substandard by any of the appropriate supervisory authorities having jurisdiction over such depository or by any recognized national rating agency engaged in the business of rating bonds; however, the board should be aware that surety bonds are not negotiable instruments which can be sold to recover lost deposits. Dickey, June 18, 1999, A.G. Op. #99-0287.

Where a banking institution was neither insured by the FDIC nor had been the subject of the determination by the State Treasurer of the primary capital to

total assets ratio, such banking institution was not a qualified financial institution under subsection (1) and the county board of supervisors could not accept and open a bid from such banking institution. Allen, Feb. 4, 2000, A.G. Op. #2000-0028.

A board of supervisors upon compliance with §§ 27-105-303, 27-105-305 and 27-105-315 may select more than one qualified financial institution to serve as a county depository. Younger, Sept. 6, 2002, A.G. Op. #02-0499.

§ 27-105-329. Failure to pay county warrants.

In the event of the failure of any county depository to pay any county warrant lawfully issued on any funds on deposit belonging to the county in the depository, the county is empowered to order the State Treasurer to sell such securities as are placed with the State Treasurer by the depository, or call on the public funds guaranty pool if the depository is a member, or so much of them as may be necessary to cover back into the county treasury the amount of county funds on deposit with the depository, with accrued interest thereon, as provided in Section 27-105-25. In the event of the failure of the county depository to pay any warrant when the depository has placed as security surety bonds, the clerk or holder of the warrant shall notify the president of the board of supervisors and he shall take such immediate action as he may deem best and most expedient for covering back into the Treasury all county money on deposit in the depository, and the board of supervisors is authorized to employ counsel, if necessary, to more speedily enforce the payment. The expenses of the collection, including the counsel fee, shall be charged against the depository, and, in addition thereto, the depository shall be liable for damages at the rate of one percent (1%) per month for any delay in paying over any county funds when lawfully demanded, and the bond of any depository shall be liable for those expenses and damages.

JUDICIAL DECISIONS

1. In general.

Statute authorizing county to sell securities placed with it by depository, where depository fails to pay county warrants, does not authorize suit by county on behalf of payees of warrants on which county has been discharged from liability. *Chickasaw County v. Love*, 169 Miss. 398, 153 So. 156 (1934).

Where negotiable securities held by county securing funds in depository are ample though there are surety bonds in addition, the county board may not, under statute, employ attorneys and charge their fees against the depository. *Winston County v. Louisville Home Bank*, 164 Miss. 64, 143 So. 884 (1932).

It is the duty of a bank in custody of county funds to refuse to pay warrants which it knows to be fraudulently issued and to resist mandamus to compel it to do so. *Cleveland State Bank v. Cotton Exch. Bank*, 119 Miss. 868, 81 So. 170 (1919).

Allowance of penalty of 1% per month for delays in paying over funds, and of counsel fees, held not improper. *Fidelity & Deposit Co. v. Wilkinson County*, 109 Miss. 879, 69 So. 865 (1915).

This 1% is in lieu of all other interest and damages except attorney's fees. *Fidelity & Deposit Co. v. Wilkinson County*, 109 Miss. 879, 69 So. 865 (1915).

ATTORNEY GENERAL OPINIONS

The state is not the guarantor of funds; a public entity's remedy is to have the State Treasurer sell the securities and/or

to employ counsel to enforce payment. *Ross, Jr.*, June 7, 2002, A.G. Op. #02-0262.

The State Treasurer, on behalf of any county in the State of Mississippi that has acquired bonds or other securities as the result of the closing of the depository or depositories of the county, is authorized and empowered in his discretion to sell, trade, refinance or agree to the refinancing of any or all of those bonds now held or owned by it and by any subdivision or taxing district of the county. The State Treasurer is further authorized and empowered, in his discretion, in refinancing any of those bonds, to agree to a reduction of the principal sum and likewise to agree to a reduction of the interest rate thereon. The State Treasurer is authorized and empowered, in his discretion, to sell any

of those bonds at or for the best price obtainable, or to trade those bonds for other bonds, when in the judgment of the State Treasurer the best interests of the county would be advanced thereby, and he is further authorized to handle and negotiate any matured interest coupons on any of those bonds in the same manner as he is authorized in this section to deal with the bonds.

All of the proceeds of the sale, refinancing, trading, or collection of any of those bonds shall be accounted for by the State Treasurer and placed to the credit of the subdivisions or funds of the counties entitled to those proceeds.

§ 27-105-333. Alternative method of selecting depositories.

In any county in this state where no depository or depositories were selected and qualified, as provided by law, on or before the first Monday of January 1932, or in which the depository or depositories are not selected and qualified annually thereafter on or before the first Monday in January, the board of supervisors of the county shall, at the January meeting of the board or any regular meeting or special meeting thereafter called for that purpose, select and designate a depository or depositories into which the tax collector or tax collectors of the county shall deposit all tax collections and other public funds collected after the first Monday in January 1932, when collected, and in which the same shall thereafter be distributed, at the time and in the manner as now required by law, to the several funds or accounts in which the same properly belong, as provided by law herein.

Any depository so selected by the board of supervisors shall be within the State of Mississippi and may hold the deposits at such rate of interest as may be agreed upon with the board of supervisors or, in the discretion of the board of supervisors, without liability for interest unless it is required to be paid under the provisions of Section 27-105-303, but the depository shall secure the deposits by pledging with the State Treasurer such securities in such amounts and upon such conditions as are now required by law of depositories that qualify as such by bidding for them.

The duty of receipting for and disbursing all monies heretofore deposited with county treasurers shall be done and performed by the designated county and drainage district depositories appointed in the manner provided by law; and any person or corporation required to pay money into a county treasury shall hereafter pay the same to a properly designated depository and such depository shall issue receipts therefor in duplicate, one of which shall be filed with the chancery clerk and the other retained by the person or corporation making such payment, and such payment when made to a designated depository shall discharge the person or corporation making such payment from any further liability therefor.

In the event there shall be no designated depository for any money required to be paid into a county treasury, such payment shall be made to the tax collector who shall receipt for same in duplicate as required in the preceding paragraph and shall pay the same over to a legally appointed depository within ten (10) days after one is qualified to receive the same. The tax collector shall be the custodian of all money belonging to a county or any subdivision thereof until there be appointed a depository for any such funds and the said tax collectors shall be liable on their official bond for the proper accounting and payment of any funds so paid to them.

§ 27-105-365. Depository for county and municipal hospital funds; investments.

(1) The commissioners or board of trustees of any hospital owned and operated separately or jointly by one or more counties, cities, towns, supervisors districts, or election districts or combinations thereof, including hospitals established under the authority of Sections 41-13-1 through 41-13-9, as now or hereafter amended, are hereby authorized and empowered to deposit the funds of such hospital in or through one or more financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation, selected by the board of trustees in the same manner as county depositories are selected by boards of supervisors pursuant to Section 27-105-305, located in its county or counties, except as otherwise provided in the following paragraphs.

At the regular December meeting of the board of trustees in 1995, or at any regular December meeting of the board thereafter, the board may, in its discretion, give notice by publication to all financial institutions in its county or counties whose accounts are insured by the Federal Deposit Insurance Corporation, that bids will be received from financial institutions at the following January meeting, or some subsequent meeting, for the privilege of keeping the hospital funds or any part thereof for a period of three (3) years, subject to earlier termination as authorized in this subsection. Such bids shall be submitted and accepted in the same manner as provided in Section 27-105-305. After the board has selected a depository or depositories as provided in this subsection, the board may, at any regular December meeting during the three-year period, give notice to and receive bids from financial institutions in the manner provided in this subsection, for the privilege of keeping the hospital funds or any part thereof for a period of three (3) years, subject to earlier termination as authorized in this subsection; and after receiving such bids, the board may reject all bids and elect to keep the funds in the current depository or depositories for the remainder of the three-year period under the terms originally agreed to with the depository or depositories, or if the board determines it to be in the best interests of the hospital, it may terminate the agreement with the current depository or depositories and select a new depository or depositories or the same depository or depositories from the bids received, choosing the bid or bids proposing the best terms for the hospital.

Such hospital funds, when so deposited, shall have the same security and protection as required for county funds in Section 27-105-315. When more than one (1) depository of whatever type is authorized, the commissioners or board of trustees may select one or more of such depositories and may apportion such deposits, at their or its discretion, if more than one (1) depository is selected. If there is no financial institution located within such county or counties, the commissioners or board of trustees of such hospital may select, in their or its discretion, a depository located outside of such county or counties.

The commissioners or boards of trustees of such community hospitals shall deposit the funds of such hospital into the depository selected under this section on the day when they are received or collected, or on the next business day thereafter.

(2) The commissioners or board of trustees of any such hospital may, in their or its discretion, maintain one or more special funds for the purpose of making necessary repairs, necessary purchases of equipment, meeting operational and maintenance expenses, allowing for depreciation, providing contingent funds for emergencies, funding hospital improvements, or providing for other special needs, and may deposit any part of such special fund in accordance with the provisions contained in subsection (1) for the deposit of other funds of such hospital. Said commissioners or board of trustees may also invest any part of such special fund, any funds derived from the sale of bonds, or any other funds in excess of the sums which will be required to meet the current needs and demands of no more than seven (7) business days in the following:

(a) In any bonds or other direct obligations of the United States of America or the State of Mississippi, or of any county, school district or municipality of this state, which such county, school district or municipal bonds have been approved by a reputable bond attorney or have been validated by decree of the chancery court;

(b) In obligations issued or guaranteed in full as to principal and interest by the United States of America which are subject to a repurchase agreement with a financial institution certified as a qualified depository;

(c) In any United States government agency, United States government instrumentality, or United States government sponsored enterprise obligations, the principal and interest of which are fully guaranteed by the government of the United States, such as the Government National Mortgage Association; or any United States government agency, United States government instrumentality, or United States government sponsored enterprise obligations, the principal and interest of which are guaranteed by any United States government agency, United States government instrumentality, or United States government sponsored enterprise. However, at no time shall the funds invested in United States government agency, United States government instrumentality, or United States government sponsored enterprise obligations enumerated in the preceding sentence exceed fifty percent (50%) of all monies invested with maturities of thirty (30) days or longer. The limitation set forth in the preceding sentence shall be applicable only at the time of purchase and shall not require the liquidation of any investment at any time;

(d) In an account or accounts in or through one or more financial institutions located in this state, and such funds when so invested shall have the same security and protection as required in Section 27-105-315;

(e) In an insured account or accounts in or through one or more financial institutions in this state whose accounts are insured by the Federal Deposit Insurance Corporation; provided that the amount in any single account shall not exceed the amount which at any one time is insured by the Federal Deposit Insurance Corporation;

(f) In any open-end or closed-end management-type investment company or investment trust registered under the provisions of 15 USCS Section 80(a)-1 et seq., provided that the portfolio of such investment company or investment trust is limited to direct obligations issued by the United States of America, United States government agencies, United States government instrumentalities or United States government sponsored enterprises, and to repurchase agreements fully collateralized by direct obligations of the United States of America, United States government agencies, United States government instrumentalities or United States government sponsored enterprises, and the investment company or investment trust takes delivery of such collateral for the repurchase agreement, either directly or through an authorized custodian. The total dollar amount of funds invested in all open-end and closed-end management-type investment companies and investment trusts at any one time shall not exceed twenty percent (20%) of

the total dollar amount of funds invested under this subsection. The limitation set forth in the preceding sentence shall be applicable only at the time of purchase and shall not require the liquidation of any investment at any time;

(g) In a trust fund consisting of pooled or commingled funds of other hospitals, provided that:

(i) The portfolio of such trust fund may include investments in commercial paper and bankers acceptances or other short-term obligations issued by banks having one (1) of the two (2) highest short-term rating categories of either Standard Poor's Corporation or Moody's Investors Service, or corporate notes and bonds having one (1) of the three (3) highest long-term rating categories of either Standard Poor's Corporation or Moody's Investors Service, or in any open-ended or closed-ended management-type investment company or investment trust registered under the provisions of 15 USCS Section 80(a)-1 et seq., that would contain the aforementioned securities;

(ii) The portfolio of such trust fund is otherwise limited to investments authorized under this section; provided, however, that such investments shall not be subject to the percentage limitations set forth in subsection (2)(c) or subsection (2)(f) of this section;

(iii) Such trust is managed by an entity with trust powers or by an investment adviser registered with the Securities and Exchange Commission and retained as an investment manager by the commissioners or the board of trustees, as the case may be; and

(iv) Any investment manager approved by the commissioners or the board of trustees, as the case may be, shall invest such commingled funds as a fiduciary.

In addition, the commissioners or the board of trustees, in their or its discretion, may invest such funds as permitted by Section 19-9-29, 21-33-323, 27-105-33 or 37-59-43, as the same may be amended from time to time.

In any event, the bonds or obligations described in paragraph (a), (b) or (c) of this subsection (2) in which such funds are invested shall mature or be redeemable prior to the time the funds so invested will be needed for expenditures. When bonds or other obligations have been so purchased, the same may be sold or surrendered for redemption at any time by order or resolution of the commissioners or board of trustees of any such hospital, and the president or vice president, when authorized by such order or resolution, shall have the power and authority to execute all instruments and take such other action as may be necessary to effectuate the sale or redemption thereof.

When any such special fund is maintained for a purpose that requires contract letting or other action by the governing authority or authorities of the counties, cities, towns, supervisors districts or election districts, separately or jointly owning and operating such hospital, the commissioners or board of trustees of the hospital may transfer the whole or any part of any such special fund to the governing authority or authorities aforesaid

on condition that the same be used for such purpose or returned to the transferring commissioners or board of trustees within the time designated in the conditions.

(3) All funds which shall be derived from any tax levied for the support and maintenance of any such hospital, and all other funds which may be made available for the support and maintenance of any such hospital by the state or any county or municipality, and all fees and other monies which may be collected or received by or for such hospital shall be placed in a special fund to the credit of such hospital within sixty (60) days after collection, and all such funds shall be expended and paid out upon the allowance of the board of trustees or commissioners of the hospital, as the case may be, and disbursed by checks signed by such person, officer or officers, as may be designated by such board of trustees or commissioners. Any officer or person who shall be designated by such board of trustees or commissioners to execute such checks shall furnish to such board of trustees or commissioners a good and sufficient surety bond in such amount as such board of trustees may fix, conditioned upon the faithful discharge of his duties, and the premium on such bond shall be paid from the funds available for the support and maintenance of such hospital. No funds shall be disbursed by any such hospital until the board of trustees or the commissioners thereof shall have adopted an annual budget and submitted same to the respective governing authority or authorities of the counties, cities, towns, supervisors districts, or election districts, separately or jointly owning and operating such hospital, and until such budget shall have been approved by the governing authority or authorities, as the case may be, which approval shall be evidenced by a proper order recorded upon the minutes of each such authority. The accounts and records of any such hospital shall be audited by the State Department of Audit at the same time and in the same manner as the accounts and financial records of the county are audited, and for such purpose shall be considered in all respects as county accounts and records; however, this provision with regard to such audits shall be applicable only to hospitals owned wholly or in part by a county.

(4) The provisions of this section shall not apply to hospitals owned jointly by a city and county and operated by lease agreement or contract with a nonprofit hospital corporation.

§ 27-105-367. Surplus funds; transfer to other funds; procedures; petition and election as to certain transfers; retirement of bonds and interest.

(1) The board of supervisors and municipal governing authorities, by order spread on their minutes, may transfer any balance remaining in a special fund in the treasury of the county or municipality, as the case may be, to the general fund to be used for general purposes for the succeeding fiscal year if the purpose for which the special fund was created has been fully carried out. Taxes imposed for the succeeding fiscal year for county or municipal general purposes shall be reduced by the amount of such balance transferred from the special fund to the general fund.

(2)(a) When there is any surplus monies less than Two Thousand Five Hundred Dollars (\$2,500.00) in any special fund in the treasury of any county, road district, school district or other taxing district, or any municipality, and the board of supervisors, acting for the county or any road district, school district or other taxing district thereof, or the governing authorities of the municipality, as the case may be, shall desire to transfer all or part of the surplus monies in the special fund to some other fund of said county, road district, school district or other taxing district, or said municipality, as the case may be, such board of supervisors or the governing authorities of the municipality, as the case may be, shall cause an order to be entered on their minutes declaring their intention so to do, which said order shall show the name of the special fund, the amount of surplus monies to be transferred, and the name of the fund to which it is to be transferred, and same shall be transferred accordingly.

(b) Whenever the surplus monies in any special fund shall be Two Thousand Five Hundred Dollars (\$2,500.00) or more, the board of supervisors or the governing authorities of the municipality, as the case may be, desiring to transfer such surplus monies, shall cause notice of same to be published in some newspaper published in the county, district or municipality, as the case may be, for three (3) consecutive weeks or, if there be no newspaper so published, then in some newspaper having a general circulation in the county, district or municipality. Thereafter, the monies shall be transferred as stated in the order not less than thirty (30) days after the first publication in a newspaper as above stated, unless within said thirty (30) days, a petition against the proposed transfer, signed by twenty percent (20%) or fifteen hundred (1500), whichever is less, of the qualified electors residing in the county, district or municipality, as the case may be, shall be filed with the governing body. In the event such petition is filed, an election on the question of such transfer shall be called and held as herein provided. Notice of the election and manner of conducting it shall be the same as other

elections conducted within counties or municipalities, as the case may be. The ballot shall have printed thereon the amount of surplus monies sought to be transferred, the purpose for which such monies were authorized to be used and a statement that a surplus exists in such fund, and the purpose for which such monies are sought to be used pursuant to their transfer. If a majority of the qualified electors voting in the election vote in favor of the transfer of surplus monies, then such monies shall be transferred. If a majority of the qualified electors voting in the election do not vote in favor of such transfer of surplus monies, then such monies shall not be transferred. Provided, however, that if the question of transferring the balance remaining in a special fund, the purpose for which such fund was created having been fully carried out, fails at an election held on same, then such monies shall be invested as authorized by law and shall be calculated in the budget for the county or municipality, as the case may be, to be used for general purposes for the succeeding fiscal year. Taxes imposed for the succeeding fiscal year for county or municipal general purposes shall be reduced by the amount of such monies in such special fund.

(3)(a) When the balance remaining in any fund as set forth in subsections (1) and (2) represents a part of the proceeds of bonds sold for such county, district or municipality, and any part of said bonds or interest thereon remains unpaid, then such balance shall be transferred to the bond and interest fund to retire said bonds and interest due thereon, regardless of the amount thereof, without the necessity of publishing the order transferring same.

(b) Surplus monies in a bond and interest fund shall not be transferred unless there remains to the credit of such fund a sufficient balance to fully retire such bonds and interest thereon, including all redeemable bond coupons and the tax levy required to be made to pay principal of and interest on such bonds as they become due has been discontinued by the governing authorities of the county or municipality, as the case may be. Surplus monies in a bond and interest fund may be transferred to the general fund in accordance with subsection (1) of this section or to other funds in accordance with subsection (2) (b) of this section, regardless of the amount of the balance to be transferred.

INTERSTATE EARTHQUAKE EMERGENCY COMPACT

Sec.

27-107-301. Interstate earthquake emergency compact.

§ 27-107-301. Interstate earthquake emergency compact.

The Legislature of the State of Mississippi hereby ratifies a compact on behalf of the State of Mississippi with any other state legally joining therein in the form substantially as follows:

The contracting states solemnly agree:

Article 1. The purpose of this compact is to provide mutual aid among the states in meeting any emergency or disaster caused by earthquakes or other seismic disturbances. The full, immediate and effective utilization of the resources of the respective states, including such resources as may be available from the United States government or any other source, is necessary to provide needed short-term earthquake disaster assistance to states requesting aid. These resources shall be incorporated into a plan or plans of mutual aid to be developed among the appropriate agencies of states that are parties to this compact. These agencies shall develop and follow procedures designed to assure the maintenance of resource inventories and the exchange of information about earthquakes and disaster response. It is the policy of the party states to carry out this compact in a spirit of cooperation to provide the most effective earthquake disaster assistance to the residents of the states and to provide an equitable division of any necessary earthquake relief efforts in order to avoid a disproportionate allocation of contributed resources.

Article 2. Each party state shall have the duty to formulate earthquake relief plans and programs within such state. There shall be frequent consultation between the representatives of such states and with the United States government and the free exchange of relief plans and information, including inventories of any materials and equipment available for response to earthquake emergencies. To this end, each state will maintain a bank of standardized data which will establish a comprehensive listing of all resources within the compact region that might be needed during an earthquake disaster. The inventory will be shared equitably among the party states in the event of an earthquake, recognizing each state's primary responsibility to assist and protect its residents. Each party state shall also share any available information on earthquake forecasts and reports of seismic activity.

Article 3. Whenever the Governor of a party state requests aid from the Governor of another party state pursuant to this compact in coping with an earthquake emergency, the requested state shall make available all possible aid to the requesting state consonant with the maintenance of protection of its residents and the policies stated in Article 1.

Article 4. Whenever the officers or employees of any party state are rendering aid in another state pursuant to the request of another party state under this compact, those officers or employees shall, while under the direction of the authorities of the state to which they are rendering aid, have the same powers, duties, rights, privileges and immunities as comparable officers and employees of the state to which they are rendering aid. Any person holding a license, certificate or other permit issued by any state demonstrating the meeting of qualifications for professional, mechanical or other skills may render aid involving such skill in any party state to meet an earthquake emergency, and the state in which aid is rendered shall give due recognition to such license, certificate or other permit as if issued in the state in which aid is rendered.

Article 5. No party or its officers, employees or other persons, certified by party states pursuant to agreed upon criteria and procedures for certification,

rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on their part while so engaged, or on account of maintenance or use of any equipment or supplies in connection therewith.

Article 6. Nothing in this agreement precludes any state from entering into supplementary agreements with another state or states for the undertaking of mutual aid and exchange of information in the event of an earthquake emergency. These supplementary agreements may comprehend but are not limited to provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

Article 7. Each party state shall provide compensation and death benefits to its insured officers, employees or other persons certified by party states, pursuant to agreed upon criteria and procedures for certification, and the representatives of deceased officers, employees and other certified persons sustaining injuries or death while rendering aid in another state pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within the state by or in which the officer, employee or certified person was regularly employed.

Article 8. Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of, and equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of officers, employees and equipment incurred in connection with such request, including amounts paid under Article 7, provided that nothing herein contained shall prevent any assisting party state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such services to the receiving party state without charge or cost. Any two (2) or more party states may enter into supplementary agreements establishing a different allocation of costs as among those states. The United States government may relieve the party state receiving aid from any liability and reimburse the party state rendering aid for loss, damage or expense incurred within the terms of this article.

Article 9. Plans for the orderly evacuation and reception of the civilian population as the result of an earthquake emergency shall be worked out from time to time between representatives of the party states. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials and supplies, and all other relevant factors. The plans must provide that the party state receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures and transportation, food, clothing, medicines and medical care and like items. These expenditures shall be reimbursed by the party state of which the

evacuees are residents or by the United States government under plans approved by it. The party state of which the evacuees are residents shall assume the responsibility for the ultimate support or repatriation of such evacuees.

Article 10. Any state of the United States shall be eligible to become party to this compact. As to any eligible party state, this compact shall become effective when such state shall have enacted it into law; provided that it shall not become initially effective until enacted into law by two (2) party states.

Article 11. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall become effective until ninety (90) days after the Governor of the withdrawing state shall have set formal notice in writing to the Governor of each other party state informing such Governors of the action of the Legislature in repealing the compact and declaring an intention to withdraw. A withdrawing state shall be liable for any obligations which it may have incurred on account of its party status up to the effective date of withdrawal, except that if the withdrawing state has specifically undertaken or committed itself to any performance of an obligation extending beyond the effective date of withdrawal, it shall remain liable to the extent of such obligation.

Article 12. This compact is to be construed to effectuate the purposes stated in Article 1. If any provision of this compact is declared unconstitutional or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances is not to be affected by it.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error in Article 8. The word “from” was substituted for the word “for” so that “nothing herein contained shall prevent any assisting party state for assuming such loss” reads “nothing herein contained shall prevent any assisting party state from assuming such loss.” The Joint Committee ratified this correction at its August 5, 2008, meeting.

Loan and grant proceeds distributed to counties, incorporated municipalities and public school districts shall be considered to be, and shall be utilized by recipient in the same manner as, governmental, enterprise or internal service fund type revenues, specifically for essential government services, including the payment of debt service.

(b) The department may contract for facilities and staff needed to administer this section, including routine management, as it deems necessary. The department may advertise for or solicit proposals from public or private sources, or both, for administration of this section or any services required for administration of this section or any portion thereof. It is the intent of the Legislature that the department endeavor to ensure that the costs of administration of this section are as low as possible.

(2)(a) There is created a special fund in the State Treasury to be designated as the “Emergency Aid to Local Governments Fund,” referred to in this section as “fund,” which fund shall consist of money transferred from the Disaster Recovery Fund created in Section 31-17-123 and money designated for deposit therein from any other source, public or private, including, but not limited to, appropriations, bond proceeds, grants, gifts or donations. The fund shall be credited with all repayments of principal and interest derived from loans made from the fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the Emergency Aid to Local Governments Fund. Monies in the fund may not be used or expended for any purpose except as authorized under this section.

(b) The department shall establish a loan and grant program by which loans and grants may be made available to counties, incorporated municipalities and public school districts, to assist those counties, incorporated municipalities and public school districts. Any governmental entity in the current fiscal year that demonstrates a projected revenue loss equal to or exceeding twenty-five percent (25%) of its governmental fund type revenues in the fiscal year prior to the occurrence of the natural disaster eligible under

this section may qualify for a loan and/or grant. The interest rate on loans made under this section may vary from time to time and from loan to loan, and shall be at or below market interest rates as determined by the department. The department shall act as quickly as is practicable and prudent in deciding on any loan or grant request that it receives. No loan or grant shall be approved under this section unless the county, municipality or public school district requesting the loan or grant has exhausted all other available public or private programs to obtain funds for the revenue loss that it is projected to suffer. Such public or private programs shall include, but not be limited to, loans, grants and donations.

(c) The aggregate amount of any loans or grants received under this section by a county, incorporated municipality or public school district shall not exceed one hundred percent (100%) of the difference between the revenue received by a county, incorporated municipality or public school district from governmental fund type revenues that are used to fund essential services in the fiscal year prior to the occurrence of the natural disaster and the estimated revenue from such sources after the occurrence of the natural disaster plus available cash reserves or fund balances at the fiscal year end, as determined by the department. The State Bond Commission shall set the maximum amount of any loan or grant made under this section at an amount that will ensure the equitable distribution of the amounts available for loans and grants to the eligible governmental entities affected by the natural disaster, but in no event shall a grant exceed Three Million Dollars (\$3,000,000.00) or the total aggregate amount of all grants exceed Twenty-five Million Dollars (\$25,000,000.00).

(d) A county or public school district that receives a loan from the fund shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be required by the department. An incorporated municipality that receives a loan from the fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75 or any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be required by the department. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county, incorporated municipality or public school district shall receive any loan, it shall have executed with the department a loan agreement evidencing that loan, a copy of which shall be filed by the department with the State Tax Commission. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments or (iii) other periodic payments. The loan agreement shall provide for the repayment of all funds received from the fund within not more than three (3) years. The State Tax Commission shall, at the direction of the department, withhold semiannually from counties, incorporated municipalities and public school

districts and monthly from incorporated municipalities, from the amount to be remitted to the county, municipality or public school district, the sum necessary to pay all or a portion of the periodic payments for the loan.

(e) Any county, incorporated municipality or public school district which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection, shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the department according to Section 7-7-15, to be credited to the fund in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

Loan repayments shall be according to a repayment schedule contained in each loan agreement as provided in paragraph (d) of this subsection.

(f) Evidences of indebtedness which are issued pursuant to this section shall not be deemed indebtedness within the meaning specified in Section 21-33-303 with regard to cities and incorporated towns, in Section 19-9-5 with regard to counties and in Section 37-59-5 with regard to public school districts.

(g) The State Auditor, upon request of the department, shall audit the receipts and expenditures of a county, an incorporated municipality or a public school district if loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality or public school district is in arrears in those repayments, the Auditor shall immediately notify the executive director of the department who may take any action as may be necessary to enforce the terms of the loan agreement, including liquidation and enforcement of the security given for repayment of the loan, and the executive director of the department may, in his discretion, notify the State Tax Commission to withhold all future payments to the county, incorporated municipality or school district of homestead exemption annual tax loss reimbursements under Section 27-33-77 and/or all sums allocated to the incorporated municipality under Section 27-65-75, until such time as the county, incorporated municipality or public school district is again current in its loan repayments as certified by the department.

(h) All monies deposited in the fund shall be used only for providing the loans and grants authorized under this section. In addition, any amounts in the fund may be used to defray the reasonable costs of administering the fund; however, no monies in the fund which are to be used for grant purposes may be used to defray any costs of administering the fund or program. The department is authorized to use amounts available to it from the fund to contract for those facilities and staff needed to administer and provide routine management for the funds and loan program.

(3) In administering this section the department shall have the following powers and duties:

- (a) To supervise the use of all funds made available under this section;
- (b) To promulgate rules and regulations, to make variances and exceptions thereto, and to establish procedures in accordance with this section for the implementation of the loan and grant program;

(c) To requisition monies in the fund and distribute those monies in accordance with this section;

(d) To maintain, in accordance with generally accepted government accounting standards, an accurate record of all monies in the fund made available to counties, incorporated municipalities and public school districts under this section;

(e) To file annually with the Legislature a report detailing how monies in the fund were distributed during the preceding fiscal year to each county, incorporated municipality and public school district.

(4) The State Bond Commission, at one time, or from time to time, may declare the necessity for funds for the purposes provided in this section, including the costs incident to the administration of the loan and grant program. Upon approval by the State Bond Commission, the department is authorized to transfer any necessary amount from the Disaster Recovery Fund created in Section 31-17-123 to the fund in ample time to discharge such loans, grants and incidental costs.

(5) The department is authorized, without further process of law, to certify the necessity for warrants and is authorized and directed to issue such warrants, in such amounts as may be necessary to make loans and grants under the program authorized by this section.

(6) After any state funds in the fund are no longer needed for the particular purpose for which they were appropriated, deposited or transferred into the fund, the department shall transfer those state funds back to the particular fund or funds in the State Treasury from which they were appropriated or transferred into the fund, upon certification of the State Fiscal Officer that the state funds are not currently needed.

(7) At least five (5) days before any public ceremony to announce the award of a grant to a county, municipality or public school district under this section, the department shall notify all of the members of the Mississippi House of Representatives and Mississippi Senate whose districts include any portion of the county, municipality or school district to which the grant is being made.

(8) The department shall include the following language at a prominent location on any documents prepared by the department in connection with a grant made under this section that are to be provided to the county, municipality or school district to which the grant is made or to the public: "The funds for this grant were made available by the Mississippi Legislature."

“The funds transferred herein to the Hurricane Disaster Reserve Fund shall be utilized to defray the state’s share of any nonfederal matching requirements for Federal Emergency Management Agency grants associated with Hurricane Katrina and other disasters. Unexpended funds remaining in the Hurricane Disaster Reserve Fund at the end of the fiscal year shall not lapse into the State General Fund but shall remain in the fund and any interest earned or investment earnings on amounts in the Hurricane Disaster Reserve Fund shall remain in the fund; however, any interest earned or investment earnings on amounts in the fund during fiscal years 2007 and 2008 shall be transferred by the State Treasurer to the Emergency Aid to Local Governments Fund created in Section 27-107-321.

(1) The provisions of this chapter shall be administered by the State Tax Commission, which shall administer them for the protection of the public and in the public interest in accordance with the policy of this state.

(2)(a) The operator of any cruise vessel or vessel operating within the territorial jurisdiction of the State of Mississippi shall be required to apply for and obtain a privilege license from the State Tax Commission.

(b) For purposes of this chapter, the operator of any cruise vessel or vessel shall be identified as any owner or lessee which is vested with the authority and responsibility to manage daily operations of any such cruise vessel or vessel.

(c)(i) For purposes of this chapter, the term "cruise vessel" shall mean a vessel which complies with all U.S. Coast Guard regulations, having a minimum overall length of one hundred fifty (150) feet and a minimum draft of six (6) feet and which is certified to carry at least two hundred (200) passengers; and the term "vessel" shall mean a vessel having a minimum overall length of one hundred fifty (150) feet. The term "vessel" shall also mean a "cruise vessel" as referred to in Section 27-109-11. For the purposes of a "vessel" as that term is defined in this section, "navigable waters" means any rivers, creeks, bayous or other bodies of water within any county in this state bordering on the Mississippi River that are used or susceptible of being used as an artery of commerce and which either in their natural or improved condition are used or suitable for use as an artery of commerce or are used for the docking or mooring of a vessel, notwithstanding interruptions between the navigable parts of such rivers, creeks, bayous or other bodies of water by falls, shallows, or rapids compelling land carriage. The term "cruise vessel" or "vessel" also includes a structure as described in Section 97-33-1(b).

(ii) For purposes of this subparagraph, the definitions of the words “person” and “gaming license” shall have the meanings ascribed to those words and terms in Section 75-76-5. After July 1, 2005, any person possessing a valid gaming license to conduct legal gaming on a cruise vessel or vessel may construct permanent structures upon which to place the vessel or cruise vessel where the licensee has received approval to offer legal gaming. Such permanent structures shall be included within the meanings of the terms “cruise vessel” and “vessel” under subparagraph (i). In the event that such a gaming licensee constructs permanent structures under this subparagraph, the requirement that a cruise vessel have a minimum draft of six (6) feet shall not apply. This subparagraph shall not authorize any form of inland gaming or the conducting of legal gaming on a vessel or cruise vessel which is not on, in or above water, as contemplated under subparagraph (i) and Section 97-33-1.

(3) The commission and its agents may:

- (a) Inspect and examine all premises on the cruise vessel.
- (b) Inspect all equipment and supplies in, upon or about such premises.
- (c) Summarily seize and remove from such premises and impound any equipment or supplies for the purpose of examination and inspection.
- (d) Demand access to and inspect, examine, photocopy and audit all papers, books and records of applicants and licensees, on their premises, or elsewhere as practicable, and in the presence of the licensee or his agent, respecting all matters affecting the enforcement of the policy or any of the provisions of this chapter.

(4) For the purpose of conducting audits after the cessation of operations by a licensee, the former licensee shall furnish, upon demand of an agent of the commission, books, papers and records as necessary to conduct the audits. The former licensee shall maintain all books, papers and records necessary for audits for a period of one (1) year after the date of the surrender or revocation of his privilege license. If the former licensee seeks judicial review of a deficiency determination or files a petition for a redetermination, he must maintain all books, papers and records until a final order is entered on the determination.

(5) The commission may investigate, for the purpose of prosecution, any suspected criminal violation of the provisions of this chapter. For the purpose of the administration and enforcement of this chapter, the commission and the executive, supervisory and investigative personnel of the commission have the powers of a peace officer of this state.

(6) The commission, or any of its members, has full power and authority to issue subpoenas and compel the attendance of witnesses at any place within this state, to administer oaths and to require testimony under oath. Any process or notice may be served in the manner provided for service of process and notices in civil actions. The commission may pay such transportation and other expense of witnesses as it may deem reasonable and proper. Any person making false oath in any matter before the commission is guilty of perjury. The commission, or any member thereof, may appoint hearing examiners who may administer oaths and receive evidence and testimony under oath.

JUDICIAL DECISIONS

1. In general.

The requirement of subsection (2) of this section that a cruise vessel must have a draft of six feet does not require a casino to be located at a place where waters in their natural, unimproved condition are capable of accommodating such a cruise vessel. Concerned Citizens to Protect the

ATTORNEY GENERAL OPINIONS

Because bodies of water identified in the definition of navigable waters are all natural watercourses, neither landlocked, currentless bodies of water nor artificially created lakes, ponds, borrow pits or other bodies of water are included in the definition of navigable waters. Williams, May 18, 1992, A.G. Op. #92-0036.

Artificially created channels connecting otherwise non-navigable bodies of water to navigable watercourses do not change the fundamental character of the non-navigable body to a navigable one, and artificially created impediments to passage do not deprive an otherwise conforming body of water of its navigable status. Williams, May 18, 1992, A.G. Op. #92-0036.

Admiralty law recognizes waters as being navigable when they are used or susceptible of being used as an artery of commerce, and bodies of water constitute an artery of commerce if they form in their ordinary condition by themselves, or by uniting with other waters, a continued highway over which commerce is or may be carried on with other states or foreign countries in the customary modes in which such commerce is conducted on water. Williams, May 18, 1992, A.G. Op. #92-0036.

While it is essential that a body of water be susceptible of being used as an artery of commerce in order to be classified as navigable water, it is not necessary that it actually be so utilized. Williams, May 18, 1992, A.G. Op. #92-0036.

It is not essential that the flow of water be sufficient at all times, or at all points, to

constitute an artery of commerce, but is enough if there exists a naturally occurring channel or streambed connecting to the continuous highway of watercourses, which streambed contains some naturally occurring flow of water at ordinary water levels. Williams, May 18, 1992, A.G. Op. #92-0036.

Bodies of water which only communicate with navigable watercourses during flood stages do not meet the definition of navigable waters. Williams, May 18, 1992, A.G. Op. #92-0036.

Oxbow lakes, which are characterized by currents which reverse seasonally, running one direction when the Mississippi River rises and in the opposite direction when the River falls, are navigable waters. Williams, May 18, 1992, A.G. Op. #92-0036.

Definition of "navigable waters" requires that bodies of water suitable for casinos must be used or susceptible of being used as artery of commerce and must form in their ordinary condition, by themselves or by uniting with other waters, continued highway over which commerce is or may be carried on with other states or foreign countries in customary modes in which such commerce is conducted on water. Patton, July 14, 1993, A.G. Op. #93-0539.

Governing authorities may expend the specified percentage of funds received in any manner that will benefit educational purposes within the city. Nixon, May 12, 2006, A.G. Op. 06-0173.

§ 27-109-5. Qualifications for license.

(1) Any person who the tax commission determines is qualified to receive a license or is found suitable under the provisions of this chapter, having due consideration for the proper protection of the health, safety, morals, good order and general welfare of the inhabitants of the State of Mississippi and the declared policy of this state, may be issued a state privilege license for the operation of a cruise vessel. The burden of proving his qualification to receive any license or be found suitable is on the applicant.

(2) An application to receive a license shall not be granted unless the commission is satisfied that the applicant is:

(a) A person of good character, honesty and integrity;

(b) A person whose prior activities, criminal record, if any, reputation, habits and associations do not pose a threat to the public interest of this state or to the effective regulation and control of cruise vessels, or create or enhance the dangers of unsuitable, unfair or illegal practices, methods and activities in the operation of cruise vessels or the carrying on of the business and financial arrangements incidental thereto; and

(c) In all other respects qualified to be licensed or found suitable consistently with the declared policy of the state.

(3) A license to operate a cruise vessel shall not be granted unless the applicant has satisfied the commission that:

(a) He has adequate business probity, competence and experience, in the operation of cruise vessels or generally; and

(b) The proposed financing of the entire operation is:

(i) Adequate for the nature of the proposed operation; and

(ii) From a suitable source. Any lender or other source of money or credit which the commission finds does not meet the standards set forth in subsection (2) may be deemed unsuitable.

§ 27-109-7. Consideration of applications; privilege license; certificate of suitability for each vessel; bonding requirements.

(1) The State Tax Commission shall evaluate and consider any application for a license to operate a cruise vessel or vessel in a two-step process. First, the commission shall determine whether the applicant satisfies the requirements of Section 27-109-5. Secondly, the commission shall determine whether any cruise vessel or vessel which may be operated by the licensee complies with applicable state law. This bifurcated process requires the issuance of a privilege license to the applicant and a separate certificate of suitability for each cruise vessel or vessel operated by the licensee.

(2) For each step above the Tax Commission may:

(a) Deny the application;

(b) Remand the matter for such further investigation and reconsideration as the commission may order; or

(c) By majority vote of the members present, grant the application for a privilege license or certificate of suitability. For the purposes of this section, a tie vote of the commission upon an application does not constitute a recommendation of denial of the application.

(3) The privilege license granted under this chapter is specific to the applicant and shall remain in force and effect without regard to any cruise vessel or vessel operated by the licensee. However, no licensee shall operate a cruise vessel or vessel without a certificate of suitability for such cruise vessel or vessel.

(4) An applicant must provide a surety bond to the State Tax Commission in the amount of Two Hundred Fifty Thousand Dollars (\$ 250,000.00) for the faithful performance of all requirements imposed by law, regulation or conditions of the license. The State Tax Commission may accept from the applicant, in lieu of a surety bond, cash, time certificates of deposit, direct United States Treasury obligations which are fully guaranteed by the United States Government, or United States Government agency obligations which are fully guaranteed by the government of the United States.

(5) If the commission is not satisfied that an applicant is qualified to be licensed under this chapter, the commission may cause to be made such investigation into and conduct such hearings concerning the qualifications of the applicant in accordance with its regulations as it may deem necessary.

(6) If the commission desires further investigation be made or to conduct any hearings, it shall so notify the applicant and set a date for hearing, if a hearing is requested by the applicant.

(7) The commission has full and absolute power and authority to deny any application for any cause it deems reasonable. If an application is denied, the commission shall prepare and file its written decision upon which its order denying the application is based.

CHAPTER 111

Payment Credit Vouchers as Credit Against Income and Corporation Franchise Tax Liabilities [Repealed effective July 1, 2018]

SEC.

27-111-1. Payment credit vouchers as credit against income tax and corporation franchise tax liability of certain telecommunications enterprises providing broadband telecommunications services to institutions of higher learning [Repealed effective July 1, 2018].

§ 27-111-1. Payment credit vouchers as credit against income tax and corporation franchise tax liability of certain telecommunications enterprises providing broadband telecommunications services to institutions of higher learning [Repealed effective July 1, 2018].

(1) The Governor shall be authorized to issue to a telecommunication enterprise that has contracted with the state to provide broadband telecommunications service to institutions of higher learning, a payment credit voucher in lieu of an equal amount of cash payment pursuant to the terms of the contract for services. The payment credit voucher shall entitle the telecommunications enterprise to a credit against the aggregate tax liabilities imposed on such telecommunications enterprise by Chapters 7 and 13 of Title 27, Mississippi Code of 1972, in an amount that is equal to such payment credit voucher.

(2) The tax credits in lieu of payment shall only be issued if agreed to by the telecommunications enterprise and authorized by the Governor with a signed payment credit voucher.

(3) The total amount of tax credits authorized under this section in any fiscal year shall not exceed Two Million Dollars (\$2,000,000.00) in the aggregate.

(4) The excess, if any, of the credit allowed by this section over the aggregate tax liabilities imposed against the telecommunications enterprise by Chapters 7 and 13 of Title 27, Mississippi Code of 1972, may be utilized against the aggregate tax liabilities imposed by Chapters 7 and 13 of Title 27, Mississippi Code of 1972, on any related member with respect to the telecommunications enterprise. For purposes of this subsection, the term "related member" shall have the meaning given to such term by Section 27-7-17(2) (a) (iv). If the provider or any related member is unable to utilize the full amount of the credit voucher, then the remaining amount shall constitute an overpayment of the tax imposed by Chapter 7 of Title 27, Mississippi Code of 1972, and shall be refunded to the service provider as provided in Section 27-7-51. Any such overpayment shall be paid by the commissioner not later than ninety (90) days after the filing of the applicable tax return by the service provider. Interest on the overpayment shall be computed under the provisions of Section 27-7-315.

(5) The tax credits authorized by this section shall be used to assist the state in managing its cash flows, shall apply in addition to, and after the application of, all other credits applicable to the service provider and shall not be used in determining any cap placed on any other tax credits applicable to the telecommunications enterprise.

(6) For purposes of this subsection, the term “telecommunications enterprise” shall have the meaning given to such term by Section 57-73-21(13) (b).

(7) This section shall be repealed from and after July 1, 2018.
